

SUBJECT

Odyssey Charter School New Charter Petition (3rd Hearing)

APPLICABLE STATUTE, RULE, OR POLICY

I.C. § 33-5205

BACKGROUND

Odyssey Charter School (Odyssey) is a proposed new public charter school to be located in Idaho Falls, Idaho. The petition was referred to the Public Charter School Commission (PCSC) by Idaho Falls School District 91.

Odyssey presented the petition at the April 2012 and May PCSC meetings. Each time, a decision was delayed in order to give the school additional time to develop the petition. The petitioners and PCSC have mutually agreed to consideration of the petition at this September 20, 2012, meeting.

DISCUSSION

Odyssey's petition is for the establishment of a new public charter school serving Bonneville County, Jefferson County, and Shelley School District students in grades 6-12. The proposed school will open with grades 6-10; adding grades 11 and 12 in subsequent years. It will focus on project-based instruction emphasizing the development of skills needed for post-secondary and career success.

In an effort to prepare its faculty and administration to effectively implement project-based learning across the educational program, Odyssey intends to contract with the Buck Institute for Education. The Institute will provide a three-day workshop prior to the beginning of operations, and then follow up with two, single-day workshops during the year. Additionally, two of Odyssey's curriculum vendors will provide product-specific training that, due to the nature of the curricula, Odyssey believes will further develop teachers' understanding of project-based learning. In later years of operation, Odyssey may repeat the three-day Buck Institute workshop for new teachers and assign mentoring relationships between new and returning teachers. Odyssey will also use free, online resources for professional development. Given the complexity of project-based learning as an educational method, as well as the tendency of most professionals to fall back on familiar methods in the absence of consistently reinforced training, Odyssey's professional development plan may be insufficient to ensure the successful implementation of the intended educational program.

Odyssey's enrollment caps allow space for up to 325 students in grades 6-10 in Year One, followed by annual enrollment increases and grade level expansions until the school reaches and ultimate enrollment cap of 700 in grades 6-12. However, the petitioners have provided various budget

scenarios acknowledging that actual enrollment may be well below these numbers.

The Measurable Student Educational Standards (MSES) in the petition reflect prudent use of the Star Rating System, though it appears the school's board would benefit from additional training in how star ratings are determined and the conclusions that can be drawn from them. In order to meet PCSC requirements, additional MSES whose focus is comparison of achievement at Odyssey to achievement at other schools must be added to the petition.

Although part of the petition has been well edited for clarity, flow, and professionalism, the remainder of the document should undergo similar work in order to best represent the quality of the proposed school.

IMPACT

As Odyssey could be the second of two petitions approved for opening in the Idaho Falls School District in fall 2013, the PCSC should strongly consider comments previously provided by the district regarding the potential impact of the proposed schools.

If the PCSC approves the petition, Odyssey will be responsible for notifying the State Board of Education of such approval, seeking authorization to begin operations for the 2013-2014 school year, and seeking authorization for LEA status. The PCSC will be responsible for the general oversight of the school.

If the PCSC denies the petition, the petitioners could appeal to the State Superintendent of Public Instruction, or they could decide to not proceed further.

The PCSC and Odyssey may mutually agree to delay a decision on the petition for an additional, specified period of time.

STAFF COMMENTS AND RECOMMENDATIONS

Staff notes that, later in the petitioning process, Odyssey has improved the timeliness and thoroughness of its responses. Though not as refined as it could be, the petition is substantially complete. The PCSC should carefully consider whether, given its limited budget and the difficulty of implementing a schoolwide, project-based learning program, Odyssey will be able to effectively implement the vision described in the petition.

COMMISSION ACTION

A motion to approve the petition for Odyssey Charter School.

OR

September 20, 2012

A motion to deny the petition for Odyssey Charter School based on item(s)
_____.

OR

The PCSC and petitioners may mutually agree to delay a decision on the petition for a specified period of time.

**PUBLIC CHARTER SCHOOL COMMISSION STAFF REVIEW
OF PUBLIC CHARTER SCHOOL PETITION**

Name of Proposed Public Charter School: Odyssey Charter School

Date: **9/10/12** (*Previous reviews 11/2/2011, 3/21/12, and 5/10/12, 6/22/12, 7/11/12, and 8/29/12*)

Petition Delivered to Commission Staff: **revision delivered 9/7/12**

File Number: **2011-03**

Proposed school year: **2013-2014**

Proposed grades to begin operations: **6-12**

Proposed attendance area: **Shelley Joint School District #60, Bonneville County, and Jefferson Joint School District #251, with the facility located in Idaho Falls Joint School District #91**

Means by which petition came to Commission:

☐ Virtual school

X Referred by school district

Reason for referral: ***"Petition lacks the sufficient detail needed to guarantee successful implementation. In addition, the governance, oversight and support of such a school would tax the district's existing resources, and result in additional costs for the district. At this time, the district is also considering a project-based magnet school that is more robust and uses a model that been successfully replicated around the country and has proven results."***

☐ Filed by petitioner after withdrawal from school district

Date of filing with board of trustees:

☐ SBOE re-directed petition for consideration by commission?

Reason for referral:

☐ Transfer of district-authorized charter school

Reason for request:

☐ Documentation of district agreement to proposed transfer, including any charter revisions, has been provided

**REQUIRED ELEMENTS OF THE PETITION IN FORMAT REQUIRED
BY THE PUBLIC CHARTER SCHOOL COMMISSION**

IDAPA 08.03.01.401

COVER PAGE & TABLE OF CONTENTS

X Name of proposed charter school

X School year petitioning to open the school

X Name of the school district(s) affected by the attendance area

- X Where the public charter school building will be physically located, or the physical location of the main office of a virtual school
- X Name, address, telephone number, fax number, and email address of the petitioner's authorized representative
- X Table of contents

Comments:

TAB 1

- X Articles of Incorporation, file-stamped by Secretary of State's Office *I. C. § 33-5204(1)*
- X Adopted Bylaws *I. C. § 30-3-21(1)*
- X Signatures of at least 30 qualified electors of designated service area? *I. C. § 33-5205(1)(a)*
- X Mission and vision statements

Comments:

TAB 2

- X Proposed operation and potential effects of the public charter school *I.C. § 33-5205(4)*
 - X Facilities to be used by the public charter school
 - X The manner in which administrative services will be provided
 - X Potential civil liability effects upon the public charter school and the authorized chartering entity
 - X Commitment to secure property and liability insurance. *I. C. § 33-5204(4)*
Errors and Omissions insurance is not required by statute but is recommended.

Comments:

Bowen:

Will Design Space require that a minimum number of moduls be leased? (We have seen this requirement come up for other petitioners.) If so, will the minimum number of moduls required by Odyssey meet the requirement?

TAB 3

- X Proposed educational plan and goals, including how each of the educational thoroughness standards defined in I.C. 33-1612 shall be fulfilled *I.C. 33-5205 (4)(a)*
- X Description of what it means to be an "educated person" in the 21st century and how learning best occurs *I.C. 33-5205 (4)(a)*
- X The manner by which special education services will be provided to students with disabilities who are eligible pursuant to the federal individuals with disabilities education act. *I.C. § 33-5205(3)(q)*

- X Plan for working with parents of dually-enrolled students and the manner by which eligible students from the public charter school shall be allowed to participate in dual enrollment in non-charter schools within the same district as the public charter school, as provided for in section 33-203(7), Idaho Code. *I.C. § 33-5205(3)(r)*
- X The manner in which gifted and talented students will be served.

Comments:

TAB 4

- X Measurable student educational standards, which means the extent to which all students demonstrate they have attained the skills and knowledge specified as goals in the school's educational program. *I.C. § 33-5205(3)(b)*
- X The method by which student progress in meeting the student educational standards is to be measured. *I.C. § 33-5205(3)(c)*
- X Provision by which students will be tested with the same standardized tests as other Idaho public school students. *I.C. § 33-5205(3)(d)*
- X A provision which ensures that the public charter school shall be state accredited as provided by rule of the state board of education. *I.C. § 33-5205(3)(e)*
- X A provision describing the school's plan if it is ever identified as an "in need of improvement" school as outlined in the No Child Left Behind Act

Comments:

TAB 5

- X The governance structure of the school including, but not limited to, the person or entity that shall be legally accountable for the operation of the public charter school? *I.C. § 33-5205(3)(f)*
- X The process to be followed by the school to ensure parental involvement? *I.C. § 33-5205(3)(f)*
- X The manner in which an annual audit of the financial operations of the public charter school is to be conducted. *I.C. § 33-5205(3)(k)*

Comments:

TAB 6

- X The qualifications to be met by individuals employed by the public charter school. Instructional staff shall be certified teachers, or may apply for a waiver or any of the limited certification options as provided by rule of the state board of education. *I.C. § 33-5205(3)(g)*
- X The procedures that the public charter school will follow to ensure the health and safety of students and staff. *I.C. § 33-5205(3)(h)*
- X A provision which ensures that all staff members of the public charter school will be covered by the public employee retirement system, federal social security, unemployment insurance, and workers compensation insurance?

The budget should reflect consideration of these provisions. *I.C. § 33-5205(3)(m)*

- X A description of the transfer rights of any employee choosing to work in a public charter school and the rights of such employees to return to any non-charter school in the school district after employment at a public charter school. *I.C. § 33-5205(3)(o)*
- X A provision which ensures that the staff of the public charter school shall be considered a separate unit for purposes of collective bargaining. *I.C. § 33-5205(3)(p)*
- X A statement that all teachers and administrators will be on written contract *I.C. § 33-5206(4)*

Comments:

TAB 7

- X Admission procedures, including provision for over-enrollment. Such admission procedures shall provide that the initial admission procedures for a new public charter school, including provision for over-enrollment, will be determined by lottery or other random method, except as otherwise provided by this provision. *I.C. § 33-5205(3)(j)*
- X The disciplinary procedures that the public charter school will utilize, including the procedure by which students may be suspended, expelled, and re-enrolled. Disciplinary procedures for Special Education Students should also be included. *I.C. § 33-5205(3)(l)*
- X The governing board of the charter school shall ensure that procedures are developed for contacting law enforcement and the student's parents, legal guardian or custodian regarding a student reasonably suspected of using or being under the influence of alcohol or a controlled substance. Charter school policies formulated to meet the provisions of Section 37-2732C, Idaho Code, and this section shall be made available to each student, parent, guardian or custodian by August 31, 2002, and thereafter as provided by Section 33-5126, Idaho Code. *I.C. § 33-210(3)*
- X The public school attendance alternative for students residing within the school district who choose not to attend the public charter school. *I.C. § 33-5205(3)(n)*
- X The process by which the citizens in the area of attendance shall be made aware of the enrollment opportunities of the public charter school. *I.C. § 33-5205(3)(s)*
- X A plan for the requirements of section 33-205, Idaho Code, for the denial of school attendance to any student who is a habitual truant, or who is incorrigible, or whose conduct, in the judgment of the board of directors of the public charter school, is such as to be continuously disruptive of school discipline, or of the instructional effectiveness of the school, or whose presence in a public charter school is detrimental to the health and safety of other pupils, or who has been expelled from another school district in this state or any other state. *I.C. § 33-5205(3)(i)*
- X The student handbook that describes the school rules and the procedure ensuring a student's parent or guardian has access to this handbook.

Comments

TAB 8

- X A detailed business plan including:
 - i. Business description
 - ii. Marketing Plan
 - iii. Management plan
 - iv. Resumes of the directors of the nonprofit corporation
 - v. The school's financial plan
 - vi. Start-up budget with assumptions form
 - vii. Three year operating budget form
 - viii. First year month-by-month cash flow form
- X A proposal for transportation services. The budget should reflect estimated cost. *I.C. § 33-5205(3)(t)*
- X Plans for a school lunch program, including how a determination of eligibility for free and reduced price meals will be made

Comments:

TAB 9 -- VIRTUAL SCHOOLS

- ☐ If the petition is for a virtual school, a brief description of how the school meets the definition of a virtual school as defined by I.C. § 33-5202A(6)
- ☐ The learning management system by which courses will be delivered;
- ☐ The role of the online teacher, including the consistent availability of the teacher to provide guidance around course material, methods of individualizing learning in the online course, and the means by which student work will be assessed;
- ☐ A plan for the provision of professional development specific to the public virtual school environment;
- ☐ The means by which public virtual school students will receive appropriate teacher-to-student interaction, including timely, frequent feedback about student progress;
- ☐ The means by which the public virtual school will verify student attendance and award course credit. Attendance at public virtual schools shall focus primarily on coursework and activities that are correlated to the Idaho State Thoroughness Standards.
- ☐ A plan for the provision of technical support relevant to the delivery of online courses;
- ☐ The means by which the public virtual school will provide opportunity for student-to-student interaction; and
- ☐ A plan for ensuring equal access to all students, including the provision of necessary hardware, software, and internet connectivity required for participation in online coursework.

Comments:

TAB 10

- X A description of any business arrangements or partnerships with other schools, educational programs, businesses, or nonprofit organizations, and copies of any contracts or lease agreements.
Services identified as being contracted:
- | | | |
|-------------------|------------------------------|-----------------------------|
| Curriculum | ☐ YES | X NO |
| Special education | ☐ YES | X NO |
| Transportation | X YES | ☐ NO |
| Meals | X YES | ☐ NO |
| Legal | X YES | ☐ NO |
| Accounting | ☐ YES | X NO |
- X Copies of contracts included in petition ***None for transportation***
- X Additional information the petitioners want the authorized chartering entity to consider as part of the petition
- X A plan for termination of the charter by the board of directors, to include:
- (i) Identification of who is responsible for dissolution of the charter school;
 - (ii) A description of how payment to creditors will be handled;
 - (iii) A procedure for transferring all records of students with notice to parents of how to request a transfer of student records to a specific school; and
 - (iv) A plan for the disposal of the public charter school's assets. *I.C. § 33-5205(3)(u)*

Comments:

APPENDICES

- X State Department of Education sufficiency review. *I.C. §33-1612 ; IDAPA 08.02.04.200.03*
- X Written response to the findings of the sufficiency review.
- X Written comments from an authorized representative of the school district.

Comments:

The Buck Institute letter indicates that Buck seldom works with individual schools. Has Odyssey received assurance that this option will be available to you? We have obtained a new letter of intent from Buck that gives the assurance that it is sufficient for the school.

Could you direct us to this letter of intent? There is a cut-and-pasted email from Lauren Scheller on page 189 of the appendix, but you appear to be referring to a different document.

Also, as noted in the embedded comments, it seems that Odyssey may be relying on Buck Institute for some additional services, including scope and sequence development and assistance with the organization of free resources to develop a logical, thorough, ongoing professional development plan. Are these services included in the letter of intent and budget?

BUDGET

The Budget Assumptions sheet indicates that the Albertsons grant will be used during Year One (since it is reflected in the first-year cash flow projection). However, it also appears that some of the funds will be used for startup expenses in the pre-opening year. Perhaps a clarification of the assumptions is all that is needed. In our budgets the first year is the start-up or pre-opening year. The second year is the first year with students.

We see that the budgets include four columns, the first of which is headed Year One (Start-up Year). This is a logical way to show how you will use your Albertson's grant in the pre-opening year; any leftover grant money may then be shown in the Year Two (first year with students) carryover line.

However, in the budgets, the Year One (Start-up Year) column includes not only the Albertson's grant, but also revenues and expenditures indicating that the school will be operating with students in the classrooms. Please clarify.

GENERAL COMMENTS

It appears that some of the petition underwent very good editing to improve the professionalism of the writing and remove copyediting errors. However, the changes do not continue through the entire document. Is further quality revision underway?

IMPORTANT: Remember that all changes to your petition must be submitted in legislative (or "redline") format. That is, text to be removed should be shown as ~~stricken~~, and text to be added should be underscored. Legislative formatting from prior revisions should be removed so that only the most recent revisions are shown. Note that use of your word processing software's "show edits" feature is NOT an acceptable substitute for legislative formatting. Color and font should NOT be used to emphasize or replace legislative formatting.

Please note that only the most recent changes should be shown in legislative format (Please remove earlier versions of legislative format so the actual changes appear in the text. Show only the current changes being made in legislative formatting. This must be done by hand). Legislative formatting need not be used on budget spreadsheets or when entire appendices are simply re-ordered but not changed.

Odyssey

Charter School

Opening with Grades 6–10 the first year and adding 11th grade the second year and 12th grade the third.

A Petition to Establish a Public Charter School Beginning in the 2013–2014 school year.

Available to all Idaho students with a primary attendance area consisting of Bonneville County, Jefferson Joint School District No. 251, and Shelley Joint School District No. 60, with the facility located in Idaho Falls Joint School District No. 91.

Mission Statement

Our mission at Odyssey Charter School is to graduate students who, in addition to being proficient in a range of academic subjects, possess an advanced level of interpersonal and social communication skills, have the ability to engage in critical thinking and rational problem solving, demonstrate respect for the value of the contributions of others, possess a strong sense of personal integrity and responsibility, and believe in their own capacity for achievement.

Vision Statement

The vision of the Odyssey Charter School is to prepare and equip our middle school and high school students for the rigors of higher education and an ongoing lifetime of achievement. We satisfy this goal by providing an education that incorporates a relevant, challenging, exploratory and integrative curriculum with the academic innovations of project based learning. Odyssey Charter School will seek to create a culture of productive collaboration, personal integrity, mutual respect and civic responsibility.

Tab 2: Proposed Operation and Potential Effects of the Public Charter School

Odyssey Charter School offers the community a project based 6th-12th grade secondary school that encourages students to develop their higher level thinking skills. Odyssey Charter School is based around the an active, hands-on teaching technique of project-based learning. ~~Odyssey focuses on hands-on, active,~~ called project based learning. ~~We will strive~~ Odyssey strives to meet the needs of students ~~who use~~ with different learning styles and to build by building on student interests in order to motivate and enable the students to learn.

~~Projects create relevance to the students' abstract knowledge because they provide immediate~~ Teaching through the use of projects makes academic knowledge more relevant by providing the means for the immediate and practical application of the core academic concepts learned in class. Odyssey students will use project-based learning in their day to day classes, ~~and each semester.~~ In addition, the students will work on one multi-disciplinary project. ~~By combining each semester.~~ Odyssey will promote its students' sense of civic responsibility by using projects designed to help their community with the acquisition of core academic concepts, Odyssey students will become ~~compassionate and capable problem solvers who seek to improve the world around them.~~ Through project-based learning, Odyssey ~~not only teaches both the "3 R's" of Reading, Writing, and Arithmetic, but also the for Cs of Critical reading, writing, and arithmetic, as well as the "4 C's" of critical thinking: communication, collaboration, and creativity.~~ Odyssey's curriculum will also integrate the development of personal management and social skills that the students will need to succeed in the modern day collaborative workforce and in their family life.

~~Many~~ Although many local schools may occasionally offer a project-based class, Odyssey will be the only school in the area that focuses on project-based learning throughout the entire secondary school years.

~~Please~~ See Appendix V for Odyssey's plan to provide its teachers with professional development in the use of project-based teaching techniques. See the Curriculum Overview in Tab 3 for a description of the curricula selected for use with Odyssey's project-based learning program, including the effectiveness and alignment of the curricula to Common Core State Standards.

Physical Facilities

Idaho Code § 33-5205(4)

Odyssey Charter School will be a new public charter school, not a conversion or replacement of an existing school.

The administration/school building(s) shall be properly licensed and compliant with ~~code with regard to~~ the Americans with Disabilities Act, applicable OSHA regulations, and Idaho law. The building(s) shall provide sufficient wiring, communication capabilities, heating, ventilation, lighting, sanitary conditions, and water to support the operation of the school.

The Charter Developers are currently exploring a variety of building options for the school in order to ensure the sustainability of the program.

Current options for facilities for Odyssey Charter School are detailed in Appendix F.

Primary Attendance Area

Idaho Code § 33-5205(4)

The primary attendance area will be Bonneville County, Jefferson Joint School District No. 251, and Shelley Joint School District No. 60. Students from these districts will be given priority in accordance with Idaho Code § 33-5205(3)(j); however, students from other areas may also be enrolled. Odyssey's attendance area map is included in Appendix D.

Potential Impact on the School Districts

Idaho Code § 33-5205(4)

Odyssey Charter School will actively recruit students from its primary attendance area of Bonneville County, Jefferson Joint School District 251, and Shelley Joint School District 60. The charter school will not rely on these districts for contracted services such as special education, psychological evaluation services, occupational services, speech and language therapy, vision, gifted and/or talented programs, administration, or special needs such as special education accommodations, ~~excepts those that have been~~ unless mutually agreed upon by Odyssey and the relevant district.

According to the 2009 U.S. census, there are approximately 12,452 students in grades 6–12 in Bonneville County. The total high school population within Odyssey's entire attendance area is approximately 13,222 students, according to the 2009 U.S. census. When filled to capacity, Odyssey Charter School will enroll approximately 3% of the secondary school population in the attendance area. Idaho Falls has grown 12% in the past ten years, and Ammon, a small city adjacent to Idaho Falls, has more than doubled in population during that time. Bonneville county school districts are over capacity and are using modular classrooms to accommodate the student population. These districts may need to build new facilities in order to accommodate the number of students they serve. In particular, Bonneville School District No. 93 has announced plans to build a new high school in 2015. Odyssey Charter School is not anticipated to significantly reduce the student population in the local districts' traditional secondary schools, but it will provide some relief for present facilities that cannot currently accommodate an increasing school population. Odyssey is also anticipated to provide an

additional educational option for local private school students and home school students who often prefer to attend public charter schools over traditional public schools.

Odyssey's ~~list~~summary of potential students (see Appendix L) shows that less than 30% of Odyssey's potential students are anticipated to come from Idaho Falls School District No. 91, 40% are anticipated to come from Bonneville School District No. 93, 18% are anticipated to come from Jefferson School District No. 251, 7% are anticipated to come from Shelley School District No. 60, and the remainder are anticipated to come from outside these four districts. As a result, Odyssey's impact on the school districts within its attendance area will be widely distributed between the districts, thereby minimizing its impact on any one district.

The new Compass Academy being introduced by the Idaho Falls School District No. 91 is anticipated to have a very limited effect on the implementation of Odyssey Charter School's project-based learning program for the following reasons:

- The Compass Academy magnet school will create interest for project based education not only among students in the Idaho Falls School District, but among students in the surrounding districts as well. ~~In effect, Idaho Falls School District will be helping convince families in the surrounding area of the value of a project based education while offering a limited enrollment within only one of the six school districts included in Odyssey's attendance area. If the magnet school does not fill to capacity with students from District 91, individual students from other districts can apply to attend Compass Academy magnet school by obtaining a waiver. However, most of the potential students in Jefferson Joint School District 251, Shelley School District 60, and the rest of Bonneville County will be unable to attend the Compass Academy magnet school, leaving Odyssey the only choice for attending a project based secondary school.~~ Odyssey Charter School will be able to capitalize upon this increased public awareness of and interest in project based learning, particularly with regard to students that live outside of the Idaho Falls School District, but within Odyssey's wider attendance area.
- Odyssey will span grades 6 through 12, while the magnet school will only enroll students in grades 9 through 12. Odyssey will be the only project based educational option within its attendance area for 6th, 7th, and 8th grade students. ~~8th grades. We anticipate that District 91 parents who are interested in a project based education will enroll their children in Odyssey in 6th grade, in order to guarantee a spot in a project based school for both middle school and high school. They may choose to apply to the new magnet school when their child is approaching 9th grade, but there is no guarantee the child will be accepted if the magnet school has sufficient numbers for a lottery. The parent(s) and child may decide to stay with their friends, and remain in Odyssey during their high school years.~~

- Assuming that the new magnet school is successful in meeting its enrollment goals, there may be some parents in Idaho Falls School District No. 91 who are interested in a project based program but cannot enroll in the new academy. Odyssey Charter School will provide another project based educational option for those families. Parents and students in Shelley Joint School District No. 60, Jefferson Joint School District No. 251, and the rest of Bonneville County will not have the option of attending the new magnet school, and Odyssey will be the only option for a project based secondary school for those families.
- ~~Odyssey Charter School will help ameliorate any disgruntled feelings of parents in Idaho Falls Joint School District 91 that the magnet school and its students are receiving preferential treatment, while the students who are not accepted must settle for the pre-existing high schools. Those students will have another option to receive a project based education.~~
- ~~The Idaho Falls/Ammon area is divided into two school districts. The proposed locations of Odyssey Charter School are just a few blocks from the border of Idaho Falls Joint School District 91. Bonneville School District students will be as close to Odyssey as the majority of District 91 students.~~

There are presently two local charter schools that enroll middle and high school students: White Pine Charter School, which goes to the 8th grade; and Taylor's Crossing, which goes through 12th grade. White Pine has a waiting list for 6th and 7th grades; and 8th grade usually starts at capacity and loses a few students during the year. Taylor's Crossing usually starts the year at capacity and loses a few students through the year. 11th and 12th grades at Taylor's Crossing usually have a few places available.

Despite the local school districts suffering from overcrowding in all grade levels, local charter schools have been unable to meet their enrollment caps for their secondary grades. Odyssey Charter School has several unique features that other charter schools either do not offer or do not advertise that will help Odyssey attract students where other charter schools have struggled. These features include the following:

- Odyssey is the only project based school in Jefferson Joint School District No. 251, Shelley Joint School District No. 60, and the rest of Bonneville County.
- Odyssey will offer more integrated technology in the classrooms.
- Odyssey will be the only charter school in the area that focuses exclusively on the secondary grades. Many secondary age students do not want to attend a charter school that also includes elementary grade students, because it does not seem "grown up" enough. Many students are looking for a school that includes only middle and high school grades, rather than one that essentially functions as an extended elementary school. This formula has been proven successful by charter schools such as the Idaho

Science and Technology Charter School, which serves an area with a significantly smaller student population than the primary attendance area of Odyssey Charter School.

- Odyssey will offer unique educational opportunities such as drama, dance, and multidisciplinary projects, either as extra-curricula programs or as an integrated part of the school curriculum,
- Community improvement projects will create newsworthy stories that will foster connections with members of the larger community and civic outreach opportunities for Odyssey Charter School students.
- The collaborative nature of project based learning helps provide the kind of productive social interaction that secondary school students need.
- As part of its marketing program, Odyssey Charter School will emphasize its ability to provide participation in projects involving the arts (e.g., theater, music, and art) as well as science and technology (e.g., robotics, video production, and web design).

~~The founders have performed limited marketing. Despite this, we have attracted many potential students (see Appendix L for the exact numbers at the time of submission), which is a large percentage of our initial year enrollment caps listed in the Enrollment Capacity Chart in Tab 7: Admission Procedures. In addition, we have scheduled the following Meet n' Greets to provide more information and recruit potential student families.~~

August 18 th	Idaho Falls	Pier View Farmer's Market 8:00 a.m. — 3:00 p.m.
August 25 th	Idaho Falls	Pier View Farmer's Market 8:00 a.m. — 3:00 p.m.
September 1 st	Idaho Falls	Pier View Farmer's Market 8:00 a.m. — 3:00 p.m.

~~More Meet n'Greets~~ Additional marketing events will be scheduled throughout the coming year.

~~We are advertising our school in the Post Register newspaper in Idaho Falls, and in the Shelley Pioneer newspaper in Shelley. We also have ads on Channel 6 KPVI and Channel 8 KIFI in Idaho Falls. We are translating our flyers and other marketing materials into Spanish, and we plan to advertise in Idaho Unido, a Spanish language newspaper; and on Spanish speaking radio stations in eastern Idaho.~~

Administrative Services

Administrative services for the school will be provided by the school pPrincipal, with support from the Board of Directors. The school Principal will be a full time position.

An administrative assistant will complete paperwork and required reporting, in addition to other duties. A business manager will manage the school's fiscal affairs. Both positions will be either full time or part time based on financial allocations from the state according to student

population. If the administrative assistant and/or business manager are employed part-time, the Principal, faculty members, and parent volunteers will assist in the fulfillment of the duties of those positions. An independent financial audit will be performed each year by an independent auditor not affiliated with Odyssey Charter School. Board members and founding family members will may be utilized according to their background and experience, which includes teaching experience, grant writing expertise, etc.

Annual programmatic operations and financial reports will be presented to the Board of Directors. The Principal will also serve as the liaison between Odyssey Charter School, parents, and Odyssey's Board of Directors. The Board of Directors will report the results of the audits to the Public Charter School Commission.

Financial operations will be provided by the school. Funding sources will include state allocation per pupil, federal grants, private grants, business partnerships, fees (where appropriate), and donations. The Odyssey Charter School Board is ultimately responsible to its authorizer, and at least two members will be present at every meeting of the authorizer for which Odyssey Charter School is on the agenda.

Administrative services will be selected and evaluated by Odyssey Charter School's Board. Teachers will be employed by the school through the use of a written Idaho Standard Teachers' Contract in a form approved by the state superintendent of public instruction. School personnel will be required to hold the appropriate Idaho teaching certifications and endorsements. Odyssey teachers will hold highly qualified status under the No Child Left Behind Act (NCLB) or will work towards this status in a state-approved program of instruction. This may include state-approved alternative routes to certification such as the American Board for Certification of Teacher Excellence (ABCTE) or other state-approved program. Any teachers teaching a class in a specific content area will be highly qualified in that content area. Teachers who are not highly qualified will have waivers from the State Department of Education.

The Board of Directors will conduct annual evaluations of the Principal based on the job description of the Principal. See Appendix S for the standards the evaluations that Odyssey Charter School will use.

Day-to-Day Operations

The Pprincipal, in coordination with the Odyssey Charter School Board of Directors, will determine the day-to-day operations of Odyssey Charter School. Please refer to Appendix I for staffing numbers.

Civil Liability

Idaho Code § 33-5204(4)

Odyssey Charter School will procure and maintain a policy of general liability insurance in the amount required by state law, and errors and omissions insurance with limits of not less than one million dollars. Insurance companies who have and maintain a rating of "A" according to the A.M. Best Company will provide insurance.

Additionally, Odyssey Charter School will procure and maintain a policy of property loss to insure its facilities, equipment, and other assets against damage or loss with minimum coverage of \$1,000,000 per event or \$5,000,000 in the aggregate, or as otherwise required by law or determined by the Board.

Odyssey Charter School ~~will be~~ is incorporated as a nonprofit public school under the laws of the state of Idaho. ~~with The Odyssey Charter School Board of Directors listed as having the responsibilities and liabilities~~ is responsible for the operation of the school and the development of school policies. Odyssey Charter School will adopt and adapt prototype policies available through the Idaho School Board Association (ISBA) charter school policies to the that extent such policies are available and applicable. ~~will serve as a basis for Odyssey Charter School policy until the school's policies can be developed completely.~~ Other policies will be developed and adopted by the Board of Directors as necessary or prudent.

Pursuant to Idaho Code § 33-5204(2), the Idaho Public Charter School Commission shall have no liability for the acts, omissions, debts, or other obligations of Odyssey Charter School.

Odyssey Charter School will have the same role as a traditional public schools in matters of civil liability. The appropriate insurance and legal waivers of all Odyssey liability will be obtained from outside groups using Odyssey facilities.

~~Proof of insurance will be given to the Public Charter School Commission each time it is renewed to insure continuous coverage.~~ Odyssey Charter School shall provide to the Idaho Charter School Commission with Copies of insurance binders from issued by a companyies authorized to deconduct business in Idaho. The binders will contain Odyssey's policies for liability insurance (per occurrence and aggregate coverage), property insurance, worker's compensation insurance, unemployment insurance, and errors and omissions insurance. ~~will be provided to the Commission.~~ Additional proof of insurance will be provided as required by the Commission.

Tab 3: Educational Program and Goals

Defining An Educated Person

Idaho Code § 33-5205(3)(a)

The 21st Century has moved beyond the industrial age, when most public school students required only a remedial education to enable them to function productively within a blue collar work force.~~when most employees needed only to do what they were told, and a few leaders required higher education and managerial skills.~~ In today's knowledge information age, people employees in virtually every trade, profession and industry need not only the "three R's" of reading, writing and arithmetic, but also the "four C's" of critical thinking, communication, collaboration, and creativity. Life-long jobs are becoming increasingly rare, as employees move with greater rapidity between positions and even between industries. Most job growth is in small businesses and in new technology. Today's global business requires~~a more educationally-sophisticated employee~~ more sophisticated employees with a broad base of knowledge, experience in evolving technologies, and in whom the ability to adapt to innovative work environments, and innovate is highly developed. An educated person must be flexible, ~~knowledgeable,~~ responsible, interdependent, ~~and creative, as well as~~ and technologically competent, ~~in order to survive in a global marketplace. A useful education~~ Students need to be educated should include learning in science, math, and technology, as well as ~~to function well in the workforce. They also need to be well-versed in~~ exposure to history's great ideas through the study of arts and humanities. ~~to understand and to be better citizens and leaders.~~ Project based learning best prepares students for the project based workplace of the 21st century.

When Learning Best Occurs

Idaho Code 33-5205(3)(a)

Current research shows that learning best occurs under the following conditions:

- Learning occurs in content
- Learning is active
- Learning is social
- Learning is reflective

(M. Suzanne Donovan & John Balfanz, Editors.(2005). *How people learn*. National Research Council.)

In addition to the above, Odyssey Charter School's core educational philosophy also includes the following:

- Students see the connection between what they learn and the real world.

- Students are actively engaged in hands-on and practical projects that improve the community.
- Students work both individually and as responsible members of a group.
- Students work on interdisciplinary projects that involve standards from several subjects.
- Students, parents, and educators work together to identify academic and personal learning goals.
- Expectations are clearly communicated to students.
- Students use their skills and knowledge continuously over their course of their schooling.
- The learning experiences are challenging yet possible for the student to accomplish.
- Students and teachers realize that both success and failure ~~is~~are part of the learning process and students are led to learn from each.
- Students and teachers work in an emotionally and physically safe environment free of taunting, teasing, ridicule, or violence.

Instructional Methods

The hallmark of an Odyssey Charter School education is the use of the project based instructional method. Other teaching methods may supplement project based learning where appropriate, but the broad application of hands-on, practical, project based teaching is what distinguishes Odyssey Charter School from traditional secondary public schools. This distinguished by the use of project based learning that will help students be successful and fulfill their individual potential. Other types of teaching will be employed in the education of the students, but these techniques will work toward the projects that will be the hallmark of an education at Odyssey Charter School.

~~The curricula for Odyssey Charter School has been chosen for its use of project-based learning as a learning method. This will make it much easier for teachers to incorporate project-based learning in the day-to-day lesson plans as well as in the semester long projects. Please see Curriculum Overview in Tab 3 for more details. Research demonstrates that Pproject-based learning is a very effective method of teaching. The following are findings about project-based learning, with the relevant studies show that:~~

1. PBL can be *more* effective than traditional instruction in increasing academic achievement.
 - Geier, R., Blumenfeld, P.C., Marx, R.W., Krajcik, J.S., Fishman, B., Soloway, E., & Clay-Chambers, J. (2008). Standardized test outcomes for students engaged in inquiry-based science curricula in the context of urban reform. *Journal of Research in Science Teaching*, 45(8), 922-939.

- Gallagher, S.A., Stepien, W.J., Rosenthal, H. (1992) The effects of problem-based learning on problem solving. *Gifted Child Quarterly*, 36, 195-200; Sheperd

9. PBL can be especially effective with lower-achieving students.

- Geier, R., Blumenfeld, P.C., Marx, R.W., Krajcik, J.S., Fishman, B., Soloway, E., & Clay-Chambers, J. (2008). Standardized test outcomes for students engaged in inquiry-based science curricula in the context of urban reform. *Journal of Research in Science Teaching*, 45(8), 922-939
- Mergendoller, J.R., Maxwell, N., & Bellisimo, Y. (2007). The effectiveness of problem based instruction: A Comparative Study of Instructional Methods and Student Characteristics. *Interdisciplinary Journal of Problem-based Learning*, 1(2), 49-69
- Lynch, S., Kuipers, J.U., Pyke, C., & Szesze, M. (2005). Examining the effects of a highly rated science curriculum unit on diverse students: Results from a planning grant. *Journal of Research in Science Teaching*, 42, 921-946
- Hickey, D.T., Kindfeld, A.C.H., Horwitz, P., & Christie, M.A. (1999). Advancing educational theory by enhancing practice in a technology-supported genetics learning environment

10. PBL can increase students' achievement on state-administered, standardized tests.

- Geier, R., Blumenfeld, P.C., Marx, R.W., Krajcik, J.S., Fishman, B., Soloway, E., & Clay-Chambers, J. (2008). Standardized test outcomes for students engaged in inquiry-based science curricula in the context of urban reform. *Journal of Research in Science Teaching*, 45(8), 922-939.

~~As the nation works hard to have No Child Left Behind (NCLB), Odyssey's teaching methods are especially well suited for the very people this national program is attempting to improve.~~

~~The projects will affect all aspects of the learning process. Most of the day-to-day work will consist of projects that may be accomplished in one or two class periods and over the course of~~

~~a unit. Odyssey Charter School will use College Preparatory Math and It's About Time science curriculum, which include hands-on projects that may span one or two class periods.~~

~~Each semester will have its own long term projects. Odyssey Charter School's STEM projects will revolve around the For Inspiration and Recognition of Science and Technology (FIRST) family of programs. For instance, those students involved in the FIRST Lego League and FIRST Tech Challenge will use the yearly topic to develop a research project that will include a five-minute presentation that is followed by a five minute question and answer session presented at the tournament and other locations. The goal of the FIRST Lego League's presentation is to develop an innovation in the subject for that year.~~

~~Fine art and performing art by their very nature are project based. Theater, music, dance, and art will be combined in yearly musical productions. Art will be incorporated through set and costume construction as well as through posters and other public relations materials.~~

~~STEM and the arts will integrate through a variety of methods. The music, dance, and art presentations will also incorporate technology through the use of lighting and sound reinforcement. Art classes will also use computers to create art work for performing art and STEM projects. Performance and writing skills will be used in STEM presentations.~~

~~In order for project learning to be successful, a scope and sequence will be developed to teach concepts in a logical order. This scope and sequence will be developed by the teachers under the guidance of the principal. Much of the development and training will come through Odyssey Charter School's professional development. College Preparatory Math, and It's About Time science, and FIRST robotics STEM program will provide the curriculum training for STEM projects. Odyssey's performing arts productions will provide the framework for the arts projects. Performing and fine arts teachers are already trained in how to mount a production. Professional development days will be provided at the beginning of the school year and during the year for teachers to create project materials and coordinate their efforts in the multidisciplinary projects under the direction of the principal. Mentoring will also be provided through mentors specializing in project based learning, other teachers in the area using project based learning, or both. Initial project based learning professional development will be provided by Buck Institute for Education and it will happen before the school year starts, with a follow up workshop during the next school year to build and improve the process. Peer mentoring will also be implemented by using Odyssey teachers who have shown expertise in a particular area to mentor other Odyssey teachers. Taking advantage of the skills of its own staff, Odyssey will provide needed professional development and will also build collaboration and communication among the staff.~~

~~To achieve Odyssey's goals, a high level of professional development will occur through the following:-~~

- ~~• Hiring teachers as early as possible.~~

- ~~Conducting pre-service training in project learning and software before school begins, to allow the teachers to prepare interdisciplinary unit studies that culminate in a field application of what they learned.~~
- ~~Mentoring teachers extensively.~~
- ~~Hiring teachers who will teach students in more than one subject area and over the span of multiple years, as much as it is practical. Elementary endorsed teachers will be able to teach a variety of content areas in the middle school grades. Secondary teachers with endorsements in specific content areas will work on project-based learning in their own content areas and will collaborate with other teachers in other subjects to create and utilize multi-disciplinary projects that span more than one content area.~~
- ~~Planning for teams of teachers to work cooperatively and provide structured team planning, mentoring, and professional development time. Grade level and subject matter teachers will be provided common planning times and time before or after school to collaborate and coordinate their instruction plans.~~
- ~~Providing opportunities for teachers to observe and work directly in the classroom with other teachers.~~

Some of books that will be used to train teachers are listed below:

- ~~*The Leader in Me*, by Stephen R. Covey~~
- ~~*Revisiting Professional Learning Communities at Work: Best Practices for Enhancing Student Achievement*, by Richard DuFour, Robert Baker, and Rebecca DuFour~~
- ~~*PBL Starter Kit: To-the-Point Advice, Tools and Tips for Your First Project* (Project Based Learning Toolkit Series), by John Larmer, David Ross, John R. Mergendoller PhD~~

Curriculum Overview

~~Odyssey Charter School uses project-based learning.~~

All students will participate in a common core of learning that will fulfill the school's mission to produce students who possess the academic skills, personal habits, character traits, and attitudes that an educated citizen in the 21st century needs. Odyssey Charter School will align its goals and objectives with the goals and objectives of the Idaho Content Standards and the Common Core State Standards. These standards will be enhanced with unifying themes in the project based classroom activities ~~and~~ along with other creative methods.

The subjects that make up the curriculum are listed and briefly discussed below. Traditional core curriculum areas—language arts, math, science, and social studies—will remain strongly

emphasized. They will be augmented and reinforced by other choices of activities like such as music, art, theater, science, career, health, physical, and environmental education.

~~Because~~The curricula for Odyssey Charter School has been chosen for its compatibility with the project-based learning teaching method. ~~This will make it much easier for teachers to incorporate project-based learning in the day-to-day lesson plans as well as in the semester-long projects.~~ Odyssey will use the curricula listed below as a starting point within each identified content area, and then adapt that content to individual project based lesson plans. The curricula will also be aligned to the Common Core State Standards and Idaho's Content Standards. ~~take the curricula listed below and adapt them to meet the needs of a project based education. The curricula listed below in the various content areas will be used as a starting point to build curricula that will be project based and aligned to the Common Core State Standards and Idaho's Content Standards. This is especially needed in the humanities. Very little humanities curricula is project based, so Odyssey will need to create and to adapt project based materials to fit its needs. Please s~~See Curriculum Overview in Tab 3 for more details.~~The evidence of the effectiveness of project based education is provided above in the Instructional Methods section of this tab.~~

The sections below describe the various curricula that Odyssey will employ. The Board or the administration **may to** change curricula in the future to better suit the students' needs.

Language Arts (English and Foreign)

Language arts will be an integral part of the school's project based education. The goal is to develop learners who enjoy literature, and who are competent writers.

The curriculum will focus on the great ideas of western civilization that provide the underpinnings of our culture and government. Personal management and social skills from Sean Covey's *7 Habits of Highly Effective Teens* will be woven into the subject through both positive and negative ~~the good and bad~~ examples of the people and characters in the works the students will study. Grammar and vocabulary skills will be integrated into creative, technical, and expository writing. Communication skills will be developed through assignments in speaking, writing, and presentation using technology such as presentational software, online collaborating, and other forms of online communication. No project based language arts curriculum is available from major vendors, but several inquiry-based curriculums are available. The difference is small enough that the curricula can be easily adapted. The language arts curriculum will be aligned with the Common Core Standards.

Odyssey will use Common Core Curriculum Maps by Common Core which outlines reading selections and assignments for language arts classes. It uses works from various sources and it allows flexibility of works, ~~which allows~~ it to be adaptable for project based learning. It is also one of the few curricula that are already adapted to the Common Core Standards at the present time. Odyssey will also use Grammar Punk, an interactive, and collaborative grammar and writing program that is aligned with Bloom's Taxonomy (revised); the Standards for the English

Language Arts, sponsored by NCTE and IRA; Vickie Spandel's 6 + 1 Traits; and the National Writing Project.

Science and Health

The science curriculum is a multi-year sequence that emphasizes hands-on experimentation and functional knowledge of scientific phenomena. Project based learning lets students experience the excitement of science so they can better understand facts and concepts. The curriculum will include integrating the scientific method, identifying variables, constructing tables or data, constructing graphs, describing relationships between variables, acquiring and processing data, constructing hypotheses, and designing investigations. It's About Time's Project Based Inquiry Science will be used for the middle school grades, and It's About Time high school science curricula will be used for the high school grades. Both are hands-on and activity based to support student learning through projects. These curricula support the project based education model of Odyssey Charter School, and will be aligned with the Common Core Standards in Language Arts for literacy in science.

It's About Time's effectiveness is based on research at Northwestern University that investigated the change in classroom practices ~~that are~~ elicited by project based units. Analyses of the artifacts produced by students indicates that students are engaging in ambitious learning practices, requiring weighing and synthesizing many results from complex analyses of data. Students are engaged in planning, performing, monitoring and revising their investigations, and reporting on their investigation processes as well as their results. In general, the classrooms engaging in project based activities reveal substantial moves toward a scientific discourse community in which students focus on arguing from evidence, critiquing ideas, and conjecturing, rather than simply reporting on what they have read or been told.

Mathematics

Students will master computation processes and proceed into algebra and beyond, as individual ability dictates. Exploring abstract concepts as well as manipulative experiences will engage students and enhance learning. Students will use reasoning and problem solving in purposeful ways through the use of interdisciplinary projects. The math curriculum will be aligned with the Common Core Standards in mathematics.

Odyssey Charter School will use College Preparatory Math, since it integrates the concepts of hands-on, collaborative learning, and it has shown its effectiveness in several studies where College Preparatory Math has produced consistently better results when compared to a control group. These studies can be found at their website (cpm.org) on their Research and Results page.

Social Studies and Community Service

The curriculum will include the basic elements of history, government, geography, economics, sociology, and citizenship, with a focus on local, state, national, and world history. Leadership principles will be taught through an examination of the big ideas of history according to Grant Wiggins's *Understanding by Design*, because it deals with the big ideas or eternal questions, has a variety of learning situations, and promotes autonomy and strategic thinking rather than low level, "read and regurgitate" thinking. Odyssey Charter School will use Pearson Publishing for its social studies curriculum, which is designed around Wiggins's *Understanding by Design* principles. Odyssey Charter School will seek out ways for the students to discover and experience responsibilities and rights as members of the community, state, and nation through their projectbased service work. The curriculum will be aligned with Idaho Department of Education's Social Studies Content Standards in Language Arts for literacy for history and social studies.

Career Education

The Department of Education's *Doing What Works* website does not list any evidence-based career education strategies or curricula and the Idaho Department of Education does not provide content standards for career education. Despite this, Odyssey will use a multifaceted approach to career education. Odyssey Charter School will begin to expose students to the vast array of career opportunities available in today's world through their projects. Students will be exposed to various careers through their projects and will start to recognize and understand that their unique aptitudes, interests, and abilities contribute to their teams and, by extension, the world of work. Odyssey's adopted science curricula, *It's About Time*, shows how science affects people's lives by featuring various scientists solving problems facing society. Students will also begin to understand the importance of "soft skills" such as personal responsibility, teamwork, and dependability in career success. College Preparatory Math also shows many real life examples of how math is used in people's lives. Odyssey's career education will align with the Common Core Standards in Language Arts for literacy in college and career readiness in reading, speaking, listening, and writing.

Technology Education

Students will gain a basic understanding of technologies that operate in the world around them. Technology is not only for the sciences, but is also now used in business, art, communication, and the humanities. Instruction will utilize a hands-on approach that employs technology in project based, discovery learning and problem solving. Students will seek solutions to real-life challenges. Odyssey Charter School will provide learners with technology skills which helpprepare them for future employment. All technology curricula will be aligned to state standards. A one semester beginning technology class will be required for all students entering Odyssey Charter School unless the student can demonstrate proficiency and can test out of it. The beginning technology class will prepare the students to comfortably work in Google Apps.

which include Gmail, Google Calendar, Google Sites and Google Docs. Google Docs is an online office suite that includes document, spreadsheet, presentation, form and drawing apps. Beginning technology will also teach movie editing software. These programs will be used in other classes for class work, including presentations of projects. Odyssey's technical education will be aligned with the Common Core Standards for Language Arts literacy in technical subjects.

Odyssey Charter School will comply with all requirements set forth in the Children's Internet Protection Act.

Integrating Projects Into the Curriculum

Odyssey's curriculum will incorporate the use of projects into aspects of the learning process. Most of the day-to-day work will consist of projects that may be accomplished in one or two class periods and over the course of a unit. For example, Odyssey's College Preparatory Math and It's About Time science curricula both employ hands-on projects that may span one or two class periods. In addition, students will have one long-term project to complete in each semester.

Odyssey Charter School's science, technology, engineering, and math (STEM) projects will revolve around the For Inspiration and Recognition of Science and Technology (FIRST) family of programs. For instance, those students involved in the FIRST Lego League and FIRST Tech Challenge will use the yearly topic to develop a research project that will include a five minute presentation that is followed by a five minute question and answer session presented at the tournament and other locations. The goal of the FIRST Lego League's presentation is to develop an innovation in the subject for that year.

Fine art and performing art by their very nature are project based. Odyssey will offer extra-curricular opportunities for students who wish to participate in theater, music, dance, and art through the presentation of yearly musical productions. These presentations will also incorporate STEM technology through the use of lighting and sound reinforcement.

Art classes will use computers to create art work for performing art and STEM projects.

In order for Odyssey's project-based learning to be successful, a scope and sequence plan will be developed for proposed class room projects to ensure that the relevant materials and concepts are taught in a logical order. The scope and sequence plan will be developed by Odyssey's teachers under the guidance of the workshop teacher from the Buck Institute for Education or from a similar organization or an experienced mentor chosen by the Principal. Much of the scope and sequence planning will be developed through Odyssey Charter School's professional development program. Will this scope and sequence be available in time for use in Year One of operations? Will experience in PBL and/or development of scope and sequence be required of applicants for the principal and teaching positions? How much has been set aside in the budget to cover the Buck Institute's work on this significant project? (This item does

not appear to be addressed in Appendix P, Subtractor Contracts, or mentioned in the budget assumptions.)

For example, professional development in College Preparatory Math and It's About Time science, and FIRST robotics STEM program will provide curriculum training for STEM projects by educating teachers on the projects used in the curricula as well as learning methods that will transfer into multidisciplinary projects.

Curriculum Development and Approval

Odyssey Charter School recognizes that curriculum development is a continuous process. The curriculum will be implemented and evaluated through ongoing observations of teachers and students, programmatic audits, and with follow-up discussions with the Principal to include written goals. The curricula will be evaluated by how well it integrates project based learning, state content standards and Common Core Standards. Different or additional curricula may be adopted and implemented over time as Odyssey continues to refine its curriculum and as additional resources become available.

An important part of curriculum development is the training and professional development of Odyssey's administration and teachers in the precepts of project based learning. See Appendix V Pre-Opening Professional Development for more details.

Thoroughness Standards

Idaho Code §§ 33-5205(3)(a) and 33-1612

Odyssey Charter School will fulfill the thoroughness standards identified in Idaho Code § 33-1612. It will establish a thorough system of instruction that will fully address the following standards:

Standard A. A safe environment conducive to learning is provided.

Goal: Maintain a positive and safe teaching and learning climate. Every student has the right to attend a school that encourages positive and productive learning, provides a safe and orderly environment, and promotes student respect for themselves and others.

Objectives: Odyssey Charter School will:

- Develop a staff/student handbook to provide rules and guidelines for physical safety. These guidelines will include and not be limited to the procedures for fire drills, reporting unsafe equipment, methods for checking students in and out of school, notification of parents' rights, and staff monitoring responsibilities (see the student handbook in Appendix K).

- Provide a facility and adopt policies that meet all required city, state, and federal health, accessibility, safety, fire, and building codes for public schools, and are inspected as required to ensure the safety of students and staff.
- Establish, publish, and enforce policies that define acceptable and unacceptable behavior, including zero tolerance for weapons, violence, gangs, and use or sale of alcohol and drugs (see the student handbook in Appendix K).
- Create an environment that encourages parents and other adults to visit the school and participate in the school's activities.

Measurement and evaluation: ~~This standard and its goals will be measured and evaluated through end-of-course surveys given to students and parents/guardians. Also, t~~The administration will use accident and discipline reports as ~~the an additional~~ source of measurement for evaluation.

Standard B. Educators are empowered to maintain classroom discipline.

Goal: Create a positive teaching and learning environment with an emphasis on high expectations of behavior and performance.

Objectives: Odyssey Charter School will:

- Develop policies that ensure a positive teaching and learning environment with an emphasis on high expectations of behavior and performance.
- Use Fred Jones's Tools for Teaching as Odyssey Charter School's classroom management/discipline model.
- Provide Odyssey's faculty and administration professional development in Tools for Teaching to increase their skills in maintaining classroom discipline.
- Develop a student handbook providing a code of conduct, including clear expectations and consequences for unacceptable behavior that are consistent throughout the school, and a process for teachers to handle minor and major infractions in the classroom setting (see Appendix K for the student handbook). Teach appropriate behaviors and foster responsible decision-making skills.

Measurement and evaluation: ~~This standard and its goals will be measured and evaluated through end-of-course surveys given to students and parents/guardians. Administration will use~~ accident and discipline reports and RTI information as ~~the an additional~~ sources of measurement for evaluation.

Standard C. The basic values of honesty, self-discipline, unselfishness, respect for authority, and the central importance of work are emphasized.

Goal: Offer opportunities for students to develop and express exemplary character traits in concert with the overall educational program.

Objectives: Odyssey Charter School will:

- Teach exemplary character traits through the use of Sean Covey's *7 Habits of Highly Effective Teens* and the literature studied in language arts and history classes.
- Help students build personal bonds and carry out responsibilities to one another and to the faculty and staff.
- Develop a sense of community and service within the school, and between the school and the larger community, by using project learning in projects that will provide positive change in the community. Community service instills a sense of individual, social, and civic responsibility and enables the student to use newly found knowledge to solve community problems. Odyssey Charter School senior theses will document how the seniors researched community problems and how the seniors organized other students and members of the community to execute plans to improve these problems. Teachers will organize at least one community service project for the student to be involved in per semester in addition to involvement in senior projects.
- ~~Utilize multi-grade classrooms, respect for other students' workspace, emphasis on students helping teach each other through collaboration on project learning, and small group work.~~

Measurement and evaluation: This standard and its goals will be measured and evaluated through ~~end-of-course surveys given to students and parents/guardians,~~ documentation of senior theses and other community services, and accident and discipline reports.

Standard D. The skills necessary to communicate effectively are taught.

Goal: Teach students a range of effective communication skills appropriate for the 21st Century.

Objectives: Odyssey Charter School will:

- Emphasize meaningful language experience in reading, writing, and spelling.
- Provide many chances for verbal communication through the use of small group work, presentations of projects, and the use of the various performing and fine arts to improve poise as well as verbal, auditory, and visual communication skills.

Measurement and evaluation: This standard and its goals will be measured and evaluated through tracking the number of students involved in performances and fine arts activities, projects, presentations, the grades and other evaluations of these projects, ~~and end-of-course surveys about these objectives.~~

Standard E. A basic curriculum necessary to enable students to enter academic or professional-technical post-secondary educational programs is provided.

Goal: Develop an educated citizenry for the 21st century through a dynamic, interactive academic program where students will be well grounded in the basics such as reading, writing, mathematics, science, social studies, technology, and the arts.

Objectives: Odyssey Charter School will:

- Use the Idaho State Board of Education's content standards and Common Core Standards as a basis for unifying themes and projects.
- Organize projects across several subject areas to create interdisciplinary studies for the students so information will not be taught in isolation.
- Design project learning to allow Odyssey Charter School students differentiated instruction where the student will have a chance to choose from multiple roles in the projects that can fit with the personality and learning styles of the student.
- Establish school-wide formative assessments that will be given to the students every 3 to 4 weeks to measure student performance, which will identify struggling students for interventions and help the teachers to measure the effectiveness of their teaching strategies. The assessments for the semester will be developed before the semester begins as part of the teacher collaboration and professional development provided before the opening of the school. Teachers will do their own formative assessments on a continual basis.
- Invite experts from various fields to judge student presentations and provide feedback to the students based on the experts' real world experiences.
- Enable students to develop the following intellectual habits important in the work place: ability to adapt to new situations and respond effectively to new information; solve problems; locate and evaluate information from a variety of sources; make flexible connections among various disciplines of thought; think logically, and make informed judgments.
- Enable students to develop the following personal habits important in the work place: ability to accept responsibility for personal decisions and actions; honesty, courage, and integrity; a healthy lifestyle; empathy, courtesy, and respect for differences among people; self-confidence; concentration and perseverance; responsible time management; ability to assume a fair share of the workload; and to work cooperatively with others to reach group consensus.

Measurement and evaluation: This standard and its goals will be measured and evaluated through school-wide formative assessments that will be given to the students every 3 to 4 weeks using AIMS web, a similar program to AIMS web, or teacher-developed assessments;

state mandated test scores; ~~and ACT, SAT scores. Accuplacer, and Compass scores, evaluations from professionals who judge the students' presentations, as well as end-of-course surveys given to students and parents/guardians.~~

Standard F. The skills necessary for the students to enter the work force are taught.

Goal: Provide students with basic skills that prepare them for future employment using learning tools such as computers, scientific equipment, and internet access to local and nationwide resources. Also, Odyssey Charter School will provide students with opportunities to prepare them for a knowledge-based, project-style workplace where planning, people skills, and project organization are necessary abilities. These tools will assist students to become lifelong learners who are prepared to enter the project based work force of the 21st century with a solid foundation of knowledge and skills.

Objectives: Odyssey Charter School will:

- Provide a strong foundation in basic reading, writing, science, and mathematics skills.
- Enable students to develop the following intellectual habits important in the work place: ability to adapt to new situations and responding effectively to new information; solving problems; locate and evaluate information from a variety of sources; making flexible connections among various disciplines of thought; thinking logically and making informed judgments.
- Provide multiple opportunities to work on individual, small group, and larger group assignments that will develop independence, interdependence, responsibility, project planning skills, and leadership.

Measurement and evaluation: This standard and its goals will be measured and evaluated through ~~end-of-course satisfaction surveys given to students and parents/guardians, and results from its programmatic audit.~~ Periodic formative assessments will provide data on these skills. Teacher citizenship grades will also be utilized to evaluate the desired student personal habits.

Standard G. The students are introduced to current technology.

Goal: Provide students with a technology and instruction on how to use it. The students will be using tools such as computers, scientific equipment, video production, and networks linked to local and nationwide resources.

Objectives: Odyssey Charter School will:

- Provide technology that enhances communication among students and teachers using 21st-century communication methods. Teachers will have their own web pages where assignments can be accessed, and where videos and other teaching tools can be used. Students will have an online account to prepare their assignments and transmit them to their teachers for grading. Other 21st-century communication tools may include but are not limited to blogging, video production, and podcasting.

- Maintain a mobile computer lab of 25 computers. These computers can be checked out as a group or separately. These will be used for state mandated test testing and also for other class work.
- Provide at least 5 computers in each language arts, history, math, and science classroom.
- Provide an interactive white board for each language arts, history, math, and science classroom.
- Use computers as tools for such activities as accessing information, authoring, computation, record keeping, data storage, and communication. Computers and mobile computing devices will be available in the classrooms at least on a limited basis. The school will allow students to bring and use their own computing devices.
- Strive to become a “paperless” school, as much as it is practical, in order to mirror the workplace of the 21st century.

Measurement and evaluation: This standard and its goals will be measured and evaluated through ~~end-of-course satisfaction surveys given to students and parents/guardians and by the~~ inventory of computers and mobile computing devices, and teachers’. ~~Teachers will~~ documentation of the frequency of their use of technology in their classrooms. The objective of striving to become “paperless” will be monitored by the amount of paper purchased by the school.

Standard H. The importance of students acquiring the skills to enable them to be responsible citizens of their homes, schools, and communities is emphasized.

Goal: Provide students with the skills and understanding necessary to become responsible citizens in their respective jobs and communities of the 21st century.

Objectives: Odyssey Charter School will:

- Provide a program of projects that reflects responsible citizenship in a democratic society and an interdependent world. These projects will show the students real-world application of what they have learned.
- Enable students to accept responsibility for personal decisions and actions, have respect for differences among people, assume a fair share of the work load, and work cooperatively with others to reach group consensus.

Measurement and evaluation: This standard and its goals will be measured and evaluated through ~~end-of-course satisfaction surveys given to students and their parents and guardians,~~ discipline records, and through documentation of projects that help the community.

Textbooks and Curriculum

Odyssey Charter School will align the instruction and other materials to content area curriculum standards and objectives and the Common Core Standards. The evidence of the alignment will be provided to the Commission's staff during their annual visits to the school. ~~Copies will be provided to the Public Charter School Commission prior to the opening of the school.~~ The textbooks will be approved through the textbook adoption process, or a waiver will be obtained for textbooks that have not been approved.

Educational Programs and Services

Provision for educational programs and services such as special education, physical education, HIV/AIDS education, family life/sex education, guidance and counseling services, Safe/Drug-Free Schools programs, summer school programs, parent education programs, social work, and psychological services will be ~~identified~~ based on need. Any additional contracted services in areas such as psychological evaluation services, occupational therapy, speech and language therapy, etc., will be provided through either private professionals or in conjunction with a local school district.

Improvement of Student Learning

Multiple learning opportunities will be afforded to Odyssey Charter School students. Some will be familiar to the students, others will be innovative, but all will strive to make learning relevant and purposeful and to actively engage the learner. Problem-solving groups will apply knowledge they have acquired, and practice new skills, by tackling both real-world problems and problems simulated to model those that could be found in the work world. For example, the school's requirement for students to perform community service as part of their senior theses not only informs students about the needs of our community, but also encourages them as a group to decide which needs they can reasonably address, and to plan an approach, implement the plan, and then evaluate the result. Team collaboration on assignments will provide an opportunity for learners to become educators, and it will reinforce their own knowledge and mastery of new skills through presentation of their own work and through working in groups. Projects will include requirements for both individual effort and group collaboration, to ensure mastery of basic content and interactive skills.

Odyssey Charter School's learning program is built on the belief that all children can learn, but it is understood that all students do not learn in the same way or at the same rate, and they do not all acquire knowledge from the same sources. Odyssey Charter School recognizes that children are variously gifted and that they may excel at different levels in the following areas: linguistic; mathematical/logical; intrapersonal (self); interpersonal (others); bodily-kinesthetic; spatial; and musical. All seven aspects of learning will be examined and encouraged through project based instruction.

Odyssey Charter School will implement project based learning to explore and improve the community, and will encourage learners to take responsibility for their own learning. Through the use of project based learning, Odyssey Charter School will ensure that children are not penalized for the rate at which they learn. The faster learner will be continuously presented with new challenges, while the slower learner will benefit from extra adult help, multiple methods of teaching, and multiple environments. Project based learning is flexible and able to accommodate the individuality of learners.

Odyssey Charter School recognizes that children do not develop character in a vacuum, and that the development of character and social skills are necessary to succeed in the workplace and in life. Project based learning requires that students work together to design, plan, execute, and document their projects; therefore, character development and social skills are very important in our school. Our plan for character education includes the use of Sean Covey's 7 *Habits of Highly Effective Teens*. Odyssey will employ staff who model essential traits of good character. Leadership and character development lessons will be incorporated in all the classes through small and large group projects, project based community service, and leadership discussions of characters and historical figures and the decisions they made. The staff at Odyssey Charter School will ensure a safe, kind environment, allowing students to acquire essential information and attitudes that will help them lead productive lives.

Graduation Requirements

Graduation requirements will be aligned with ~~the latest~~ all applicable laws and regulations promulgated by the Idaho State Department of Education. Odyssey will meet or exceed these requirements. Odyssey will use the semester system for classes. The graduation requirements are outlined below and are also included in the Odyssey Charter School Student Handbook (Appendix K).

Core Area	Graduation Requirement
Core of Instruction	30 credits
Electives	17 credits
Total credits	46 credits (minimum)
Language Arts <i>English: 8 credits; and Speech: 1 credit</i>	9 credits <i>Speech credit will be integrated into the English classes through the presentations of the projects. Students who transfer to Odyssey will need to have 4 language arts credits at Odyssey or take a speech class off campus or online.</i>

Core Area	Graduation Requirement
Mathematics	6 credits <i>Including Algebra I and Geometry standards. 2 credits must be taken in the last year of high school</i>
Science	6 credits <i>4 lab</i>
Social Studies <i>US History, Economics, and American Government</i>	5 credits
Humanities <i>Interdisciplinary Humanities, Fine Arts, or Foreign Language</i>	2 credits
Health	1 credit
Senior Project <i>Focusing on Community Service Leadership</i>	1 credit <i>See description below</i>
Post Secondary Readiness Plan	4-year Learning Plan at the end of 8th Grade
College Entrance Exam	Take either ACT, SAT, or Compass exam by the end of 11 th grade.
State Mandated Test	Pass the state mandated test with a score of Proficient or Advanced in Reading and Math, Language Usage, and Science
Online Classes	2 Credits from the list Odyssey will provide (This will take effect for the class graduating 2016).

Advanced Opportunity

Odyssey Charter School will offer dual credit, advanced placement classes, or both, for its students. It appears that this reference to dual credit is meant to be a reference to concurrent credit. Please ensure that you are familiar with the difference. Through what means and to what extent will concurrent credit and AP coursework be made available? This is of particular importance given Odyssey's mission and the MSES that pertains to star ratings earned for post-secondary readiness.

Project based Learning and Community Service

Odyssey will incorporate project based learning into the classwork, and the projects will often have a community service focus. Thus, community service is integrated into Odyssey's classes instead of being a separate class or requirement, with the exception of the Senior Project.

Senior Project / Community Service Leadership

Senior projects will be the culmination of all the skills the student has learned at Odyssey Charter School and will require the student to act in a leadership role with the guidance of a teacher. The project will be based on improving the community in some way and will include organizing other people—students and others—to accomplish this project. The project will require strong academics as well as managerial and organizational skills. The project will include the following:

- Research a community need
- Plan a project to meet that need
- Organize people to help with the project
- Write a report of the project
- Present an oral presentation of the project to a panel of teachers and others.

Accommodations/Alternate Graduation Requirements

Alternatives to specific course requirements, excluding those identified in IDAPA Rule 08.02.03.105, may be approved by the principal or designee. Students who are eligible for services under the Individuals with Disabilities Education Act (IDEA) may graduate under alternate graduation requirements outlined on their Individual Education Plan (IEP) as determined by an IEP team.

Proficiency

Students must pass the state mandated test~~10, another exam that may replace the state-mandated test 10~~, or pass a comparative assessment approved by the ~~B~~board of ~~D~~irectors. In addition, each student receiving special education services will have included, in his or her IEP, a statement of how the student will demonstrate proficiency in the Idaho Achievement Standards as a condition of graduation, if it is different than meeting proficiency under either No. 1 or No. 2 above.

Transfer Students

In order to receive a diploma from Odyssey Charter School, the students must attend Odyssey Charter School the student's senior year or have moved with his/her family from out of the area after the beginning of the second semester of the senior year. All credits applied toward graduation must have been earned from accredited institutions. In the case of homeschooled or students transferring in from non-accredited schools, Odyssey staff will evaluate the credits and decide to accept or reject these credits. Be sure to establish a policy for making these decisions prior to your first enrollment lottery.

Early Graduation

Any high school student who completes the number of credits required for graduation prior to finishing the eight semesters of high school work may petition the Board of Directors for early graduation, providing he/she has the endorsement of the Principal.

~~Graduation of Nonpublic School Students~~

~~A nonpublic student must meet all grade and other graduation requirements of Odyssey Charter School in order to graduate. In order to graduate and receive a diploma, a nonpublic school student must be a full-time student of this district during that student's final semester.~~

How Special Education and Other Special Needs Will Be Met

Idaho Code § 33-5205(3)(q)

Odyssey Charter School will serve all children including special education, Gifted and Talented, and LEP (Limited English Proficient) students. Odyssey Charter School will follow the requirements of IDEA, the state of Idaho, and all other federal and state mandates regarding special needs students.

Odyssey Charter School will adhere to the *Idaho Special Education Manual* and will adopt and implement appropriate special education policies and procedures consistent with state and federal laws, rules, regulations, and legal requirements. All children will receive appropriate

services as outlined in the Individuals with Disabilities Education Improvement Act, Section 504, and the *Idaho Special Education Manual*.

~~Please refer to~~ See Appendix R Adapting Project-Based Learning for Inclusive Classrooms for examples and details.

Special Education Services

Odyssey Charter School will plan and budget to provide personnel, physical facilities, funding, and contractual arrangements to ensure that Odyssey students with disabilities receive special education and services as required in IDEA 2004 and outlined on the students' IEPs. All special education personnel will meet highly qualified special education standards and will be interviewed, selected, hired, trained, and in place by the first day of the 2013–2014 school year. To meet these expectations, Odyssey Charter School will conduct a yearly Child Find activity. Odyssey will follow a three-step process, as outlined in the Idaho Special Education Manual, to determine whether or not a student requires special education services:

1. The school will locate students by establishing and implementing an ongoing Child Find system, which will include referrals by parents, school staff, etc. An individual will be appointed to coordinate the development, revision, implementation, and documentation of the Child Find system.
2. The school shall ensure that staff and the school's constituents are informed of the availability of special education services through information included in staff orientation, on the school's web page, and in registration materials.
3. Odyssey will identify students who may qualify as special needs, and an evaluation team, which includes educators and the parent and/or adult student, will review the information from multiple sources. These sources include, but are not limited to, general education interventions, formal and informal assessments, and progress in the general curriculum, and will also include any and all referrals by parents and/or other adults including teachers, counselors, or other school professionals.

If a student is found to be eligible for special education services ~~at the charter school~~, Odyssey Charter School will form a multidisciplinary team to consider a student's eligibility for special education. The team will meet at least twice a month. If a team determines the need for an evaluation by other personnel, such as a school psychologist, speech therapist, occupational therapist, or other required experts not currently employed by the school, such evaluations will be contracted with a private provider.

Individual Education Plans

Appropriate personnel will be responsible to monitor Individual Education Plans (IEPs) and supervise the implementation as written. A certificated teacher will provide services in an inclusion or a pull-out model depending on the degree of intervention necessary to meet the

student's needs. These services will be delivered by a licensed provider, with a para-educator used to support the licensed provider as allowed by IDEA and the ESEA. The appropriate personnel will consult with the general education staff to utilize effective classroom interventions, adaptations, and modifications.

For more information on how project based learning can be adapted for students of various abilities, please refer to Appendix R.

The continuum of settings and services include general education classes, resource classes, and provisions for supplemental services such as resource services, itinerant instruction provided in conjunction with the general classroom, classroom aides, replacement curricula, behavioral supports, etc. In determining appropriate settings and services for a student with a disability, the IEP team shall consider the student's needs and the variety of alternate placements and related services available to meet those needs. Odyssey Charter School may contract with private providers for the provision of related services. Services may be provided by a licensed therapist, who may use a para-educator for support. In the event that the IEP team determines that the student's academic needs cannot be met on site, Odyssey Charter School will contract with other agencies to provide those services. OSC will continue to monitor the student's progress.

For all special education students, Odyssey Charter School will develop, review, and revise IEPs in accordance with state and federal laws. Odyssey Charter School will implement the IDEA 2004 discipline procedures and assure protection of student and parent rights, including the confidentiality of personally identifiable information in student special education records. These statutes also provide for the right to review and inspect records. Odyssey Charter School will ensure access to charter school programs, as required by the ADA. Odyssey's building plan may include the actual location of students within the classrooms, and settings within the classrooms, to permit access by students with disabilities. The school will provide transportation for special education students who may, because of the nature of their disabilities, be entitled to specialized transportation as a related service. Odyssey Charter School will include a comprehensive professional development plan for the training needs of special education personnel, as well as for general education teachers, in order to meet the needs of students with disabilities who are enrolled in the charter school. This will be done as a group or with an individual teacher, depending on the needs of the students in a particular teacher's class load. Special education professional development will be provided by the special education teacher.

Odyssey Charter School uses scientifically research-based ~~curriculums~~ curricula when working with students with disabilities who need supplemental or replacement ~~curriculums~~ curricula.

Nondiscriminatory Enrollment Procedures

Odyssey Charter School will not deny enrollment to a student with a disability solely because of that student's need for special education or related aids and services. All appropriate services will be provided for disabled students who have the opportunity to meet the minimum federally-

established eligibility criterion for such services. Enrollment policies described elsewhere in this charter petition are consistent with the mission of Odyssey Charter School and civil rights requirements. The nondiscriminatory policy will be stated on the school's website, applications, advertisements, etc.

LRE Requirements

Odyssey Charter School will provide special education and related services to eligible Odyssey Charter School students in the Least Restrictive Environment (LRE), educating disabled students with non-disabled students to the maximum extent appropriate. This will be in accordance with the *Idaho Special Education Manual, PL 94-142*, and as identified on each student's IEP. In many cases, the LRE will be specified as Odyssey Charter School. In other cases, the LRE might be an alternative site, depending on the needs of each student. Odyssey Charter School will provide assessments to admitted students as required, meeting individual student needs and IDEA requirements. At-risk students will be monitored and assessed using the Response to Intervention model, and will be placed as needed. Professional service providers will include a psychologist, speech-language pathologist, occupational therapist, vision specialist, and any other professionals listed in the students' IEPs.

LRE decisions are made individually for each student. The IEP team shall consider the following when determining the LRE in which the IEP can be implemented:

- **The student's IEP:** The student's IEP is developed prior to the determination of the location of services and settings. The services and settings needed by each student with a disability must be based on the student's IEP and the unique needs that result from his or her disability, not on the student's category of disability.
- **Age-Appropriate Peers:** Students with disabilities shall be educated with age-appropriate peers to the maximum extent appropriate. A student with a disability is not removed from age-appropriate general education environments solely because of needed accommodations and/or adaptations in the general education curriculum.
- **School of Attendance:** A student with a disability shall be educated in the school as close as possible to the student's home and, unless the IEP requires some other arrangement, the student is will be educated in the school he or she would attend if not disabled.
- **Harmful Effects:** Consideration shall be given to any potential current or long-term harmful effect on the student or on the quality of services the student needs, including the student's ability to graduate and achieve their post high-school goals.
- **Accommodations and/or Adaptations:** A student with a disability is not removed from general education settings solely because of needed accommodations and/or adaptations in the general education curriculum.

- **Participation in Nonacademic and Extracurricular Services and Activities:** A student with a disability shall be allowed to participate with students without disabilities in nonacademic and extracurricular services and activities to the maximum extent appropriate. These services and activities may include meals, recesses, field trips, counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the district, referrals to community agencies, career development, and assistance in making outside employment available.

Dual Enrollment

Idaho Code §§ 33-5205(3)(r) and 33-203(7)

Odyssey Charter School will provide students with a rich and varied cross-curricular educational experience. In the event that students desire to participate in dual enrollment, they will be informed of the dual enrollment options Odyssey Charter School may have with other public postsecondary schools. ~~Odyssey Charter School and the students' parents partner schools will develop memorandums of understanding regarding funding in accordance with Fractional Adequate Funding policies of the State of Idaho.~~ Again, please bear in mind the difference between dual and concurrent enrollment.

~~Home schooled and private school students may attend Odyssey Charter School as required by Idaho Code 33-203. Odyssey does not permit part-time enrollment.~~

~~Dual enrollment will be subject to school district procedures as allowed in Idaho Code § 33-203(1). State funding of a dually enrolled student will be limited to the extent of the student's participation in the public school programs. Information concerning dual enrollment options and requirements will be provided to all parents.~~

Gifted and Talented Program

Idaho Code § 33-2003

Odyssey Charter School will meet the needs of the Gifted and Talented (GATE) students in the regular classroom. The project based learning approach offers the flexibility to adapt projects and the individual responsibilities within the project to the unique needs and skill levels of the students. Also, a variety of classes at different skill levels will provide additional opportunities for GATE students to excel. See Appendix R for more explanation.

~~Dual~~Concurrent enrollment will be another option for students whose skills are beyond the offerings of Odyssey Charter School. Students may enroll in online college classes or attend university classes in the area to meet their educational needs. Policies regarding dual concurrent enrollment will be developed by the Principal and the Board of Directors. Odyssey will cooperate with Idaho Falls School District 91 as the district's policies allow.

Odyssey Charter School shall identify and provide services to students who demonstrate evidence of high-performing capabilities. Odyssey Charter School utilizes eligibility criteria

developed by the Idaho Department of Education. The identification system aligns with GATE rules and regulations as identified by IDAPA Rule 08.02.03.171.

Odyssey Charter School will develop a procedure to identify and screen possible GATE students using multiple indicators of giftedness with information obtained through the following methods and sources:

- Quantitative data will be gathered through the use of formal assessment methods. Odyssey will use school grades, state mandated test, PSAT, CLEP, SAT, and ACT as formal assessments. Other tests may be used as well.
- Qualitative data will be gathered through informal assessment methods. Such assessments will include teacher and staff observation and referrals, interviews, and biographical data such as extracurricular and community activities. More qualitative data will be obtained through the interviews with the student, parents, and other adults.

LEP Students

Students who are eligible for the LEP program will participate in the Odyssey LEP program according to state and federal guidelines.

Administration and Evaluation

Odyssey understands that an effective LEP program is the entire school's responsibility and will work to support the needs of the LEP students. Many charter schools in eastern Idaho do not have LEP students, so Odyssey will plan for the eventuality of providing LEP services. This plan is outlined in Program of Services and Instructional Methods section below. Odyssey will plan for LEP services but not put the plan into effect until the need arises.

In preparation for LEP students enrolling, teachers and other employees will be provided with professional development to develop the resources, skills, methodologies, and knowledge to create and to implement an effective LEP program. The training will be of sufficient intensity and duration to create lasting improvement.

Evaluation of the program will be based on tracking data on swiftness of intervention, type of intervention, comparison with peers for student improvement tracking, availability of resources, staff training, viable sources of assistance, performance of students, and compliance with state and federal policies. The program will be revised as necessary.

Identification

Odyssey Charter School will use the federal definition of Limited English Proficiency as defined in Title III and IX of the ESEA. The *Guidance for Evaluating Limited English Proficient (LEP) Students to Establish Special Education Eligibility*, or other materials provided in the future by

the Idaho State Department of Education, will be used for identifying Special Education LEP students.

Registration cards will ask what is the primary language spoken in the home. If a response is any language other than English, a survey will go home to the parents. Native American students will be asked if the student's language is influenced by a tribal language through a parent, grandparent, relative, or guardian.

Students for whom English is a second language will be assessed using the LEP placement test. The state's eligibility criteria will be used to develop a Home Language Survey in order to identify the Primary Home Language Other Than English (PHLOTE) students.

If the parent survey comes back indicating that a student may be Limited English Proficient (LEP), they will be tested with an English language proficiency test within 30 days of registration or within 2 weeks of entry into the school.

If the student tests less than proficient on an English language proficiency test, then a letter will go home to the parents indicating that their child was identified as needing specific English language services. The parent will be given the opportunity to waive the services, if desired.

Those students whose parents waive the services are coded ELL-W and will still take the annual IELE test until they are proficient. They are still LEP students and will be served according to their needs.

Program of Services and Instructional Methods

If the parent does not waive the Limited English Proficiency (LEP) services for their child, then the student will be placed in a program of high quality, scientifically-based language instruction determined by the LEA (Section 3115(c)(1)). Those students placed in the program will be counted for state and federal funding. Idaho LEP program guidance will be used to support the needs of LEP students.

Odyssey Charter School will meet the linguistic, academic, and cultural needs of LEP students in a number of ways. Odyssey will integrate LEP students into the regular classrooms as much as possible and provide part-time pull out classes if the students need it. Teachers and paraprofessionals will be trained to work with LEP students as part of the school's ongoing professional development using state-sponsored webinars and other sources. Also, Odyssey will prepare a list of content area curricula that can be purchased and used for future LEP students.

LEP services such as testing, ELL teacher, and interpreters may be provided on-site or contracted out. If Odyssey is unable to hire or contract with an ELL teacher when the need arises, the Principal will be responsible for arranging training of teachers and paraprofessionals. The principal will also oversee the implementation of the LEP program. Odyssey will have a curricula list, materials list, and teacher training prepared before Odyssey opens.

The flexibility of project based learning lends itself to the needs of the LEP student. Because the Project Based Learning Model is effective in providing support and intervention for students with a variety of needs, the Odyssey LEP program will allow students to participate in the core curriculum as much as possible. Project based learning provides many opportunities for the student to develop both academic and social English by incorporating various instructional strategies such as think-pair-share, corners, panel discussions/debate, language immersion, and especially cooperative learning. It also allows students to work on projects that reflect the student's culture in many cases.

Monitoring of Students

The Idaho English Language Assessment (IELA) or other state provided standard test will be used to assess English proficiency as well as monitor LEP progress. State and federally mandated testing of LEP students will be administered. Additionally, all students (including LEP) will be given formative assessments every 3 to 4 weeks to measure student academic performance as mentioned in ~~Proof of insurance will be given to the Public Charter School Commission each time it is renewed to insure continuous coverage. Odyssey Charter School shall provide to the Idaho Charter School Commission with Copies of insurance binders from issued by a companies authorized to do conduct business in Idaho. The binders will contain Odyssey's policies for liability insurance (per occurrence and aggregate coverage), property insurance, worker's compensation insurance, unemployment insurance, and errors and omissions insurance, will be provided to the Commission. Additional proof of insurance will be provided as required by the Commission.~~ This information appears to be misplaced.

~~Tab 3: Educational Program and GoalsThoroughness Standards.~~ State mandated test scores will also be used to measure academic performance. The ENL teacher will regularly confer with the classroom teachers to monitor the progress of the LEP students and may assess the LEP student's progress as frequently as needed. Changes in the student's ELPs will be made as needed to ensure the interventions are appropriate. Students who meet state-recommended levels of proficiency on the IELA or other assessments will be exited from the LEP program and monitored for 2 years. Students on monitoring status will be coded LEP on the state mandated test and will still count for state and federal funding purposes.

Other Special Needs Student Services

Because Gifted and/or Talented, LEP, Title I, Section 504, and IDEA students have special needs, they will be provided educational experiences that will strive to meet those needs in the regular classroom as well as in special classes, seminars, or workshops. Students with disabilities will be placed in the Least Restrictive Environment as defined by their IEP teams and services enabling each student to receive a Free Appropriate Public Education will be provided as determined by each student's IEP team. Transportation will be provided as required by the student's IEP.

September 20, 2012

Those students not reading at grade level or computing math at grade level will be identified and receive a variety of services including Special Education, Title **I** (if funded), tutoring by volunteers, and the opportunity (with parental support) to attend appropriate summer or after-school programs.

Tab 4: Assessment of Student Educational Progress

Measurable Student Educational Standards

Idaho Code § 33-5205(3)(b)

Odyssey Charter School will accomplish the following goals:

1. ~~1st~~ What is the purpose of the “1st?” Is this an error? 95% of students who have been continuously enrolled at Odyssey Charter School for one year. Please specify whether you mean a full calendar year, or since the beginning of the school year during which the test is administered. will have a Student Growth Percentile (SGP) that is equal to or greater than their Adequate Growth Percentile (AGP) in the area of reading.
2. ~~1st~~ 85% of students who have been continuously enrolled at Odyssey Charter School for one year will have a Student Growth Percentile (SGP) that is equal to or greater than their Adequate Growth Percentile (AGP) in the area of math.
3. ~~1st~~ 82% of students who have been continuously enrolled at Odyssey Charter School for one year will have a Student Growth Percentile (SGP) that is equal to or greater than their Adequate Growth Percentile (AGP) in the area of language.
4. In 2016 and afterwards, Odyssey Charter School will have at least a 90% graduation rate.
5. In 2016 and afterwards, Odyssey Charter School will receive 4 out of 5 stars in the Advanced Opportunity category on the Star Rating System.

The above MSES do a good job of defining what percentage of Odyssey's students will make adequate growth to reach/maintain proficiency within 3 years or by 10th grade, whichever comes first.

We still need to see MSES directed at how Odyssey's results compare to those of other schools. This can be accomplished using the SGP (which, as a percentile, automatically provides a comparison to each student's academic peers – that is, other students who scored similarly last year). For examples, please see email messages to Karl Peterson from Tamara Baysinger dated 9/5/12 and 9/6/12.

- ~~• After two years of operation, Odyssey Charter School will score 2 percentage points higher on the ISAT than Idaho Falls Joint School 91 score in reading in the same academic year.~~
- ~~• After two years of operation, Odyssey Charter School will score 2 percentage points higher on the ISAT than Idaho Falls Joint School 91 score in math in the same academic year.~~

- ~~After two years of operation, Odyssey Charter School will score 2 percentage points higher on the ISAT than Idaho Falls Joint School 91 score in language in the same academic year.~~
- ~~80 percent of Odyssey Charter School students will make at least 1 year of academic growth in language arts as measured by the ISAT.~~
- ~~80 percent of Odyssey Charter School students will make at least 1 year of academic growth in math as measured by the ISAT.~~
- ~~All Odyssey Students who are enrolled through the entire semester will participate in one long term, multidisciplinary project each semester enrolled and will~~
- ~~80% of the students will score a proficient grade on their long term, multidisciplinary project. This will be based on a school-wide, faculty-created rubric.~~
- ~~After three years of operation, Odyssey will achieve a Star rating of one star above the median Star rating of Idaho Falls School Joint District's junior and senior high schools. If the Star rating of the median school is 5 stars, Odyssey will also achieve a 5 star rating.~~
- ~~60 percent of Odyssey Charter School's 12th grade students will meet or exceed the Boise State University potential candidate cut-off through the student's combination of grade point average and score on the ACT, SAT, or Compass test.~~

Methods for Measuring Student Progress

Idaho Code § 33-5205(3)(c)

Odyssey will use **a variety the following** methods to measure student progress in meeting the above identified student educational standards: AIMS web or similar program's records, RTI records, teacher-created formative and summative tests, projects and presentations, the Idaho Standards Achievement Test, the state mandated test, the Idaho Alternative Assessment (IAA) if applicable, the National Assessment of Educational Progress (NEAP) if selected, the ACT, Accuplacer, and SAT tests, and the Boise State University potential candidate cut-off. **Although it is certainly appropriate to use all these evaluation methods, note that the wording should be updated because they will not all be used to measure student progress "in meeting the above identified student educational standards." Only data generated through the Star Rating System will be needed for that specific purpose.**

Provisions by which Students Will Receive Standardized Testing

Idaho Code § 33-5205(3)(d)

Under the direction of the School Test Coordinator, the following standardized tests will be conducted in strict accordance with, and at the specified intervals mandated by, the state of

Idaho, namely, Idaho Standards Achievement Test for grades 6 through 10. Additionally, any and all other assessments required in Idaho now or in the future will be administered in accordance with state mandates and policies.

Accreditation

Idaho Code §§ 33-5205(3)(e) and 33-5210(4)(b)

Before opening its doors, Odyssey Charter School will apply to Northwest Accreditation Commission, a Division of AdvancED for accreditation, as required in IDAPA 08.02.02.140. In compliance with Idaho State Board of Education Rules, Odyssey Charter School will complete the accreditation process outlined below.

- Odyssey will apply for its readiness visit before May 1, 2014 so that the visit can take place after the school has begun operation. Odyssey will complete the readiness checklist before the readiness visit.
- After the readiness visit, Odyssey will be in candidacy status. Odyssey will then complete the self-assessment and survey of the school's stakeholders.
- Odyssey will then complete its full external review during the 2014-15 school year.
- Odyssey will then attempt to be deemed fully accredited by the Northwest Accreditation Commission, a Division of AdvancED, before Odyssey performs its first graduation in the spring of 2016—three school years after the initial opening of Odyssey. Since Odyssey starts in 2013-14 with sophomores, the school will have sufficient time to complete the accreditation process before this class reaches graduation.
- Additionally, the school will develop a five-year strategic plan focused on the improvement of student performance as outlined by Northwest Accreditation Commission, a Division of AdvancED. This will begin the repeating five year cycle of re-accreditation in which Odyssey will be continually involved.

The strategic plan will be monitored by a review team established by the school's administration and Board of Directors. This team will be empowered to recommend revision of goals as necessary and will provide regular reports on implementation of the plan to the Board of Directors.

Accreditation reports outlining the attainment of standards will be submitted, as requested, to both the Public Charter School Commission and the Idaho State Accreditation Committee.

~~Copies of all annual reports, including accreditation reports, financial audits, programmatic audits, school report cards, and testing results, will be given to the Public Charter School Commission. The State Department of Education receives a copy of the financial audits. Parents and the general public will also be provided with report information, where appropriate.~~

NCLB School Improvement Provision

Odyssey Charter School is committed to being a school where student success is our top priority. ~~If it were~~ ever determined that, based on student performance, the school was in need of, improvement in accordance with NCLB, Odyssey Charter School ~~will~~ develop a strategic plan focused on improving school and staff capacity (structure, resource allocation, teacher skill sets) to increase student achievement.

The ~~B~~board of ~~D~~irectors of Odyssey Charter School will provide consultation to the ~~P~~principal regarding ongoing plans for the school. ~~Odyssey will cooperate fully with the Public Charter School Commission in improving Odyssey Charter School's No Child Left Behind performance.~~ The ~~B~~board of ~~D~~irectors will take the responsibility of the school district in meeting the policies of the State Department of Education regarding school improvement.

The Parent Action Committee(PAC) will also work with the ~~B~~board of ~~D~~irectors on school improvement.

All student and teacher standards will meet state-approved standards as adopted by the State Board of Education, and federal standards mandated by the *No Child Left Behind Act of 2001*.

Idaho is now preparing its waiver to the *No Child Left Behind Act of 2001*. The final details of this waiver are not currently set. Odyssey Charter School commits to following the rules and regulations of the waiver when they become official and follow the procedures contained in the waiver once the waiver is adopted.

Until the waiver is in place, Odyssey will follow the *No Child Left Behind Act of 2001*. In the event that Odyssey Charter School does not meet AYP, Odyssey will follow the steps for school improvement as outlined in *School Improvement Plan Writing Workbook: Instructions for Idaho's Local Education Agencies*. As a charter school, Odyssey will be responsible for both the school's and the Local Education Agency's responsibilities outlined in the workbook.

The ~~B~~board of ~~D~~irectors of Odyssey Charter School will provide consultation to the Principal regarding ongoing plans for the school. The Parent Action Committee(PAC) will also work with the ~~B~~board of ~~D~~irectors on school improvement.

Tab 5: Governance Structure

Idaho Code § 33-5205(3)(f)

Governance Structure

Odyssey Charter School, Inc., will be a non-profit organization organized and managed under the Idaho Nonprofit Corporation Act. The Board of Directors will be the public agents who control and govern the Charter School. Odyssey Charter School's board shall be responsible to identify and comply with all statutory requirements affecting the operation of a public school. The Board of Directors meetings will follow the open meetings law and public records law. The secretary of Board of Directors will keep accurate minutes of the meetings and make the minutes available to the public according to the Bylaws of the charter school corporation.

Odyssey Charter School Organization Chart

Founders

A founder is hereby defined as a person, including employees, parents, or staff of a public charter school, who has served for at least 9 months on the founders committee and has worked at least 100 hours on outside projects. The time on the founders committee and the hours on outside projects must be performed before the opening of the school. The Board of

~~De~~irectors of Odyssey Charter School will vote after the opening of the school to ~~create a list of who is considered a founder~~ identify qualified founders based on the criteria above.

The founders will have no authority in the administration or governing of the school. Their only reward for being a founder will be that their children will be considered children of the founders at the time of the enrollment lottery.

~~After approval by the Public Charter School Commission, the people named in the Articles of Incorporation will become the board of directors of Odyssey Charter School. After one year of operation, the board of directors will hold an election for the new board of directors. The board of directors becomes the governing body for Odyssey Charter School. Officers shall be established as set forth in the corporate bylaws~~

Board of Directors

The ~~B~~oard of ~~D~~irectors has three main responsibilities.

1. The board is responsible for policymaking for Odyssey Charter School. It develops and refines its policy manual using ISBA materials. It approves the budget, develops long and short term goals, establishes educational objectives and performance indicators, and approves curricular frameworks and student education standards.
2. The board provides administrative oversight for the operation of Odyssey and is ultimately accountable for all aspects of its operation. This includes fiscal oversight. The board administers through establishing policy. The board is not responsible for the day-to-day operation of Odyssey. The board answers to the Public Charter School Commission, its authorizer, for the operation of Odyssey Charter School.
3. The board provides leadership and represents the interests of the stakeholders of Odyssey Charter School. It selects the ~~P~~principal of the school and approves personnel decisions. It serves as a forum for stakeholder input, soliciting input and balancing the desires of various shareholders.

Odyssey's Board of Directors will also have such duties and powers as are set forth in the Articles of Incorporation and the school's By-Laws.

Recruiting Highly Qualified Board Members

Odyssey will seek to recruit parents of students enrolled in the school and ~~from~~ other people in the community who are highly qualified to be on the Board. The Board will seek prospective members who have training and demonstrated experience in accounting, law (preferably educational law), education (preferably project based learning), publicity, and business. Board members with experience in real estate, construction, and advertising will also be sought. Recruitment notices that detail the qualifications and experience required will be sent out through e-mail to the students' parents and others on the school's e-mail list. They will also be

posted on the school's website, and sent out to the Board members' personal and professional associates. The staff of the school will also be notified of the need for Board members with certain skills sets. Odyssey will request the help of its faculty in finding highly qualified candidates.

See Appendix Q for details regarding Odyssey's Board Training Program.

Initial Terms

Board Members elected or appointed in the first year of incorporation shall serve terms as follows:

- Initial Class A: 12 years
- Class B: 24 years
- Subsequent Class A: 24 years

Initial Formation

The Board of Directors of Odyssey Charter School will consist of five to seven members.

A state of Idaho criminal background check on the Board of Directors will be conducted prior to the opening of the school and on each future board members.

Selection and Replacement

Biennial ~~Yearly~~ elections for members of the Board of Directors will be held according to the Bylaws of the Charter School Corporation.

Powers and Limitations

Odyssey Charter School will be a legally and operationally independent entity ~~established~~ governed by the nonprofit corporation's Board of Directors. The elected Board of Directors will be legally accountable for the operation of the charter school. Odyssey Charter School acknowledges that upon approval of the petition and the contract, the school's Board of Directors will be public agents required to control the charter school. Odyssey Charter School commits to compliance with all federal and state laws and rules and acknowledges its responsibility for identifying such laws and regulations and complying with them.

The Board of Directors will ~~have the responsibility to select~~ be responsible for the selection of the school Principal, who may not be one of its members. Odyssey Charter School will not contractually bind the Idaho Public Charter School Commission in a contract with any third party.

Relationship between Board of Directors and School Administration

The relationship of the Board of Directors to the Odyssey Charter School administration will be as follows:

Principal

The Principal will work under the direction of the Board of Directors and will be empowered to provide educational direction, administration, and on-site day-to-day operation, as well as certain decisions concerning but not limited to:

- implementing the vision and mission of the school
- providing instructional materials and supplies
- allocating resources
- fulfilling state charter school requirements
- building school-wide community
- providing special services
- contracting services
- providing disciplinary support
- establishing public and media relations
- building business and community partnerships
- developing curriculum, instruction, and assessment
- implementing professional development
- Hiring and supervising of ancillary support personnel including clerical and custodial
- resolving employment and personnel issues
- overseeing enrollment and attendance
- conducting formative/summative staff evaluations
- maintaining facility conditions
- providing transportation
- promoting climate for innovation and growth
- building staff and school morale
- supervising budget and financial records
- supplying annual reports to the Idaho Public Charter School Commission
- managing the day-to-day operations
- executeing the policies of the board
- acting as an intermediary between the Board of Directors&and the stakeholders
- communicateing to the board Odyssey's performance
- makeing recommendations to the board issues facing the school
- superviseing student scheduling

- administering the lunch program

Administrative Assistant

The administrative assistant's will work under the direction of the Pprincipal. The Administrative Assistant's responsibilities will include, but are not limited to the following:

- Student enrollment and records
- Attendance
- State reports concerning students, faculty, and staff
- Parent and public relations

Business Manager

The Business Manager will work under the direction of the Pprincipal. The Business Manager's responsibilities include, but are not limited to the following:

- Financial records
- Ordering and receiving
- State reports concerning finances
- Payroll

Standing Committees and Ancillary Support Personnel

Standing committees will be formed in accordance with the bylaws of the corporation. These committees will include, but are not limited to, Parent Action Committee (PAC), fund raising, and the like.

Process to Ensure Parental Involvement

The Bboard of Directors of Odyssey Charter School will provide consultation to the Principal regarding ongoing plans for the school. The Parent Action Committee (PAC) will also work with the Bboard of Directors on school improvement. Parents of students who attend Odyssey Charter School will be involved in the education of their children and in the school at many levels. Parents bring an in-depth understanding of their children's personalities, learning styles, and strengths and weaknesses, which is essential for the continuing educational development of their children. The process to ensure parental involvement will be as follows:

1. Parents will provide information necessary to ensure proper placement of students.
2. Parents will receive a student/parent handbook at registration.
3. Parents will be encouraged to attend all parent teacher conferences.

4. Parents will be asked to complete surveys throughout the school year addressing the following issues: safety of students, classroom discipline, school-wide discipline, child's response to classroom atmosphere, and parents' perception of learning environment.
5. Parents will be encouraged to be involved in the Parent Action Committee and to volunteer for school projects, programs, committees, and to work specifically with students who are challenged academically.
6. Parents will be encouraged to provide an appropriate learning environment at home for study.
7. Parents will be encouraged to volunteer as tutors and assist in other ways as need dictates.

Complaint Process

Odyssey Charter School's procedures for a complaint process for parents/guardians and the public will be developed as part of the tasks in the pre-opening timeline in Tab 10. The ultimate authority in any complaint process will reside with the ~~B~~oard of ~~D~~irectors of Odyssey Charter School. All complains will be forwarded to the Public Charter School Commission as required by administrative rule.

Crisis/Emergency Policies

Odyssey Charter School will develop a policies for various crisis and emergency situations. This development is part of the timeline in Tab 10.

Public Access

Odyssey Charter School's policies regarding the ways in which the public may have access to the school's students, staff, and facilities will be similar to that of the local traditional public schools. The Charter School will comply with Idaho statutes relating to public records and public meetings, as indicated in the bylaws. ~~Odyssey Charter School will provide access to the public for inspection.~~

Annual Financial and Programmatic Operations Audits

An annual financial audit and programmatic operations audit will be conducted during each fiscal year. Odyssey Charter School will annually submit to the Public Charter School Commission an annual report ~~with the audit of~~ containing the fiscal audit, and the programmatic operations audit, a report on student progress, and a copy of the school's accreditation report. Audits and reports will be conducted as mandated by state requirements as outlined in:

- I.C. § 33-5205(3)(k)
- I.C. § 33-5206(7)
- I.C. § 33-701(5-10)
- IDAPA Rule 08.02.04.300.03, Rules Governing Public Charter Schools
- IDAPA Rule 08.03.01.301.12, Rules of the Public Charter School Commission

~~The Odyssey Charter School Board will forward copies of all complaints to the Public Charter School Commission.~~

Tab 6: Employees of the Charter School

Employee Qualifications

Idaho Code §§ 33-5204A (1), 33-5205(3)(g), and 33-5210(4)(a)

Odyssey Charter School's full-time and part-time staff will meet or exceed qualifications required by state law. Instructional staff shall be certified teachers as required by Idaho Code § 33-5205(3)(g) and will be Highly Qualified in the teaching positions that require it or Odyssey will obtain waivers for teachers who are not highly qualified. This will include Special Education teachers. Teachers for grades 6, 7, and 8 will have either elementary or secondary certificates and will have the proper endorsements for the subjects they teach. Teachers for grades 9 through 12 will have secondary education certificates and will hold the proper endorsements for the subjects they teach.

Staff will be required to possess personal characteristics, knowledge, and experience consistent with the philosophy, vision, mission, core values, and expectations of Odyssey Charter School as outlined within this petition. Staff must also comply with the professional codes and standards approved by the I state Board of Education, including standards for ethics or conduct as required by Idaho Code § 33-5204A(1).

Odyssey reserves the right to employ any person for temporary assistance under the direct supervision of certified staff members. These provisions are intended to allow various community experts and other specialized persons who may not hold certification to contribute to the school according to their talents, experience, creativity, or expertise on an as-needed basis.

The Pprincipal will make recommendations to the Bboard of Ddirectors for approval of the instructional staff. The Pprincipal and the board must agree on the hiring decisions for them to be final. ~~Each professional staff member (teachers and the Pprincipal) will be on a written contract in a form approved by the Idaho State Superintendent of Public Instruction. The contract is conditional upon valid certification.~~

Health and Safety Procedures

Idaho Code § 33-5205(3)(h)

Odyssey Charter School's plans and policies for public conduct in the school, which protects the safety, welfare, and education of students, will be aligned with the Idaho State Board of Education Thoroughness Standard A, "A safe environment conducive to learning is provided."

Odyssey Charter School will comply with the following health and safety procedures:

1. Conduct criminal history checks for all employees in compliance with Idaho Code § 33-130. This requirement is a condition of employment.
 2. Require that all students show proof of immunization before being enrolled at the Odyssey Charter School or have an exemption signed by a parent or legal guardian.
 3. Require that all visitors sign in at the office and receive and wear a visitor's pass when visiting the school building.
 4. Provide for inspection of the facility in compliance with Idaho Code § 39-4130, and adopt policies to meet all required city, state, and federal health, accessibility, safety, fire, and building codes for public schools. Fire and safety officials will inspect the facility using the same guidelines used for all public schools.
 5. Adopt and implement a comprehensive set of health, safety, and risk management policies. These policies will be developed in consultation with Odyssey Charter School's insurance carriers and at a minimum address the above and the following items:
 - ♦ Policies and procedures for response to natural disasters and emergencies, including fires and bomb threats.
 - ♦ Policies relating to preventing contact with blood-borne pathogens.
 - ♦ A policy requiring that all staff receive training in emergency response, including appropriate "first responder" training. All staff will be trained in emergency response protocols and will be provided an emergency response binder. Odyssey will create an emergency response team that will develop school protocols and procedures. The team will meet at least twice a year to review the protocols and recommend needed changes.
 - ♦ Policies relating to the administration of prescription drugs and other medicine.
 - ♦ A policy that the school will be housed in a facility that has received fire marshal approval and has been evaluated by a qualified structural engineer who has determined the facilities present no substantial safety hazard.
 - ♦ Policies establishing that the school functions as a gun-, drug-, alcohol-, and tobacco-free workplace.
1. Odyssey Charter School will develop a policy regarding internet usage and comply with all requirements set forth in the Children's Internet Protection Act.

Policies will be incorporated as appropriate into the school's student and staff handbooks and will be reviewed on an ongoing basis in the school's staff development efforts.

Transfer Rights

Idaho Code §§ 33-5205(3)(o)

No transfer rights apply.

Employee Benefits and Provisions

Idaho Code 33-5205(3)(m)

Odyssey Charter School will provide all employees the following programs and benefits: group health insurance, Public Employee Retirement System Insurance (PERSI), federal Social Security, Unemployment Insurance, and Worker's Compensation Insurance, to the extent allowed and required by law. Accumulation of sick leave for teachers shall be up to ninety (90) days and be governed by Idaho Code § 33-1217.

Professional Opportunities

~~Faculty at Odyssey Charter School will work in an environment where they have opportunities to work with other faculty to align subject areas. The Principal will determine in-service training days in order to provide teachers with training in the teaching methods described in this petition. All employees will undergo an annual performance review.~~

Odyssey recognizes that a successful project based learning program depends in large part upon the talent, skill, and commitment of its educators. In order to achieve its program goals, Odyssey will provide extensive professional opportunities to its teaching staff based on the following guiding principals:

~~To achieve Odyssey's goals, a high level of professional development will occur through the following:-~~

- Hire teachers as early as possible.
- Conduct pre-service training in project learning and software before school begins, to allow the teachers to prepare interdisciplinary unit studies that culminate in a field application of what they learned.
- Mentor teachers extensively.
- Hire teachers who will teach students in more than one subject area and over the span of multiple years, as much as practical. Elementary endorsed teachers will be able to teach a variety of content areas in the middle school grades. Secondary teachers with endorsements in specific content areas will work on project-based learning in their own

content areas and will collaborate with other teachers in other subjects to create and utilize multi-disciplinary projects that span more than one content area.

- Plan for teams of teachers to work cooperatively and provide structured team planning, mentoring, and professional development time. Grade level and subject matter teachers will be provided common planning times and time before or after school to collaborate and coordinate their instruction plans.
- Provide opportunities for teachers to observe and work directly in the classroom with other teachers.

Workshops and Teacher In-Service Days

Initial professional development and mentoring will be provided to Odyssey's educators by Buck Institute for Education and it will happen before the school year starts, with a follow up workshop during the next school year to build and improve the teaching process. Odyssey will provide professional development in project based learning through Buck Institute for Education for all the teachers and administrators of the school. Buck Institute for Education will provide a three day workshop before Odyssey opens and a follow up session before the start of the next school year. **Please edit this paragraph to eliminate redundancy and improve clarity.**

The first workshop will introduce project based learning to the faculty and administrators and will help the teachers prepare their first interdisciplinary project for the fall. The follow up session will help the faculty talk about what went well and what needs improving and help them prepare their next project for the next semester. The two workshops are explained in greater detail in the e-mail listed in Appendix P. The exact timing of the workshops depends on the schedule of the presenters from the Buck Institute for Education. ~~The first workshop will take place before the opening of school.~~ Peer mentoring will also be implemented by using Odyssey teachers who have shown expertise in a particular area to mentor other Odyssey teachers. ~~Taking advantage of the skills of its own staff, Odyssey will provide needed professional development and will also build collaboration and communication among the staff.~~ **Is it likely that many of Odyssey's teachers will have prior expertise in PBL? If not, are there other options for mentors who have experience as well as aptitude?**

Odyssey will also provide pre-opening workshops in It's About Time science curriculum and College Preparatory Mathematics. These programs both emphasize project-based learning, and will complement the professional development aspect of Buck Institute for Education's workshops, as well as help the teachers better prepare to use these curricula.

In addition to receiving project based training from the Buck Institute and curricula training in specific subjects, professional development days will be provided to Odyssey's teachers at the beginning of each school year and periodically throughout the year during the year for to allow teachers to create project materials and to coordinate efforts in the multidisciplinary projects

under the direction of the Principal. Mentoring will also be provided through professional mentors specializing in project based learning, other teachers who are knowledgeable and experienced in the area using project based learning techniques, or both. All teacher in-service days will be determined by the Principal prior to the start of school and included in the calendar for each academic year. **How many such professional development/in-service days will be included in each school year? It will be essential for Odyssey to ensure teachers have more than the usual amount of training and prep time if PBL is to be implemented effectively.**

Resources for Professional Development

~~The New Tech Network that Idaho Falls School District is using to provide guidance and software for the district's Compass Academy is a well-known and successful company, but New Tech is not the only source of information on project-based learning. Much of what the district is paying for is available online for free or at a considerable savings. Odyssey has copious amounts of materials available for its use through a variety of sources.~~

A substantial amount of professional development resources are available online, either for free or at a discounted cost. For example, ~~the~~ Buck Institute for Education provides 18 free forms, handouts, rubrics, and other downloads on their site as well as links to other project libraries from many different organizations including High Tech High's. The Buck Institute It also provides project-based tutorials from PBL-Online.org, Project Based Learning in Hand, Apple's Challenge Based Learning, Edutopia: How to Plan a Project, Intel: Project-Based Approaches Online, and Project Based Learning Space by Houghton Mifflin.

Buck Institute for Education has a library of over four hundred and forty projects indexed by 17 sources and 10 subjects that can be downloaded free of charge. Buck also provides a free online, password-protected Project Planner to registered users. Registration is free. Edutopia provides approximately 200 online articles and videos on project-based learning as well as large amounts of materials on comprehensive assessment, integrated studies, social & emotional learning, and technology integration. Another source of online professional development is College Preparatory Mathematics' website. It provides teachers online explanations of every lesson in their courses. This is free to anyone.

Odyssey will utilize these free, online sources for ongoing professional development. Odyssey will use these sources to target identified areas of improvement and make improvements in those areas. The faculty will be guided through these materials by the Principal or the Principal's appointee in collaboration with the Buck Institute or similar organizations. **What will be the Buck Institute's level of involvement with ongoing professional development, and at what cost will this service be provided? This role doesn't seem to be addressed in the draft service agreement.**

~~Another~~ One more source of professional development is the Odyssey faculty themselves. Odyssey will use the skills developed by its individual faculty members to improve the faculty as

a whole. Odyssey encourages its educators to personally invest in their own professional development and that of their peers through the research and development of their own unique and innovative methods to improve student learning.

An important part of curriculum development and professional opportunities is the training the administration and teachers will receive in preparation for teaching project-based learning and using the online computer programs that will be implemented at Odyssey. See Appendix V for Pre-Opening Development for more details.

Odyssey has identified the following texts as potential tools for the training and development of successful educators:

- *The Leader in Me*, by Stephen R. Covey
- *Revisiting Professional Learning Communities at Work: Best Practices for Enhancing Student Achievement*, by Richard DuFour, Robert Baker, and Rebecca DuFour
- *PBL Starter Kit: To-the-Point Advice, Tools and Tips for Your First Project (Project Based Learning Toolkit Series)*, by John Larmer, David Ross, John R. Mergendoller PhD.

These materials will be used in connection the training and professional development of Odyssey's administration and teaching staff.

Collective Bargaining

Idaho Code § 33-5205(3)(p)

Odyssey Charter School's staff shall be a separate unit for purposes of collective bargaining.

Written Employment Contracts

Idaho Code § 33-5206(4)

All certificated staff will be required to sign a written contract with Odyssey Charter School. Contracts will be in a form approved by the Idaho State Superintendent of Public Instruction. The contract is conditional upon valid certification.

A copy of all teacher contracts and certificates for all certified teachers or staff members will be on file in the school office. Job announcements and all other hiring and employment practices will be free of any unlawful discriminatory language or practices.

Background Checks

Idaho Code §§ 33-130 33-512 and 33-5210(4)(d)

All employees, volunteers, subcontractors, and board members who work with students independently will undergo state of Idaho criminal background checks and FBI fingerprinting checks. One fingerprint card will be submitted to the Office of Certification at the State Department of Education.

Assessing Board, Administration, Teacher, and Staff Performance

Evaluation of the Board of Directors

The evaluation of the Board of Directors will take place annually one month before the elections are scheduled. The board will be evaluated on the following items: **Who will perform this evaluation? Do we assume correctly that this will be a self-evaluation?**

- School performance based on the ~~Idaho Public Charter School Commission's Annual Dashboard Report~~ the programmatic audit and the financial audit.
- The ~~chair~~president and vice ~~chair~~president accomplishing at least 100 points according to ISBA's Master of Boardmanship Program as it is outlined in Board Training in Tab 5.
- Other board members accomplishing at least 50 points according to the ISBA's Master of Boardmanship Program.
- The Star Rating according to the No Child Left Behind Idaho waiver school rating **system** with details about student proficiency, student academic growth, student growth to proficiency, graduation rate enrollment and completion of advanced courses, and SAT scores.

Evaluation of the Administration

The evaluation of the administration will take place annually ~~in~~ before the end of June.

- Principal Star rating according to the No Child Left Behind Idaho waiver when the Pprincipal evaluation takes effect
- School Star rating according to the No Child Left Behind waiver
- Odyssey Charter School's performance of its Measurable Student Educational Standards
- School Mission fulfillment
- Communication with the board
- Stakeholder and faculty satisfaction

Teacher and staff performance will be evaluated in accordance with Idaho state law and the State Department of Education policies. Odyssey Charter School will develop an evaluation

September 20, 2012

process based the Danielson model for teachers evaluation and will meet the requirements set forth by the State Department of Education.

Tab 7: Admission Procedures

Admission and Over-enrollment Procedures

Idaho Code § 33-5205(3)(j)

Odyssey Charter School has identified the following admission procedures:

Odyssey Charter School will be open to all students on a space-available basis. No student will be denied admission based on ethnicity, creed, gender, disability, or place of residence. No out-of-state students will be enrolled.

Odyssey Charter School will substantially follow the model admission procedure identified by the Idaho State Board of Education in the initial year and for every year thereafter.

Enrollment Capacity Chart

Year	6 th	7 th	8 th	9 th	10 th	11 th	12 th	Total Capacity by Year
1 st	50	100	75	50	50	0	0	325
2 nd	50	100	100	75	50	50	0	425
3 rd	75	100	100	100	75	50	50	550
4 th	75	100	100	100	100	75	50	600
5 th	100	100	100	100	100	100	100	700

The initial enrollment caps in year 1 reflect that Jefferson Joint School District 251 starts middle school at 6th grade, so we assume that many students from that school district will come when they start 6th grade. Other 6th grade students may come to participate in Odyssey programs that are not offered in their elementary schools. Idaho Falls, Bonneville, and Shelley school districts start middle school in the 7th grade. It is assumed that most students will enroll at Odyssey at this grade since it is the time when most students will be changing schools anyway. Smaller numbers in 8th through 12th grades reflect the assumptions that recruiting students in older grades will probably be more difficult and that Idaho Falls Joint School District's Compass Academy will be the choice of some of the high school students in the Idaho Falls School District. Students outside of Idaho Falls School District will not have the option of attending the magnet school. Please see Tab 2: The Potential Impact to Other Districts for a greater explanation of how Odyssey Charter School and Idaho Falls Joint School District's Compass

Academy differ. Please see Appendix L for the latest number of potential students broken down by grade level.

Odyssey Charter School also anticipates that there may be some attrition as students advance to the next grade, since this has been the experience of many other schools. However, Odyssey will guarantee a place in its enrollment numbers for all enrolled students to move up into the next grade. The enrollment caps in the higher grades reflect our commitment to the student body, to allow all enrolled students to move up to the next grade.

Enrollment Deadline

Each year Odyssey Charter School will establish an enrollment admissions deadline that will coincide with the Board of Directors March meeting. This will be the date by which all written requests for admission to attend the public charter school for the next school year must be received. The enrollment deadline cannot be changed once the enrollment information is disseminated. Late applications will be accepted at any time for admission for slots remaining open and/or in addition to waiting lists.

Process for Public Notification of Enrollment Opportunities

Idaho Code § 33-5205(3)(s)

Odyssey Charter School will ensure that the public notification process of enrollment ~~possibilities~~opportunities will include the dissemination of enrollment information, taking into consideration the language demographics of the attendance area, at least three months in advance of the enrollment deadline established by Odyssey Charter School each year. The information will be posted in highly visible and prominent locations within the attendance area of the public charter school. In addition, Odyssey Charter School will ensure that such process include the dissemination of press release or public service announcements to media outlets such as television, radio, and newspapers that broadcast within, or disseminate printed publications within, the area of attendance of the public charter school. Odyssey Charter School will ensure that such announcements are broadcast or published by such media outlets on at least three occasions, beginning no later than fourteen days prior to the enrollment deadline each year. Enrollment information shall advise that all prospective students will be given the opportunity to enroll in the public charter school regardless of race, color, national or ethnic origin, religion, gender, social or economic status, or special needs.

Requests for Admission

A parent, guardian, or other person with legal authority to make decisions regarding school attendance on behalf of a child in this state, may make a request in writing for such child to attend Odyssey Charter School. In the case of a family with more than one (1) child seeking to attend, a single written request for admission must be submitted on behalf of all siblings whom the parents desire to enroll in Odyssey Charter School. The written request for admission must be submitted to, and received by, the public charter school at which admission is sought on or before the enrollment deadline established by the public charter school. The written request for admission shall contain the name, grade level, address, and telephone number of each prospective student in a family. If the initial capacity of the school is insufficient to enroll all prospective students, then a lottery, as described below, shall be utilized to determine which prospective students will be admitted to the public charter school. Only those written requests for admission submitted on behalf of prospective students that are received prior to the enrollment deadline shall be permitted in the lottery. Only written requests for admission shall be considered. ~~Written requests for admission received after the established enrollment deadline will be added to the bottom of the waiting list for the appropriate grade.~~

Priority of Preferences for Initial Enrollment

Admission preferences as authorized by Idaho Code § 33-5205(3)(j) for initial Odyssey Charter School enrollment of students shall be as follows:

1. To children of founders and full-time employees, provided that this admission preference shall be limited to not more than ten percent (10%) of the initial capacity of the public charter school. Once the number of founders' applicants reaches the 10% limit, the remaining children of founders will not be included in this category. Once this category is filled, the remaining students will be categorized according to the highest level of preference for which they are otherwise eligible.
2. To siblings of pupils already selected by the lottery
3. To prospective students residing in the primary attendance area
4. To all other students

Priority of Preferences for Subsequent Enrollment Periods

The selection hierarchy for admission preferences as authorized by Idaho Code § 33-5205(3)(j) for enrollment of students in subsequent school years shall be as follows:

1. To pupils returning to the public charter school in the second or any subsequent year of operation
2. To children of founders and full-time employees, provided that this admission preference shall be limited to not more than ten percent (10%) of the school's capacity
3. To siblings of pupils already enrolled in the public charter school.
4. To prospective students residing in the attendance area of the school
5. To all other students

Proposed Attendance List for Lottery

Idaho Code § 33-5205(3)(j)

Each year Odyssey Charter School will create a new attendance list containing the names of all prospective students on whose behalf a written request for admission was received in a timely manner by the public charter school, separated by grade level. Returning students will be automatically included in the attendance list unless the parents or guardians have requested otherwise. The proposed attendance list shall contain columns next to the name of each student, in which the public charter school will designate admission preferences applicable to each prospective student. The columns shall be designated "A" for returning student preference; "B" for founders and full-time employees preference; "C" for sibling preference, with a corresponding cross-reference to each of the siblings of the prospective student; and "D" for primary attendance area preference. Names shall not be carried over from one year to the next.

Lottery Process

Odyssey will hold a lottery on or before April 30 of each year. The lottery will be held in a public forum and a disinterested party will conduct the lottery selection. If the initial capacity of Odyssey Charter School is insufficient to enroll all prospective students, or if capacity is insufficient to enroll all prospective students in subsequent school years, then Odyssey Charter School will determine the students who will be offered admission by conducting a fair and equitable lottery.

This lottery will be conducted as follows: according to IDAPA Rule 08.02.04.203.09.

- ~~1. The name of each prospective student on the proposed attendance list shall be individually affixed to or written on a three by five inch (3" x 5") index card or other similar but equal media. The index cards shall be separated by grade. The selection procedure~~

~~shall be conducted one (1) grade level at a time, with the order for each grade level selected randomly. The index cards containing the names of the prospective students for the grade level being selected shall be placed into a single container.~~

- ~~2. A neutral, third party shall draw the grade level to be completed first and then draw each index card from the container for that grade level, and such person shall write the selection number on each index card as drawn, beginning with the numeral "1" and continuing sequentially thereafter. In addition, after selecting each index card, the name of the person selected will be compared to the proposed attendance list to determine whether any preferences are applicable to such person.~~
- ~~3. If the name of the person selected is a returning student, then the letter "A" shall be written on such index card. If the name of the person selected is the child of a founder or full-time employee, the letter "B" shall be written on such index card. If the name of the person selected is the sibling of another student that has already been selected for admission to the public charter school, then the letter "C" shall be written on such index card. If the name of the person selected resides in the attendance area, then the letter "D" shall be written on the card.~~
- ~~4. With regard to the sibling preference, if the name of the person selected has a sibling in a higher grade who has already been selected, but the person previously selected did not have the letter "C" written on his or her index card (because a sibling had not been selected for admission prior to the selection of the index card of that person), then the letter "C" shall now be written on that person's index card at this time.~~
- ~~5. With regard to the founder's and full-time employee preference, a running tally shall be kept during the course of the selection procedure of the number of index cards, in the aggregate, that have been marked with the letter "B." When the number of index cards marked with the letter "B" equals ten percent (10%) of the proposed capacity of the public charter school for the school year at issue, then no additional index cards shall be marked with the letter "B," even if such person selected would otherwise be eligible for the founders preference.~~
- ~~6. After all index cards have been selected for each grade, the cards shall be sorted for each grade level in accordance with the following procedure: All index cards with the letter "A" shall be sorted first, based on the chronological order of the selection number written on each index card; followed by all index cards with the letter "B," based on the chronological order of the selection number written on each index card; followed by all index cards with the letter "C," based on the chronological order of the selection number written on each index card; followed by all index cards with the letter "D," based on the chronological order of the selection number written on each index card; followed finally~~

~~by all index cards containing no letters, based on the chronological order of the selection number written on each index card.~~

- ~~7. After the index cards have been drawn and sorted for all grade levels, the names shall be transferred by grade level, and in such order as preferences apply, to the final selection list.~~

Waiting List

~~All student names who were not selected in the lottery will be put on a waiting list in the order established by the lottery. All openings during the school year will be filled according to the order of that waiting list. Written requests for admission received after the established enrollment deadline will be added to the bottom of the waiting list for the appropriate grade. If there is an opening in one grade, a sibling, if any, from a late submitted application will go to the bottom of the sibling list. Waiting lists for a given school year shall not roll over to a subsequent school year.~~

Final Selection List

The names of the persons in highest order on the final selection list shall have the highest priority for admission to Odyssey Charter School in that grade, and shall be offered admission to Odyssey in such grade until all seats for that grade are filled.

All student names who were not selected in the lottery will be listed after the selected students in the order established by the lottery. All openings during the school year will be filled according to the order of this list. Written requests for admission received after the established enrollment deadline will be added to the bottom of the waiting list for the appropriate grade. If there is an opening in one grade, a sibling, if any, from a late submitted application will go to the bottom of the sibling list. Waiting lists for a given school year shall not roll over to a subsequent school year.

Notification and Acceptance

With respect to students selected for admission to the public charter school, within seven (7) days after conducting the selection process, Odyssey Charter School shall send an offer letter to the parent, guardian, or other person who submitted a written request for admission on behalf of a student, advising such person that the student has been selected for admission to the public charter school. The offer letter must be signed by such student's parent or guardian and returned to Odyssey by the date designated in such offer letter by the public charter school.

With respect to a prospective student not eligible for admission to Odyssey Charter School, within seven (7) days after conducting the selection process, the public charter school shall send a letter to the parent, guardian, or other person who submitted a request for admission on behalf of such student, advising such person that the prospective student is not eligible for admission, but will be placed on a waiting list and may be eligible for admission at a later date if a seat becomes available.

If a parent, guardian, or other person receives an offer letter on behalf of a student and declines admission, or fails to sign and return such offer in a timely manner by the date designated in such offer letter by the public charter school, then the name of such student will be stricken from the final selection list, and the seat that opens in that grade will be made available to the next eligible student on the final selection list. If a student withdraws from Odyssey Charter School during the school year for any reason, then the seat that opens in that grade will be made available to the next eligible student on the final selection list.

Subsequent School Years

The final selection list for a given school year shall not roll over to the next subsequent school year. If the capacity of the public charter school is insufficient to enroll all prospective students during the next subsequent school year, then a new equitable selection process shall be conducted by the public charter school for such school year.

Public School Attendance Alternative

Idaho Code § 33-5205(3) (n)

Because Odyssey Charter School is a new entity and not a conversion of an existing school, the attendance alternative is the same as for those presently residing within Jefferson Joint School District 251, Shelley Joint School District 60, and Bonneville County. Students located within the attendance area of Odyssey Charter School would have the option to enroll in an existing charter or non-charter public school serving the area. Enrollment is not mandated based upon residential proximity to Odyssey Charter School, but through parental choice and equitable selection.

Denial of School Attendance and Disciplinary Procedures Including Suspension, Expulsion, and Re-enrollment

Idaho Code §§ 33-5205(3)(i) and 33-205 33-206

In **A**ccordance with Idaho Code § 33-205, the Odyssey Charter School Board of Directors may deny enrollment or may expel or deny attendance to any pupil who is a habitual truant, or who is incorrigible, or whose conduct, in the judgment of the board, is such as to be continuously disruptive of school discipline or the instructional effectiveness of the school, or whose presence in a public school is detrimental to the health and safety of other pupils, or who has been expelled from another school district in this state or any other state. Any pupil having been denied enrollment or expelled may be enrolled or readmitted to the school by the Board of Directors upon such reasonable conditions as may be prescribed by the board, but such enrollment or readmission shall not prevent the board from again expelling such pupil for cause.

The board shall expel from school for a period of not less than one (1) year (twelve calendar months) or may deny enrollment to, a student who has been found to have carried a weapon or firearm on school property in Idaho or any other state, except that the board may modify the expulsion or denial of enrollment order on a case-by-case basis. An authorized representative of the board shall report such student and incident to the appropriate law enforcement agency.

Discipline of students with disabilities shall be accordance with the requirement of federal law part B of the Individuals with Disabilities Education Act and section 504 of the Rehabilitation Act. Discipline of students with disabilities will consider whether the disability contributed to the student violation of school rules.

Disciplinary problems by special education students will be assessed by the multidisciplinary team. Teachers and administrators will follow the Idaho Special Education Manual (as currently defined in Chapter 7, Section 13, and titled "Student Discipline") to address these issues. Odyssey Charter School will follow IDEA for students with an IEP that may include Behavior Intervention Plans (BIPs) and whose behavior impacts their own learning or the learning of others. The team will determine if the student's disability may have contributed to the disciplinary issue and if the issue was addressed by the BIP or not, and will adjust the disciplinary action accordingly. When manifestation determinations occur, Odyssey Charter School will proactively use Positive Behavioral Interventions and Supports (PBIS).

No pupil shall be expelled nor denied enrollment without the board of Board of Directors having first given written notice to the parent or guardian of the pupil, which notice shall state the grounds for the proposed expulsion or denial of enrollment and the time and place where such parent or guardian may appear to contest the action of the board to deny school enrollment. The notice shall also state the rights of the pupil to be represented by counsel, to produce witnesses and submit evidence on his own behalf, and to cross-examine any adult

witnesses who may appear against him. Within a reasonable period of time following such notification, the ~~B~~board of ~~D~~irectors shall grant the pupil and his parents or guardian a full and fair hearing on the proposed expulsion or denial of enrollment. However, the board shall allow a reasonable period of time between such notification and the holding of such hearing to allow the pupil and his parents or guardian to prepare their response to the charge. Any pupil who is within the age of compulsory attendance, who is expelled or denied enrollment as herein provided, shall come under the purview of the Juvenile Corrections Act, and an authorized representative of the board shall, within five (5) days, give written notice of the pupil's expulsion to the prosecuting attorney of the county of the pupil's residence.

The ~~P~~principal of any school may temporarily suspend any pupil for disciplinary reasons or for other conduct disruptive of good order or of the instructional effectiveness of school. A temporary suspension by the ~~P~~principal shall not exceed five (5) school days in length; and the principle may extend the temporary suspension an additional ten (10) school days. Provided, that on a finding by the ~~B~~board of ~~D~~irectors that immediate return to school attendance by the temporarily suspended student would be detrimental to other pupils' health, welfare, or safety, the board may extend the temporary suspension for an additional five (5) school days. Prior to suspending any student, the ~~P~~principal shall grant an informal hearing on the reasons for the suspension and the opportunity to challenge those reasons. Any pupil who has been suspended may be readmitted to the school by the ~~P~~principal who suspended him upon such reasonable conditions as said ~~P~~principal may prescribe. The ~~B~~board of ~~D~~irectors shall be notified of any temporary suspensions, the reasons therefore, and the response, if any, thereto.

The ~~B~~board of ~~D~~irectors shall establish the procedure to be followed by the Odyssey Charter School administration for the purpose of affecting a temporary suspension. This procedure must conform to the minimal requirement of due process.

~~Student Health and Safety~~

~~Idaho Code 33-5205(3)(h)~~

~~Odyssey Charter School will comply with the following health and safety procedures:~~

- ~~• Conduct criminal history checks for all employees, volunteers, and board members who work with students in compliance with Idaho Code 33-130. This requirement is a condition of employment.~~
- ~~• Require that all students show proofs of immunization before being enrolled at the Odyssey Charter School, or have an exemption signed by a parent or legal guardian.~~

- ~~Require that all visitors sign in at the office and wear a visitor's pass when visiting the school building or campus.~~
- ~~Provide for inspection of the facility in compliance with Section 39-4130 of Idaho Code, and adopt policies to meet all required city, state, and federal health, accessibility, safety, fire, and building codes for public schools. Fire and safety officials will inspect the facility using the same guidelines used for all public schools.~~
- ~~Adopt and implement a comprehensive set of health, safety, and risk management policies. These policies will be developed in consultation with the Odyssey Charter School's insurance carriers and at a minimum address the above and the following items:~~
 - ✦ ~~Policies and procedures to respond to natural disasters and emergencies, including fires and bomb threats.~~
 - ✦ ~~Policies relating to preventing contact with blood-borne pathogens.~~
 - ✦ ~~Policies relating to the administration of prescription drugs and other medicine.~~
 - ✦ ~~A policy that the school will be housed in a facility that has received fire marshal approval and has been evaluated by a qualified structural engineer who has determined the facilities present no substantial safety hazard.~~

Classroom Management

Odyssey Charter School will use Fred Jones's Tools for Teaching as Odyssey's general disciplinary philosophy for dealing with less serious, daily classroom management issues.

Tools for Teaching combines discipline, instruction, and motivation **that** allows teachers to reduce the stress of teaching and prevents most management headaches. It helps reduce student disruptions, backtalk, helpless handraising and dawdling while helping teachers increase responsible behavior, motivation and independent learning. It accomplishes this through several areas:

- Building a Classroom Management System
- Exploiting Proximity
- Creating Independent Learners
- Raising Expectations
- Building Classroom Structure

- Learning to Mean Business
- Producing Responsible Behavior
- Positive Classroom Management

This section requires additional expansion, as the information provided doesn't provide a clear summary of your classroom management philosophy and methods for the benefit of prospective enrollees who wish to understand Odyssey's classroom management style. The above list, which reads like Fred Jones' table of contents, won't provide much of a picture to parents or teachers who are unfamiliar with Jones. Again, a paragraph or two is likely to be sufficient.

Bullying/Harassment

The proposed Odyssey Charter School Student Handbook describes bullying/harrassment as:

Bullying/harassment shall be defined as any physical, verbal, cyber, or socially aggressive behavior calculated to intimidate, harm, injure, coerce, ridicule, or threaten. Any staff member observing or suspecting bullying behavior shall intervene. ~~The consequences of this are explained in the proposed student handbook under Minor Offenses: Class I.~~

The consequences for violation of this policy will be determined by the Board of Directors and set forth in the Student Handbook.

Fights, Weapons, Drugs, and Alcohol

~~The prohibition of fights~~Fights and weapons are prohibited on campus, ~~as well as the consequences, is also explained in the proposed student handbook under Major Offenses: Class III.~~ The consequences for violation of this policy will be determined by the Board of Directors and set forth in the Student Handbook.

Suspicion of Being Under the Influence

If a student discloses or is reasonably suspected of being under the influence of alcohol or controlled substances, Odyssey Charter School will comply with the procedures required by Idaho Code § 33-210. It is the policy of Odyssey Charter School that any staff member who has reasonable suspicion that a student may be under the influence of, or has in his or her possession, a controlled or dangerous substance as defined by law shall immediately notify the appropriate administrator or designee of such suspicions. The Principal or designee shall

immediately investigate the allegation and, if confirmed, notify the parent or legal guardian of said student's possession of a controlled or counterfeit substance or suspected abuse thereof.

This policy includes provisions for anonymity in that when a student voluntarily discloses use or being under the influence, information will be shared only on a "need to know" basis as provided in Idaho Code §33-210.

Notification of Law Enforcement

When a student is suspected of being in violation of federal, state, or local law for possession, use, or distribution of any illegal drug or controlled substance, the local law enforcement agency should be notified immediately. The Principal or a designee should communicate all available information to the police and offer the full cooperation of the administration and faculty to a police investigation. Immediate notification will also be given to the parent or guardian.

Any search, seizure, or subsequent disciplinary action shall be subject to applicable school policies, regulations, state laws, or student handbook rules.

Students will not be questioned by law enforcement without prior parent notification.

Suicide Prevention Plan

IDAPA, Rule 08.02.03.160

Odyssey Charter School will develop a suicide prevention plan in accordance with IDAPA Rule 08.02.03.160 that will include collaboration among school personnel and collaboration with expert clinicians in the community.

Internet Use

Idaho Code § 33-131(1)

An account on the Odyssey Charter School computer network, and subsequently access to the Internet, will be provided for all students once a Computer Use Agreement is signed and returned to the school. Students who are minors will need their parent's or guardian's signatures as well.

Computers and computer networks, including internet access, provide valuable tools that support the education of students in Odyssey Charter School. Network users are expected to use all network resources for purposes appropriate to the education environment at all times. Users must refrain from any use that is not consistent with the policies, purposes, or objectives of Odyssey Charter School.

Computer Use Agreement

Use of the Internet is required in order to access the Odyssey Charter School's network. The Odyssey Charter School's network is a secured system, and every effort is made to ensure the quality and safety of its content. Please refer to Use of Internet section of the student handbook in Appendix K

Student Handbook and Procedure Ensuring Parental Access

In order to ensure that both parents and students understand the expectations for students at Odyssey Charter School, parents will receive a student/parent handbook at registration. Additionally, all students will be given a copy of the handbook during the first few days of class. During registration, parents will sign a validation form indicating that they have received and agree to read and adhere to the handbook.

Tab 8: Business Plan

Business Description

Odyssey Charter School, Inc., will be organized exclusively for educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code. Notwithstanding any other provision of the school's Articles, the corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code of 1986 (or corresponding provision of any future United States Internal Revenue Law), or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Internal Revenue Code of 1986 (or the corresponding provision of any future United States Internal Revenue Law).

Marketing Plan

Odyssey Charter School will use the following marketing plan to attract students for the opening year and for every year after that.

Category	Strategy
Mission Statement	Please see Tab 1.
Situational Analysis	Please see Potential Impact on the School Districts section in Tab 2 2 where the unique qualities of Odyssey are listed.
Marketing Methods	The following <u>methods</u> will be used for the first and each subsequent year. Odyssey Charter School will contact the students and parents to encourage the-parents to re-enroll their children and also to invite them to encourage their friends to enroll. Odyssey Charter School will recruit students using the following methods: • Community calendars on television and radio • Yard signs around the attendance area • Flyers sent to parents of <u>private and</u> charter school students attending schools that only enroll up to 6th grade <u>if the charter schools are willing</u> • Flyers attached to products sold by local merchants. • Information tables at local gatherings such as the farmers markets and other <u>civil events</u> • School website as well as blogs, Facebook, and Twitter pages • Speaking at community organizations like the Chamber of Commerce

	• Ongoing articles in the <i>Post Register</i>, <i>The Shelley Pioneer</i>, and <i>The Jefferson Star</i> • Holding public meetings within the attendance area once a month • News releases and articles • Stickers for back windows of cars In each of these marketing <u>methods</u>, advertising will include strategies to reach at-risk and non-English speaking students. This process will include all current requirements as stated in Idaho Code § 33-5205.
Marketing Methods in Spanish	Some of the methods Odyssey will use to attract non-English speaking students are listed below: • Ongoing articles in <i>Idaho Unido</i> (Eastern Idaho's Spanish language newspaper) • Public service announcements on Spanish speaking radio programs • Spanish language enrollment information posted on Odyssey's website • Posting advertising materials in English and Spanish in prominent locations (e.g., the library, the community notice board, at City Hall, stores, churches, and restaurants catering to Hispanics, etc.) • Providing materials in Spanish at the public meetings and at the tables at <u>local civic events</u>
Marketing Budget	Since Odyssey Charter School will not have any state funding available until the end of July 2013, the marketing budget will rely on as many free forms of public relations opportunities as possible with some funds coming from donations from the Board of Directors and other people interested in helping Odyssey Charter School get started. Also, some funding from the Albertson's Foundation grant will be used if it is available to Odyssey to help pay the costs of advertising. Volunteers will provide the manpower to accomplish the various public relations and advertising activities and will work under the direction of the Board of Directors. Please see Appendices H and I for the marketing budget for each beginning year.
Performance Analysis	Odyssey Charter School's <u>Board of Directors</u> will monitor the progress of amassing information on potential students and will direct volunteers in this process. The <u>Principal</u> will administer the day-to-day implementation of marketing Odyssey once the <u>Principal</u> has been hired and started work. • July 2012: accumulate information on at least 100 potential students • September 2012: accumulate information on at least <u>200</u> potential students • January 2013: accumulate information on at least <u>250</u> potential students • March 2013: accumulate application forms for at least <u>300</u> potential students • September 2013: Start school with at least 140 students.
Implementation	The items listed in the Marketing Strategy above will be implemented upon the

Schedule	approval of the charter petition by the Public Charter School Commission. The marketing strategy will be a continuous process until the opening of Odyssey Charter School. Marketing will continue after the school opens and will be adjusted in intensity depending on whether the school has met its enrollment caps for the various grades and the capacity of Odyssey Charter School's facilities. <u>Odyssey has scheduled the following public meetings to provide more information and recruit potential student families.</u> <u>Aug. 18th Idaho Falls</u> Pier View Farmer's Market 8:00 a.m. – 3:00 p.m. <u>Aug 25th Idaho Falls</u> Pier View Farmer's Market 8:00 a.m. – 3:00 p.m. <u>Sept 1st Idaho Falls</u> Pier View Farmer's Market 8:00 a.m. – 3:00 p.m. <u>Sept 1-9th Idaho Falls</u> Distribution of fliers at the Southeastern Idaho Fair <u>Nov Idaho Falls</u> Booth at the Boutique Fair at Bonneville H.S <u>Additional marketing events will be scheduled throughout the coming year. The board of directors will administer the marketing of Odyssey. The principal will administer the day-to-day implementation of marketing Odyssey once the principal has been hired and started work.</u>
Additional Considerations	Despite Odyssey's very limited advertising since we do not have a guaranteed opening date, Odyssey <u>has</u> attracted <u>over 200</u> possible students (please refer to Appendix L for the list of potential students). <u>Odyssey Charter School is confident that we can attract the necessary students to meet our enrollment goals.</u> Many parents are looking for an alternative to the traditional schools in the area that provides a smaller, more personal environment for their children. Odyssey Charter School will continue to gather names and other information about possible students. Upon approval by the Public Charter School Commission, Odyssey's Board will start actively seeking students using the methods explained above and will gather contact information of interested parents and their children as well as others in the community who show interest in Odyssey. Odyssey will open <u>the application process</u> in January 2013 and will cut off <u>the application process</u> for the lottery on March 31st of 2013. The Principal will use the same techniques outlined above to attract students in subsequent years. Also, the school will seek out public relation opportunities about the activities and accomplishments of the school.

Resumes of Directors

See Appendix G.

Financial Plan

While the Principal of Odyssey Charter School will be responsible for financial management, the Board has ultimate responsibility for the school's financial status. All accounting records will be kept in accordance with generally accepted accounting principles.

The budget for Odyssey Charter School will be prepared in compliance with Idaho Code § section 33-801, Idaho Statutes and the policy of the State Board of Education. The budget will be presented at a public hearing in June of the year the school will open, and it will be delivered to the State Department of Education as required on or before July 15 prior to the start of the school year. Copies of the budget will be provided to the Idaho State Charter Commission. The budget will be prepared, approved, and filed using the Idaho Financial Accounting Reporting Management System (IFARMS) format.

Revenues

Estimates of funding sources will include state allocation as based on:

- The Support Unit Calculation ~~Template~~ for Charter Schools
- Salary Based Apportionment ~~Template~~ for Charter Schools
- State allocations for pupil transportation
- State allocations for technology
- State lottery

As soon as possible, Odyssey Charter School will notify the Idaho Department of Education's School Achievement and School Improvement, in writing, of its intention to apply for federal Title I funds. The school will develop and implement an approved Consolidated Plan that details the programs. This plan will include, but not be limited to, a Parent Involvement Policy, Parent Compacts, participation in the state assessment and accountability system, highly qualified staff, and a scientific research-based program of support for academically at-risk students. Federal funds for Title I, Title IV-B, and the child nutrition program will be calculated through the prescribed formulae.

Odyssey Charter School will seek out a variety of grantors to create additional lines of revenue. The Parent Action Committee will organize various fundraising activity for the school. Odyssey will also seek technology and arts grants.

Revenues and Expenditures Process

Odyssey will follow the process below for revenues:

1. Revenues will be received by the business manager who will record the transaction in the proper account and will provide a receipt for the revenue.
2. The Pprincipal and Odyssey's Bboard of Directors will also review the record of and will approve the transactions.
3. The annual financial audit will also be one of the financial safeguards.

Purchasing procedure will be in compliance with State Law, Idaho Code 33-601. The board will develop and implement policies and procedures at before February 1 of the opening year. Purchases of goods or services by Odyssey Charter School will follow state guidelines provided by the Idaho Department of Administration, Division of Purchasing. Odyssey will adhere to the policies as explained in Idaho Department of Administration's Purchasing Guides or other state purchasing guidelines that the department may publish in the future to supplant these guidelines. The purchasing procedure will be as follows:

1. A request for purchase will be filled out and given to the business manager.
2. The business manager will determine if the purchase fits the specifications of the funds the request will be paid from and if there is sufficient funds for the purchase.
3. If the purchase is approved by the Pprincipal, a purchase order will be sent to the vendor for the purchase. The Bboard will decide on a dollar amount that the Pprincipal can **approved** without Bboard approval.
4. After the item has been received and inventoried, the business manager will prepare the check. All checks will be signed by two Bboard members.
5. The business manager will prepare monthly financial reports for the Bboard that will include the dispersal of funds for the purchases.
6. The yearly financial audit will also review the purchase as an additional safeguard.

Payroll Processing

Odyssey Charter School will process its own payroll. Odyssey will pay into the Public Retirement System Insurance (PERSI), social security, unemployment insurance, taxes, and workman's compensation.

Reports and Audits

Odyssey Charter School will conduct an independent financial audit annually. A yearly independent audit will be performed as required by Idaho statute regarding audit reporting.

Odyssey Charter School Principal will provide a monthly cash-flow report and balance sheet to the Board of Directors that details revenues and expenditures for the previous month.

The budget will be in the Idaho Financial Accounting Reporting Management System (IFARMS) format.

Start-up Budget

A copy of the estimated start-up budget is contained in Appendix H.

Three Year Estimated Budget

A copy of the three year estimated budget is contained in Appendix I.

First Year Month-by-Month Cash Flow

A copy of the estimated first year month-by-month cash flow is contained in Appendix J.

Transportation Services

Idaho Code § 33-5205(3)(t) and 33-5208(4)

Odyssey Charter School will provide busing for its students who live within the primary attendance area and reside between 1.5 to 15 miles from the school or whatever the state laws and regulations may require in the future. Odyssey Charter School will contract out its busing for the first year and for the foreseeable future though Odyssey may choose to purchase buses and provide its own busing at some point.

Busing will be provided in accordance with Idaho Department of Education, Division of Student Transportation regulations and Idaho Code § 33-1510. School transportation provided by charter schools functioning as LEAs is a reimbursable expense funded by the state and dispersed by the State Department of Education in accordance with ~~Section~~ Idaho Code § 33-1006, Idaho Code. Transportation reimbursement payments are based on a 60% advance payment with a final reimbursement of a blended 50/80% and a block grant. Please see Appendix H for assumptions of transportation expenses, and Appendix P for other transportation related materials..

Free and Reduced Lunch

Odyssey Charter School will participate in the National Child Nutrition Program pursuant to Idaho Code § 33-1015. Meal preparation will be guided by the U.S. Dietary Guidelines for Americans. Free and reduced price lunches will be available to qualifying students based on the USDA's current Income Eligibility Guidelines. The income of the students' families will be determined based on enrollment materials that will ask about the income level of the families of the students. The Odyssey Charter School board will approve policies for determining eligibility of students for free and reduced prices for meals, verification reporting, and record keeping before the implementation of such program. Odyssey Charter School uses verification, reporting, and record-keeping procedures as outlined in the National School Lunch Program through the State Department of Education. Facility construction will eventually include appropriate food preparation equipment so as to allow Odyssey Charter School to provide its own food service. However, the school may contract for food service during the first years of operation and at any time in the future. Please refer to Appendix P for a memoranda of intent for Odyssey's potential food service providers.

Tab 9: Virtual Schools

Odyssey Charter School is not a virtual school.

Tab 10: Business Arrangements, Pre-Opening Timeline, and Termination

Business Arrangements and Partnerships

Odyssey Charter School will actively and consistently seek to establish partnerships with businesses providing possible services and materials for education, legal, accounting, food, transportation, special education, and other services. At the current time, no such contracts exist. All business arrangements will be conducted according to the laws and policies of the state.

Odyssey will seek to perform volunteer community service to organizations as a way to provide students with real-world results to some of their educational projects. Projects may include improving parks, preparing histories of the area, or providing assistance to various shelters. All community work will be under the direct supervision of an Odyssey teacher.

All ~~subcontractors, mentors, volunteers, or other adults who work with students independently will undergo state of Idaho criminal background checks and FBI fingerprinting checks and~~ will sign a memorandum of understanding outlining the expectations and responsibilities of both the school and the individual or business. This will also apply to individuals or organizations involved in career explorations or community service activities of the school. Subcontractors will pay for and provide to Odyssey a copy of their employees' criminal background checks. Any adult who has direct contact with students must undergo a background check. Who will pay for background checks for volunteers?

Odyssey Charter School will not contract out the following services:

- Curriculum
- Accounting
- Most special education
- Legal

Odyssey will contract out the following services listed below. Odyssey may provide these services in house at a future date.

- Transportation
- Meals
- Financial and programmatic auditing
- Specific psychological, speech, occupational, and other therapies
- Legal

Please refer to Appendix P for memoranda of intent from Odyssey's various prospective subcontractors.

Development of School Policy Manual

Odyssey Charter School fully recognizes and understands the need to develop and implement a comprehensive policy manual that details procedures and processes for all aspects of school operations. The Board of Directors will develop a working draft of Odyssey's policy manual and have it approved by the beginning of August of the opening year. Each administrator, as well as staff, students, and other residents, shall have ready access to the manual. All policy manuals distributed to anyone shall remain the property of the school and shall be subject to recall or revision at any time.

Pre-Opening Time Line

In order to prepare for the opening of Odyssey Charter School in the fall of 2012, the Directors will accomplish the following goals:

Category	Goal
Board Governance	The Directors will receive thorough training in order to prepare them to lead Odyssey in a fiscally responsible and educationally effective manner.
Enrollment	Odyssey Charter School will build an enrollment of at least 140 students by the opening day of school.
Facilities	Odyssey Charter School will obtain a facility and equipment to adequately meet the financial and educational needs of the school.
Fiscal Management	Odyssey Charter School will practice sound, transparent, and responsible financial practices.
Human Resources	By April 30, 2013, Odyssey Charter School will secure qualified administrative, instructional and support staff to meet the requirements outlined in the charter.
Marketing and Public Relations	In order to attract students to the school, Odyssey Charter School will educate the community on the advantages and roles of its program.
Programmatic Development	Odyssey Charter School will execute the programmatic goals of its charter in order to meet the needs of the students, to accomplish the instructional goals outlined in the school's charter, and to be in compliance with all state and federal requirements.

The following timelines list the deadlines and corresponding actions that will be completed in order to accomplish the goals above.

2012 – Upon Approval of Charter	
Category	Action
Board Governance	• Join the ISBA. • Transform the Founders Committee into the Board of Directors. • Arrange for board training in key areas like open meetings law, parliamentary procedure, effective meeting strategies, role of a board member, governing vs. managing, policy development, fiscal controls, Idaho Open Meeting Law, etc. • Schedule board meetings. Training will be completed through the ISBA and possibly the Charter School Network. • Arrange for accreditation. • Secure SDE passwords and ensure SDE communication.
Enrollment	• Continue to collect names of potential students and notify them of the application process. • Document efforts to inform public of enrollment opportunities, especially for LEP students.
Facilities	• Work to solidify facilities contract. • Communicate with the city to ensure that the facility will be acceptable to the planning and zoning committee, and seek a conditional use permit for the property.
Fiscal Management	• Contact the IRS regarding the approval of the school's charter. • Set up a business bank account. • Set up 2M data system. • Continue seeking grants and other donations in the areas of technical education, math, science, start-up help, advertising, and other areas suggested by the Board of Directors.
Human Resources	• Continue collecting names of potential faculty and staff, and notify potential applicants of interview and hiring dates.
Marketing and Public Relations	• Start monthly information meetings. • Continue advertising for potential students, faculty, and staff. • Continue collecting data on potential students, faculty, and staff. • Continue marketing through public relations outlets such as community calendars, posters, yard signs, local talk radio programs, etc. • Sign up a booth for the Idaho Falls Roaring Youth Jam.
Programmatic	• Continue revision of the draft Student Handbook found in

2012 – Upon Approval of Charter	
Category	Action
Development	- Appendix K. - Using ISBA materials, continue creating a School Policy Manual that will incorporate a specific complaint process and a crisis/emergency policy. The crisis/ emergency policy will include prevention and procedures on the methods of responding to a crisis/emergency.

January 1, 2013	
Category	Action
Board Governance	Create a calendar of all state and authorizer deadlines.
Enrollment	Open enrollment for students, distribute applications, and begin collecting them.
Facilities	- Complete facility design with an architect in order to meet all design requirements for the facility. - Finalize the facility location and sign contracts with the land owner or the management company of the facility or modular classroom company. - Get the conditional use permit for the facility. - Finalize plan to bring city utilities to the site if needed. - Advertise bidding process for all contracts requiring bids. - Make sure that all relevant building permits are secured.
Fiscal Management	Ensure that bids and expenses to open the school remain within budget.
Human Resources	- Finalize salary schedule and benefits package. - Advertise job openings.
Marketing and Public Relations	Continue monthly open houses and continue advertising the dates of these open houses in community calendars, newspapers, radio, Internet, etc.

Category	Action
	their parents. • Collect all existing IEPs. • Revisit budgets and assumptions, and revise as needed. • Hold annual public budget hearing . • Develop a fund development strategy. • Ensure that all personnel files are up-to-date and contain only appropriate information. • Provide two days for student registration, which will include signing up students, gathering Internet usage agreements, handing out schedules and student handbooks, and meeting teachers. • Provide orientation and professional development activities for faculty and staff in order to educate the faculty in project based. learning, enable them to prepare their first interdisciplinary project aligned to state standards, familiarize them with the student information system, set them up with the school's email system, give room assignments, familiarize them with the student disciplinary procedures, and familiarize them with the school's professional standards and expectations, etc.
Marketing and Public Relations	• Send out press releases about the opening of the school. Post the press release on the website. Announce on the website if there are any openings for students and the available grades.
Programmatic Development	• Inventory and distribute all textbooks, materials, and supplies to teachers.

Termination

Idaho Codes 5205(3)(u) and 5206(8)

In case of termination, the ~~chair~~President of board of ~~B~~board of ~~D~~directors will be responsible for the dissolution of Odyssey Charter School and will cooperate with the Public Charter School Commission. The board will follow all state and federal laws regarding the dissolution of a non-profit corporation and arrange for the liquidation of assets, dispersing of funds to the creditors. When the board determines that the school will be terminated, the board will appoint a designee or designees to execute the termination. The designee may or may not be a member of the board. The designee will work under the direction of the ~~chair~~President and will coordinate the dissolution of the school.

Within the month after the determination to dissolve the school, the designee will contact the parents of past and present students of how to obtain school records and/or to which school the records should be sent. The designee will send written notification to parents of students at their last known address and will email the parents at their last known email. The notification will explain how to request a transfer of student records to a specific school, where to obtain records before dissolution, and where the records will be stored after dissolution. The designee will send the records to the school that parents have requested.

~~Within one month~~ two months after of the end of the school year ~~the determination to dissolve the school,~~ the designee will send the remaining student records to parents for whom the school has mailing addresses. Any student records that are still left will be sent to the school district of the student's last known address if the school district is willing.

~~and the~~ Any remaining student records will be stored in a secure location for the legal limit required by an individual or organization to be determined by the board. The Odyssey will maintain a Facebook page or similar page stating where remaining student records can be located.

The designee will send personnel records to all former employees of the school within one month after the final school year.

The ~~chair~~ President of the board, will arrange for the sale of assets and will use the proceeds to pay creditors.

~~Within the month after the end of the school year, a~~ Any items bought with federal funds will be delivered to the Public Charter School Commission and will not be used to pay creditors. The remaining assets will be distributed to creditors pursuant to Idaho Code §§ 30-3-114 and 30-3-115 of the Idaho Code. All remaining assets will be turned over to the Public Charter School Commission.

Appendix A

Articles of Incorporation

The Articles of Incorporation and amendments are on the following pages.

September 20, 2012

**AMENDED ARTICLES OF INCORPORATION
OF
ODYSSEY CHARTER SCHOOL, INC.**

The undersigned, acting as the incorporator of a nonprofit corporation ("Corporation") organized under and pursuant to the Idaho Nonprofit Corporation Act, Chapter 3, Title 30, Idaho Code ("Act"), adopts the following Articles of Incorporation ("Articles").

Article I - Name.

The name of the Corporation is Odyssey Charter School, Inc.

Article II - Nonprofit Status.

The Corporation is a nonprofit corporation. The Corporation shall have no capital stock and no shares of stock in the Corporation shall be issued.

Article III - Period of Duration.

The period of duration of the Corporation is perpetual.

Article IV - Registered Agent.

The name of the Corporation's registered agent is Karl Peterson, 3890 Taylorview Lane, Ammon, ID 83406.

Article V - Purposes.

The purposes for which the Corporation is organized and will be operated are as follows:

A. To operate a nonprofit charter school and related services of the kind customarily furnished most effectively by schools;

B. To fulfill educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended from time to time, including, for such purposes, the making of distributions to organizations that qualify as exempt under such Section 501(c)(3).

C. To exercise all powers granted by law necessary and proper to carry out the foregoing purposes, including, but not limited to, the power to acquire or accept donations of money, property, whether real or personal, or any other things of value. Nothing herein contained shall be deemed to authorize or permit the Corporation to carry on any business for profit, to exercise any power, or to do any act that a corporation formed under the Act, or any amendment thereto or substitute therefor, may not at that time lawfully carry on or do.

Article VI - Limitations.

No part of the net earnings or the assets of the Corporation shall inure to the benefit of, or be distributable to, its members, directors, officers, or other private persons except that the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Article V hereof. No substantial part of the activities of the Corporation shall be for the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office. Notwithstanding any other provisions of these Articles, the Corporation shall not carry on any other activities not permitted to be carried on by a corporation exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended from time to time.

Article VII - No Shareholders.

The Corporation shall have no shareholders. Any action which would otherwise by law require approval by a majority of all shareholders or approval by the shareholders shall require only approval of the Board. All rights, which would otherwise by law vest in the shareholders, shall vest in the Board.

Article VIII - Board of Directors.

The affairs of the Corporation shall be managed by its Board of Directors. The number of Directors serving on the Board of Directors shall be fixed in accordance with the Corporation's Bylaws. Other than the Directors constituting the initial Board of Directors, who are designated in these Articles, the Directors shall be elected in the manner and for the term provided in the Bylaws of the Corporation.

The names and street addresses of the persons constituting the initial Board of Directors are:

NAME

ADDRESS

Karl Peterson

3890 Taylorview Lane
Ammon, ID 83406

September 20, 2012

Chris Peterson	3890 Taylorview Lane Ammon, ID 83406
Monica Couch	1450 Fox Court Idaho Falls, ID 83404
Kimberly Evans Ross	1120 East 1275 North Shelley, ID 83274
Lisa S. Nolan	1000 Wheatstone Drive Idaho Falls, ID 83404

Article IX - Distribution on Dissolution.

Upon dissolution of the Corporation, the Board of Directors shall, after paying or making provision for the payment of all liabilities of the Corporation, distribute all the assets of the Corporation consistent with the purposes of the Corporation to the Idaho Public Charter School Commission.

Article X - Indemnification

The Corporation shall indemnify its directors and officers, employees and agents from and against all liability and expenses in the manner provided in the Bylaws.

Article XI - Incorporator.

The name and street address of the incorporator is Karl Peterson, 3890 Taylorview Lane, Ammon, ID 83406.

Article XII - Bylaws.

Provisions for the regulation of the internal affairs of the Corporation shall be set forth in the Bylaws.

DATED this 29th day of February, 2012

Karl Peterson, Incorporator

Appendix B

Signed Bylaws

The signed Bylaws of Odyssey Charter School, Inc. are on the following pages.

BYLAWS
OF
ODYSSEY CHARTER SCHOOL, INC.
An Idaho Nonprofit Corporation

1. OFFICES.

1.1 Principal Office. The principal office of Odyssey Charter School, Inc., an Idaho corporation ("Corporation"), shall be fixed and located in the County of Bonneville, State of Idaho, as the Board of Directors ("Board") shall determine. .

1.2 Registered Office. The Corporation shall maintain a registered office as required by the Idaho Nonprofit Corporation Act, Chapter 3, Title 30, Idaho ("Act"). The location of the registered office of the Corporation is 2184 Channing Way, PMB #127, Idaho Falls, Idaho 83404.

1.3 Change of Offices. The Board is granted full power and authority to change the locations of the principal and registered offices by amendment of these Bylaws and appropriate filing with the Idaho Secretary of State as required by law.

2. PURPOSE. The Corporation is organized exclusively for educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, or the corresponding provisions of any future Federal income tax code. Notwithstanding any other provision of these Bylaws to the contrary, the Corporation shall not carry on any activities not permitted of:

- a) a corporation exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code of 1986 or the corresponding provisions of any future Federal income tax code, or
- b) a corporation, contributions to which are deductible under Section 170(c)(2) of the Internal Revenue Code of 1986, or the corresponding provisions of any future Federal income tax code.

3. NO SHAREHOLDERS/PARENT MEMBERS.

3.1 No Shareholders. The Corporation shall have no shareholders. Any action which would otherwise by law require approval by a majority of all shareholders or approval by the shareholders shall require only approval of the Board. All rights, which would otherwise by law vest in the shareholders shall vest in the Board.

3.2 Parent Members. Nothing in Article 3 shall prohibit the Corporation from recognizing a "Qualifying Parent" as a "Member" of the Corporation. Members of the Corporation may originate and take part in the discussion of any subject that may properly come

before any meeting of the Board, but may not vote. The Corporation's right to recognize and refer to its Members shall not render anyone a shareholder within the meaning of Idaho Code §30-334 of the Act

3.3 For purposes of these Bylaws, a "Qualifying Parent" is defined as a parent having a child or children enrolled in any charter school operated by the Corporation (collectively, the "Charter School"). As used herein, the term "parent" includes a person standing in parental relation to a child enrolled in the Charter School, including a birth or adoptive parent, a foster parent, a legal guardian, or an adult family member: (a) who is caring for an enrolled child; (b) with whom the child lives; and (c) who is legally responsible for the child. The term does not include a person whose parent-child relationship has been lawfully terminated or a person not entitled to possession of or access to a child under a court order.

4. BOARD OF DIRECTORS.

4.1 General Powers and Standard of Care.

4.1.1 General Powers. The Board, as a board, shall have the full power and duty to manage and oversee the operation of the Corporation's business and to pledge the credit, assets and property of said Corporation when necessary to facilitate the efficient operation thereof. Authority is given to the Board by the State of Idaho as provided in the "Public Charter Schools Act of 1998" (Idaho Code §33-5201).

4.1.2 Function of the Board; Quorum. The function of the Board can be described as policy making, advising and evaluating. The Board shall have the further duty of directing the financial means by which the educational program is conducted. Unless otherwise provided in these Bylaws, a majority of the Board shall constitute a quorum and the act of a majority of the Directors present at a meeting at which a quorum is present shall be the act of the Board.

4.1.3 Corporate Powers. All corporate powers shall be exercised by or under the authority of the Board, and the business and affairs of the Corporation shall be managed under the direction of the Board, except as may be otherwise provided in the Act or the Articles.

4.1.4 Employees. The Board shall have the power to hire, supervise, evaluate, discipline and terminate employees of the Corporation. The duties and compensation of the Corporation's employees shall be specified by the Board.

4.2 Director's Duties. A Director shall perform the Director's duties, whether as a member of the Board or a member of any committee of the Board, in good faith, in a manner such Director reasonably believes to be in the best interests of the Corporation, and with such care as an ordinarily prudent person in a like position would use under similar circumstances. In performing such duties, a Director shall be entitled to rely on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by:

- a) one (1) or more officers or employees of the Corporation whom the Director reasonably believes to be reliable and competent in the matters presented;
- b) legal counsel, public accountants or other person(s) as to the matter that the Director reasonably believes to be within such person's professional or expert competence; or
- c) a committee of the Board upon which such Director does not serve, duly designated in accordance with a provision of these Bylaws, as to matters within its designated authority, which committee the Director reasonably believes to merit confidence;

but such Director shall not be considered to be acting in good faith if such Director has knowledge concerning the matter in question that would cause such reliance to be unwarranted. A person who performs such duties shall have no liability by reason of being or having been a Director of the Corporation, and shall be indemnified by the Corporation pursuant to the provisions set forth in Paragraph 6 herein.

4.3 Presumption of Assent. A Director of the Corporation who is present at a Board meeting at which any action on any corporate matter is taken shall be presumed to have assented to the action unless: (1) the Director expressly dissents during the meeting and such dissent is entered in the minutes of the meeting; or (2) unless the Director files a written dissent to such action with the Secretary of the meeting before the adjournment thereof. Such right to dissent shall not apply to a Director who affirmatively voted in favor of such action.

4.4 Number, Election and Qualification of Directors. The original Board of Directors set forth in the Articles ("Original Board"), or the successor(s) of any Original Director(s) duly appointed by unanimous vote all Original Directors, shall serve as Directors until the First Election of Directors following the issuance of a charter to the Corporation pursuant to the provisions of Chapter 52, Title 33, Idaho Code.

4.4.1 Except for the Original Board of Directors, the number of Directors serving on the Board shall be fixed pursuant to resolutions adopted by the Board.

4.4.2 In order to ensure continuity in the leadership of the Corporation, the election of Directors shall be staggered in the manner set forth herein. In the first month of July following the issuance of a charter to the Corporation pursuant to the provisions of Chapter 52, Title 33, Idaho Code ("First Election"), the Original Board shall fix the number of Directors that will serve on the Board and conduct the First Election of Directors. The Directors elected at the First Election shall include, at a minimum, each member of the Original Board (including any successors of the Original Board duly appointed pursuant to Section 4.4), plus the number of additional Directors fixed by the Original Board, if any. The Directors elected at the First Election shall be fixed into two (2) classes, each class to be as nearly equal in number as possible. Class A Directors elected at the First Election shall serve a term of two (2) years, after which all Class A Directors elected by the Board shall serve a term of four (4) years. Class B Directors, including those elected at the First Election, shall serve a term of four (4) years. After

the First Election, the Board shall hold Director elections biennially, but only one Class of Directors shall be up for election at a time.

4.4.3. Members of the Original Board shall hold office until their successors shall have been elected at the First Election. The Directors elected at the First Election shall assume their duties as Directors immediately upon election, and the results of the First Election shall not be ratified. Except for the Original Board of Directors and the Directors elected at the First Election, each Director shall hold office until his or her successor shall have been elected and ratified in the manner set forth in Section 4.5. herein.

4.4.4 Every Director must be a resident of the State of Idaho. A Director need not qualify as a Member of the Corporation.

4.5 Ratification of Directors.

4.5.1 Ratification Process. With the exception of the election of Directors at the First Election, the election of Directors at each annual meeting shall be subject to ratification and approval in the manner set forth below.

4.5.2 Notice of Special Meeting of Members. Within three (3) days after the date of the annual meeting for the election of Directors, the incumbent Board shall call a Special Meeting of Members for the purpose of submitting the election of Directors to a ratification vote by the Members. Notice of the Special Meeting of Members shall be given at least twenty-four (24) hours prior to the time set for the Special Meeting by posting notice of the Special Meeting and the Agenda for the Special Meeting in a prominent location at the school. The date of the Special Meeting shall be no more than fourteen (14) days after the annual meeting for the election of Directors. The Notice and Agenda of the Special Meeting shall state that the purpose of the meeting is for the Members to ratify the election of all Directors of the Corporation elected at an annual meeting pursuant to Section 4.4 above. Notice of the Special Meeting shall be deemed to be waived by any Member in attendance at such meeting.

4.5.3 Voting Qualification. Except as provided herein, each Member may cast one vote for each Director elected at the annual meeting. In order to be qualified to vote, the Member must have at least one child enrolled at the Charter School as of the date of the Special Meeting called pursuant to Section 4.5.2. If two or more Members qualify as a "parent" of an enrolled child pursuant to Section 3.3, such Members shall be collectively entitled to cast one vote for each Director at the Special Meeting. In the event that Members subject to a collective voting right cast more than one collective vote, then all such votes shall be invalidated and shall not be counted. Members with more than one child enrolled in the Charter School may only cast one vote for each Director, regardless of the number of children they have enrolled. Prior to the casting of the votes, the President or Secretary of the Corporation shall verify the identity of the Members eligible to vote by requiring proof of identification in the form of a driver's license or other form of identification deemed satisfactory by the President or Secretary.

4.5.4 Proxy Votes. Members may vote either in person or by a proxy signed by such Member and personally delivered to the President or Secretary prior to the start of the

meeting. Such proxy shall be invalid if executed more than 300 days prior to the date of the meeting. Such proxy shall be invalid if issued by a Member who is subject to a collective voting right shared with at least one other Member and one of the Members subject to the collective voting right attends the meeting and votes in person.

4.5.5 Tabulation of Votes. Voting shall be by secret ballot and shall be supervised by the President or Secretary of the Corporation. At the conclusion of the balloting, the President and Secretary of the Corporation shall count the votes prior to the adjournment of the meeting. At least 10% of the total number of qualifying votes must be cast at the Special Meeting in order to ratify an election of Directors. If less than 10% of the total number of qualifying votes is cast at the Special Meeting, the results shall be discarded and the Special Meeting shall be re-noticed as provided in Section 4.5.2 for a date not less than three (3) and not more than fourteen (14) days after the date of the Special Meeting at which an insufficient number of votes were cast.

4.5.6 Ratification Number. An affirmative vote of the majority of votes cast for each Director at the Special Meeting is sufficient to ratify the election of that Director. In the event that any candidate for ratification shall not receive the affirmative vote of the majority of votes cast at the meeting for that candidate, such candidate's election shall not have been ratified. In such event, the President or Secretary of the corporation shall communicate the results of the vote to the Board and the Board shall, within ten (10) days thereafter, elect another candidate to serve as a Director of the corporation. The election of such replacement candidate shall then be similarly subject to ratification in the same manner set forth above. In the event such replacement candidate fails to obtain ratification, the Board shall appoint yet another replacement candidate, whose election shall be deemed to be final, without further ratification vote.

4.6 Vacancies. Any vacancy occurring in the Board may be filled by the affirmative vote of a majority of the remaining Directors, even though less than a quorum of the Directors. A Director elected to fill a vacancy shall be elected for the unexpired term of such Director's predecessor in office. Any Directorship to be filled by reason of an increase in the number of Directors may be filled by the Board for a term of office continuing only until the next regular election of Directors.

4.7 Removal of Directors. At a meeting of the Board called expressly for the purpose of removing a Director, any Director may be removed with cause by a vote of a majority of the Directors then in office, which majority shall include the Director subject to the vote. Any Director may be removed at such a meeting without cause by a vote of two-thirds majority of the Directors then in office, which two-thirds majority shall include the Director subject to the vote. For the purposes hereof, "cause" shall include, without limitation, any willful or knowing breach of fiduciary duty or obligation owed to the Corporation, commission of any felony or a misdemeanor involving moral turpitude, and willful violation of any standard of ethics or rule of conduct applicable to public officials. A quorum of Directors for purposes of a meeting called for the express purpose of removing a Director shall be all members of the Board of Directors then in office. Any Member qualified to vote at a Special Meeting for the ratification of the election of Directors shall have the right to petition the Board for the removal of a Director by

presenting such petition, signed by at least 10% of all Members qualified to vote at a Special Meeting for the ratification of the election of Directors. Upon receiving such petition, the Board shall have fourteen (14) days in which to call a meeting to vote upon the removal of the Director identified in the petition in accordance with the provisions of this section.

4.8 Committees of Directors.

4.8.1 Membership. The Board may, by resolution adopted by a majority of the Directors, designate and appoint one or more Director Committees, each of which shall consist of two or more Directors.

4.8.2 Authority. Director Committees shall have and exercise the authority of the Board in the management of the Corporation, but only to the extent provided in the resolution establishing the committee; provided, however, that no Director Committee shall have the authority of the Board with regard to the following actions: (i) authorization of distributions, (ii) approval of corporate assets, including acquisition and removal of such assets, (iii) election, appointment or removal of Directors or filling vacancies of the Board or on any of its committees, or (iv) adoption, amendment or repeal of the Articles or these Bylaws. The designation and appointment of any such Director Committee and the delegation of authority to a Director Committee shall not operate to relieve the Board, or any individual Director, of any responsibility imposed upon the Board or any individual Director by operation of Section 4.2 or other applicable law regarding the delegation of the particular duties so delegated.

4.8.3 Nominating Committee. At least 15 days prior to each annual meeting of the Board of the Corporation, the President shall submit for ratification and vote by the Board the names of at least three (3) Directors of the Corporation to serve as the Nominating Committee. The President shall not serve as a member of the Nominating Committee.

4.8.4 Standing Director Committees.

- a) Other Standing Committees. A Standing Committee of the Board of Directors may be constituted as determined from time to time by resolution of the Board of Directors.
- b) Tenure. Each member of a Standing Committee shall continue as such until the next annual meeting of the Board of Directors and until a successor is appointed unless (i) the committee is sooner terminated, or (ii) such member is removed from the committee, or (iii) such member ceases to qualify as a member of the committee.

4.8.5 Chairperson. One member of each Director Committee shall be appointed as Committee Chairperson by the Board.

4.8.6 Vacancies. Vacancies in the membership of any Director Committee may be filled by appointments made in the same manner as provided in the case of the original appointments.

4.8.7 Resignation. Any committee member may resign at any time by giving written notice to the Board, the President, or the Secretary of the Corporation. Unless otherwise specified in the notice of resignation, the resignation shall take effect upon receipt. Acceptance of the resignation shall not be necessary to make the resignation effective.

4.8.8 Removal. Any committee member may be removed by the person or persons authorized to appoint such member with or without cause.

4.8.9 Quorum. Unless otherwise provided in the resolution of the Board designating a Director Committee, a majority of the whole committee shall constitute a quorum and the act of a majority of the members present at a meeting at which a quorum is present shall be the act of the committee.

4.9 Directors and Committee Meetings.

4.9.1 Meeting Location. Meetings of the Board, regular or special, or meetings of any Director Committee, may be held either within or without the State of Idaho. Unless otherwise specified in this section or in the notice for such meeting, all meetings shall be held at the principal office of the Corporation. All meetings of the Board and/or Director Committees shall comply with the Idaho Open Meeting Act.

4.9.2 Notice. Except as otherwise provided in this section, regular or special meetings of the Board or any committee designated thereby may be called by or at the request of the President, any Director, or the Chair of a Director Committee, as the case may be, upon written or verbal notice thereof given to all other Directors or committee members, as the case may be, at least three (3) days before the meeting. The Board may provide, by resolution, the time and place for the holding of additional regular meetings without other notice than such resolution.

4.9.3 Attendance by Conference Call. Members of the Board or any Director Committee may participate in a meeting of the Board or such committee by conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other at the same time, and the participation by such means shall constitute presence in person at a meeting. For any meeting held by conference telephone or similar communications equipment, notice of the meeting shall be given at least one (1) hour prior thereto by telephone or other communication directly with the Directors and/or committee members.

4.9.4 Attendance Constitutes Waiver. The attendance at or participation of a Director or committee member in any meeting shall constitute a waiver of notice of such meeting, except where a Director or committee member attends or participates for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

4.9.5 Purpose of Meeting. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board or any committee designated thereby need be specified in the notice or waiver of notice for such meeting.

4.9.6 Order of Business. At the meetings of the Board of Directors or any Director Committee, the order of business shall be as follows:

- a) Call meeting to order.
- b) Proof of notice of meeting and determination of quorum.
- c) Reading of minutes of previous meeting.
- d) Reports of Directors, officers, committee members or other counsel.
- e) Reports of committees.
- f) Unfinished business.
- g) New business.
- h) Public input.
- i) Executive session (if needed)
- j) Adjournment.

4.10 Waiver of Notice. Whenever any notice is required to be given to any Director or committee member under the provisions of the Act, the Articles or these Bylaws, a waiver thereof in writing signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice.

4.11 Compensation. Directors shall not be entitled to compensation for their services as Directors but shall be entitled to receive from the Corporation reimbursement for any reasonable expenses incurred in course of performing the duties of a Director.

4.12 Rights of Inspection. Every Director has the right to inspect and copy all books, records and documents of every kind and to inspect the physical properties of the Corporation, provided that such inspection is conducted at a reasonable time after reasonable notice, and provided that such right of inspection and copying is subject to the Corporation's obligations to maintain the confidentiality of certain books, records and documents under any applicable Federal, state or local law.

4.13 Director Conflicts of Interest.

4.13.1 Duty to Disclose. Any Director who has a conflict of interest with regard to a contract or other transaction presented to the Board or a committee thereof for authorization, approval or ratification shall make a prompt and full disclosure of such Director's conflicting interest to the Board or Director Committee prior to the Board's or Committee's consideration of or action on such contract or transaction. Such disclosure shall include all relevant and material facts known to the Director about the contract or transaction that might reasonably be construed to be adverse to the Corporation's interest. A conflict of interest, for purposes of these Bylaws, exists when a Director has, either directly or indirectly, the potential for personal, proprietary, legal, or financial loss or benefit as a result of any action or inaction taken by the Corporation.

4.13.2 No Voting By Interested Director. A Director who has a conflict of interest in any matter presented for consideration or action by the Board or a Director Committee, in addition to disclosing such interest pursuant to Section 4.14.1, shall abstain from voting on the matter giving rise to the interest and shall not be counted for purposes of establishing a quorum of those present.

4.13.3 Non-Salaried. Membership on the Board of Directors shall be voluntary and no Director will receive payment from the Corporation as compensation for the Director's services as a Director.

4.14 Loans to Directors. The Corporation shall not lend money to or use its credit to assist its Directors or officers.

4.15 Liability of Directors for Wrongful Distribution of Assets.

4.15.1 Liability for Value of Wrongful Distribution. In addition to any other liability imposed by law upon the Directors of the Corporation, the Directors who vote for or assent to any distribution of assets, other than in payment of its debts, when the Corporation is insolvent or when such distribution would render the Corporation insolvent, or during the liquidation of the Corporation without the payment and discharge of or making adequate provisions for all known debts, obligations and liabilities of the Corporation, shall be jointly and severally liable to the Corporation for the value of such assets which are thus distributed, to the extent that such debts, obligations and liabilities of the Corporation are not thereafter paid and discharged. The indemnity provisions of Section 6.1 shall not apply to violations of Section 4.16.1 of these Bylaws.

4.15.2 Reliance Upon Financial Statements. A Director shall not be liable under this section if, in the exercise of ordinary care, such Director relied and acted in good faith upon written financial statements of the Corporation represented to such Director to be correct by the President or by the officer of the Corporation having charge of its books of account, or certified by an independent licensed or certified public accountant or firm of such accountants to reflect fairly the financial condition of the Corporation, nor shall such Director be so liable if, in the exercise of the ordinary care and good faith, in determining the amount available for such distribution, such Director considered the assets to be equal to their book value.

4.15.3 Reliance Upon Counsel of an Attorney. A Director shall not be liable under this section, if in the exercise of ordinary care, such Director acted in good faith and in reliance upon the written opinion of an attorney for the Corporation.

4.15.4 Entitlement to Contribution. A Director against whom a claim shall be asserted under this section and who shall be held liable thereon shall be entitled to contribution(s) from persons who accepted or received such distribution knowing such distribution to have been made in violation of this section in proportion to the amounts received by them respectively.

5. BOARD OFFICES.

5.1 Number. The officers of the Corporation shall consist of a President, Vice President, Secretary and Treasurer, each of whom shall be elected by the Board, and such other officers and assistant officers as may be deemed necessary, and which may be elected or appointed by the Board. Any two (2) or more offices may be held by the same person except for the offices of President and Secretary. All elected Board Officers must be duly elected and ratified members of the Board of Directors.

5.2 Election and Term of Office. The officers of the Corporation shall be elected annually as soon as practicable after the election and ratification of Directors pursuant to sections 4.4 and 4.5 herein. Each officer shall hold office until a successor shall have been duly elected.

5.3 Removal. Any officer or agent may be removed by the Board whenever in its judgment the best interests of the Corporation will be served thereby, but such removal shall be without prejudice to the contract rights, if any, of the person so removed. Election or appointment of an officer or agent shall not of itself create contract rights.

5.4 Vacancies. A vacancy in any office because of death, resignation, removal, disqualification or otherwise, may be filled by the Board for the unexpired portion of the term.

5.5 President. The President shall be the principal executive officer of the Corporation and, subject to the control of the Board, shall in general supervise and control all other business and affairs of the Corporation. The President shall, when present, preside at all meetings of the members of the Board and establish the agenda for such meetings. The President may sign, with the Secretary or any other proper officer of the Corporation thereunto authorized by the Board, any promissory notes, deeds, mortgages, leases, contracts, or other instruments that the Board has authorized to be executed, except in the cases where the signing and execution thereof shall be expressly delegated by the Board or by these Bylaws to some other officer or agent of the Corporation, or shall be required by law to be otherwise signed and executed. The President shall co-sign all checks or other deposit account withdrawals in excess of five hundred dollars (\$500.00) and, in general, shall perform all duties incident to the office of President and such other duties as may be prescribed by the Board from time to time. The President shall be the chief liaison to the administrator of the Charter School. The President shall be responsible

for ensuring that the Board is in compliance with the charter contract, Articles of Incorporation, and Corporate Bylaws.

5.6 Vice President. In the absence of the President or in the event of the President's death, inability or refusal or act, the Vice President shall perform the duties of the President and, when so acting, shall have all the powers of and be subject to all the restrictions upon the President and shall perform such other duties as from time to time may be assigned to the Vice President by the President or by the Board.

5.7 Secretary. The Secretary shall attend all meetings of the Board and shall prepare and maintain proper minutes of those meetings. The Secretary shall be the custodian of the official seal of the Corporation, if any, and shall affix that seal on all documents executed on behalf of the Corporation, pursuant to due authorization by the Board. The Secretary shall have the custody of and properly protect all executed deeds, leases, agreements and other legal documents and records to which the Corporation is a party or by which it is legally affected. The Secretary shall in general perform all duties incident to the office of Secretary and such other duties as from time to time may be assigned to the Secretary by the President or the Board.

5.8 Treasurer. The Treasurer shall be the principal financial officer of the Corporation and shall have charge and custody of and be responsible for all funds of the Corporation. The Treasurer shall sign all checks and promissory notes of the Corporation and shall receive and give receipts for moneys due and payable to the Corporation from any source whatsoever and deposit all such moneys in the name of the Corporation in such banks, trust companies or other depositories as shall be selected in accordance with the provisions of Article 7 of these Bylaws. The Treasurer shall keep or cause to be kept, adequate and correct accounts of the Corporation, including accounts of its assets, liabilities, receipts and disbursements. The Treasurer shall submit to the Board and the President, when required, statements of the financial affairs of the Corporation. The Treasurer shall in general perform all of the financial duties incident to the office of Treasurer and such other duties as from time to time maybe assigned to the Treasurer by the President or the Board. If required by the Board, the Treasurer shall give a bond for the faithful discharge of the Treasurer's duties in such sum and with such surety or sureties as the Board shall determine.

5.9 Officer Conflict of Interest. Officers of the Corporation shall comply with all standards of ethics or conduct applicable to public officials, including but not limited to the Idaho Ethics in Government Act.

6. INDEMNIFICATION.

6.1 Indemnification of Officers, Directors, Employees and Agents. The Corporation shall indemnify any current Director, officer, employee or agent of the Corporation, or any former Director, officer, employee or agent of the Corporation, against expenses actually and reasonably incurred by him or her in connection with the defense of any action, suit or proceeding, civil or criminal, in which he or she is made a party by reason of being, or having been, a Director or officer of the Corporation; but only if (with respect to civil actions) he or she acted in good faith and in a manner he or she reasonably believed to be in (or not opposed to) the

best interests of the Corporation; and only if (with respect to criminal actions or proceedings), he or she had no reasonable cause to believe his or her conduct was unlawful; AND PROVIDED FURTHER, indemnification shall not be made by the Corporation to a current Director or officer, or former Director or officer, in relation to matters as to which he or she is adjudged in such action, suit or proceeding to be liable for negligence or misconduct in the performance of his or her duties to the Corporation. It is intended that this indemnification provision be applied consistent with Idaho Code §30-3-89.

6.2 Insurance. The Corporation may indemnify Directors, officers, employees and agents of the Corporation to the extent permitted by, and in accordance with, the Act. The Corporation may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity or arising out of such person's status as such, whether or not the Corporation would have the power to indemnify such person against such liability.

7. MISCELLANEOUS.

7.1 Books and Records. At its registered office or principal place of business, the Corporation shall keep: (i) correct and complete books and records of account; and (ii) minutes of the proceedings of its members and Board; and (iii) a record of the names and addresses of all members. Any books, records and minutes may be in written form or in any other form capable of being converted into written form within a reasonable time.

7.2 Contracts. The Board may authorize any officers, agent or agents of the Corporation, in addition to the officers so authorized by these Bylaws, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation, and such authority may be general or confined to specific instances.

7.3 Checks, Drafts and Evidences of Indebtedness. All checks, drafts, or other orders for payment of money, notes or other evidences of indebtedness issued in the name of the Corporation, shall be signed by such officer or officers, agent or agents, of the Corporation as provided in these Bylaws or in such manner as shall from time to time be determined by the Board.

7.4 Deposits. All funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in such banks, trust companies or other depositories as the Board may select.

7.5 Gifts. The Board may accept on behalf of the Corporation any contribution, gift, bequest or devise for the general purposes or for any special purpose of the Corporation.

7.6 Annual Financial Statements. The officers of the Corporation shall cause a balance sheet as of the closing date of the last fiscal year, together with a statement of income and expenditures for the year ending on the date, to be prepared and presented to the Directors at each annual meeting of the Board.

7.7 Fiscal Year. The fiscal year of the Corporation shall begin on the first day of July and end on the last day of June of the following year, except that the first fiscal year shall begin on the date of incorporation.

7.8 Regulation of Internal Affairs. The internal affairs of the Corporation shall be regulated as set forth in these Bylaws to the extent that these Bylaws are lawful under the Act. With respect to any matter not covered in these Bylaws, the provision of the Act shall be controlling as long as such provisions of the Act are not inconsistent with the lawful provisions of these Bylaws.

7.9 Non-Discrimination. The Corporation is committed to the concept and practice of equal opportunity for all of its students, employees, and applicants in education, employment, services, and contracts, and does not discriminate on the basis of race or ethnicity, color, age, national origin, ancestry, religion, creed, marital status, gender, sexual orientation, pregnancy, Vietnam-era or disabled veteran status, political affiliation or belief, citizenship/status as a lawfully admitted immigrant authorized to work in the United States, or presence of any physical, sensory, or mental disability, except where a disability may impede performance at an acceptable level. In addition, reasonable accommodations will be made for known physical or mental limitations for all otherwise qualified persons with disabilities.

The Corporation is committed to providing qualified students with a disability an equal opportunity to access the benefits, rights, and privileges of services, programs and activities in an accessible setting appropriate to the student's needs. No student shall, on the basis of her or her disability, be excluded from participation, be denied the benefits of, or otherwise be subject to discrimination under any educational program or activity. The Corporation is committed to providing an accessible setting appropriate to the student's needs, in compliance with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973 and the disability laws of the State of Idaho.

7.10 Amendments. These Bylaws may be altered, amended or repealed and new Bylaws may be adopted by the Board of the Corporation in the manner provided in Idaho Code § 30-3-96. New Bylaws may be adopted or these Bylaws may be amended or repealed by a majority vote of the Board, provided that notice of the proposed amendments have been published to the members of the Board at least ten (10) days prior to the meeting. Whenever any amendment or new Bylaws are adopted, copies shall be placed in the Book of Bylaws with the original Bylaws, and immediately after them, and shall not take effect until so copied. If any Bylaws are repealed, the fact of repeal with the date of the meeting at which the repeal was enacted must be stated in the book and until so stated, the repeal must not take effect. Whenever any provision of the Bylaws is either amended or repealed, a marginal note shall be made thereon indicating the place or page where the amendment or repeal may be found. No amendments to the Bylaws may be made which are contrary to the non-profit and tax exempt status and objectives of the Corporation as expressed in the Articles of Incorporation. No amendment to the Bylaws is effective until such amendment has been approved by the Idaho Public Charter School Commission.

7.11 Dissolution. Upon dissolution of the Corporation, assets shall be distributed in accordance with the provisions for dissolution set forth in the Articles.

September 20, 2012

The undersigned, being Directors of the Corporation, do hereby certify that the foregoing Bylaws were duly adopted as the official Bylaws of the Corporation on this 7 day of September, 2012.

Appendix D

Odyssey Charter School's attendance area is Jefferson County, Bonneville County, and Shelley School District # 60.

The attendance area map is below.

The attendance area allows students to be bused from the major towns of Shelley, Ucon, Ririe, and Rigby to the projected location for Odyssey Charter School in the Hollipark Drive and Jones Street area in Idaho Falls where the three potential facilities are located. These locations are within the 15 road miles allowable for busing.

Facilities

Odyssey Charter School has looked at several possibilities for a facility that is located in Idaho Falls School District #91. Occupancy and conditional use permits would be needed for all the options and those costs are figured into the budgets.

The timeline for completion of the facilities is July 1, 2013, to give sufficient time to move in all the equipment and supplies to begin school.

Our first choice is to lease the Broken Bow Plaza. The building is currently a finished shell. The interior is still open to the studs. The owner of Broken Bow Plaza is willing to finish the interior of the building to meet our needs. To do this, he will require a 5 year lease. This means that we will need to find additional space at another location or locations to grow. The triple net takes care of the exterior maintenance of the building, as well as landscaping and snow removal. Odyssey will need to provide its own signage. The landlord will pay for all remodeling necessary to bring the building in compliance with the laws and codes applicable to an educational facility.

Broken Bow has an estimated capacity of 260. In the most-likely case scenario, this capacity will be reached in Year 2, with the addition of grade 11 and other anticipated growth. Once the capacity of Broken Bow is reached, Odyssey plans to lease additional space at 1167 Jones, which is adjacent to Broken Bow. The lease of 1167 Jones will allow three extra classrooms to be added to the school, which will provide room for an additional 90 students (350 students total). This additional space is factored into the budgets. Once we reach capacity with the combination of Broken Bow and 1167 Jones, we can add modular classrooms between the two buildings, which will give us additional space in increments of 50 students per modular building (25 students in each classroom). The combination of Broken Bow, 1167 Jones, and 2 modular buildings will provide room for 450 students. The main advantage of using Broken Bow, then adding 1167 Jones, and then adding modular classrooms, is that it allows us to keep our facility lease costs low in the first years, when our budget is the most vulnerable. It allows us to increase our facility cost as our enrollment permits, rather than paying for more building than we need. Many expenses would not increase at the same rate that the student body would increase. For instance, fixed costs like a student information system and a financial system would not change. Administrative costs would only go up slightly since the school will need only one business manager, administrative assistant, and principal. The economy of scale comes into play as enrollment increases, since a larger percentage of the total space would consist of classrooms and the facility would be more cost effective.

Our second choice is the Bowen Addition, which is a combination of bare land and modular classrooms. It is located south of Broken Bow in the same development. The area has been improved with street, curb, and gutter, with utilities stubbed to the edge of the property. The developer has agreed to owner finance a 3.203 acre parcel land over 5 years, and provide an option on a 4 acre parcel next to it, which will give Odyssey a total of 7.203 acres. This option gives Odyssey the flexibility to adapt to a growing student body and to add more classrooms as student enrollment increases, with no limitation to growth other than Odyssey's enrollment caps. Odyssey could grow its student enrollment in anticipation of a permanent facility and show

potential lenders a record of Odyssey's ability to attract students. Odyssey would assume all costs to maintain the exterior of the buildings, as well as landscaping and snow removal for Bowen Addition. Odyssey would pay to have parking lots put in and for city utilities to be brought to the buildings, and for its own signage.

Our third choice is 3000 Pancheri, on the western side of Idaho Falls. This is an office complex that the landlord is willing to remodel from offices into classrooms, for a total of seven classrooms and the administration area. It is handicapped accessible and the landlord agrees to pay for all renovation to make it suitable to be occupied as a school. The triple net takes care of the exterior maintenance of the building, as well as landscaping and snow removal. The building has seven empty office suites that can be converted into classrooms and the owner will allow us to lease them as we need them. He also owns more property and is willing to build more space for us as we grow, so that this facility too can grow as Odyssey requires more space. Odyssey can grow to full capacity at one location. This space is very adaptable, and Odyssey would not be locked into a building that is too large and too expensive during the first few years of operation. Odyssey will need to provide its own signage.

Our fourth option is 1167 Jones Avenue. This is a light industrial shop space with a lobby, office, bathroom, and a large workshop area. The building is a duplex, and the other unit currently houses a welding business. 1167 Jones Avenue contains 2400 square feet of space. The triple net takes care of the exterior maintenance of the building, as well as landscaping and snow removal. Odyssey will need to provide its own signage. The landlord will pay for all remodeling necessary to bring the building in compliance with the laws and codes applicable to an educational facility. Jones will hold 90 students and then Odyssey will add modular classrooms for additional students.

There is space for modular classrooms to the east of the building (on the right side of the building in the picture). Each modular building houses two classrooms. The modular buildings will provide space for 50 students (25 per classroom). This will give Odyssey room for 190 students in total, using both the building and two modular classroom buildings. Additional space would then be leased in the Broken Bow facility as needed, for a total of 450 students.

1167 Jones Avenue has a large workshop area with cement floors, which at first glance may seem rather unusual for classrooms. However, many light industrial shops are used in the areas for dance and gymnastic classes, and cement floors are used in many new retail spaces and in some newer charter schools like Monticello Montessori Charter School, which is in our attendance area.

For the future, we are looking at several different options to secure a permanent facility, including building a new facility with Highmark School Development, with headquarters in Midvale, Utah. We have had preliminary discussions with Highmark. They have financed 25 charter school buildings and presently have six more schools in development as of April 2012.

Please see the sections below for more detail about each option.

Broken Bow Plaza

The Broken Bow Plaza is the building on the upper left corner of Hollipark and Jones. It is in an office space and light industrial area off of the main east/west artery of Ammon/Lincoln Road. The building is a finished shell that has not been built out on the inside. It was built as a medical office building, but the doctors who were to be the tenants pulled out of the project before it was done. It has sat empty for the last three years. It has a wooden floor with a crawl space under it, so it would be easy and inexpensive to install the plumbing needed for the bathrooms required for the school. Since the interior has not been built out, it can easily be finished to meet the needs of the school. The landlord is willing to build out at his expense the interior to suit the school's needs with a signed five year lease.

If Odyssey's enrollment grows beyond the capacity of this facility before we have finished our lease, we will seek to enlarge our capacity by using one or more of the following options: The first option is our fourth facility option, 1167 Jones Avenue, which is adjacent to Broken Bow. We can use these facilities and add modular classrooms on land near Broken Bow, since there are around 20 acres of plotted land south of Broken Bow. Another option is to lease space that is open in the future. Another option to expand our capacity is to build additional space in the available land near the school. The last option is to find a tenant to sublease the facility and find or build a facility large enough to hold the entire student body.

Odyssey will make every effort to keep the students safe and maintain order. By arranging classes so that students stay in the same building as much as possible, having teachers move

September 20, 2012

into these classrooms where it is feasible rather than the students, and possibly using an A/B schedule, we would have less class disruption during the day

RE: Letter of Intent

Karl Peterson , Odyssey Charter School

Landlord: Broken Bow Properties

Tenant: Karl Peterson DBA Odyssey Charter School

Building: 1235 Jones Avenue , Idaho Falls, Idaho 83401

Premises: 6808 square feet Entire Building

Term: Fixed -60 month lease, to commence on JULY 1, 2013 (TBD))

Base Rent: \$8169.60. per month, \$1.20 / SQ . FT. based on 6808 sq. ft. @ \$14.40 per ft. annually

Triple Net: To include taxes, Insurance & exterior maintenance estimated at \$12,250 annually (\$1,020.83 monthly)

Expenses: Utilities, janitorial and phone

Security Deposit: Two Month Base Rent Equal To \$ 16339.20

Option to Extend: Tenant, by providing landlord with 45 days prior written notice, may extend the term of this Lease for one, (1 to 5) year period

Tenant Improvements: The landlord will finish the interior at his cost so that the building will be in compliance with all applicable codes and health and safety laws in order that the facility can be approved by the city for use as a public school.

Subletting: The tenants may NOT sublet the building without approval by the landlord.

Binding Provisions: When executed by Landlord and Tenant, this document will constitute a Letter Of Intent relative to the above-referenced transaction and will constitute and create a legal obligation of each part to negotiate in good faith to finalize the documentation of the lease.

ACKNOWLEDGED AND AGREED:

Bowen Addition

The Bowen Addition is a development of bare land located just south of Broken Bow near the border between Idaho Falls School District #91 and Bonneville School District #93. The area is also within the 15 road miles to Rigby and Shelley so that Odyssey can provide busing from this location to all of Idaho Falls, Ammon, Rigby, and Shelley.

With this option, Odyssey intends to purchase the lot found on the left on the illustration below with an option to purchase the lot next to it in 5 years. Odyssey will initially place modular classrooms on the property. The land is suitable for building and it is Odyssey's intention to build a permanent facility on this land in the future.

Bowen Construction is willing to improve the land in preparation for modular classrooms. They will bring in the utilities, pave the parking lot, and prepare the area for the modular class rooms so that it is suitable for them. They will be responsible for all improvements needed for the area to be used as an educational facility other than the requirements the modular classrooms. The

requirements for the modular classrooms will be the responsibility of the modular classroom company and the installer.

Purchasing land may seem like a big step for a beginning charter school, but this option has many favorable elements:

- It ends up being about the same amount of money as leasing Broken Bow.
- If Odyssey has less enrollment than we expect, we can lease fewer modular classrooms which will lower expenses rather than having the fixed expense of Broken Bow.
- If enrollment is larger, Odyssey can lease more modular classrooms making the purchase more cost effective. The cost of the modular goes up but the cost of the land stays the same.
- It would provide Odyssey with at least a partial down payment on a future permanent facility.

Please see the information on the modular classrooms found at the end of this appendix to learn more about the modular classrooms we will use on this land.

The following is a letter of intent for both the purchase of land with the option for a second parcel next to it and a second letter of intent is for the improvement of the land which will include a paved parking lot, utilities brought into an area prepared for modular classrooms. Jerome Bowen Construction will be responsible for meeting all laws, codes, and regulations for the site and the modular classroom company will be responsible for the laws, codes, and regulations for the modular classrooms and their installation.

Non-Binding Letter of Intent to Buy

Bowen Addition Division 3 Lot 5

July 3, 2012

Karl Peterson – Odyssey Charter School

This correspondence shall serve as a non-binding letter of intent to lease the property located at Lot 5 Division 3 Bowen Addition and an option to purchase 5 Division 3 of Bowen Addition.

Owner: Grant M. Bowen & Sons, Inc.

Buyer: Odyssey Charter School

Purchase of Lot 5 Division 3 Bowen Addition

Purchase Price: \$210,000

Terms: \$45,000 down at closing. Seller to carry a note secured with a Deed of Trust for a term of 5 years with an interest rate of 7%. Payments will be due annually in the amount of \$33,595. Closing to be on or before January 1, 2013, the first payment will be due July 1, 2014. Subsequent payments will be due on the 1st of August of each year. Additional interest of \$5775 will be added to the first payment to cover interest for the additional 6 months.

Option to Purchase Lot 4 Division 3 Bowen Addition at \$295,000.

Terms: Purchaser to provide an additional \$10,000 at closing of Lot 5 for the option on Lot 4. If the option is not exercised by July 1, 2018, the option money will become non-refundable.

Non-Binding: This letter of intent is completely non-binding and has no effect on either party what-so-ever until a lease agreement has been fully executed by both tenant and landlord. This letter is meant to act as a preliminary meeting of the minds so that Odyssey Charter School may demonstrate that they have the ability to secure a viable location for their proposed school.

Non-Binding Letter of Intent for Land Improvement

Bowen Addition Division 3

July 3, 2012

Karl Peterson – Odyssey Charter School

This correspondence shall serve as a non-binding letter of intent to improve the property located at Lot 5 Division 3 Bowen Addition.

Construction Company: Jerome Bowen Construction

Owner: Odyssey Charter School

Improvements to Land Parcel Lot 5 Division 3 Bowen Addition

Improvement Price: \$50,000

Terms: Jerome Bowen Construction will pave a parking lot suitable for 250 students and bring the utilities to 8 gravel pads with 1500 p.s.f. soil bearing capacity for 28' x 84' modular classrooms. Utilities will include electricity, phone, internet, water, and sewer.

Electric: 200 amp, 220 volt, single phase connection to building's panel box.

Jerome Bowen Construction will develop a site plan and will get all permits for construction and will be responsible for all state, county, and city requirements for the land to be used as a school.

The improvement price does not include any state, county, or city requirements that are the responsibility of the modular classroom leasing company or the company that installs the modular classrooms.

Non-Binding: This letter of intent is completely non-binding and has no effect on either party what-so-ever until a lease agreement has been fully executed by both tenant and landlord. This letter is meant to act as a preliminary meeting of the minds so that Odyssey Charter School may demonstrate that they have the ability to secure a viable location for their proposed school.

3000 Pancheri

Pancheri is an office space development that is an office development that has three entrances. One third of the building is now used as a day care. This is the entrance on the left. The other two thirds are not leased at this time. The middle and right entrances are available. Each entrance opens to a hallway that then lead to various office suites that are approximately 1000 square feet each. These suites are divided up into a reception area and small offices. The landlord is willing to convert each of these office suites into classrooms at his cost and he is willing to take care of any remodelling that is needed to meet health and safety codes, ADA, and any other requirements for the facility to be used as a school (please see the letter of intent later in this section). Triple net takes care of the exterior of the building. Odyssey will be required to provide signage. One of the offices will not be remodelled to provide administration space and small instruction rooms for special ed and intervention.

Assuming a beginning enrollment of 140, six offices will be remodelled into classrooms and one will be left as is for administrative offices. Existing bathrooms are sufficient for the needs of the school and all entrances and bathrooms are handicapped accessible. The owner is willing to build more space for the school to the right of the existing building on land that he owns if Odyssey fills up the existing spaces. This allows for future growth for Odyssey and incremental increases in facility costs as student enrollment requires it.

Non-Binding Letter of Intent to Lease

July 3, 2012

Karl Peterson – Odyssey Charter School

This correspondence shall serve as a non-binding letter of intent to lease the property located at **3000 Pancheri Dr. Idaho Falls, ID 83402.**

Proposed Terms and Conditions:

Landlord: ABL Investments LLC

Tenant: Odyssey Charter School

Premises: 3000 Pancheri Suite #1-4 with the option to lease other suites as needed including 3002 Pancheri Dr.

Term: 60 month lease, to commence July 1, 2013 on 3000 Pancheri Suite #1. Lease of additional adjacent space to be determined at a later date.

Base Rent: \$4,400.00 per month, based on 4,400 sq. ft.

Triple Net: To include taxes, insurance and exterior maintenance of common areas and building

Deposit: \$1,100 per Suite or amount of space needing to be leased.

Option to Renew: Tenant, by providing landlord with 45 days prior written notice, may extend the term of this lease for a one to five year period.

Tenant Improvements: Remove dividing walls between offices, replace carpet and carpet pad, relocate electrical and networking in the ceiling, bring building within code requirements for a public school. Landlord to make improvements and adjust base rent accordingly to cover the incurred costs of improvements. Cost per Suite is \$4,300 to be amortized over the course of a 5 year lease agreement.

Signage: Tenant to be responsible for any new signage in front of the lease property; however, landlord will be responsible for the removal of any unwanted existing signage. Signage will be in accordance with CC&R's and city ordinances.

Non-Binding: This letter of intent is completely non-binding and has no effect on either party what-so-ever until a lease agreement has been fully executed by both tenant and landlord. This letter is meant to act as a preliminary meeting of the minds so Odyssey Charter School may demonstrate they have a potential location for their school.

PUBLIC INFO: This office space for lease sits in a commercial zoning which will allow for all types of businesses including medical offices. Ideally positioned on the West side of Idaho Falls, this property is minutes from the airport, is surrounded by residential communities, and has easy access to the highway making it an ideal spot for those who need to travel out to the INL site. There are two separate office suites in this unit. Both Suites are 1100 Sq.ft. and are on individual utilities. Suite #1 has three large offices and a very large reception area. Suite #2 has 2 large offices a conference room and a very large reception area. These two suites share a common lobby and restroom facilities. The building has lots of parking, signage on the road and in the building is available. This office space is ideal for contract companies that need quick and easy access to the INL site, and doctors and dentists offices.

PRIVATE INFO: 3% of the annual total lease price paid in commission. Call Joe for the preferred lease form 208.360.4343.

DRIVING DIRECTIONS BEGINNING AT: Continue West on Pancherl to the address. Building is on the North side of the road.

Information Herein Deemed Reliable but Not Guaranteed

1167 Jones Avenue

The facility is in the lower left of the picture below. It is the white-roofed building next to Broken Bow plaza on the corner. It is right half of the building. The facility is a finished shop space with a lobby, one office space, one bathroom, and a large L-shaped shop area. The facility can be remodeled into three classrooms and larger bathrooms for the school divided into three classrooms and also use the current office and lobby for administration. The letter of intent includes remodeling at the expense of the owner to make it compliant to all laws and regulations regarding an educational facility.

The facility alone will house 90 students 26.6 square feet per student. Also, there is room for two modular classrooms to the right side of the building and still have sufficient parking. This will provide space for 100 more students at 25 students per classroom for a total of 190 students. Additional space would then be rented at Broken Bow.

September 4, 2012

RE: Letter of Intent

Karl Peterson , Odyssey Charter School

1. **Landlord:** Broken Bow Properties
2. **Tenant:** Karl Peterson DBA Odyssey Charter School
3. **Building:** 1167 Jones Avenue , Idaho Falls, Idaho 83401
4. **Premises:** 2400 square feet 50 % OF Building, Main floor area only.
5. **EXTERIOR LOT** 4800 sq.ft. if used for Modular Trailers will be billed out @ \$.50 / sq ft with owner to pay all costs to add utilities for trailers (note -- these costs are not reflected at this time in base rent.
6. **Term:** FIXED -60 month lease, to commence on JULY 1, 2012 2013 (TBD)
7. **Base Rent:** \$3000.00 per month, based on 2400 sq. ft. @ \$12.50 per ft. annually
8. **Triple Net :** To include taxes, Insurance & exterior maintance estimated at \$4320.00 annually (\$360.00 monthly)
9. **Expenses:** Utilities, janitorial and phone
10. **Security Deposit:** Two Month Base Rent Equal To \$ 6000.00
11. **Option to Extend:** Tenant, by providing landlord with 45 days prior written notice, may extend the term of this Lease for one, (1 to 5) year period
12. **Tenant Improvements:** The landlord will finish the interior at his cost so that the building will be in compliance with all applicable codes and health and safety laws in order that the facility can be approved by the city for use as a public school.
13. **Subletting:** The tenants may NOT sublet the building without approval by landlord
14. **Binding Provisions:** When executed by Landlord and Tenant, this document will constitute a Letter Of Intent relative to the above-referenced transaction and will constitute and create a legal obligation of each part to negotiate in good faith to finalize the documentation of the lease.

Steps: \$10.00 mo ea

Not included:

Taxes

Ramp or Deck

Insurance

Site prep work

Utilities

Conceptual Floorplan (actual floorplan may differ slightly):

Utility Connections (provided by customer):

Electric: 200 amp, 220 volt, single phase connection to building's panel box

ADDITIONAL INFORMATION

* Set-up cost based on 1500 p.s.f. soil bearing capacity.

** Optional service (may be required by local municipality). Price reflects service taken during time of building delivery.

Our steps are constructed out of metal or aluminum with a 3'x5' landing and three risers with an average height of 34". The will facilitate a trailer setting with a door threshold of 33" to 38" at finished floor. Customer sites or requests that require either a higher or lower finished floor height outside of these parameters will need to find an alternative to the step option we provide.

Rates on handicap ramps assume a 30' long ramp with a 5'x5' landing. Site to be level. Customer requirements beyond those defined herein are subject to an additional charge.

Pricing is based upon others providing all permits, fees, taxes, licenses, utility connections and preparation of a level, compact and truck accessible site. The customer is solely responsible for the procurement and costs of all permits as required for the installation process of the building(s).

Unless otherwise noted, all buildings quoted herein offer a standard 50 lb roof load, and comply with DSMBI standard building specifications.

Quotation excludes all state, local and personal property taxes, fees, building permits and utility connections.

Pricing is for non-code, non-union, and non-prevailing wage.

Pricing is for a standard Modular Industry above ground, pier and pad foundation, block and level type set-up. Pricing does not include charges for tolls, escorts, local permits, and other charges required by local authorities.

Submission of an order does not constitute a guarantee of equipment availability or a commitment by Design Space Modular Buildings Inc. to provide equipment to you. All equipment rentals/sales are subject to equipment availability, credit approval, and execution of Design Space Modular Buildings Inc. lease/sale documentation. DSMBI does not warrant that the equipment meets any local or state code.

Quotation valid for 30 days starting from date listed herein.

Thank you for the opportunity to provide you with this quotation. Please feel free to call me with any questions that you may have at 208-362-7587.

TECHNICAL CLARIFICATIONS

1. This lease/sale is based on:

- a) an assumed soil bearing capacity of 1,500 psf at finished grade;
 - b) no excavation, grading, landscaping or site development;
 - c) a staging area located adjacent to the work site;
 - d) suitable and acceptable access to the site for the module size(s) to be provided;
 - e) electrical to a sub-panel(s) at the end of each module, connection by others;
 - f) multiple potable water/sanitary drops through floor – heat tape/insulation, utility connections to the drops and extensions finished and installed by others;
 - g) no dewatering of subsurface water;
 - h) all underground obstructions, if any, within the proposed building envelope/work area to be located and marked above grade, by others;
 - i) level grade (+/-3") within the proposed building envelope;
 - j) NO sprinkler system/fire alarm system – provided by others;
 - k) NO computer and phone systems - jacks and conductors by others;
 - l) actual module size slightly smaller than that listed herein;
 - m) attached specification(s) and scope of work which form a part of this proposal – DSMB recommends a detailed review of this specification in addition to all other proposals received, to ensure an equal comparison;
 - n) placement of module(s) to be accomplished by the use of truck;
 - o) unless otherwise noted, color selection(s) to be made from manufacturer's standard stock colors;
 - p) no ramps, steps, stoops walks and/or canopies;
 - q) HVAC certified balancing by others;
 - r) wheels and axles to remain on module(s). Hitches will be removed and stored under module(s) if skirting package option is selected, otherwise hitches to remain on building;
 - s) storm water management/erosion and sedimentation control by others;
 - t) Any other drawings and/or tests required are to be supplied by customer;
 - u) Geotechnical studies and reports and survey's are by others;
- NO fire extinguishers – provided by others

There are no businesses that sell or distribute liquor, or firearms that would prevent any of the four options to be used as a school.

The triple net payments will be paid by Odyssey Charter School as is outlined in the letters of intent in the three leasing options of Broken Bow, 3000 Pancheri, and 1167 Jones. Bowen Addition would require that Odyssey take care of these items and these are shown in our budget for Bowen Addition.

Experience

BRIGHAM YOUNG UNIVERSITY – IDAHO, Rexburg, ID

Adjunct Teacher in the Humanities and English Departments, Sept. 2005 – July 2008

Taught introductory Western Civilization survey courses in the Humanities Dept. for three terms, and then taught Business English in the English Dept. for two terms. Assisted in developing an online Business English course with recorded lectures, and taught the online class.

MOFFATT THOMAS, Idaho Falls, ID

Legal Secretary, August 2003 – October 2005

Supported a partner and two associates in a litigation and intellectual property practice. Also helped coordinate legal education seminars for local business owners.

ROBIN, BLECKER & DALEY, New York City, NY

IP Legal Secretary, April 2000 – June 2003

Supported two senior attorneys and an associate in the Trademark Department. Assumed many paralegal responsibilities, including client communication, research, and Internet filings.

CLEARPOOL, INC., Brooklyn, NY

K-5 Program Coordinator in Literacy Program, June 1998- August 1999

Was part of the management team in the after school and summer literacy programs at a Beacon elementary school, in the Chancellor's District. Managed over twenty teachers, helped develop curriculum, taught when teachers were absent, and worked one-on-one with students.

MILLER, STARR & REGALIA, Walnut Creek and Redwood City, California

Human Resources and Marketing Assistant / Legal Secretary, March 1993 - August 1997

Worked for two years as a legal secretary in the litigation and transactional departments, and then was asked to join the HR and Marketing team. From April to August, 1997, worked as interim office manager and assisted three attorneys, as we opened a new branch office in Silicon Valley.

Volunteer Work

MONTICELLO MONTESSORI CHARTER SCHOOL – Ammon, ID

Hiring Committee Member (July, 2010) and PFA Volunteer (Jan. 2010 – present)

Assisted in creating interview questions for teacher applicants, and in the interviewing of applicants. Currently I organize community fundraising nights and teach a weekly art class for two teachers.

Education

NEW YORK UNIVERSITY, *M.A. Humanities and Social Thought*, 2000

Masters work included working with 567 students in 12 New York City high schools, to measure how teaching multicultural literature texts impacts high school students' academic performance and patterns of social interaction. Research was authorized and approved by the University Committee on Activities Involving Human Subjects at NYU.

UNIVERSITY OF CALIFORNIA - BERKELEY, *B.A. English*, 1991

Minor in French. Senior seminar on the Irish Conflict; and courses in African-American literature.

Appendix H

~~Start-Up Budgets with Assumptions~~

The start up budget is included in Appendix I and J. The assumptions for the facilities are in Appendix F. The assumptions for various subcontractors are found in the bids and the memoranda of intent in Appendix P. Key budget assumptions are summarized below:

First Year with students (listed as year 2 in budgets):

Minimum expected students – 140

Maximum expected classrooms – 7

All calculations summarized are for Year 1 Worst Case Scenario – Broken Bow; unless otherwise indicated.

Income items:

- State Apportionment: Utilizing the state's 2012 M&O worksheets. ADA of 90%, returns 10.9 support units in grades 6 through 10. Seven instructional staff with an index of 1.0. One administrator with an index of 2.0126.

Required Data Elements for Calculating Salary Based Apportionment
Include only staff paid from General Fund Money (code 10)
For Budgeting Purposes 2011-2012

Charter Number	
Charter Name	Odyssey
Charter February Support Units	10.9
Separate Secondary School Allowance	N/A
Charter Staff Index - Administration	2.01260
Charter Staff Index - Instructional	1
Actual FTE - Administration	1.00000
Actual FTE - Instructional	7.00000
Actual FTE - Noncertified	5.50000
Actual Total Salary - Administration	\$51,500
Actual Total Salary - Instructional	\$210,000
Actual Total Salary - Noncertified	\$73,000
Minimum adj to \$30,000	\$51,709

- State Transportation: Reimbursement is 85% of cost. Annual increase at standard inflation rate. Estimated reimbursement rate was compared to another charter school with similar distances and student demographics. Following are the calculations for estimating cost, as well as the calculation for comparing reasonableness of estimated transportation income.

Mileage rates (based on quote from Teton Stage Lines):

Minimum	\$3.05
Maximum	\$4.10
Rate used for budgeting	\$4.10

Proposed routes (see map):

Bus route #1 (Shelley)	13.4 miles
Bus route #2 (Rigby)	13.9 miles
Add'l mileage for routes	17.7 miles
Mileage one way	<u>45.0</u>

Round-trip total estimated miles per day	90
Times # of school days	176
Total miles per year	<u>15,840</u>
# months in year	9
# of bus routes	2
Estimated miles per month per route	<u>880</u>

Estimated miles per month (2 routes)	1,760
Times estimated mileage rate	\$4.10
Estimated monthly cost	<u>\$7,216.00</u>

Estimated monthly cost	\$7,216.00
# of months	9
Estimated annual cost (Teton Stage Lines)	<u>\$64,944.00</u>

COMPARATIVE ESTIMATE:

Taylor's Crossing busing % of student body (Grades K-12)	44.14%
--	--------

Reimbursable Cost per the Pupil Transportation Statewide Summary for School Year 2009-2010 (annual rate per student)	\$886
--	-------

Student body - year 1	140
Applied % of students busing (Taylor's Crossing)	44%
Estimated bused students	62
Reimbursement rate per student from State	\$886
Total estimated transportation income (# students x rate)	<u>\$54,932</u>
Variance from estimated income through Teton Stage Lines	(270)

Total estimated transportation income	54,932
Estimated transportation reimbursement rate	1
Total estimated transportation cost based on historic reimb rate	<u>64,626</u>
Variance from estimated cost through Teton Stage Lines	(318)

Transportation (continued)

Anticipated routes in the Worst Case Scenario include one to Shelley and one to Rigby:

Bus Route #1 (13.4 miles)

Bus Route #2 (13.9 miles)

In the Most Likely Scenario, an additional route is included in the budget to accommodate additional students. In the Best Case Scenario, one more additional route is included in the budget.

- Lunch: Reimbursement is based on 55% of the students utilizing free or reduced lunch, and 45% paid lunches. Reimbursement rates of \$2.77, \$2.37, and \$0.23 per lunch.

LUNCH

COSTS:

MOI That One Place	\$3.00
MOI Taylor's Crossing	\$2.75

			Rate	Daily		
Estimated total students		140	Reimbursed	Reimbursed	Student Paid	Daily Cost
% of students - paid lunch	45%	63	\$0.23	\$14.49	\$173.25	
% of students - reduced lunch	30%	42	\$2.37	\$99.54		
% of students - free lunch	25%	35	\$2.77	\$96.95		
Total lunches	100%	140		\$210.98	\$173.25	\$385.00

- Grants/Other Revenue: The initial start-up budget includes the Albertson's grant of \$250,000. The First-Year Month-by-Month Cash Flow budget shows how this grant will be utilized in the first year, as well as the First-Year Operating Budget without the grant.

Expense items:

- Salaries: There will be a total of 7 instructors to accommodate 7 classrooms.
- Benefits: PERSI is assumed at 10.5% of gross wages. We are investigating health care plan options, including a medical stipend similar to a program utilized in another charter school. Current budget assumes \$2,400 per FTE.
- Workers' Comp & Unemployment: Rates provided by the State Insurance Fund of \$0.54/\$100 for "professionals" and \$4.81/\$100 for maintenance workers. The board member rate is \$5 each. Unemployment is based on the "new employer rate" of 3.36%, up to \$34,100. No rate adjustments are assumed for subsequent years.

Workman's Comp rates (Per State Insurance Fund):

		Salary	Premium
Professionals (rate per \$100)	0.54	324,500	1,752
Maintenance (rate per \$100)	4.81	10,000	481
Board members (\$2000 * 0.25 / 100 * each member)			25
		334,500	2,258

Unemployment rate (Idaho Department of Labor)

Standard rate for new employers in 2012	3.36%	334,500	
Less excess wages (Base for 2012 is \$34,100)		(17,400)	
(Source http://labor.idaho.gov/dnn/Default.aspx?tabid=709)		317,100	10,655

TOTAL WORKMAN'S COMP & UNEMPLOYMENT	12,913
--	---------------

Total Benefits:

For comparison and reasonableness of amounts budgeted for Retirement/PERSI, Health/Life Insurance, Payroll Taxes, Workers Comp/Unemployment, the total budget of \$106,025 was compared to another charter school as a percentage of total gross wages. Odyssey has budgeted 31.7% of total wages, compared to 26.7% of total wages for the other charter school. This leaves 5% of total wages as a cushion.

- Textbooks: Estimated total cost includes additional books per class/grade level in anticipation of additional students in any given grade level. Price quotes were provided for Math (\$69), Science/Health (\$23), Social Studies (\$23), plus instructor texts. Language Arts and Robotics were estimated at \$10,500 and \$12,020, respectively. The cost of textbooks ~~are~~ is subject to a 3% inflation rate.
- Student Technology: Year 1 provides a computer lab that can service up to 60 students, double the capacity in Year 2. The "host" computer monitors 10 terminals. The host computer would be utilized by the instructor and/or teacher's assistant. Grade 6 would have primary access to the computer lab. Grades 7 through 12 includes 1 to 1 ratio of netbooks to student. Each teacher will have a netbook and printer in the classroom. The Testing and Assessment will be conducted in the Computer Lab. The Albertson's grant is budgeted for Grades 7 through 10 netbooks. The classrooms will utilize the computer lab. Years 2 through 4 add additional netbooks and prices are adjusted for inflation.

	Qty.	Unit Cost	Extended Cost
MULTISEAT SYSTEM COST			
Host computer - quad core, 4GB RAM including monitor and keyboard	1	\$1,500	\$1,500

- Computer Hardware – Admin: 3 computers and 2 printers (one networked and one dedicated) for the Principal, Business Manager, and Office Staff. Computers pre-loaded with standard office software. Computers are scheduled for upgrade in Year 4.

LOCATION	YEAR 1	YEAR 2	YEAR 3	YEAR 4
Administrator (loaded with MS Office)	\$2,500			\$2,500
Business manager (loaded with MS Office)	\$2,500			\$2,500
Office staff (loaded with MS Office)	\$2,500			\$2,500
Networked laser printer	\$1,000			\$1,000
Dedicated laser printer - administrator	\$500			\$500
Router, SonicWall TZ215	\$859			\$859
24 Port Switch, Netgear JGS524	\$249			\$249
(3) Wireless AP, Linksys WAP54G	\$387			\$387
(12) IP Phone, Cisco SPA504G	\$2,028			\$2,028
TOTAL COST	\$12,523	\$0	\$0	\$12,523

- Audits: Total cost is adjusted for inflation in Years 3 and 4.

Type	YEAR 1	YEAR 2	YEAR 3	YEAR 4
Financial audit	\$5,000.00	\$5,000.00		
Program audit	\$1,250.00	\$1,250.00		
Lunch audit	\$400.00	\$400.00		
TOTALS	\$6,650.00	\$6,650.00	\$6,849.50	\$7,054.99

- Licensing & Software: Total cost is adjusted for inflation in Years 3 and 4.

	YEAR 1	YEAR 2	YEAR 3	YEAR 4
2M Data Systems (accounting, payroll, SDE reporting)	3,200.00			
Annual support agreement	450.00	450.00	463.50	477.41
Annual updated fees (payroll & accounting)		840.00	865.20	891.16
OpenSIS - grades, attendance, etc.				
Idaho state reporting - one time fee	1,000.00			
Setup & configuration with 1 hr training - one time fee	500.00			
Monthly licensing	2,388.00	2,388.00	2,459.64	2,533.43
Internet protection (Lightspeed Systems)				
Appliance - one time fee	2,000.00			
1 year license - @ \$20 each per student	2,800.00	3,640.00	3,960.00	4,320.00
1 year license - @ \$20 each for 10 extra computers	200.00	200.00	200.00	200.00
Miscellaneous licensed software (Virus protection, etc.)	1,000.00	1,000.00	1,000.00	1,000.00
	13,538.00	8,518.00	8,948.34	9,421.99

- Gas & Electric: Gas and electrical costs are based on historical costs at each facility. The cost per square foot was increased to \$0.30.

	SF	\$ / SF	YEAR 1	YEAR 2*	YEAR 3*	YEAR 4*
<u>BROKEN BOW PLAZA</u>	6800	\$0.30	\$2,040.00	\$2,101.20	\$2,164.24	\$2,229.16

Appendix K

Student Handbook

The proposed Student Handbook is on the following pages.

Odyssey

Charter School

for grades 6-12

Proposed STUDENT HANDBOOK

Odyssey Charter School is a free public charter school available to all Idaho students with a primary attendance area consisting of Shelley Joint School District #60, Bonneville County, and Jefferson Joint School District #251 with the facility located in Idaho Falls Joint School District #91.

Odyssey Charter School does not discriminate on the basis of race, religion, color, national origin, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, as amended. Any variance should be brought to the attention of the administration through personal contact, letter, phone or e-mail. Note: In case of conflict between Board policies or any provisions of student handbooks, the provision of Board policy is to be followed.

MISSION

We guide young adults to become well-rounded, capable leaders prepared to meet the challenges of the 21st Century.

VISION

Using project-based instruction in the arts and technology as well as real-world opportunities for community service, we create an engaging and challenging learning environment that enables each student to become a competent, compassionate, responsible, and interdependent citizen leader well-prepared for college and for life in the 21st century.

PREFACE

Dear Students and Parents:

The Odyssey Charter School Student Handbook contains information that students and parents are likely to need during the school year. Throughout the handbook, the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

Please be aware that this document is updated periodically since policy adoption and revision is an ongoing process. Therefore, any changes in policy that affect student handbook provisions should be made available to students and parents through newsletters and other communications. These changes will generally supersede provisions found in this handbook because they have been made obsolete by newly adopted policy.

RELEASE OF “DIRECTORY INFORMATION”

Regarding student records, federal law requires that “directory information” on my child be released by Odyssey Charter School to anyone who requests it unless I object in writing to the release of any or all of this information. This includes release of directory information to military recruiters and post-secondary institutions. This objection must be filed within ten school days of the time this handbook was given to my child. Directory information ordinarily includes:

1. student’s name
2. address
3. telephone number

4. date and place of birth
5. participation in officially recognized activities and sports
6. weight and height of members of athletic teams
7. photographs
8. dates of attendance
9. awards received in school
10. most recent previous school attended

Parents or guardians may limit the release of information listed above by contacting the office.

CREDIT CRITERIA FOR ENROLLMENT

MIDDLE SCHOOL 6th-8th GRADES

Middle school students must meet the following criteria to be advanced to the next grade:

- ✧ A student will pass a minimum of eighty percent (80%) of the total credits attempted before the student will be eligible for promotion to the next grade level.
- ✧ Odyssey will require a student to attain, at a minimum, a portion of the total credits attempted in each area in which credits are attempted, except for areas in which instruction is less than a school year, before the student will be eligible for promotion to the next grade level.
- ✧ Students will take pre-algebra before entering the 9th grade.
- ✧ Credit Recovery. A student who does not meet the minimum requirements of the credit system shall be given an opportunity to recover credits by retaking the class or taking another class either at Odyssey or at another accredited school.
- ✧ Students must maintain or exceed ninety percent (90%) attendance in a class in order to pass that class. Attendance time can be made up through arrangements with the principal. The attendance time must be made up before the end of the semester.
- ✧ Special Education Students. The Individualized Education Program (IEP) team for a student who is eligible for special education services under the Individuals with Disabilities Education Improvement Act may establish alternate requirements or accommodations to credit requirements as are deemed necessary for the student to become eligible for promotion to the next grade level.

- ⤴ Limited English Proficient (LEP) students. The Educational Learning Plan (ELP) team for a Limited English Proficient (LEP) students, as defined in Subsection 112.04.d.iv, may establish alternate requirements or accommodations to credit requirements as deemed necessary for the student to become eligible for promotion to the next grade level.

9TH GRADE

To be enrolled as a student at Odyssey Charter School, a student must successfully complete the middle school credits as will be outlined by above. Students who have not completed their middle school graduation requirements will remain in middle school classes until they complete them. They may move up into high school classes at the beginning of a new semester if a position is available.

10TH-12TH GRADE

Students who transfer to Odyssey Charter School or wish to re-enroll in Odyssey Charter School and have been accepted through the enrollment process must complete the following:

Complete at least 10 credits for each grade they have been in from their freshman year. Freshmen need to complete 10 credits, sophomores need 20 credits, etc.

Options: Students who do not have the required credits each year have the following options to meet the minimum credits needed:

1. Take college home study classes (See Counseling Office).
2. Take summer school classes (limited to 2 credits).
3. Complete courses through Idaho Digital Learning Academy.

FOREIGN EXCHANGE STUDENTS

Foreign exchange students wishing to attend Odyssey Charter School will be charged a \$600 tuition fee to attend. This is in addition to any other fees that may be incurred.

RELEASED TIME PRIVILEGE

Students are under the jurisdiction of the school for the entire school day. The only exception to this is for students who participate in a “release time” program. Students who have been granted “release time” and are not at their assigned “release time” program, will be dealt with as if truant from school and their privileges may be revoked.

COMPLAINTS BY STUDENTS / PARENTS

Usually student or parent complaints or concerns can be addressed simply by a phone call or a conference with the teacher. If unresolved, a written complaint and a request for a conference should be sent to the principal. Some complaints require different procedures. The principal's office can provide information regarding specific processes for filing complaints.

CORPORAL PUNISHMENT

No person who is employed or engaged by Odyssey Charter School may inflict or cause to be inflicted corporal punishment on a student. Corporal punishment does not include, and Odyssey Charter School personnel are permitted to use, reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense.

DISTRIBUTION OF NON-SCHOOL MATERIALS

Written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials may not be posted, sold, circulated, or distributed on any school campus by a student or a non-student without the prior approval of the principal. Any student who posts material without prior approval will be subject to disciplinary action. Materials displayed without this approval will be removed.

DRESS STANDARDS

Dress standards are established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Compliance with the dress and grooming standards will help our students to be safer, enable them to focus on learning while at school, and will limit distress for those who are unable to afford rapidly passing fads. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following guidelines and do not create a disturbance or interference to the educational environment:

Commercialism is defined as symbols, brands or slogans referring to products, companies, movies, video games, and television shows.

Media messages include, but are not limited to, movie and television characters, comments or slogans, and screen graphics.

CLOTHING

Bottoms: All students, boys and girls, must wear pants due to the fact that they may be doing much of their work on the floor. Pants must be black, khaki, or dark blue, and can be

any style. Denim pants are not allowed. We ask that all pants be worn above the hips, be clean, and that they have no holes, tatters, patches, fading, commercialism or media messages. The brand name and logo on the exposed, stitched-in tag of denim pants is acceptable at the waist line only. Pants must be worn above the hips and cover all undergarments.

Tops: All students, boys and girls, must wear a solid color, sleeved, collared-polo style shirt. They may choose any **solid** color (no patterns) and any collar style. Shirts must be clean and have no holes, tatters, patches, commercialism or media messages. One **small** embroidered logo like the Lacoste crocodile is OK, but no screen graphics are permitted. Shirts may be tucked or untucked, but must cover all undergarments.

Shoes: All shoes, sneakers, and sandals that have no holes are acceptable. No heels, flip flops, or backless shoes or sandals. No wheels. For safety all shoes and sandals should fasten securely to the foot. Shoes must be worn for health and safety reasons.

Socks: All socks that have no holes are acceptable; but should have no media messages.

Hats: Hats and caps are for outdoor wear only and must be stored during class time.

Winter: When it gets cold, students may wear warm clothing such as beanies, sweaters, cardigans, hooded jackets, coats, etc. of any color and pattern that have no holes or media messages.

All clothing shall be neat, clean and appropriate to the circumstances. Students may be excluded from attending classes when any of the following is worn or evident:

1. Clothing that reveals the midriff
2. Chains or spike-like accessories.
3. Gang-related dress including the following:
 - a. Bandanas: No bandanas of any color will be allowed.
 - b. Sagging: No sagging will be allowed (All pants are to be worn at the waist.) This includes any clothing worn by any student which gives the obvious appearance of sagging where pockets or zippers are seen positioned in the thigh region or below.
 - c. No monikers (nicknames or gang names) on the side or inside of hats.
 - d. Hats will be worn with the brim of the hat over the face of the person wearing it. Hairnets cannot be worn.

- e. Military style or webbing belts, if worn, must be in the belt loop not hanging.
- 4. Oversize full length coats such as dusters or trench coats.
- 5. Body piercings other than for one set of ear rings for girls. No piercings are allowed for boys.

A student whose dress disrupts the educational process will be subject to appropriate discipline.

The administration has the option to contact the parents to deliver a change of clothes while the student waits in the office until the parent arrives, send the student home to change or give them a temporary replacement until school ends.

If there is a cultural or religious issue for a student with respect to the clothing expectations, the school administrator will address this on a case by case basis.

HAIR, GROOMING AND HYGIENE

Hair is to be clean and neat. The length for boys' hair is not to exceed past the collar and off of the ears. All students should have their hair worn so that it is out of their eyes. No distracting hair styles or unnatural colors are acceptable. Students should be clean and free of body odors. Students are welcome to bring a toothbrush with them to school to practice good hygiene habits. If there is a cultural or religious issue for a male student with respect to the length or style of hair the school administrator will address this on a case by case basis.

JEWELRY AND BODY ADORNMENT

No dangling jewelry will be allowed for safety purposes. Girls may wear stud earrings only. Students may wear jewelry that has religious significance to the child as long as it is not dangling and does not become a distraction to the student or to others in the classroom. Necklaces must be worn inside the shirt. No tattoos may be visible.

COMPUTER RESOURCES

Use of computer technology is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these resources; violations of this agreement may result in withdrawal of privileges and other disciplinary action. Students and parents should be aware that electronic communications—e-mail and other computer communications—using school computers are not private and may be monitored by Odyssey Charter School staff.

CLASS CHANGE POLICY

In the spring, students will be registered for the following year. By the time school has ended each student must have a complete schedule for the next year. SCHEDULE CHANGES ARE

\$20.00. (That means any schedule changes made in the fall when school starts will cost the student \$20.00.) The only exception will be if the school or the parents feel that there are some extenuating circumstances and permission from the principal is given for schedule changes. THE DEADLINE FOR ALL CLASS CHANGES IS TWO WEEKS AFTER THE BEGINNING OF EACH SEMESTER. Students may not change classes or drop classes after this two week period. If for some reason a change must be made following the 2 week deadline, an "F" will be given on the transcript and the student will receive NO CREDIT in the class dropped AND the new class entered. Any student who chooses to quit going to a class because they are failing the class, etc., must have administrative approval. Failure to do so could result in a dismissal of the student for the semester and a loss of all credit for that semester.

CHALLENGING A GRADE

Students have a period of three weeks after grades are posted or mailed to question a grade given by a teacher or a grade denied for attendance problems.

CLASS/CREDIT POLICY

Odyssey Charter School students who have fulfilled all the requirements for an Odyssey Charter School diploma (see Graduation Requirements) prior to the day of graduation will be allowed to participate in graduation activities. If a student fails to complete all the requirements by the designated deadline set by the school, he or she will not be eligible to march at the commencement ceremony. A diploma may issued at a later date when the work is complete. Odyssey Charter School students are defined as having taken at least 30 of their credits at OCS or they have recently enrolled and finished their required credits at Odyssey Charter School. Students must have all work fully completed and approved by the faculty before graduation or they cannot march. It does not matter when they finish the 50 credits, they can march at the next graduation exercises. OCS students with "good cause" (extenuating circumstances as approved by administration and counselors) are allowed to graduate.

Students attending another school, who are eligible to graduate through Odyssey Charter School, must make the decision by May 1 to avoid any problems. Foreign exchange students do not receive a diploma, but can receive a certificate of attendance and march in graduation exercises.

CONCURRENT ENROLLMENT POLICY

Students may receive dual credit by taking college classes. These classes need to be approved by the student's counselor. Odyssey Charter School supports concurrent enrollment with the universities. Students desiring to take college credits will also be given elective credit to fulfill

elective requirements for graduation. High school core courses cannot be substituted with college courses unless there is an articulation agreement with the university and the course in question meets the State of Idaho standards.

OTHER INTERESTS

Students who will miss 11 or more days of school to pursue other interests such as being a Congressional Page in Boise or other special situations will need administrative approval. Options are to make up missing work through completion of correspondence courses, or via Idaho Digital Learning Academy.

REPLACING LOW OR FAILED GRADES

There are four options for a student to use to replace a low or failing grade in a class:

1. Repeat the same course at the high school.
2. Take the same course in a local school district's summer school.
3. Take the same course at a local school district night school.
4. Take the same course through IDLA (see counseling office.).

CORRESPONDENCE/HOME STUDY PROGRAMS

Only eight credits of home study will be accepted for graduation. Home studies sponsored by a university need approval from a counselor. Idaho Digital Learning Academy credits also require approval from a counselor. BYU Independent Home study courses must have all assignments and the final test sent to BYU by the second Friday in May. If this deadline is not met, students must make an appointment to go to BYU in Provo, Utah and hand in any missing assignments and take the final test in person on campus. Final grades must be in the Friday before commencement exercises.

GRADUATION REQUIREMENTS

Graduation requirements will be aligned with the latest the laws and codes of the State of Idaho such as IDAPA 08.02.03 104, 105, 106. Odyssey will meet or exceed these requirements.

Core Area	Graduation Requirement
Core of Instruction	30 credits
Electives	16 credits
Total Credits	46 credits (minimum)

Language Arts (English-8 credits and Speech - 1 credit)	9 credits (Speech credit be integrated into the English classes through the presentations of the projects. Students who transfer to Odyssey will need to have 4 language arts credits at Odyssey or take a speech class off campus or online.
Mathematics	6 credits Including Algebra I and Geometry Standards. 2 credits must be taken in the last year of high school
Science	6 credits (4 lab)
Social Studies (US History, Economics, and American Government)	5 credits
Humanities (Interdisciplinary Humanities, Fine Arts, or Foreign Language)	2 credits
Health	1 credit
Senior Project focusing on Community Service Leadership	1 credit See description below.
Post Secondary Readiness Plan	4 Year Learning Plan at the end of 8th Grade
College Entrance Exam	Take either ACT, SAT, or Compass exam by the end of 11th or 12th grade
ISAT	Pass the ISAT with a Score of Proficient or Advanced in Reading and Math, Language Usage, and Science
Online Classes	2 Credits from the list Odyssey will provide. This will take effect for the class graduating 2016.

Project-Based Learning and Community Service

Odyssey will incorporate project based learning that will often incorporate a community service focus, so community service is integrated into Odyssey's classes instead of being a separate class or requirement.

Senior Project/Community Service Leadership

Senior projects will be the culmination of all the skills the student has learned at Odyssey Charter School and will require the student act in a leadership role with the guidance of the teacher. The project will be based on improving the community in some way and will include organizing other people--students and others--to accomplish this goal. The project will require strong academics as well as managerial and organizational skills and will include the following:

1. Research a community need
2. Plan a project to meet that need
3. Organize people to help with the project
4. Written report of the project
5. Oral presentation of the project to a panel of teachers and others

ACCOMMODATIONS

Alternatives to specific course requirements, excluding those identified in IDAPA 08.02.03.105, may be approved by the principal or designee. Students who are eligible for services under the Individuals With Disabilities Act (IDEA) may graduate under alternate graduation requirements outlined on their Individual Education Plan (IEP) as determined by an IEP Team.

PROFICIENCY

Students must (1) pass the ISAT 10 or (2) pass a comparative assessment approved by the Board of Trustees. In addition, each student receiving special education services will include as part of his/her IEP a statement of how the student will demonstrate proficiency in the Idaho Achievement Standards as a condition of graduation, if it is different than meeting proficiency under either #1 or #2 above.

TRANSFER STUDENTS

In order to receive a diploma from Odyssey Charter School, the students must attend Odyssey Charter School the student's senior year or have moved with his/her family from out of the area after the beginning of the second semester of the senior year. All credits applied toward graduation must have been earned from accredited institutions.

EARLY GRADUATION

Any high school student, who completes the number of credits required for graduation prior to finishing the eight semesters of high school work, may petition the Board of Trustees for early graduation providing he/she has the endorsement of the principal and the principal.

GRADUATION OF NON PUBLIC SCHOOL STUDENTS

A nonpublic student must meet all grade and other graduation requirements of Odyssey Charter School in order to graduate and obtain a diploma. In order to graduate and receive a diploma, a nonpublic school student must be a full time student of Odyssey during that student's final semester.

ALTERNATIVE CREDIT OPTIONS

In addition to regular classroom-based high school instruction, students may earn credit through the following means:

CORRESPONDENCE/VIRTUAL/ONLINE COURSES

Correspondence/Virtual/online courses, an option different from the traditional classroom, take place when space, time or both separate the teacher and the learner.

These courses offer educational opportunities that meet students' individual needs and grant them flexibility of learning with respect to time and place. Odyssey Charter School will allow a maximum of eight (8) credits from correspondence/virtual/online courses to be applied toward the completion of graduation requirements. All correspondence credits used in completing graduation requirements shall be from an institution which has received its accreditation from the Northwest Association of Accredited Schools or its affiliates. Only those correspondence/virtual/online courses which are approved in advance by the principal's or designee will be accepted for credit. In unusual or extenuating circumstances, the principal or designee may approve correspondence/virtual/online credits above the maximum, but within the State Board of Education requirements.

IDAHO DIGITAL LEARNING ACADEMY (IDLA)

The Idaho Digital Learning Academy (IDLA) is a legislatively created virtual school created to provide Idaho students with greater access to an assortment of courses while working in collaboration with public schools. IDLA is accredited by the Northwest Association of Accredited Schools and its courses are aligned to Idaho Achievement Standards. Credits earned through the IDLA shall not be subject to the graduation credit limitations specified in Board Policy. Odyssey Charter School will use IDLA classes to supplement its curriculum, provide remedial

academic support, and assist students in fulfilling their parent approved four year high school plan. IDLA courses are an alternative to learning in a traditional classroom.

Characteristics that aid in the success of IDLA students are reading competency, time management skills, intrinsic motivation, and self-discipline.

All students who are academically qualified to take a course for high school credit may enroll in IDLA courses. Registration will be facilitated by the designated Site Coordinator at the school for which the student is zoned to attend or the school the student is attending.

All tuition and registration fees for IDLA courses will be the responsibility of the student and/or parent with the following exceptions:

1. The student is unable to attend school for documented medical reasons.
2. Scheduling conflicts prevent enrollment in a course required for graduation.
3. The IDLA course is not offered within Odyssey Charter School curriculum.
4. The existence of unusual and/or extenuating circumstances as determined by the principal or designee.
5. In any case in which Odyssey Charter School pays tuition for IDLA courses, the student and/or parent is required to place a deposit that is equal to 75% of the tuition and registration fees to cover "drop fees" in the event the student does not complete the course. Upon completion of the course, the deposit will be refunded in full.

Textbooks required for IDLA courses in cases where Odyssey Charter School pays the tuition costs will be provided by Odyssey Charter School.

COLLEGE/UNIVERSITY COURSES

Any credits earned from an accredited post-secondary institution shall be credited toward Idaho State Board of education high school graduation requirements. A three (3) credit course at the post-secondary level shall equate to one and one-half (1.5) high school course credit.

DRUG TESTING POLICY

Odyssey Charter School expects that students who are provided with the opportunity to engage in school-sponsored sporting and other extracurricular activities as representatives of Odyssey Charter School will be drug and alcohol free during their participation in these activities and other extracurricular events will decrease their chances of being injured. It will demonstrate to the rest of the student body their willingness to be drug and alcohol free and their desire to be worthy representatives of Odyssey Charter School.

Drug testing will be for the express purposes of:

1. The health and safety of all students participating in extracurricular activities.
2. The prevention of student involvement with drugs and alcohol.
3. Undermining the effects of peer pressure by providing specific reasons for students to refuse involvement with drugs and alcohol.
4. Possible intervention with and help for students involved with drugs and alcohol by encouraging those involved to seek treatment or rehabilitation. Odyssey Charter School's drug testing policy is to insure that those students who participate in sporting and other extracurricular activity are free from the effects of illegal drugs and alcohol while engaging in such Odyssey Charter School sponsored activities.

Any student in grades eight through twelve participating in interscholastic athletic programs that may be sponsored by Odyssey Charter School and the Idaho High School Activities Association and/or any student whose participation in an extracurricular activity requires that student to leave school grounds as a representative of Odyssey Charter School may be required to be tested. Students can be tested during the fall, winter, spring or year around sport or activity from the first allowable day of practice or activity as determined by the IHSAA or the official school sponsor of the activity to the last day designated for that activity.

Parents who would like a complete copy of Odyssey Charter School's policy may obtain one from the office.

DUAL ENROLLMENT

Students will be allowed to participate in dual enrollment with other public schools within Idaho Falls School District #91. Home schooled and privately schooled students may also enroll. Odyssey only accepts full-time students.

GRADUATION

In honor of those graduating and to lend to the dignity of Commencement Exercises, we have established the following policies:

1. All graduates will be dressed in a uniform manner, i.e. caps and gowns. Graduates will wear slacks, shirt and tie, dresses and appropriate footwear under their gowns.
2. No decorations on the cap or gown that would cause the graduate to draw individual attention including medals, medallions, etc. unless there is administrative approval.
3. Nothing should be brought into the ceremony that could cause a disruption.
4. Guests are asked to dress up for the occasion. Clothes such as shorts, tank tops, well worn denims, etc. are not appropriate.

5. Because of increasingly limited seating and the disturbances small children can make, babysitting arrangements should be made for babies and small children.
6. Please come early enough to find seats. Taping off rows of seats is not fair to the general public. Only official OCS signs will be honored for reserving seats.

TEACHER AIDE CREDITS

Only two credits of T.A. (office, library or teacher aide) are allowed for graduation.

FEES

All fees should be paid the day of registration. Classroom fees for electives (Art, Play Production, Piano, etc.) should be paid within **two weeks** after each semester begins. Fees should be paid in the office. **Receipts should be kept the whole year.** When students produce receipts, the question of payment is cleared up quickly. **Refunds for yearbooks will not be issued after December 1 for any reason.** Unpaid fees are kept on record through the course of high school and must be paid by graduation in order to participate in graduation exercises.

CELL PHONES AND OTHER ELECTRONIC DEVICES

Cell phones are not to be used in the classroom for any reason.

Use of cell phones is limited to breaks. Those wishing to communicate with students by cell phone must understand that they can only respond to text or voice messages at the breaks or lunchtime. Music player devices are a disruption to learning and have no educational value. Students should not bring them to school. ***Personal music player devices and cell phones, if seen or heard between the start of school and the end of school, will be confiscated, taken to the office and returned to parents only. Failure to relinquish a phone or music player device to a staff member is insubordination, a Class II discipline violation.***

The following consequences will also apply:

1st Offense: 1 day lunch detention plus warning of \$10 fine for next offense.

2nd Offense: 3 days lunch detention, \$10 fine, plus warning of \$30 fine on the 3rd offense

3rd Offense: 1 day in-school-suspension, 3 days lunch detention, \$40 fine, plus parental meeting, consideration of being dis-enrolled.

4th Offense: 3-5 day in-school-suspension and recommendation by principal for dis-enrollment.

If an electronic device is lost or stolen, it is not the school's responsibility. The school will pursue the matter as a matter of teaching good character traits such as honesty, etc. Because the

parents and/or student choose to bring the device to school, they are responsible for the care and safekeeping of all electronic devices.

FIRE DRILL/LOCK DOWN INSTRUCTIONS

1. The signal for a fire drill is a loud, continuous horn.
2. When the signal is sounded, evacuate all buildings. Stay away from all buildings. Students should stay with class groups.
3. Leave the building in a calm and orderly manner. Walk quickly. Do not run or loiter.
4. Leave the building through the exit assigned your area of the building.
5. Students on the grounds not in classrooms should move immediately with other students to the nearest evacuation area.
6. When the all-clear signal is given, return to class immediately.
7. In Lock Down situations, students remain in the classroom and follow instructions from the teacher.

CONDUCT

In order for students to take advantage of available learning opportunities and to be productive members of our campus community, each student is expected to:

1. Demonstrate courtesy — even when others do not.
2. Behave in a responsible manner, always exercising self-discipline.
3. Attend all classes, regularly and on time.
4. Prepare for each class; take appropriate materials and assignments to class.
5. Meet Odyssey Charter School or building standards of grooming and dress.
6. Obey all building and classroom rules.
7. Respect the rights and privileges of other students, teachers, and other Odyssey Charter School staff.
8. Respect the property of others, including Odyssey Charter School property and facilities.
9. Cooperate with or assist the school staff in maintaining safety, order, and discipline.

DISCIPLINE POLICY

School personnel will strive to secure individual and group discipline, but should not tolerate insubordination (refusal to obey), lack of proper respect, or improper conduct on the part of a student or students. Such conduct will result in disciplinary action and may lead to suspension or expulsion. School personnel should, in turn, extend to students the same respect and courtesy which they, as employees, have the right to demand. Supervisory personnel must afford students due process prior to taking disciplinary action. Cutting or reducing grades is not

acceptable disciplinary action. Students are charged with the responsibility of abiding by accepted standards of good conduct and discipline while on school property, while participating in any school function or activity, private conveyance or walking. All teachers and/or other supervisory personnel are charged with the responsibility of knowing Odyssey Charter School's policies, procedures, rules and regulations, regulations of the State Board of Education, and the state and city laws.

MINOR OFFENSES: CLASS I

1. The intentional unlawful threat by word or act to do violence to another student, combined with an apparent ability to do so, and doing some act which creates a well founded fear in the person that such violence is imminent.
2. Bullying/harassment shall be defined as any physical, verbal, cyber, or socially aggressive behavior calculated to intimidate, harm, injure, coerce, ridicule, or threaten. Any staff member observing or suspecting bullying behavior shall intervene.
3. Intentionally providing false information to an Odyssey Charter School employee. This includes, but is not limited to student informational data and information directly related to school business.
4. Using profane or obscene language, conduct and/or gestures.
5. Illegal organization. Participation in fraternities, sororities, and secret societies.
6. Excessive unverified absences /tardiness. Not clearing attendance with parents or the office and repeatedly reporting late to school or class.
7. Nonconformity to dress code.
8. Minor disruption on a school bus.
9. Inappropriate public display of affection.
10. Unauthorized absence from class or school.
11. Excessive distraction of other students. Any behavior which disrupts the orderly educational process in the classroom or other school functions.
12. Truancy/sluffing school (refer to verifiable absences)
13. Any other violation which the administrator reasonably deems to fall within this category.

CLASS I DISCIPLINARY ACTIONS:

First Offense: In-school conference and parental contact, when warranted. Specific circumstances may warrant disciplinary action outlined under subsequent offenses.

Subsequent Offense: In-school disciplinary action, such as probation, detention, extra assignments, and/or in-school suspension at the discretion of the administrator. (Note: Circumstances make consequences flexible.)

INTERMEDIATE OFFENSE: CLASS II

1. Battery upon students. Intentionally using physical force or striking another student against the will of the other, or intentionally causing bodily harm to an individual, or observing and or encouraging such behavior without seeking help or trying to stop it.
2. Defiance of school board employee's authority. Any verbal or nonverbal refusal to comply with a lawful direction of a school board employee or volunteer worker.
3. Use of obscene manifestations (verbal, written or gestures) toward another person.
4. Possession and/or use of tobacco products or paraphernalia. Possession on the person, in the locker or desk, or in other effects of the student.
5. Simple assault on school Odyssey Charter School employees. The intentional, unlawful threat by word or act to do violence to the person of an employee, coupled with an apparent ability to do so, and the doing of some act which creates a well-informed fear in such person that violence is imminent.
6. Stealing, larceny, petty theft. The intentional, unlawful taking, concealing, and/or taking away of property valued at less than \$100 belonging to, or in the lawful possession or custody of another.
7. Possession of stolen property. With the knowledge that it is stolen.
8. Trespassing. Willfully entering or remaining in any structure, conveyance, or property without being authorized, licensed or invited, or having been warned by an authorized person to depart, refusing to do so.
9. Vandalism. Intentional action resulting in injury or damages of less than \$100 to public property or the personal property of another.
10. Fighting. Any physical conflict between two or more individuals or observing and/or encouraging the physical conflict without an attempt to break it up or inform authorities.
11. Possession and/or igniting of fireworks.
12. Threats, extortion. Malicious written or verbal threat of injury to the person, property or reputation of another, with the intent to extort money or any pecuniary advantage whatsoever; or with intent to compel the person threatened, or any other person, to do any act or refrain from doing any act against his/her will.
13. Offensive touching of another person.
14. Written or verbal reference to or propositions to engage in sexual acts.
15. Inciting to riot or unapproved assembly.
16. Any other violation which the Administrator reasonably deems to fall within this category.

CLASS II DISCIPLINARY ACTIONS:

First Offense: Parental contact and in-school suspension and/or extended work assignments before or after school and/or suspension for 1-3 days. Any school properties damaged or destroyed by the student will be reimbursed to the school by that student.

Subsequent Offenses: Suspension for 3-5 school days. Special circumstances may warrant a recommendation for expulsion. If so recommended, the expulsion procedures listed will be followed. Any monetary loss to the school incurred by the actions of the student will be reimbursed to the school by that student. Note: Circumstances make consequences flexible.

MAJOR OFFENSES: CLASS III

1. AGGRAVATED BATTERY. Intentionally causing great bodily harm, disability or permanent disfigurement; use of a deadly weapon.
2. DISCHARGING ANY PISTOL, RIFLE, SHOTGUN, AIR GUN OR ANY SUCH DEVICE. THERE WILL BE ZERO TOLERANCE FOR GUNS OR WEAPONS ON SCHOOL PROPERTY.
3. POSSESSION OF WEAPONS. Any instrument, article, or substance which under the circumstances in which it is used, attempted to be used, or threatened to be used, is readily capable of causing serious physical injury or death.
4. FAKE OR TOY WEAPONS. Under certain circumstances, trying to judge the authenticity of a weapon could be a serious matter and could result in a dangerous situation.
5. DRUGS. Unauthorized possession, transfer, use or sale of drugs, drug paraphernalia, or alcoholic beverages.
6. BATTERY UPON SCHOOL SCHOOL EMPLOYEE. The actual unlawful, intentional use of physical force or striking of an employee or volunteer worker against his/her will, or the intentional causing of bodily harm to an employee or volunteer worker.
7. ARSON. The willful and malicious burning of any part of a building or its contents.
8. STEALING, LARCENY, GRAND THEFT. The intentional, unlawful taking, concealing and/or carrying away of property valued at \$100 or more belonging to, or in the lawful possession or custody of another.
9. ROBBERY. The taking of money or property from the person or custody of another by force, violence or assault.
10. BURGLARY OF SCHOOL PROPERTY. Entering or remaining in a structure or conveyance with the intent to remove property, money or other valuables from the premises.
11. CRIMINAL MISCHIEF. Willful and malicious injury or damages at or in excess of \$100 to public property, or to real or personal property belonging to another.
12. INCITING OR PARTICIPATING IN MAJOR STUDENT DISORDER. Leading, encouraging, or assisting in major disruptions which result in destruction or damage of private or public property or personal injury to participants or others.
13. EXPLOSIVES. Preparing, possessing or igniting on Odyssey Charter School property explosives likely to cause serious bodily injury or property damage.
14. BOMB THREATS. Any such communication to an Odyssey Charter School employee which has the effect of interrupting the educational environment.

15. SEXUAL ACTS. Acts of a sexual nature, including but not limited to, battery, intercourse, attempted rape, or rape.
16. EXTORTION. The carrying out of a threat against an employee which causes the victim either to comply with demands or to suffer the results of the threat for noncompliance to demands made with the intent to extort money or any pecuniary advantage whatsoever.
17. ANY OTHER OFFENSE WHICH THE ADMINISTRATOR MAY REASONABLY DEEM TO FALL WITHIN THIS CATEGORY.

CLASS III DISCIPLINARY ACTIONS:

Suspension and recommendation for expulsion by the school administrator, as authorized in the procedures outline. Pending final determination of the matter by the school board, the school may request a two day extension of the allowed five day suspension policy of the school. Circumstances make consequences flexible or stiffer.

DISRUPTIVE ACTIONS

Additional grounds for suspension or expulsion exist in a number of areas classified as "Disruptive Actions". Included in this area are such things as: **fighting**, gambling, **insubordination** (failure to obey or cooperate) **profanity**, possessing and/or distributing of lewd literature, failure to identify yourself to proper authority when asked, and a variety of others. **Students using vulgar language anywhere in the school or at a school activity, will be referred to the administration for discipline.**

Generally, discipline for any of the above offenses will be as follows:

- 1st offense: Parents notified-suspension.
- 2nd offense: Parental conference-suspension and possible expulsion.
- 3rd offense: Parental conference with principal and possible expulsion.

PLAGIARISM/CHEATING IN SCHOOL POLICY

Plagiarism includes any incident in which students claim to have done original work when in fact, they have not. Plagiarism of any type will not be tolerated. Penalties for this offense or any other form of cheating will likely include failure for the class involved, and could include expulsion from school. Any student who encourages plagiarism by showing his/her work on an assignment to another student will be subject to the same penalties. All students must strive to protect their assignments, computer discs and files in order to keep them private and inaccessible to others.

COMPUTER USE

Computers within the school that are available for student use should be used for enhancing or completing classroom assignments.

Odyssey Charter School agrees to comply with all laws and regulations related to the safety of students, including the Protecting Children in the 21st Century Act. Compliance with this Acceptable Use Policy is necessary to ensure the safety and protection of children using online learning tools.

STATEMENT OF OBJECTIVE

While enrolled in Odyssey Charter School or a Odyssey Charter School School (collectively referred to as “the School”), parents, legal guardians, students, Learning Coaches, and staff (collectively referred to as “Users”) will use computer equipment and various programs provided by the School—some of which are accessed by the Internet, and the Internet accessed through the School computer or a computer provided by the Users to participate in the School’s educational program. This policy applies to all Users and outlines the basic rules and requirements with which all Users are required to comply when using the Technology. The User and parent or legal guardian of a minor User will be responsible for compliance with this policy. This Acceptable Use Policy may be updated periodically. The most current version is always available on Odyssey Charter School’s website. Any changes will be effective upon posting of the revised policy. You can tell when this policy was last revised by referring to the “Last Updated” legend at the top of the Acceptable Use Policy page.

USER ACCOUNT, PASSWORD, AND SECURITY

Users of the Odyssey Charter School’s network require a unique user name and password in order to access the system. The unique user name is used to recognize the User in the Odyssey Charter School’s network and allows the Odyssey Charter School’s network to determine the User’s access rights (i.e., what areas of the Odyssey Charter School’s network they are authorized to use).

Users are entirely responsible for maintaining the confidentiality of their user names and passwords. Furthermore, Users are entirely responsible for any and all activities that occur under their accounts. Users must notify Odyssey Charter School immediately of any unauthorized use of their accounts or any other breach of security. Odyssey Charter School will not be liable for any loss that a User may incur as a result of someone else using his or her password or account either with or without the User’s knowledge, and a User may be held liable for losses incurred by Odyssey Charter School or another party due to someone else using his or her account or password. Users may not use another person’s account at any time for any reason.

USE OF INTERNET

Use of the Internet is required in order to access the Odyssey Charter School's network. The Odyssey Charter School's network is a secured system and every effort is made to ensure the quality and safety of its content. All use of the Odyssey Charter School network and other technology supplied by the School must comply with the following:

1. Except where permitted by Odyssey Charter School, the technology is to be used only for School purposes and must comply with this Acceptable Use Policy.
2. Any use of the Technology for the following purposes is strictly prohibited. By using technology provided by the school, you agree that you will NOT:
 - a. display pornographic, obscene, sexually explicit material, or any material harmful to minors
 - b. impersonate any person or entity (through the use of their password or other means), including any employee or representative of Odyssey Charter School
 - c. copy or distribute content included in the Odyssey Charter School's network (including postings on the Message Boards, messages, or curriculum materials, including answer keys) without the owner's permission.
 - d. solicit or collect information about the Users or members of this site, especially for the purpose of transmitting, or facilitating transmission of, unsolicited or bulk electronic email or communications
 - e. use the School-provided communication services in connection with surveys, contests, pyramid schemes, chain letters, junk e-mail, spamming, or any duplicative or unsolicited messages (commercial or otherwise)
 - f. knowingly or purposefully upload files that contain viruses, Trojan horses, worms, time bombs, cancelbots, corrupted files, or any other similar software or programs that may damage the operation of another's computer or property;
 - g. solicit or collect personal information (including name, address, and phone number) from anyone under eighteen (18) years of age without verified parental consent.
 - h. display threatening or offensive material, including using swear words, offensive, vulgar, or obscene language
 - i. display racist, prejudiced, or discriminatory messages or pictures
 - j. violate any state or federal law
 - k. reveal the User's or a minor's personal address, phone number, or similar information to others

- l. violate any copyright, trademark, patent, trade secret, or other intellectual property laws or otherwise use intellectual property of another individual without the owner's permission—this includes providing links to and including other copyrighted or trademarked material from third parties in the LMS (including posting on the Message Boards or other messages) without permission as well as using any trademarks, service marks, or other marks in social media or other websites without the owner's permission
- m. trespass in another's folders, work, or files;
- n. promote commercial activities;
- o. advertise products or engages in political lobbying;
- p. defame, harass, insult, abuse, stalk, threaten, attack, or otherwise violate the legal rights (such as privacy and publicity) of another person or interfere with another person's work, including, but not limited to, sending unwanted messages or e-mail.

Any unauthorized use of the computers (abuse of passwords, tampering with, hacking, etc.) will be dealt with as a Class III disciplinary issue by the administration. The Student have his or her computer network account revoked.

OFF CAMPUS EVENTS

Students at school sponsored off-campus events shall be subject to all rules and regulations. For activities requiring bus transportation, students must ride the bus to the activity. In extenuating circumstances, with the permission of the coach /advisor, a parent could provide transportation for their student only. Students who ride the school bus to off-campus events must return on that bus unless the **parent** is there at events and personally contacts the person in charge and takes their son/daughter with them.

DUE PROCESS

When an incident of misconduct occurs, a student shall be given written or verbal notice of charges and an opportunity to present their version of the incident. Supervisors must give each student the opportunity to defend the charges of misconduct prior to disciplinary action. Such procedures must be reasonable, fair, and lead to reliable determination of the factual issues involved. Students will be advised of their right of appeal. This appeal should be handled through the proper line of authority: First the principal and then to the Board of Directors as the final appeal.

SMOKING/DRINKING/DRUGS

Idaho Law states that it is unlawful for minors to possess tobacco in any form, alcohol, or drugs. The codes further state that students who engage in behavior that is incorrigible or whose conduct is disruptive may be denied attendance by suspension and expulsion. Students over the age of 18 or who are minors are not allowed to possess or use any of these items on campus or at any school sponsored activity. The following action will be taken with students who choose to disregard this policy:

(Circumstances make consequences flexible.)

1st offense: Call resource officer, call parents, fine, intervention program, suspension

2nd offense: Call police, call parents, fine, intervention program, 3 day suspension, visit with the principal

3rd offense: Call police, call parents, fine, intervention program, 5 day suspension, possible dis-enrollment.

EXTRACURRICULAR ACTIVITY CONDUCT POLICY

Odyssey Charter School is striving to maintain a variety of extracurricular activities where students are given the opportunity to demonstrate their abilities and find success in participation. Students who are involved in extracurricular activities are expected to work hard, keep high standards, make sacrifices, and be well disciplined as they represent their group and school.

IN COMPETITION

Students should never use profanity or shady tactics. Losing is an unavoidable part of competition and a person should be gracious in defeat and modest in victory. It is always courteous to congratulate the opponent on a job well done whether in defeat or in victory. Immature persons often display temper tantrums, poor sportsmanship, and foul language when things fail to go their way. A respected competitor is in control at all times and will take discipline without grumbling or complaint.

IN THE CLASSROOM

Academic Eligibility.

All students participating in extracurricular activities should strive for quality in academic work. To be eligible to participate, **students must have received passing grades in at least 5 out of 6 classes of the previous semester.** In order to remain eligible through the season of participation, students must maintain passing grades in 5 classes. **If Release Time is offered in the future, Release Time does not count as one of the six classes.**

Attendance

Regular class attendance must be a top priority. State law requires:

A student between the ages of 7 and 16 must attend school unless the student is otherwise legally exempt or excused. School employees must investigate and report violations of the state compulsory attendance law. A student absent from school without permission, from any class or from required special programs, will be considered truant and subject to disciplinary action. Truancy may also result in assessment of a penalty by a court of law against the student and his or her parents.

Absences that are the result of extenuating circumstances may be excused:

- An extracurricular activity or public performance, approved by Odyssey Charter School's Board of Trustees.
- A documented health care appointment — if the student begins classes or returns to school on the same day as the appointment.
- A temporary absence resulting from any cause acceptable to the teacher, or principal including personal illness, or illness or death in the immediate family.
- A juvenile court proceeding documented by a probation officer.
- An absence required by state or local welfare authorities.
- A family emergency or unforeseen or unavoidable instance requiring immediate attention.

When a student must be absent from school, the student — upon returning to school — must bring a note, signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted. A student absent for any reason should promptly make up specific assignments missed and/or complete additional in-depth study assigned by the teacher. Class time is essential to learning. Doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time.

Excessive absences and truancy will jeopardize eligibility and position.

Athletes who do not come to school the day of competition will not participate in the scheduled competition that day or evening. **A student can miss no more than 2 periods on a game day or they are ineligible for participation on that day regardless of reason.**

Trips

On trips, we represent our school and community. Students are a responsibility to their coach or supervisor and must abide by the rules and regulations established. All school rules apply on trips.

PHYSICAL CONDITION

Students are expected to keep themselves in top physical condition for the activity they are participating in. All students are expected to refrain from the use of drugs, alcoholic beverages,

and tobacco (smoking and chewing). To provide consistency, the following steps will be followed:

- The first time it is discovered that a participant has used or is using any of the above substances during the activity season, the student will automatically be suspended from participation for a specified amount of time and/or number of contests as determined by the person in charge.
- If the student chooses to disregard this policy a second time, they will automatically be removed from participation for the remainder of the school year.

MISCELLANEOUS AREAS

- School equipment: Students are responsible for the care and return of all equipment checked out to them.
- Missing practice, rehearsals, etc.: Missing a practice or competition without good reason, particularly without notifying the one in charge may result in suspension or dismissal from the activity. It is not only required but just good responsible behavior.
- All students participating in extracurricular activities must purchase a student body activity card.
- Letters and awards: The head coach/advisor for each area shall recommend requirements for lettering. At the end of the season, a list of names shall be submitted to the athletic director of those qualifying for lettering or awards. Students removed from participation or who drop out on their own will forfeit all awards.
- Students involved in after school activities such as drama, yearbook, etc., will not be allowed in the building after 12 am, with the exception of students who are cleaning up after a dance.

IMPLEMENTATION

The coach or advisor is responsible for implementing this policy and is responsible for the physical well being of the students he/she is working with. Students are to be prepared for competition so they can participate safely and meet the demands of the activity; both physically and mentally. Students are responsible for learning the rules and regulations and reading this policy. They should understand the dangers, obligations, and commitments involved before participation.

CAFETERIA SERVICES

Odyssey Charter School will participate in the National School Lunch Program and offers students nutritionally balanced sack lunches daily. Free and reduced-price lunches are available

based on financial need. Information about a student's participation is confidential. You can obtain an application for Free and Reduced-price meals from the office.

COMMUNICABLE DISEASES / CONDITIONS

To protect children from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents of a student with a communicable or contagious disease should phone the school nurse or principal so that other students who may have been exposed to the disease can be alerted. These diseases include, but are not limited to:

- Amebiasis
- Campylobacteriosis
- Chickenpox
- Colorado Tick Fever
- Gastroenteritis
- Hansen's disease
- Hepatitis
- Influenza
- Malaria
- Measles
- Meningitis
- Pinkeye
- Salmonellosis
- Scabies
- Streptococcal disease
- Chlamydia
- Diphtheria
- Giardiasis
- Lyme disease
- Mumps
- Ringworm of the scalp
- Rubella (German Measles)
- Syphilis
- Shigellosis
- Tuberculosis
- Whooping Cough(Pertussis)

CRISIS RESPONSE PLAN

Our primary objective is to attend to the health and welfare of your child/children in the event of a crisis. In most emergencies, your child/children will remain and be cared for at the school. In the rare event of an emergency affecting the school building that prohibits re-entry to the building (such as a broken water main or a fire), students will be accompanied to a predetermined alternate site. We ask that you follow this procedure if you hear of any school emergency:

- If you have Internet access, check the School web site: www.idahoscitech.com.
- Radio stations: 97.7 KLCE, Z101 K-Bear, Z103, or 105.5 The Hawk.
- Television Stations: Channels 3, 6, or 8 will also be posting updates on school conditions.
- Please do not come to school unless requested to pick up your child at school. Any emergency involving your child's school may mean emergency vehicles and workers must be able to get into the building. If the emergency necessitates relocation of staff and students, you will be informed via the media.
- If a student is injured, we will be calling the parents at home or work

SCHOOL DRIVING AND PARKING REGULATIONS

- All vehicles that have the possibility of being driven to school by students will need to be registered by license plate number.
- Parking is strictly limited to the student parking area. No student vehicles are permitted in the faculty parking area. All signs and curb markings are to be obeyed. Red is no parking no matter what, white indicates faculty parking, and yellow indicates student parking.
- To facilitate identification, automobiles are to be parked front end in first. A student parking permit will be given to verify parking privileges. Cost will be \$10.00 per tag per year. Any vehicles parked on school property during the school day
- without tags will be cited. ***Parking permits must be visible in the front windshield.***
- There is no loitering in the parking lot and visitors must check in at the office.
- The maximum posted speed limit is 15 mph. Any speed exceeding this will be cited as careless or reckless driving.
- Student vehicles may be subject to search if there are reasonable grounds to believe that drugs, alcohol, stolen property or other contraband might be present in that vehicle.
- Parking regulations are strictly enforced. It is considered a privilege to park on school grounds. Suspension of driving privileges, towing of vehicles and/or suspension from school may occur when violations of these regulations occur.

- Traffic and parking fines must be paid within 5 school days of date of issue. Failure to do so can result in the loss of driving privileges on school grounds. Fines are paid in the main office. Fines not paid within the month the citation is given are subject to doubling or tripling depending on the length of time.
- Vehicles parked in the fire lane or parked in such a way as to block traffic flow are subject to towing without warning. It is the responsibility of the owner to contact the towing company and pay towing fees.

Students have the right to contest any citation. It must be done within two days of date of issue. A designated administrator will handle all contested citations.

FEES

Materials that are part of the basic educational program are provided with state and local funds and are at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and PE clothing. Students may be required to pay certain other fees or deposits, including:

- Membership dues in voluntary clubs or student organizations and admission fees to extra-curricular activities.
- Materials, equipment, and apparel used for electives and extracurricular activities.
- Voluntarily purchased pictures, publications, yearbooks, etc.
- Fees for lost, damaged, or overdue library books.

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the office.

FUNDRAISING

Student clubs or classes, outside organizations, and/or parent groups occasionally may be permitted to conduct fund-raising drives for approved school purposes. An application for permission must be made to the office at least 10 days before the event.

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical, personal or religious reasons, the student will not be immunized. The immunizations required are: diphtheria, pertussis, rubeola (measles), rubella, mumps, poliomyelitis and tetanus. Haemophilus influenzae type B is required. A student who transfers into Odyssey Charter School may photocopy immunization records in the possession of the

school of origin. Odyssey Charter School will accept the photocopy as evidence of the immunization. Within thirty (30) days after a transferring student ceases attendance at the school of origin, Odyssey Charter School must receive the original immunization records for the student who transfers into Odyssey Charter School.

If a student's religious or personal beliefs conflict with the requirement that the student be immunized, the parent must complete a signed exemption form (obtained in the office). This form must be renewed yearly.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by an Idaho licensed physician stating that, in the doctor's opinion, the immunization required would be harmful to the health and well being of the student or any member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

INSURANCE

Even with the greatest precaution and the closest supervision, accidents can and do happen at school. They are a fact of life and a part of the growing up process children go through. Parents need to be aware of this and be prepared for possible medical expenses that may arise should their child be injured at school. Odyssey Charter School does not provide medical insurance to automatically pay for medical expenses when students are injured at school. Odyssey carries only legal liability insurance.

LAW ENFORCEMENT

QUESTIONING OF STUDENTS

When law enforcement officers or other lawful authorities wish to question or interview a student at school:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student.
- The principal ordinarily will make reasonable efforts to notify parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.
- The principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation.

STUDENTS TAKEN INTO CUSTODY

State law requires Odyssey Charter School to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- To comply with a properly issued directive to take a student into custody.
- By an authorized representative of Child Protective Services, Idaho Department of Protective and Regulatory Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Idaho Code relating to the student's physical health or safety.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the Board President and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a custody action, notification will most likely be after the fact.

MEDICINE AT SCHOOL

A student who must take prescription medicine during the school day must have a Medical Release form on file (available in the office), and the medicine in its original, properly labeled container, to the office. The principal or secretary will either give the medicine at the proper times or give the student permission to take the medication as directed. All dispensing of medication will be documented accordingly.

PARENT INVOLVEMENT, RESPONSIBILITIES, AND RIGHTS

Odyssey Charter School believes that the best educational result for each student occurs when all three partners are doing their best: the Odyssey Charter School staff, the student's parent(s) or guardians, and the student. Such a partnership requires trust and much communication between home and school. To strengthen this partnership, every parent is urged to:

- Encourage his or her child to put a high priority on education and commit to making the most of the educational opportunities the school provides.
- Review the information in the student handbook with his or her child and sign and return the acknowledgment form(s) and the directory information notice. A parent with questions is encouraged to contact the office.
- Become familiar with all of the child's school activities and with the academic programs, including special programs, offered by Odyssey Charter School.
- Discuss with the counselor or principal any questions, such as concerns about placement, assignment, or early graduation, and the options available to the child. Monitor the child's academic progress and contact teachers as needed.
- Attend scheduled conferences and request additional conferences as needed. To schedule a telephone or in person conference with a teacher, or the principal, please call the school office for an appointment. A teacher will usually arrange to return the call or meet with the parent during his or her conference period or at a mutually convenient time before or after school.
- Exercise the right to review teaching materials, textbooks, and other aids, and to examine tests that have been administered to his or her child. [See Protection of Student Rights]
- Become a school volunteer. For further information, contact the office.
- Participate in campus parent organizations. Parents have the opportunity to support and be involved in various school activities, either as leaders or in supporting roles.
- Offer to serve as a parent representative on planning committees formulating educational goals and plans to improve student achievement. For further information, contact the office.

PHONE CALLS/MESSAGES/DELIVERIES

Parents should not call students except in cases of real emergency. Parents should not contact the student directly during school hours. Instead, the parent should contact the office and the school will contact the student to return the parent's call. Student-to-student messages are not delivered by the office. Prior to bringing a delivery to the office, it is asked that the delivery be prepared with the first and last name of the student clearly labeled and adhered to the delivery. Deliveries should be limited to items needed for school. Flowers and other items not needed for schoolwork will not be delivered. While every effort is made to place deliveries and messages, circumstances may prohibit delivery.

PROMOTION AND RETENTION

The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, performance based on standard achievement tests or other testing. A student shall not be promoted based on age or other social reason not related to academic performance.

PROTECTION OF STUDENT RIGHTS

Surveys: Parents have the right to inspect any survey or evaluation and refuse to allow their child to participate in such survey or evaluation.

Instructional Materials: Parents have the right to inspect instructional materials used as a part of their child's educational curriculum, within a reasonable time. This does not include academic tests or assessments.

Collection of Personal Information from Students for Marketing

Odyssey Charter School will not administer or distribute to students any survey or other instrument for the purposes of collecting or compiling personal information for marketing or selling such information, with the exception of the collection, disclosure, or use of personal information collected for the exclusive purpose of developing, evaluating, or providing educational products/services for, or to, students or educational institutions. Pursuant to federal law, Odyssey Charter School will not request, nor disclose, the identity of a student who completes any survey or evaluation (created by any person or entity, including Odyssey Charter School) containing one or more of the following:

- Political affiliations.
- Mental and psychological problems potentially embarrassing to the student or family.
- Sexual behavior and attitudes.
- Illegal, antisocial, self-incriminating, and demeaning behavior.
- Criticism of other individuals with whom the student or the student's family has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of students or the student's parent/guardian.
- Income, except when the information will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

RELEASE OF STUDENTS FROM SCHOOL

A student will not be released from school at times other than at the end of the school day except with permission from the principal or designee and according to the building sign-out procedures. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

A student who will need to leave school during the day must bring a note from his or her parent that morning. A student who becomes ill during the school day should, with the teacher's permission, report to the office or school nurse. The administrator or nurse will decide whether or not the student should be sent home and will notify the student's parent.

REPORT CARDS, PROGRESS REPORTS, AND CONFERENCES

Written reports of absences and student performance in each class or subject are issued to parents on Parent-Teacher Conference nights. Please see our academic calendar for the dates of Parent-Teacher Conferences.

SAFETY

ACCIDENT PREVENTION

Student safety on campus and at school-related events is a high priority of Odyssey Charter School. Although Odyssey Charter School has implemented safety procedures, the cooperation of students is essential to ensure school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this handbook, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report safety hazards, such as intruders on campus.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, and other Odyssey Charter School employees who are overseeing the welfare of students.
- Report to teachers or administrators and unsafe situation or equipment the student has concerns about.

EMERGENCY MEDICAL TREATMENT AND INFORMATION

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school will need to have written parental consent to obtain emergency medical treatment and information about allergies to medications, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up to date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the office to update any information.

DRILLS: FIRE AND OTHER EMERGENCIES

From time to time, students, teachers, and other Odyssey Charter School employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

EMERGENCY SCHOOL CLOSING INFORMATION

In the event that school must be closed unexpectedly due to severe weather, epidemic, or other emergency, families will be notified by email and cell phone text (if enrolled with txtwire—contact the office for more information). We will post the closure along with information about the expected date we will reopen on our website and contact local media outlets to broadcast the information as well.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, Odyssey Charter School officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

The Director, principal, teacher (authorized personnel) may detain and search any student or students on the premises of the public schools or while in transit to any event or function sponsored or authorized by the school when that authorized person has reasonable suspicion that the student may have on the students' person or property, alcohol, dangerous weapons, controlled dangerous substances as defined by law, stolen property if the property in question is reasonably suspected to have taken from a student, a school employee or the school during school activities or any other items which have been or may reasonably be disruptive of school operations or in violation of student discipline rules and applicable provisions of the student handbook.

SCHOOL-APPROVED STORAGE AREAS

School-provided storage areas are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of the assigned storage areas. Searches of storage areas may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by Odyssey Charter School policy, whether or not a student is present. Periodic general inspections of storage areas may also be conducted at random, in accordance with law and Odyssey Charter School policy. The principal may request the assistance of law enforcement personnel or private individuals to conduct inspections and searches through the use of specially trained dogs.

SEXUAL HARASSMENT / SEXUAL DISCRIMINATION

Odyssey Charter School encourages parental and student support in its efforts to address and prevent sexual harassment and sexual discrimination in the public schools. Students and/or parents are encouraged to discuss their questions or concerns about the expectations in this area with a teacher, and/or the principal.

Students must not engage in unwanted and unwelcome verbal or physical conduct of a sexual nature directed toward another student or an Odyssey Charter School employee. This prohibition applies whether the conduct is by word, gesture, or any other sexual conduct, including requests for sexual favors. All students are expected to treat other students and Odyssey Charter School employees with courtesy and respect; to avoid any behaviors known to be offensive; and to stop these behaviors when asked or told to stop. A substantiated complaint against a student will result in appropriate disciplinary action, according to the nature of the offense.

Odyssey Charter School will notify the parents of all students involved in sexual harassment by student(s) when the allegations are not minor, and will notify parents of any incident of sexual harassment or sexual discrimination by an employee. To the greatest extent possible, complaints will be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation.

A complaint alleging sexual harassment by another student or sexual harassment or sexual discrimination by a staff member may be presented by a student and/or parent in a conference with the principal or with the Title IX coordinator. The parent or other advisor may accompany the student throughout the complaint process. The first conference with the student ordinarily will be held by a person of the same gender as the student. The conference will be scheduled and held as soon as possible. The principal will conduct an appropriate investigation. The student will not be required to present a complaint to a person who is the subject of the complaint.

If the resolution of the complaint by the principal is not satisfactory to the student or parent, the

student or parent may, within fifteen calendar days of the principal's decision, request present a complaint to the Board.

Prior to this appeal, the student and/or parent must submit the complaint in writing and must include (1) a complete statement of the complaint, (2) any evidence supporting the complaint, (3) a statement about how the matter should be resolved, (4) the student's and/or parent's signature and the date of the conference with the principal, the principal's designee, or the Title IX coordinator. Following the receipt of the appeal, the matter shall be placed on the agenda at the next regularly scheduled Board meeting. Information on the procedure for addressing the Board can be obtained from the principal's office.

SCHOOL BOOKS AND MATERIALS

Board-approved materials and books are provided free of charge for each subject or class, however please note they are VERY expensive. Materials and books must be cared for by the student as directed by the teacher. A student who notices damage to a material or book should report the damage to the teacher. Any student failing to return a book issued by the school or damaging materials or books issued by the school may be charged to replace the material or book.

SPECIAL PROGRAMS

Odyssey Charter School provides special programs for gifted and talented students and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in Odyssey Charter School or by other organizations. A student or parent with questions about these programs should contact the office.

STUDENT RECORDS

A student's school records are confidential and are protected from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters Odyssey Charter School until the time the student withdraws or graduates. A copy of this record moves with the student from school to school. By law, both parents, whether married, separated, or divorced, have access to the records of a student who is under 18 or a dependent for tax purposes.

A parent whose rights have been legally terminated will be denied access to the records, if the school is given a copy of the court order terminating these rights.

The principal is custodian of all records for currently enrolled students and for students who

have withdrawn or graduated. Records may be reviewed during regular school hours, upon completion of the written request form. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. If circumstances prevent a parent or eligible student from inspecting the records, Odyssey Charter School will either provide a copy of the requested records or make other arrangements for the parent or student to review the requested records.

Parents of a minor or of a student who is a dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have general access to a student's records. "School officials with legitimate educational interests" include any employees, agents, or Trustees of Odyssey Charter School; cooperatives of which Odyssey Charter School is a member; or facilities with which Odyssey Charter School contracts for the placement of students with disabilities, as well as their attorneys and consultants, who are:

1. Working with the student;
2. Considering disciplinary or academic actions, the student's case, an individual education plan (IEP) for a student with disabilities under IDEA, or an individually designed program for a student with disabilities under Section 504;
3. Compiling statistical data; or Investigating or evaluating programs.

The parent's or student's right of access to and copies of student records does not extend to all records. Materials that are not considered educational records, such as teachers' personal notes on a student that are shared only with a substitute teacher, records pertaining to former students of Odyssey Charter School, and records maintained by school law enforcement officials for purposes other than school discipline do not have to be made available to the parents or student.

Certain officials from various governmental agencies may have limited access to the records. Odyssey Charter School forwards a student's records on request and without prior parental consent to a school in which a student seeks or intends to enroll. Records are also released in accordance with court order or lawfully issued subpoena. Unless the subpoena is issued for law enforcement purposes and the subpoena orders that its contents, existence, or the information sought not be disclosed, Odyssey Charter School will make a reasonable effort to notify the parent or eligible student in advance of compliance.

Parental consent is required to release the records to anyone else. When the student reaches 18 years of age, only the student has the right to consent to release of records. Students over 18, and parents of minor students may inspect the student's records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If Odyssey Charter School refuses the request to amend the records, the requestor has

the right to ask for a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Parents or the student have the right to file a complaint with the U.S. Department of Education if they believe Odyssey Charter School is not in compliance with the law regarding student records.

Copies of student records are available at a cost of per page, payable in advance. Parents may be denied copies of a student's records (1) after the student reaches age 18 and is no longer a dependent for tax purposes; (2) when the student is attending an institution of post-secondary education; (3) if the parent fails to follow proper procedures and pay the copying charge; or (4) when Odyssey Charter School is given a copy of a court order terminating the parental rights. If the student qualifies for free or reduced-price meals and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record will be provided at no charge.

Certain information about Odyssey Charter School students is considered directory information and will be released to anyone, including military recruiters and/or post-secondary institutions, who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about the child. The opportunity to exercise such an objection was provided on the form signed by the parent to acknowledge receipt of this handbook. Should circumstances change; the parent can contact the principal to indicate his or her desire to change the original request. Directory information includes: a student's name, address, telephone number, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, photographs, and dates of attendance, awards received in school, and most recent previous school attended.

SPECIAL EDUCATION RECORDS

Parents of a student with disabilities who has been provided special education services by Odyssey Charter School will be notified when any information that specifically identifies the student is no longer needed. If the parent requests destruction of the information and the time established by law for retention has expired, the records will be destroyed. However, if the retention period established by law has not expired, the material will be deleted from the records but the records will be maintained until the time has expired.

TRANSCRIPT/GRADING POLICY

Once a grade is on a transcript (class is completed) the grade cannot be dropped. The only way to change a grade on a transcript is to RETAKE THE EXACT SAME CLASS. There is no credit for the replaced grade.

When required classes are repeated (usually in math) and both credits are kept, any one grade is the required grade and the other grade is an elective grade/credit. An “F” grade is given when a student exceeds the 10 allowable absences in a semester or loses credit because of unverified or unexcused absences.

TRANSPORTATION

SCHOOL SPONSORED TRIPS

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent personally requests that the student be permitted to ride with the parent, or the parent presents — before the scheduled trip — a written request that the student be permitted to ride with an adult designated by the parent.

TRANSPORTATION TO AND FROM SCHOOL

Odyssey Charter School makes school bus transportation available at no cost to students enrolled in the charter school and reside between 1.5 miles from to 15 miles from the school, or whatever distance state law requires in the future.

Students are expected to assist the busing personnel in ensuring that buses remain in good condition and that transportation is provided safely. When riding school buses, students are held to behavioral standards established in this handbook.

Students must:

- Follow the driver’s directions at all times.
- Enter and leave the bus in an orderly manner at the designated bus stop.
- Keep feet, books, band instrument cases, and other objects out of the aisle.
- Not deface the bus or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus.
- Wait for the driver’s signal upon leaving the bus and before crossing in front of the bus.

When students ride in a school van or passenger car, seat belts must be fastened at all times. Misconduct will be punished and bus-riding privileges may be suspended.

VIDEORECORDING OF STUDENTS

Video cameras may be used in locations as deemed appropriate by the principal to ensure the health, welfare, and safety of all staff, students, and visitors and to safeguard Odyssey Charter School facilities and equipment. Students in violation of Board policies, administrative regulations, building rules, or law shall be subject to appropriate disciplinary action. Others may be referred to law enforcement agencies. Video recordings may become a part of a student's educational record. Odyssey Charter School shall comply with all applicable state and federal laws related to record maintenance and retention.

VISITORS

Parents and others are welcome to visit Odyssey Charter School. For the safety of those within the school, all visitors must first report to the principal's office. Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.

EXTRACURRICULAR ACTIVITIES & ADVISORS

(TBA)

Appendix L

List of Potential Students and Interested People

The founders of Odyssey Charter School realize that the list below is of potential students and interested people and that many of them may not actually attend the school, but the list shows the interest in the community for a new school serving the secondary grades. The founders are confident that they will be able to attract many more potential students after the approval of the petition.

As of the submission of this petition, we have the following breakdown of potential students:

- 6th grade: ~~35~~6
- 7th grade: ~~62~~3
- 8th grade: 48
- 9th grade: ~~43~~5
- 10th grade: 24

This gives us a total of ~~211~~ 216 students as of ~~August 15~~ September 5, 2012. This is with no advertising budget other than what the founders donate. Also, this is with more than a year from the proposed opening date.

Appendix M

District 93's Letter of Referral to the Public Charter School Commission

The Letter of Referral from Idaho Falls Joint School District 91 is on the following page.

October 5, 2011

Odyssey Charter School Audit Committee Recommendations:

In evaluating this petition, the Odyssey Charter School Audit Committee, for the most part, used a rubric provided by the School Choice Coordinator of the Idaho State Department of Education. A copy of the rubric is attached. The Audit Committee also reviewed public comment and testimony from the public meeting on the Odyssey Charter School Petition held by the Falls School District #91 Board of Trustees on September 27, 2011. In addition, the committee included additional information provided by the petitioners at a separate meeting with the audit committee held on October 4, 2011.

The idea of a charter school that focuses on the arts using a project-based model has merit. However, the Odyssey Charter School petition lacks the sufficient detail needed to guarantee successful implementation. In addition, the governance, oversight and support of such a school would tax the district's existing resources, and result in additional costs for the district. At this time, the district is also considering a project-based magnet school that is more robust and uses a model that has been successfully replicated around the country and has proven results.

The Odyssey Charter School Audit Committee recommends the Idaho Falls School District #91 Board of Trustees refer the petition to the public charter school commission. The committee also recommends the petitioners address the concerns identified in the attached rubric prior to submitting the petition to the public charter school commission.

Committee Members:

Trina Caudle (Chair), Director of Secondary Education

Karla LaOrange, Director of Elementary Education

Carrie Smith, Director of Human Resources & Finance

Gail Rochelle, Director of Student Achievement & School Improvement

Lisa Sherick, Director of Student Services

Margaret Wimborne, Communications and Community Engagement

Boise, ID 83720-0027

RE: Odyssey Charter School Petition

Dear Commissioners,

This letter is to inform you of the decision made by the Board of Trustees on October 11, 2011 during an open meeting, until the formal minutes can be approved in November, to refer the Odyssey Charter School petition to the public charter school commission. The petitioners were in attendance at the meeting and have also been given a copy of the audit committee's review rubric.

The district's Audit Committee evaluated the petition, reviewed public comment and testimony from a public hearing held by the Idaho Falls School District #91 Board of Trustees on September 27, 2011 and considered additional information provided by the petitioners at a separate meeting with the audit committee on October 4, 2011 before making recommendations to the Board of Trustees for their decision.

The Audit Committee also recommended the petitioners address the concerns identified in the rubric prior to submitting the petition to the public charter school commission.

Sincerely,

A handwritten signature in cursive script that reads "Debbie Wilkie".

Debbie Wilkie
Administrative Assistant

Appendix N

Plan for Inexpensive Technology

In the past, schools and businesses were required to invest huge amounts of money on computers and servers that used name brand software. Schools then had to hire experts who could keep everything running and in compliance with the software agreements. That is no longer the case. Today, schools and businesses can be “lean and mean” by using freeware or online applications that are available for little or no cost. Certainly some educational software requires Windows, but the vast majority of Odyssey’s computing needs can be done without it.

As a new school, Odyssey Charter School is not locked into expensive legacy technology like such as Microsoft products and Power School. Odyssey can take advantage of new technology without needing to worry about integrating it into established systems.

Odyssey Charter School plans to integrate technology inexpensively and will direct savings in from other areas into technology.

Savings That Can be Directed into Technology

One of the reasons that technology is expensive for schools is that traditional methods of disseminating information are used. The use of reams of paper and leased copying machines to prepare worksheets and reading material can cost over fifty thousand dollars a year. Many of these copies are used one time and then thrown away. Also, improvements on the worksheets can only be accomplished by throwing away the old copies and printing them again. Teachers often print more copies than the students need, since the students lose their copies and need more. Putting school information online, so that it can be accessed on an interactive whiteboard, on a computer, or on a tablet, is less expensive than paper copies. Also, putting information online allows for constant improvements at a lower cost, and greater interaction with the reading material and video content that paper textbooks and learning materials can not achieve. Odyssey will strive to be a paperless school. The huge expense of paper and copying machine contracts can be saved and channeled into the technology budget.

Also, many textbook companies offer online versions of their textbooks for a minimal cost if the school buys a paper version of the text. Using both paper and online versions of the textbooks allows Odyssey to basically get two textbooks for the price of one. It also allows students to access the textbook online from home, without needing to take a paper version home.

Hardware

Hardware is an area where prices drop every six months as new technology comes into the marketplace. Many laptops are now less expensive than desktop computers. Tablet computers like Barnes and Nobel's Nook presently sells for \$179, and Google makes a tablet for \$199. Prices on such devices will probably drop even further in the next year-and features on new tablets will increase.

Other innovative products are making computing hardware less expensive. One possible way Odyssey can save money on computer hardware is by using a product called Useful Multiseat, and also by acquiring used computers and accessories from other companies as they upgrade.

Useful Multiseat enables one computer to act as a server for 11 separate terminals for about \$150 a terminal. Each terminal works independently of the others and can run different web pages and different applications. This allows more students to access the Internet, and allows students to access their Google Docs files for a much lower cost than providing one computer for each student.

Odyssey will seek out surplus computers from area businesses like the Idaho National Laboratory's Education and Research Transfer Program, which donates surplus computers and related technology to schools that request it. Odyssey will also prepare ongoing grant requests for computers using DonorsChoose, and it will seek out other technology grants. Also, since Odyssey will utilize the web to host much of its instructional materials, students can bring laptops from home to use at school. This will further extend Odyssey's use of technology with very little expense. The Internet will be filtered before it is disseminated to the students, so that computers from home will receive the same filtered content as the rest of Odyssey's computers.

Software

Odyssey Charter School will also save money on technology by using open source software where possible and by using free or less expensive online alternatives to traditional computer programs. There are many cloud-based software applications that are much less expensive than the traditional alternatives.

One technology area that can be costly for schools is the school's Student Information System. In lieu of PowerSchool, Odyssey will use the more economical OpenSIS. This program is used successfully at Idaho Connects Online School, and it allows easy preparation of mandated Department of Education's reports.

Odyssey will also save money on technology by purchasing inexpensive SmartBoard technology. SmoothBoard is a program that uses Wii remotes and an infrared pen to create an interactive whiteboard similar to SmartBoard, for a much lower price.

Online coursework is part of Idaho's Student Comes First program. Though the details are not worked out yet, the program allows schools to select or even create their own online coursework. Open High School of Utah, an online charter school and the winner of Utah's Best in Curriculum Development for 2011, uses Moodle (an open source, free, course management system) for its coursework, and provides all of its coursework online to be downloaded without cost by anyone who wants it. If Idaho laws and regulations will permit it, Odyssey will be able to adapt these courses to meet Idaho's Core Content requirements, for Odyssey's online classes. This can all be done for a very minimal expense.

Because Odyssey Charter School will emphasize "cloud" applications, most computers will only need to connect the students to the web, where they will use web applications to do their work. Google offers Google Apps, which includes Websites and Calendars. Google also offers Google Docs which is an office suite that includes Document, Presentation, Drawing, Spreadsheet, Forms (used to create quizzes and surveys), and Gmail. Google provides these online programs for free to non-profit, educational institutions.

Collaborize Classroom offers free online sites for teachers to hold online discussions with their students on various subjects and a forum for the students to present their results. Online communication is something with which students are already familiar because of social network sites like Facebook.

Since much of the computing and all of the storage is done on Google's servers, the computers used by students will not need the computing power that computers loaded with name brand software would require. This allows the school to use Linux-based operating systems on the computers. The combination of Linux and Google Apps requires much less computing power than the combination of Windows and Microsoft Office, and Odyssey will be able to utilize older, less powerful computers in the classrooms. Linux is also free and if a computer becomes infected, which is very rare for a Linux computer, the computer's hard drive can be wiped clean and Linux reinstalled. Since all the users' files are saved on the "cloud," all files can be easily restored.

Odyssey's goal is to begin with a set curricula for its classes and to customize it over the years to better meet the needs of our project-based learning style. This will be accomplished using the online open source learning management system Moodle or something similar to it, which will enable Odyssey to put its coursework online. The school will not only put reading materials online, but it will also allow students to take some of their assessments online, and to collaborate on their projects online as well. This means that the cost of textbooks and paper copies of assignments can be greatly reduced. Odyssey can use this savings to provide more technology. Moodle, Google Apps, and other online tools will also help free teachers from much of the time consuming manual grading and paperwork, and will allow them to spend more time working with students.

Moodle is a very simple program that can be integrated into the school by asking tech-savvy teachers to first integrate it in their classrooms, and then to train other teachers to use it.

Odyssey's philosophy is that these innovative programs will better prepare a student for school and for professional life. Many K-12 and colleges are switching to Google Apps and other freeware as a method of providing both the students and faculty with technology at a fraction of the cost of traditional downloaded software. This means that training students on Google Apps will be excellent training for higher education and the workplace. Gmail and Google Docs are programs that many students and future faculty are already using, so they can be integrated into Odyssey Charter School with a minimum of training.

Tech for Opening Day

Based on the enrollment population of 140 students, Odyssey will start with two computer labs that will each be equipped with a classroom set of terminals. Each teacher will have a computer to use, and each core class will also have an interactive whiteboard using SmoothBoard technology. Please see Appendix H for additional details and costs.

In conclusion, Odyssey will be able to provide a more integrated technological experience to its students by using newer methods than those used by many traditional school districts. Odyssey will not be locked into expensive hardware and software combinations, and it will provide more extensive technology at a much lower cost.

Appendix O

**State Department of Education's Sufficiency Review
and
Odyssey Charter School's Response**

The Sufficiency Review and Odyssey's response are on the following pages.

Sufficiency Review by the Idaho State Department of Education Elements Required of a Petition to Establish a Charter School

Pursuant to the public charter school rules adopted by the Idaho State Board of Education on March 10, 2005, charter school petitioners are required to submit a draft charter school petition to the Idaho State Department of Education (SDE) for the purpose of determining whether the petition complies with statutory requirements (I.C. 33-5202). This review must occur prior to the petition being submitted to an authorized chartering entity (IDAPA 08.02.04. 200.03).

Each section presents criteria for a response that meets the standard, and these criteria should guide the overall rating for the section. The Comments box provides space to identify data and other evidence that supports the rating. The rationale for each rating is important, especially if some of the data or evidence does not fit neatly into the criteria provided.

The following definitions should guide the ratings:

Meets the Standard: The petition reflects a thorough understanding of key issues. It addresses the topic with specific and accurate information that shows thorough preparation and presents a clear, realistic picture of how the school expects to operate.

Does Not Meet the Standard: The petition does not meet statutory requirements, lacks information or raises substantial concerns about the applicant's understanding of the topic and/or ability to meet the requirement in practice.

After a sufficiency review has been conducted by the State Department of Education within thirty (30) days of receipt the results of the review will be returned to the petitioners. If the petition items do not meet the standard, those items need to be addressed and resubmitted to the Department for review.

Once all of the petition items meet the defined standards, the next step is to submit the petition and sufficiency review findings to an authorized chartering entity for review and consideration for approval. Completion of the sufficiency review process does not ensure approval of the charter school petition, nor does it establish that the school cannot be challenged for failure to comply with state or federal statutes, rules or regulations at some future date. The SDE does not waive its duty to enforce such laws by performing the sufficiency review.

Cover Page

Proposed Charter School Name: Odyssey Charter School	
District Location: Idaho Falls #91	
Proposed Physical Location:	
Authorized Representative: Karl Peterson	
Address: 3890 Taylorview Lane, Ammon ID 83406	
Telephone: 208-681-1805	E-mail: kbpetersonmail@yahoo.com
Alternative Contact: Rebecca Ellis-Lindsey	
Address: 1270 Sunnyside, Idaho Falls, ID 83406	
Telephone: 208-201-6047	E-mail: rebecca.elindsey@gmail.com
Proposed Opening Date: 2012	
Proposed Grade Levels: 7 - 12	
Initial Enrollment Goal: 210	
Focus of School: Project based instruction, real world opportunities for community service	
Date Submitted for Review: May 31, 2011, July 18, 2011	
Date of Review Completion: June 29, 2011, Second Review - August 2, 2011, 3rd Review – August 9, 2011	
Comments: 3rd review – The petition as submitted for the 3rd review meets the standards and requirements. There are areas that can be strengthened with the guidance of the potential authorizers. 1st/2nd Review - The petition as submitted does not meet the legal sufficiency standards and requirements. Sections not meeting the standard need to be revised and resubmitted. The organization of this petition aided in the review process. There are many strong elements of the petition, however there are a number of sections that require more detail to demonstrate a "thorough understanding of key issues." (See the explanation for "Meets Standard" on the first page of this document.) There are numerous formatting and typographic errors throughout the petition that need to be corrected before the petition is submitted to an authorizer. Many of the errors make reading the petition more difficult; however some of the errors change the meaning of the text. Different sections of the petition refer to charter schools other than Odyssey and other districts. Before the petition is submitted to the potential authorizer this must be corrected. It is important for the Odyssey board to review those sections and insure that the language reflects the philosophy and policies of the board.	

Required Elements	Idaho Code
Tab 1	
Include a copy of the Articles of Incorporation, file-stamped by Idaho Secretary of State's Office.	33-5204(1)
Meets Standard	
Include a copy of the signed bylaws adopted by the board of directors of the non-profit corporation.	33-5204(1) 30-3-21(1)
Meets Standard	
Include copies of the Elector petition forms to establish a charters school with no fewer than 30 signatures of qualified electors of the attendance area designated in the petition and proof of elector qualifications.	33-5205(1)(a) 33-5205(3)
Meets Standard	
Include documentation of application for nonprofit status.	33-5204(1)
Meets Standard	
Include proof of attendance at the Charter Start! 101 Workshop presented by the Idaho State Department of Education	33-5205(5)
Meets Standard	
Vision and Mission Statements	08.02.04. 202
Meets Standard	
Comments: Mission and Vision statements are included. Questions for the founders to consider regarding the mission and vision: how is the success or failure of the mission measured? How will the board, teachers, authorizer and/or stakeholders determine if the school is meeting the mission and living up to the 'ideal'?	
Tab 2	
Describe the proposed location of the school. Also provide the specific attendance area of the school. If the attendance area uses boundaries other than school district or county boundaries include a detailed description of the attendance area and a map showing the boundary.	33-5205(4)

Meets Standard	
Describe the proposed operation and potential effects of the school, including, but not limited to:	33-5205(4)
a. facilities to be utilized by the school; b. the manner in which administrative services of the school are to be provided; and c. the potential civil liability effects upon the school and its chartering entity.	
Meets Standard – 2nd Review	
Comments: 2nd Review - More specific facilities plans are include in Appendix F. Vague facilities options are presented (leasing portables, possibly building or leasing district space). A bid for leasing portables is included in the appendices. More specific and detailed options will be required if this petition is presented to an authorizer. Administrative services include the plan for a school director, full-time secretary, and part-time business manager. The board may want to consider hiring a full-time business manager; which is a best practice of financially successful charter schools within the state. This allows the director to be an instructional leader and focus on the educational side of operating a charter school. The petition states: "Odyssey Charter School operates independently as a Local Education Agency (LEA)." It is important to note this is only the case if the school is authorized by the Idaho Public Charter School Commission. If authorized by a district the school is part of the district LEA. It should also be noted that the district would have no liability for the acts, omissions, debts... if they are the authorizer.	
Commitment to secure property and liability insurance. Errors and Omissions insurance is not required by statute but is recommended.	33-5204(4)
Meets Standard – 2nd Review	
Comments: 2nd Review - Insurance for property loss, errors and omissions are all addressed in the current petition. 33-5204(4) requires charter schools to secure insurance for liability and property loss. The petition includes a section title "Commitment to Secure Property" and "Insurance Coverage". Insurance for property loss is not discussed. Errors and Omissions insurance, while not required by law, is not discussed.	
Tab 3	
Describe the school's educational program and goals. Describe how the goals will be measured and the related data that will be collected. Include how each of the education thoroughness standards as defined in Idaho Code Section 33-1612 shall be fulfilled.	33-5205(3) (a) 33-1612
Meets Standard – 2nd Review	

Comments:

The education program, goals and thoroughness standards are included; however there is not a discussion of how the goals will be measured and what data will be collected regarding those goals. For example, "Goal: Create a positive teaching and learning environment with an emphasis on high expectations of behavior and performance." What data will be collected to determine if the school is progressing toward this goal?

2nd Review - All of the objectives list end-of-course surveys as one of the measurement and evaluation tools.

This is one tool for measurement; however it is not necessarily the most effective tool. When looking at methods of evaluation, consider data that may be already generated as opposed to creating additional data. For example, Standard D – The skills necessary to communicate effectively are taught. Goal: Teach students a range of effective communication skills appropriate for the 21st century. Student projects, class presentations, course grades are all ways to evaluate this goal, without creating another survey, which may or may not provide the required data.

In the "Curriculum Overview" section, the petition states: "Odyssey Charter School will align its goals and objectives with the goals and objectives of the Idaho Thoroughness Standards." The goals and objectives should be aligned to content area curriculum standards and objectives. The thoroughness standards provide the basic assumptions related to the public school system, they do not provide the necessary goals and objectives for the curriculum.

2nd Review – Odyssey will align the instruction and other materials to content area curriculum standards and objectives.

The textbooks which are used should be ones that are approved through the textbook adoption process or that a waiver has been obtained. The reference to the thoroughness standards in the Textbook and Curriculum section is inaccurate.

2nd review – The textbooks that are used will be adopted textbooks or a waiver will be obtained.

Graduation requirements for the school are not addressed in the petition. They should be included in the charter itself or in board policy and submitted for review, along with an alternate graduation plan.

2nd review – The Graduation Requirements table included in petition. Senior project and Alternate Graduation Requirements included.

Describe what it means to be an "educated person" in the 21st century.	33-5205(3)(a)
Meets Standard	
Explain how learning best occurs.	33-5205(3)(a)
Meets Standard	
Describe the manner by which special education services will be provided to students who are eligible for such services pursuant to the federal Individuals with Disabilities Education Act, to include a disciplinary procedure for such students.	33-5205(3)(q)
Meets Standard – 2nd Review	

2nd Review - Odyssey charter has added all of the requested changes and additions. This petition considers and addresses the continuum of Special Education services.

Comments:

Good:

1. *Manual*; Plan to adopt Idaho Special Education Manual from State Dept. of Ed.
2. *Highly qualified* ; a certificated teacher will provide services,
3. *Supplementary Aids, Services*; The school will provide transportation for special education students who may, because of the nature of their disabilities be entitled to transportation as a related service.

The following are items for Odyssey founders to review and revise within the petition, and consequently be prepared to serve students that qualify or may qualify for special education services. The first column addresses the areas that were discussed within the petition. The second column quotes Odyssey's petition when addressing the specific areas. The third column provides Odyssey a more complete picture of each area that has been addressed when considering Individuals with Disabilities Education Act, IDEA.

Confidentiality:

Petition includes: Assure protection of student and parent rights.

Petition needs to include: The meaning of this sentence is unclear. Is it referring to confidentiality? (Protect the confidentiality of personally identifiable information in student special education records. These statutes also provides for the right to review and inspect records.)

Child Find:

Petition includes: Child Find is mentioned with multidisciplinary team.

Three step process for Child Find;

1. locating students
2. ensure staff and constituents are informed
3. screening process

Petition needs to include:

- Each of the 3 steps listed in Odyssey's Child Find process lead to the question; How?
- Your charter should mention they provide free education for all students including those with disabilities. It should be stated on website, applications, advertisements, etc.
- A team regularly (1x/week or 2x/month) meets to discuss interventions/ RTI. This should provide a formal process in place for evaluating student response to scientifically research-based interventions, consisting of the core components of problem identification, problem analysis, applying research-based interventions, and progress monitoring.

Contractual arrangements for related services:

Petition includes:

- Odyssey will contract with a private provider for provision of related services.....services may be provided by a paraprofessional under direct supervision of a licensed therapist.
- ...multidisciplinary team to consider eligibility. If team determines the need for an evaluation by other personnel, school psychologist, etc., such evaluations will be contracted with a private provider

Petition needs to include:

- Use caution in this area: these services should be delivered by licensed provider with para-educator used to support said provider; not with services provided by paraprofessional.
- Petition lists speech, language, and OT. Do not narrow it to only those services, it could be other services based upon a student's IEP. (For example; other related services could be Behavioral Intervention, Adaptive Technology, Extended School Year, etc.). It is best not to narrow petition related services to specific services. (e.g. ...provide related services as dictated by Individual Students Program or individual student's needs.)

- If the IEP team determines that the student's academic needs cannot be met on site, the charter will contract with another agency to provide those services. The charter is responsible to continue to monitor the student progress.

Discipline of student under IDEA:

Petition includes: Disciplinary problems by special education students will be assessed by multidisciplinary teams and following manual (Chapter 7, Section 13)

Petition needs to include:

- Specifically; following IDEA for students with an IEP that may need a Behavior Intervention Plans (BIPS) for student whose behavior impact their learning or the learning of others
- When manifestation determinations occur, proactive use of Positive Behavioral Interventions and Supports (PBIS)

Least Restrictive Environment & Continuum of Services:

Petition includes: A certificated teacher will provide services in an inclusion or a pullout model depending on the degree of intervention necessary to meet student's needs. A paraprofessional will be used to support instruction as allowed....

Petition needs to include: The continuum of setting includes gen ed classes, special classes, etc. plus making provision for supplemental services, such as resource services or itinerant instruction, to be provided in conjunction with the general classroom. In determining appropriate settings and services for a student with a disability, the IEP team shall consider the student's needs and the continuum of alternate placements and related services available to meet those needs

Evaluation:

Petition includes: A screening process is in place for child find....if a student is found to be eligible for special education servicesa multidisciplinary team to consider a student's eligibility.

Petition needs to include: A screening or multidisciplinary team cannot determine eligibility, it would be an evaluation team (which includes educators and the parent and/or adult student) which reviews information from multiple sources including, but not limited to, general education interventions, formal and informal assessments, and progress in the general curriculum

Petition did not address;

No mention *Research Based Curriculum;*

- Use of supplemental and replacement curriculum for students with disabilities, requires curriculum that is scientifically research based curriculum due to the increased accountability.
- IDEA requires students with disabilities to be educated with students who are nondisabled to the maximum extent appropriate; continuum of services; variety of education environments such as gen education classroom, resource room for direct instruction or replacement curriculum, behavioral supports, etc.

33-5205(3)(f)
33-203(7)

Describe the school's plan for working with parents who have students who are dually enrolled. Include the manner by which eligible students from the public charter school shall be allowed to participate in dual enrollment in non-charter schools within the same district as the public charter school, as provided for in Idaho Code Section 33-203(7).

Meets Standard – 2nd Review

Comments:

2nd Review – home school students and private school students may enroll as long as Odyssey is not at its enrollment capacity for that grade.

Petition does not address home school students and private school students who wish to dual enroll.

Describe the manner in which gifted and talented students will be served.

33-2003

Meets Standard – 2nd Review

Comments:

2nd Review – incorrect references corrected. The petition reflects GATE opportunities more suited for a high school. Services will be provided, but not a completely separate program.

The reference to IDAPA is incorrect as stated in the petition. The correct reference is 08.02.03.171. The expectation for this section is that the school's plan would be described, as opposed to restating the Rules of the Board. Specific names of assessments for identification purposes should be listed. Additionally, there is a discrepancy in the section. The first sentence states: "no separate program is necessary because of the flexibility to adapt projects..." however, the second paragraph states: "the GATE program will be supervised by a certificated staff member." Will there be a program or not?

Describe the manner in which Limited English Proficiency services will be provided.

08.02.04, 202

Meets Standard – 3rd Review

Comments:

3rd Review – The changes made to this section as well as the “Other Special Needs Student Services” section strengthen this petition. It will be important to implement the plans as described.

2nd Review – many of the questions below were not addressed with specific details, if at all. More detail is still needed regarding who will be responsible for an LEP program and the evaluation.

Please explain in more detail how LEP students’ needs will be met via the regular classroom. It is not enough to say teachers are trained in SIOP and will meet each unique need. How will the school/board ensure that SIOP is implemented effectively and with fidelity? In many situations, SIOP has been implemented poorly and LEP students have not received the services they need to be successful both in social and academic English.

Please describe the type of program services the district would contract out should it be necessary to do so. What specific program services will be given to LEP students? Pull-out? Who will deliver these services? How will the school/board ensure a highly qualified teacher endorsed in ENL will provide the services? This section is extremely weak. When reading this petition, a reviewer should have a clear idea of how LEP students will be served linguistically, academically, and culturally.

Who will be responsible for looking at the data to determine how LEP students are progressing? Will the school/board establish a team?

When providing interventions for LEP students who are not progressing, how will the school/board ensure the interventions are appropriate for LEP students? What curriculum will be used in the “core” LEP program? How will the English language development (ELD) standards be implemented district-wide? How will LEP students be monitored?

At this time, this petition does not adequately address how the school/board will meet the needs of LEP students. More detailed information needs to be provided.

Tab 4

Identify measurable student educational standards that describe the extent to which all students of the charter school will demonstrate they have attained the skills and knowledge specified as goals in the school’s educational program.

33-5205(3)(p)

Meets Standard – 3rd Review

Comments:

3rd Review – The petition includes one MSES related to ISAT, and one MSES related to additional testing. Both of the standards meet the standard. Most petitions contain 3-5 MSES for the school. This is something that may need to be worked out with the authorizer.

The question from the 2nd review was addressed by using “or” instead of “and”. Potentially there is a group of students who would not be included in the data for the MSES. If there is a student in the first year of attendance or that has 95% attendance they would not be included.

2nd Review – What are the MSES for the students who have below 95% attendance and who have attended less than two consecutive academic years?

The 75% and 85% used for the Measurable Student Educational Standards will be below the AYP target for 2012. It is possible that the school could meet the goals as they are currently written and not make the AYP standard.

Identify the method by which student progress is to be measured in meeting the school's student educational standards.	33-5205(3)(c)
Meets Standard	
Describe how the school's students will be tested with the same standardized tests as other Idaho public school students.	33-5205(3)(d)
Meets Standard – 2nd Review	
Comments: 2nd Review – grade 10 added and the DMA/DWA were removed. Please add grade 10 to those listed as taking the ISAT. Also, the DMA and DWA are no longer required by the State of Idaho. They can be administered at the local level.	
Describe the plan for the middle level credit and advancement requirements.	08.02.03.107
Meets Standard	
Describe how the school will ensure that it shall be accredited as provided by rule of the Idaho State Board of Education.	33-5205(3)(e) 33-5210(4)(b)
Meets Standard	
Comments: Please note that you will need to apply for accreditation from the Northwest Accreditation Commission not the State Department of Education. The Northwest Accreditation Commission is Idaho's accrediting Agency as designated by the State Board of Education.	
Describe the school's plan if it is ever identified as an "in need of improvement" school as outlined in the No Child Left Behind Act.	08.02.04. 202
Meets Standard - 2nd Review	
Comments: 2nd Review – OCS has addressed all concerns from the 1st review and has met all requirements to this portion of the application. I feel OCS has a strong understanding of School Improvement and the necessary and required steps, in accordance with ESEA and NCLB, if OCS is identified as "needs improvement". Page 28-29: The proposed application lacks specific detail and school improvement requirements to lead the reviewer a clear and concise strategies that will be implemented if OCS is identified as "needs improvement". The plan is incomplete needing more specific description of each of the years of improvement from being identified in School Improvement Year 1 through Restructuring Year 2: Plan Implementation. The plan does not specifically spell out the requirements of School Choice or Supplemental Education Services, and minimally describes how parents will be included or informed of OCS AYP status or options for the parents. From what has been submitted as OCS's application it is unclear to the reviewer if OCS has a clear understanding of the requirements of school improvement and how to successful plan and implement strategies for school improvement as required.	

Tab 5	
Describe the governance structure of the school, including, but not limited to, the person or entity that shall be legally accountable for the operation of the school.	33-5205(3)(f)
Meets Standard	
Describe the process to be followed by the school to ensure parental involvement	33-5205(3)(f)
Meets Standard	
Comments: Decision making and section on ensuring parental involvement were positive.	
Describe the manner in which an annual audit of financial and programmatic operations will be conducted.	33-5205(3)(k) 33-5206(7) 33-5210(3)
Meets Standard – 3rd Review	
Comments: 33-5205(3)(k) – manner in which an annual audit of the financial and programmatic operations is to be done 33-5206(7) – school will annually submit to its sponsor a report with the audit of the fiscal and programmatic operations, a report on student progress & a copy of the school's accreditation report. Pages 40-41 state that the school will perform an annual programmatic operations audit and will submit it annually to the school's authorizer on or before 10/15. Page 41 states the school will conduct an audit in accordance with IC 67-450B and will file one copy with the SDE and one copy with the school's authorizer. The charter also states it will follow the form and process dictated in IC 33-701. Page 34 states that an annual financial audit will be conducted after the completion of each charter school year. Page 34 also states that a programmatic operations audit will be conducted as mandated by state requirements as outlined in IC 33-5205(4)(k) [should be 33-5205(3)(k)], 33-5206(7), 33-5210(3) and IDAPA. While the petition states that a programmatic operations audit will be conducted as mandated by state requirements outlined in the above code sections, the petition does not state that it will submit a report to its chartering entity that includes a copy of the fiscal and programmatic audits, a report on student progress, and a copy of the school's accreditation report, all of which are required by IC 33-5206(7) 33-5210(3) – each school will comply with reporting requirements of 33-701 sections 5-10. Page 34 states the school will conduct a programmatic operations audit as mandated by state requirement as outlined in IC 33-5210(3). Idaho Code 33-5210(3) has nothing to do with programmatic operations audits. Instead, IC 33-5210(3) states that charters will comply with the financial reporting requirements of IC 33-710, subsections 5-10.	
Tab 6	
Describe the qualifications to be met by individuals employed by the school. Instructional staff must be certified teachers pursuant to rule of the state board of education.	33-5204A (1) 33-5205(3)(q) 33-5210(4)(a)
Meets Standard - 2nd Review	

Comments: 2nd Review - For future clarity, please note that "Common Core" standards and "Core Content" as defined by the U.S. Department of Education are two different concepts.		
The petition states that the full-time and part-time staff will meet or exceed qualifications required by state law. It is not clear from the petition if the founders understand what those are. It is mentioned that the school reserves the right to seek waivers or limited certification options, but it is not stated that all instructional staff will be certified. There is little specific information devoted to how this school will ensure that they are employing quality teachers. There is not discussion of proven means for assessing teacher performance. More detail and clarity is required in this section.		
Describe the transfer rights of any employee choosing to work in a charter school that is approved by the board of trustees of a school district, and the rights of this employee to return to any non-charter school in the same district.	33-5205(3)(o) 33-1217	
Meets Standard		
Include a provision that ensures all staff members will be enrolled in and covered by all of the following: Public Employee Retirement System (PERSI) Federal Social Security Worker's Compensation Insurance	Unemployment Insurance Health Insurance	33-5205(3)(m)
Meets Standard		
Include a provision that ensures that the staff of the public charter school shall be considered a separate unit for purposes of collective bargaining.		33-5205(3)(p)
Meets Standard		
Include a provision that ensures all teachers and administrators will be on a written contract as approved by the state superintendent, conditioned up a valid certificate being held by such professional personnel at the time of entering upon the duties.		33-5206(4)
Meets Standard		
Include a provision that ensures all employees of the school undergo a criminal history check.		33-5210(4)(d) 33-130 33-512
Meets Standard - 2nd Review		
Comments: 2nd Review – Meets Standard		
Fingerprint cards should be submitted to the SDE for the background check. One should not be kept in the personnel file. What is the plan for background checks of volunteers or board members that will be working with students independently?		
Tab 7		

Describe admission procedures, include a provision for over-enrollment, and equitable selection processes for the initial year, as well as subsequent years of operation. Include enrollment capacity of the charter school.	33-5205(3)(j)
Meets Standard – 2nd Review	
Comments: 2nd Review – An enrollment capacity table was included in this section. The petitioners may want to consider listing the enrollment caps per grade grouping as a guideline. This will allow flexibility if more or less students are interested than initially planned. For example: new charter high schools rarely have students in 11th or 12th grade in their first year. If you have 25 9th graders and 20 10th graders interested, you would not be able to accept them all based on the way this is currently written. This is something to discuss with the authorizer to determine the best way to set the enrollment capacity. The enrollment capacity for the school was not included in this section.	
Describe how waiting lists will be developed and renewed annually.	33-5205(3)(j)
Meets Standard – 3rd Review	
Comments: 3rd Review – Waiting lists are specifically addressed and follow the requirements outlined in IDAPA. 2nd Review – There is not a specific section for the waiting list. Information about the waiting list is alluded to in several places in the enrollment section. It would be helpful for parents to provide the waiting list information in one section. Describe how the list will be developed after the acceptance s from the lottery. Specifically explain how students who are interested in enrolling after the lottery are handled (added to the bottom of the wait list by grade) and what happens with siblings of students who get in after the lottery. Explain that the list will not roll over from one year to the next. The development of the waiting list was not addressed in the petition.	
Describe the public school attendance alternative for students residing within the school district who choose not to attend the public charter school.	33-5205(3)(n)
Meets Standard	
Describe the process by which citizens residing in the compact and contiguous attendance area of the charter school will be made aware of enrollment opportunities.	33-5205(3)(s)
Meets Standard – 2nd Review	
Comments: 2nd Review – Timelines for notification are now included in the petition. The petition states that the notification of enrollment opportunities will address all of the current requirements in Idaho Code 33-5205. There is no reference to the specific timelines related to advertising that is included in IDAPA 08.02.04.203.02.	

Describe the school's plan for denial of attendance to any student who is or has been:	33-5205(3)(l)
- An habitual truant, - Incorrigible, - Deemed by the board of trustees to be disruptive of school discipline or instructional effectiveness, - Detrimental to the health and safety of the other students, or - Expelled from any other school district or state.	33-205 33-206
Meets Standard	
Describe the school's disciplinary procedures, including the procedure by which students may be suspended, expelled and reenrolled.	33-5205(3)(l) 33-210
Meets Standard	
Describe the school's policy for contacting law enforcement and student's parents, legal guardians or custodian regarding a student reasonably suspected of using or being under the influence of alcohol or a controlled substance. Include the plan for making the policy available to each student, parent, guardian or custodian.	33-210(3)
Meets Standard	
Describe the procedures the school will follow to ensure the health and safety of students and staff.	33-5205(3)(h)
Meets Standard - 2nd Review	
Comments: 2 nd Review – Revisions are adequate and greatly improve this area of the petition. More detail is needed on the tier of consequences for bullying / harassment and students being under the influence. Additionally, include clear prohibitions around fights and weapons on campus.	
Describe the school's policy for a suicide prevention plan.	08.02.03.160
Meets Standard	
Comments: Applicant indicates they will develop a plan- if this is carried out as described in the petition this category meets the standard.	
Describe the school's policy for Internet access and use and provisions for parental permission related to student Internet use.	33-131(1)
Meets Standard - 2nd Review	

Comments:

3rd Review – the recommendation was incorporated into the student handbook.

2nd Review – Revision is adequate.

Recommendation: in the list of prohibited computer uses clarify that *any student who knowingly or purposefully* uploads files that contain viruses, malware, etc.... are violating policy. Most who upload malicious software do so unknowingly.

Clarify which online activities are prohibited and the consequences for violating policy (accessing inappropriate material, viewing personal social media sites, cyberbullying, etc....). Contact Matt McCarter for further clarification if needed (208) 332-6960.

Include a student handbook that describes the school rules. Also include the procedure for ensuring a student's parent or guardian has access to the handbook.

08.02.04. 202

Meets Standard - 2nd Review

Comments:

2nd Review – Student handbook is very thorough and detailed.

Petition does address student handbook and the above mentioned requirements but I was not able to locate the actual student handbook that is supposed to be included in the petition.

Tab 8

A detailed business plan including:

08.02.04. 202

- Business description
- Marketing plan
- Management plan
- Resumes of the directors of the nonprofit corporation
- School's financial plan
- Start-up budget with assumptions form
- Three year operating budget form
- First year month-by-month cash flow form

Meets Standard - 2nd Review

Comments:

2nd Review- Under the Revenues portion of the business plan Federal start-up grants, private grants, and donations are included as revenues. Grants really shouldn't be included as revenues because they are not guaranteed. They aren't included in the budget worksheets.

In the sentence following revenue sources the petition references "Idaho Department of Education's Bureau of special Populations," the reference to the division is outdated. It should be "School Achievement and School Improvement."

Note: White Pine Charter School is not using the Harbor Method. They are a "core knowledge" school.

The Financial Plan references "Idaho Science and Technology Charter School" and states that it will be responsible for the financial management. What is the connection here? In another portion of the petition it is stated that a half-time business manager will be hired to oversee the fiscal affairs.

The start-up budget is included with the Income Units Worksheet. No explanation is provided for the assumptions used when developing the budget. How will all of the start-up costs be covered before the advance payment is received July 31? How is the school budgeting for special education services? What plans are there for applying for grants or other fund raising?

The budget lists \$75,000.00 for Rent/Leases: 5,000 square foot building@ \$15/sq foot, however no documentation is provided for that expense. It is difficult to determine if the amount budgeted is realistic.

Describe the school's proposal for transportation services.

33-5205(3)(t)

Note: The budget should reflect estimated costs.

33-5206(4)

Meets Standard – 3rd Review

Comments:

3rd Review – The reimbursement rate in the petition accurately reflects IC 33-1006.

2nd Review - This section meets the standard with the following exception, which is extremely important to understand and include when budgeting. The actual reimbursement is based on a 60% advance payment with a final reimbursement of a blended 50/85% and a block grant. This is in IC 33-1006 and is also referenced in Lanette's original comment. It should also be reiterated that the process to obtain busing should begin nearly one year prior to needing transportation services. The petition states: "Transportation reimbursement payments reflect an 85% reimbursement for the previous year's allowable transportation costs."

Petition states that charter will not offer transportation. IC 33-1501 that states, where practicable, school shall provide transportation for the public school pupils within the district. The charter school should specifically define why it is not practicable to provide busing when IC 33-1006 and 33-5208 provide for advance transportation funding.

There are four methods to obtain and provide transportation services: joint busing with school district, charter-owned school busing, contracted busing service, or pay parents in-lieu only if it is more cost effective. The process to obtain busing should begin nearly one year prior to needing transportation service. Charter should consider boundaries when busing is provided. SDE understands that the attendance area becomes the zone for providing transportation services to all eligible students living more than 1½ miles from school. Transportation may be reimbursed in advance at 60% with a final reimbursement of a blended 50/85% rate and a block grant per IC 33-1006. In addition, reference IC 33-5208 that limits transportation reimbursement to students within the public charter school's attendance zone that meet one of the following criteria: student resides within the school district in which the public charter school is physically located, or student resides within 15 miles of the public charter school by road.

It is recommended the charter school contact SDE School Transportation Staff at 332-6832 with additional questions on busing options and requirements.

Describe the school's proposal for a school lunch program, including how a determination of eligibility for free and reduced price meals will be made	08.02.04. 202
Meets Standard	
Tab 9	
Describe any business arrangements or partnerships with other schools, educational programs, businesses, or nonprofit organizations. This includes curriculum, special education, transportation, food service, legal, and accounting.	08.02.04. 202
Meets Standard - 2nd Review	

Comments:

2nd Review – Community partnership agreement included. All community partnership will involve an Odyssey teacher. MOUs will be used to outline expectations.

Currently, no arrangements exist. There is no discussion of policies or contracts related to special education, legal, or accounting services; though money is budgeted for legal and accounting. More detail about the plans/policies related to business arrangements and partnership is needed, given the emphasis the school is placing on "community experts and other specialized persons" and "real world opportunities for community service."

- | | |
|--|--------------|
| Describe the school's plan for termination of the charter by the board of directors, to include: | 5205 (3) (u) |
| <ul style="list-style-type: none"> • Identification of who is responsible for dissolution of the charter school; • A description of how payment to creditors will be handled; • A procedure for transferring all records of students with notice to parents of how to request a transfer of student records to a specific school; and • A plan for the disposal of the public charter school's assets, including those purchased with Federal funds. • A procedure for transferring personnel records to the employees. | 5206 (5) |

Meets Standard - 2nd Review

Comments:

Changes were made to this sections based on the review feedback.

This section of the petition references Nampa School District and Legacy. It needs to be changed to reflect Odyssey Charter School's policy. In the petition it is stated that students will receive written notice of how to request a transfer of records. Idaho Code requires notification be provided to the parents. No discussion of items purchased with Federal funds is included in this section. Additionally, personnel records are not included.

Tab 10 – Virtual Schools – do not complete this section if the school is not a virtual school.

Tab 11 – Professional-Technical Regional Public Charter Schools -do not complete this section if the school is not a virtual school.

Response to Sufficiency Review

The founders of Odyssey Charter School took the comments and recommendations outlined in the review and have made the changes requested. The petition has been made clearer and more detailed to better explain the various parts of the charter petition. Much greater detail has been included on the facilities choices, educational goals and thoroughness standards, special education procedures, LEP students, measurable student education standards, the business plan, budgets and subcontractor sections. All suggested changes mentioned by the State Department of Education have been made to the petition.

Appendix P

Subcontractor Bids and Memoranda of Intent

Student Information

The bid for openSIS is presented below:

openSIS Pricing Sheet for OS4ED Cloud Hosting

The following pricing is based on 12 month subscription contract, which is mandatory for cloud hosted services.

openSIS-Pro with Billing, Discipline, EasyCom and Library Modules for 300 students @ \$199/month	\$2388.00/year
Idaho State Reporting– One Time Fee	\$1000.00
openSIS Setup & Configuration with 1 Hour Training – One Time Fee	\$500.00
Seven Day Rotating Backup	Included
Annual Maintenance and Email and Chat Support (Bronze Level)	Included
Data Import into the System	\$1/record

Food Services

Taylor's Crossing Charter School has agreed to handle our food services. They have provided the same services for Monticello Montessori Charter School for the past two school years (2010-2011 and 2011-2012). They will handle all of the required forms and reporting as they have done for Monticello Montessori.

Also, a catering service named That One Place also agrees to provide food service to Odyssey Charter School. Their memorandum of intent is on the following page.

MEMORANDUM OF INTENT

Between That One Place and Odyssey Charter School

This Memorandum of Intent is made between That One Place ("Caterer") and Odyssey Charter School ("OCS").

1. Purpose

The Parties recognize the benefit of forming a cooperative, pre-competitive alliance in order to plan the menu and budget for a school lunch program at OCS. The purpose of this document is to express the non-binding intent of entering into an agreement for the provision of lunches to students enrolled at OCS. The relationship among the Parties is that of independent collaborators and at no time will any Party be deemed to be the agent of another.

2. Term and Termination

This Memorandum shall remain valid for a period of eighteen months from the date of the last signature show below, by which time the Parties anticipate entering into a binding contractual agreement in accordance with the mutual intent expressed herein. This Memorandum may be extended by written mutual agreement of both Parties. Either Party to this Memorandum may unilaterally withdraw its intent by providing thirty days written notice to the other Party.

3. Status

This Memorandum is not legally binding. No funds are committed and no legal obligations are created by this Memorandum.

4. Nutritional Guidelines

As a term of the binding contract anticipated by this Memorandum, Caterer will create a menu that meets or exceeds the requirements of the National School Lunch Program (NSLP).

5. Number and Cost of Lunches Served

As a term of the binding contract anticipated by this Memorandum, Caterer will provide lunches to the students enrolled at OCS who choose to participate in the program. The initial enrollment at OCS for its first operating year is 140 students. It is anticipated that Caterer will provide its menu at the cost of \$ 3.00 per lunch.

IN WITNESS WHEREOF, the Parties have caused this AGREEMENT to be executed by their duly authorized representatives as follows.

This Memorandum is not legally binding. No funds are committed and no legal obligations are created by this Memorandum.

4. Number of Students Served

As a term of the binding contract anticipated by this Memorandum, Naomi Ostergar will provide special education services to the students who qualify for them at Odyssey Charter School. The initial total enrollment at OCS for its first operating year is 140 students.

5. Budget

It is anticipated that Naomi Ostergar will provide services at the cost of \$ 30 per hour.

IN WITNESS WHEREOF, the Parties have caused this AGREEMENT to be executed by their duly authorized representatives as follows.

NAOMI OSTERGAR

Subject: 2M Data Systems Software Information

Hi Karl,

Thank you for your inquiry concerning our software. We look forward to working with you and your school. I'm iterating the costs below . . . I recommend you visit one or more of them to see the software in operation and ask questions about how it fits their needs. I'll another email with the Payroll & Budget manuals attached. Near the beginning of the manuals is a list of features. Please let me know if you don't receive them. If you have other questions, please don't hesitate to call or email.

Initial Costs:

Payroll	1,300.00	
Accounting	1,300.00	
SDE Reporting	600.00	("ABReport" - prints SDE annual budget and IFARMS reports)
Total	3,200.00	

Annual Update Fees (approximate):

Payroll	420.00 (sent in December each year)
Accounting	420.00 (sent in June each year)

Annual, unlimited phone support agreement 450.00 (optional)

Project-Based Education Professional Training

Buck Institute for Education provides professional development for schools across the country. An email describing the workshops they provide follows below. Odyssey Charter School will use their three day workshop and their one day follow up session in its first year of operation and will use their one day advanced workshop the next year. By then, sufficient staff will be trained in project-based learning to train new staff.

Hi Karl.

Thanks for your inquiry. I hope this information will help. We have been working very successfully with Blaine County Schools for the past two years.

By way of background, we provide onsite sustained support (professional development) focused on PBL. A great deal of research and a decade of hard-earned experience have shown us that a three-day on-site PBL workshop, no matter how fabulous, has little impact on teacher behavior or student outcomes. Therefore, our policy requires us to provide sustained support, meaning we go in and do the initial three-day PBL 101 and then return two or more times in the subsequent 12 months for teacher coaching and additional support (classroom visitations, additional training, curriculum development and review, etc.). We seldom work with individual schools unless there is a clear, long-term commitment from the staff and leadership.

Please keep in mind that is best to start small rather than train every teacher in a school or district. PBL is more successful when you start with a small, eager cadre such as a department, grade level or SLC. This strategy gives you a local model for success that we can use as a springboard to promote the adoption of effective PBL in your larger system.

The sessions are taught by our National Faculty, which has both programmatic and discipline-specific knowledge in PBL. We can offer PBL sessions that are geared to different programs (K-5, for instance) or disciplines (math, science, social science, career technical education, etc.) or school population (alternative education, special needs, continuing education, after school, gifted, credit recovery, tribal, etc.). We have experience in a variety of school models as well, including New Tech, Expeditionary Learning, EdVisions, High Tech HS, IB, CES and Asia Society/ISSN. It is especially important to break apart the K-5 teachers from their 6-12 brethren if you are planning multiple sessions.

Teachers emerge from our PBL 101 workshop with a completed or nearly completed Project Overview Form, Project Calendar and Teaching and Learning Guide, which they can implement in their classrooms immediately.

Please keep in mind that we strictly enforce the 35-person cap on participants. Our policy requires me to send a second (or third...) facilitator if there are going to be more than 35 participants. That of course increases your costs. The prices are all inclusive of travel, prep, materials, time, food, etc.

The prices you see below will remain accurate until Dec. 31, 2012. We bill upon completion of services. BIE does not negotiate prices – we are a non-profit and try to provide the lowest price we possibly can.

Summers book up for us four months or more in advance.

We trained 5,000 teachers nationwide this summer and expect an even higher volume in the summer of 2012.

All participants in our PBL 101 workshops receive a free copy of our *PBL 101 Workbook*, which includes rubrics, planning forms, protocols, activities and sample projects.

Note: We will ship only 35 copies of the PBL 101 Workbook per workshop.

- **Three-day PBL 101 workshop.** **Schedule:** TBA, 2012. **BIE staffing:** One National Faculty member for up to 35 participants. **Location:** On site, Idaho Falls, ID. **Description:** This three-day workshop engages participants in learning the principles for designing, assessing and managing standards-focused projects as well as using performance assessments to judge the relevant work generated by 21st Century learners. Through a combination of direct instruction, video analysis and hands-on group work, participants have the opportunity to plan, design and receive peer feedback on an engaging and rigorous project using the Buck Institute for Education model and tools. **Cost: \$8150** *Note: At no charge, workshop participants can continue to receive support through our Forums and by participating in our biweekly webinars, which launched in September of 2011.*

- **One-day PBL follow-ups.** **Schedule:** TBA, 2012. **Quantity:** Minimum of 2 in year following PBL 101. **BIE staffing:** One National Faculty member. **Location:** On site, Idaho Falls, ID. **Description:** Additional training, classroom observation, teacher coaching, curriculum review, student work review, etc., following online needs assessment of participants. **Cost per event: \$4150.**

- **One-day PBL 201 (advanced practices).** **Schedule:** TBA, 2012. **Quantity:** TBA. **BIE staffing:** One National Faculty member. **Location:** On site, Idaho Falls, ID. **Description:** PBL 201 workshops (advanced practices) are designed as follow-up sessions for participants who have taken PBL 101 and had an opportunity to implement their project. The topics range from PBL and Web 2.0, PBL and RtI, PBL and Differentiated Instruction to PBL and Literacy Programs. **Cost per event: \$4150.**

- **One-day PBL Lead workshop.** **Schedule:** TBA, 2012. **Quantity:** TBA. **BIE staffing:** One National Faculty member. **Location:** On site, Idaho Falls, ID. **Description:** This full-day workshop engages principals, assistant principals and instructional leaders in exploring best practices in leading a school or district in the effective, sustainable implementation of Project Based Learning. Through a combination of direct instruction, video analysis and hands-on individual and group work, participants have the opportunity to design and receive peer feedback on a PBL Lead plan for their organization using the Buck Institute for Education model and tools. Participants engage in such protocols as Leadership Compass, SWOT Analysis, Gap Analysis and the Affinity

September 20, 2012

Protocol. Ongoing support for participants is provided through the PBL Leadership forum on www.bie.org **Cost per event: \$4150.**

- We sell three books, none of which are a required part of the workshops or follow-ups. That said, teachers really like receiving copies of the books. *The PBL Starter Kit* for Middle and High School (2009) and *PBL for Elementary Grades* (2011) retail for \$30 per copy; the *PBL Handbook* (2003) retails for \$40 per copy. If you choose one book, I would recommend either of the Starter Kits. You can purchase them online (www.bie.org) or by contacting our assistant administrator, Theresa Rowland (Theresa@bie.org).

If you need any more information, please give me a call or send a message.

Best wishes,

--

Transportation Services

Teton Stage Lines was unwilling to give Odyssey Charter School a formal letter of intent that included exact busing costs due to the fluctuating price of gas, and the many unknowns like the number and location of students who will be using school transportation just to name a few. They did send the letter found on the next page expressing their desire to work with us to provide transportation. Also, they looked through a model contract that one of our founders prepared and made the following comments through emails

From: dj_harrington@q.com [mailto:dj_harrington@q.com]
Sent: Saturday, May 19, 2012 8:55 PM
To: Cindy Lister
Subject: Re: Model Bus Contract

Sindy:

I have read through the changes that have been made and I am okay with the language used. It would appear that they are interested in a 3 year contract with two one year /or one two year extension.

Did you express that they could make the contract for one 5 year term with a 5 year extension if they wanted to?

That is the longest term that the State will allow.

Bottom line is.....I am happy with the contract they have currently drafted.

DH

Subject: FW: Model Bus Contract

Monica,

Here is the correspondence with Donavan about this model contract. He had a couple of issues but they will not be hard to fix.

September 20, 2012

1. He would like to have at least a 3 year contract with the additional 5 year extension option.
 - a. You can have up to a 5 year contract with a 5 year extension.
 - b. Financing, for the required school buses, is difficult with a 1 year contract.
2. There is no information about compensation for snow days.
 - a. They should be set at ½ the regular day rate. See Monticello Montessori contract for wording.

Other than that the contract looks good. We will do the pricing when we do actual bid process.

If you need anything else please get back with me.

Thank you,

Sindy Lister

SAMPLE PAYMENT SCHEDULE

On or before the 1st day of each month of each school year covered by this contract, contractor shall submit to the board a bill that shall include a detailed account showing the mileage covered in each category of transportation furnished during the preceding month. On or before the 10th day of the month in which the bill is submitted, the board agrees to pay contractor the contract price for those services that it shall find to have been rendered, computed on the following schedule:

Category of Service	Estimate of Miles per Month	Rate per Mile <i>final rate to be determined prior to execution of Contract</i>
Bus Route A	880	\$4.10 - \$3.05
Bus Route B	880	\$4.10 - \$3.05

RE: Proposal for School Bus Transportation.

Monica Couch:

Thanks for the chance to talk with you about the school bus needs for the proposed Odyssey Charter School.

Teton Stage Lines currently operates 18 school buses under contract and provides school bus service for three separate charter schools in the Idaho Falls area and additionally we operate about 25% of the school buses in Blackfoot for School District #55.

We are proud to have received the #1 or highest safety rating with both the Dept of Transportation and the Department of Defense.

We would be honored to have the chance to bid for services for the new proposed Odyssey Charter School. Contracting for school busing can sometimes be a very complex thing; but we are prepared to help you through this process if you will allow us to do so.

Currently we have routes that run anywhere from 45 miles to over 75 miles per day. School bus mileage rates vary as well and currently are at \$4.10 to \$3.05 per mile based upon the numbers of miles run. The lower the mileage the higher the rate or cost per mile.

Please let us know if you would like us to help you establish routes for your school and how else we can help you move this along.

Sincerely:

Donavan Harrington
General Manager
Teton Stage Lines

Appendix Q

Board Training Program

Odyssey will be a member of the Idaho School Board Association (ISBA). Each member of the Original Board of Directors will be required to attend the Summer Leadership Institute offered by the Idaho School Board Association in Rigby, Idaho on August 2, 2012. The Institute will include training on a variety of topics including Roles and Responsibilities, Effective Meetings, Superintendent Evaluations, Basic School Finance, Board Policy, Recent Legislation Issues, and Board Scenarios and Ethics.

Original and subsequent Board members will receive ongoing training on a quarterly basis through ISBA Module trainings on School Board Governance, Leadership for Student Achievement, Education Law, Human Resources, Finance & Board's Oversight Role, or Collective Bargaining. Additional and specialized training through the ISBA Module program may also be obtained based on need and as budgets allow.

Beginning after the commencement of the first school year, the members of the Board will be provided additional board training at each regular Board meeting, based on either presentations by the Chairman and/or Vice Chairman regarding information obtained during their attendance at Master of Boardmanship Program seminars (as outlined below), or from use of a series of 10 Minute Training materials available from the ISBA on the following topics:

- Board Assessment
- Becoming a Better Board Member
- Five Items To Infuse Into Every Board Meeting
- Successful School Levy & Bond Campaigns
- Dealing With The Media
- Clerk Duties & Responsibilities
- What Counts?
- Dealing With Angry Patrons
- Reasons to attend the Annual Business Session
- Updating Policies
- Chain of Command
- Building Relationships with Legislators
- Reduction In Force
- Open Meeting Law
- Board Chair Selection
- Election Consolidation
- Superintendent Evaluation
- Interest Based Bargaining

Master of Boardmanship Program

The chairman and vice chairman of the board will accumulate at least 100 points each year based on the scale listed below, which is taken from the Idaho School Board Association's Master of Boardmanship Award Program.

Board Training / Event: Points:

Conventions

ISBA	50
NSBA	50

*(1 point per 10 Min. Training with maximum of 5 points.
Board Minutes from meeting must be attached for verification.)*

ISBA Executive Board Meetings

February Meeting	10
April Meeting	10
September Meeting	10

All board members will be required to accumulate 35 points each year from among the programs offered on the ISBA's Master of Boardmanship list above; however, 25 of the required points may be obtained through attendance at the Idaho Charter School Network's Annual Conference. Upon election, each newly elected Board member will be provided with the New Board Member Packet available through the ISBA. Newly elected members will be required to attend either the ISBA's Summer Leadership Institute or the Idaho Charter School Network's Annual Conference during their first year on the Board.

Recruiting New Board Members

Networking and recruitment for new or additional members of the Odyssey Board of Directors will be conducted on an ongoing basis. Outside members of the community and parents of children attending Odyssey Charter School may be offered a directorship position based on, among other things, the person's demonstrated interest in Odyssey Charter School, commitment to Odyssey's vision and mission statements, and professional background, training or skills relevant to the function of the Board and the operation of the school.

Appendix R

Adapting Project-Based Learning for Inclusive Classrooms

One of the great advantages of project-based learning is that an individual's part of a project can be customized to fit the abilities and interests of the student. Gifted students can be encouraged to dig deeper into the subject, and at risk students can work in their zone of proximal development or their "Goldilocks zone," where the level of the assignment is not too difficult or easy but it is "just right." This is easily accomplished in a project-based classroom, but is very difficult in a traditional textbook-driven classroom. One size fits all textbooks that are written for a specific reading level, accompanied by assessments have been written for the average skill level of the students, force some students to either "dumb down," or to struggle to complete work that is too advanced for their current abilities.

Another advantage of project-based learning is that special education teachers can be involved in the collaborative process to create projects. This allows the special education teacher to adapt the projects to meet the individual needs of any students who have an IEP or a 504 plan.

Project-based learning allows for more personalization for students of all levels. Some examples of these adaptations are:

- Research material can be adapted for the reading level of the student.
- Rubrics can be adjusted to fit the adaptations of an IEP or a 504 plan.
- Alternative methods of assessment can be personalized to fit the interests of the students.
- Student presentation requirements can be customized to conform to a student's abilities (e.g. length of presentation, type of presentation, number of sources, audience).
- An individual student's part of the group's presentation can be tailored to match the student's skill level.
- Project teams can be led by an adult rather than a student.
- Students may work outside of a team and only work one-on-one with an adult.

Project-based learning can also be adapted to meet physical challenges; for example, large type sources and audio books can be used by the visually impaired to research presentations, and, kinesthetic presentations such as dance or acting can be incorporated as part of the team's presentation. Visual or audio aides can be used to make abstract concepts more understandable to students.

Jerry Webster (2012), an educator for over 18 years who now works with autistic students, states in "Project Based Learning for Special Education and Inclusion" that project-based

learning has been proven to improved content retention in a range of students. He claims that it deepens understanding because it engages higher level thinking skills like “Evaluate” and “Create” on Bloom’s Taxonomy, it is multi-sensory, it teaches skills of cooperation and collaboration, it provides alternate means of assessment, and it promotes engagement since students are able to better learn concepts by studying topics they are interested in.

A special needs student can have his or her part of a project altered by giving the student leveled readers to use as research material, or by requiring that the length of the student’s presentation be of shorter duration than the time other students are required to present. If the student has a fear of presenting in front of other people, the student might be allowed to give his or her part of the presentation to the teaching team rather than at the presentation night in front of the public. Rubrics for grading the special needs student can be adapted to reflect these changes. For example, in a project that combined ancient history, language arts, and drama, students might be given the multidisciplinary assignment of studying the main features of Greek theater and developing a traditional bedtime story like “Goldilocks and the Three Bears” into a short Greek tragedy. Students would be required to divide the story into five acts, with chorus sections between each act, for a total of four chorus sections. The chorus would divide into two parts at times, for the strophe and the antistrophe. The play would take place in less than 24 hours, would be in locations that take less than a few hours travel time to go from one to the other, and have no subplots. A special needs student who struggles to memorize might be given a small part like the Woodsman and might also be a member of the chorus. The special needs student would be assigned to work with a fellow student and they could write one of the chorus interludes together. A PSR worker would make sure the student understood the assignment and completed the parts assigned to him. The student would perform with the rest of the class.

A gifted and talented student’s learning plan can also be adapted to reflect his or her greater ability. He or she could be required to use a greater number of sources, to develop sophisticated synthesis of the sources, to compare and contrast differing viewpoints, or to edit the team’s presentation.

The ideas and examples below are based on Andrew Millar’s “Six Strategies to Differentiate in Project-Based Learning” (<http://www.edutopia.org/blog/differentiated-instruction-strategies-pbl-andrew-miller>).

Differentiate Through Teams

Sometimes it can be effective to differentiate through teams. In a literature-based project, it may be appropriate for students to be grouped according to reading level, so that the teacher can give them the help they need to be successful.

Reflection and Goal Setting

Students periodically reflect on their work and set goals for further learning. This is an opportunity for the teacher and the student to set personalized learning goals and target the specific instruction the student needs. A student who struggles with working in a collaborative setting can be given more individual work compared to the other students.

Mini-Lessons

Mini lessons can be given to students who do not understand a key concept or lack a needed skill. The lesson can be given only to the students who need it while the other students are working independently. For example, some students may not understand the difference between bacteria and viruses. The teacher can give a mini lesson to those students while the other students work on their projects. Mini-lessons may be presented by the teacher, a fellow student, or through a video.

Voice and Choice in Products

Giving students a voice and choice, both in their acquisition of knowledge and in their work product helps personalize the project. Choices in summative assessments or products allow students to show their knowledge in a variety of ways. The type of learning materials and the form of the final product can be adapted to fit the accommodations outlined in a student's IEP. For instance, a student with dyslexia may be guided to use videos for research in lieu of written sources.

Differentiate Through Formative Assessments

Formative assessments can be customized for different students. The assessment can be oral or written, and different mediums can be used to assess a student's progress, such as graphic design or perhaps a collage.

The explanation and examples above show how project-based learning easily allows for personalization and adaptation to the student's ability and interests. Part of the philosophy of inclusion is that "fair" is not always "equal." If we are to truly "leave no child behind," then we need to be sure that the target achievement level is based on what the student is capable of doing. Project-based learning can be adapted to the abilities of all students, so that they can each have the opportunity to succeed.

Appendix S

Professional Standards for Administrators and the Board of Directors

Administrator Professional Standards

Odyssey Charter School will follow the Interstate School Leaders Licensure Consortium Standards for School Leaders outlined below as the Odyssey Charter School's professional standards for the administration and adapted to fit Odyssey Charter School's mission and vision or the state mandated administrator evaluation.

Standard 1: A school administrator is an educational leader who promotes the success of all students by facilitating the development, articulation, implementation, and stewardship of Odyssey Charter School's vision statement.

Standard 2: A school administrator is an educational leader who promotes the success of all students by advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.

Standard 3: A school administrator is an educational leader who promotes the success of all students by ensuring management of the organization, operations, and resources for a safe, efficient, and effective learning environment.

Standard 4: A school administrator is an educational leader who promotes the success of all students by collaborating with families and community members, responding to diverse community interests and needs, and mobilizing community resources.

Standard 5: A school administrator is an educational leader who promotes the success of all students by acting with integrity, fairness, and in an ethical manner.

Standard 6: A school administrator is an educational leader who promotes the success of all students by understanding, responding to, and influencing the larger political, social, economic, legal, and cultural context.

Board of Director Professional Standards

Odyssey Charter School's board of Directors will guided through ISBA's self-evaluation process like this listed below:

BOARD OF TRUSTEES SELF-ASSESSMENT			
THE BOARD MEMBER TEAM	Very Good	Satisfactory	Needs to Improve
1. Keeps the education and welfare of students as their primary concern.			
2. Is open and honest with each other, as well as administrators and is able to maintain an attitude of mutual trust and respect.			
3. Works to preserve the confidentiality of items discussed in executive session.			
4. Represents the interests of the entire district rather than a special interest group(s).			
5. Understands the need for compromise and is willing to support the majority decision.			
6. Encourages each other to work together as a team.			
7. Realizes that independent decisions or commitments on the board's behalf are improper.			
8. During meetings is polite, listens carefully and is respectful of each other, as well as school personnel.			

9. Comes to meetings prepared to focus on discussion issues and keeps comments relevant and brief.			
10. Does not use the office of Trustee for personal profit and/or advancement of patronage.			
11. Is concerned about achieving results rather than giving a good appearance.			
BOARD/SUPERINTENDENT RELATIONS	Very Good	Satisfactory	Needs to Improve
1. The board and superintendent work together in a spirit of mutual trust and respect.			
The board:			
A. Understands the distinction between the board's role and the function of the administration.			
B. Avoids interference with the superintendent's duties.			
C. Solicits input from the superintendent in the development of board policies.			
D. Gives direction to the superintendent rather than through individual staff members.			
2. The board and superintendent develop, in cooperation, long-and short-term goals, and a once or twice yearly process for evaluating the superintendent's progress and performance.			
3. A spirit of open discussion prevails so that board members do not feel alienated and are able to address potentially destructive issues.			
4. The board plans regular opportunities for open communication between the board and the			

superintendent.			
BOARD/STAFF RELATIONS	Very Good	Satisfactory	Needs to Improve
1. Appropriate personnel policies in the area of employment evaluation are reviewed and adopted by the board.			
2. The board encourages and offers opportunities for professional growth for all employees.			
3. Suggestions from staff for improvement of the school system are welcome.			
4. Staff accomplishments are recognized by the board.			
5. An appropriate study of staff attitudes are conducted on a regular basis.			
6. Board members avoid making excessive personal requests from staff.			
7. The board provides a safe and productive working environment.			
BOARD/COMMUNITY RELATIONS	Very Good	Satisfactory	Needs to Improve
1. The Board:			
A. Keeps the public informed through regular newsletters, reports, and contact with the media.			
B. Is aware of community attitudes and of special interest groups.			
C. Seeks community input prior to establishing district goals and objectives.			
D. Holds public hearings on important issues before taking final action.			

E. Encourages public attendance/input at board meetings and at school functions.			
F. Cooperates with parent or citizen groups.			
G. Allows adequate time for public participation at board meetings, but prevents a single individual or group from dominating discussion.			
H. Channels public complaints/concerns about the school district to the appropriate member of the staff.			
BOARD MEMBER ORIENTATION AND CONTINUING DEVELOPMENT	Very Good	Satisfactory	Needs to Improve
1. The district has a planned program to orient newly-elected board members:			
A. The nature of their duties and responsibilities.			
B. The nature of the duties and responsibilities of administrative personnel.			
C. The difference in responsibilities between the board and the administration.			
D. The educational relationship between the school district and the state: i.e. finances, transportation, etc.			
E. The roll of the teachers' union.			
F. The use of Parliamentary Procedure.			
2. The board keeps informed through:			

A. Professional publications and educational periodicals.			
B. Use of pertinent data, research and consulting services.			
C. Training opportunities such as conferences and workshops relevant to board responsibilities.			
D. Listening to educators, students, parents and community.			
PLANNING	Very Good	Satisfactory	Needs to Improve
1. Demographic information is current and provided to the board.			
2. The board:			
A. Establishes its own goals and objectives through a yearly review and evaluation process.			
B. Provides for a continuous process of strategic planning which focuses on student achievement and citizenship.			
C. Develops long- and short-term goals and objectives for the school district jointly with the superintendent and administrative team.			
D. Requires the superintendent to discuss progress on goals and objectives at designated intervals during the year.			
POLICY	Very Good	Satisfactory	Needs to Improve
1. The board:			
A. Maintains well-defined policies consistent with strategic goals of the district.			

B. Periodically reviews and updates policies according to an existing plan or system.			
C. Involves administrators, teachers, staff, students, parents and community members in the development or review of policy.			
D. Ensures that policies are current with mandates by governmental agencies and courts.			
E. Makes policy manuals available for district employees, students and the public.			
BUDGET/FINANCE	Very Good	Satisfactory	Needs to Improve
1. The annual budget:			
A. Reflects the strategic plan and supports the district's goals and objective for student achievement and citizenship.			
B. Demonstrates the results of an evaluation of existing programs.			
C. Considers both short and long range funding sources and expenditures.			
2. The board encourages input from staff, parents, students and community members throughout the budgeting process.			
3. Quarterly reports, depicting the district's financial status, including bills paid and other expenditures are presented in written form, clearly and concisely.			
4. Financial reports present clear and understandable data to the public.			
INSTRUCTIONAL PROGRAM	Very Good	Satisfactory	Needs to Improve
1. The board formulates educational goals			

based on the needs and values of the community.			
2. The board provides a quality educational program imposing high individual academic standards for <u>each</u> student.			
3. The board provides alternative instructional programs for the non-traditional student.			
4. The board provides appropriate courses-information for post high school careers/education.			
5. The board understands and follows the basic instructional program mandated by the legislature and the State Board of Education.			
6. The board reaches decisions affecting school programs on the basis of study of all available data and the superintendent's recommendations.			
7. Programs are evaluated on a timely basis and reported to the board.			
8. Student academic performance in the district, state and nation is presented regularly to the board.			
9. The board recognizes student accomplishments.			
10. The board promotes a positive, consistent approach to student discipline.			

Odyssey's Board of Directors will follow the ISBA's professional standards listed below:

As a member of my local board of trustees, I will strive to improve student achievement in public education, and to that end I will:

1. Attend all regularly scheduled board meetings insofar as possible, having read my packet ensuring that I am informed about the issues to be considered at the meetings;
2. Recognize that the board must comply with the Open Meeting Law and only has authority to make decisions at official board meetings;
3. Make all decisions based on the available facts and my independent judgment, and refuse to surrender that judgment to individuals or special interest groups;
4. Understand that the board makes decisions as a team. Individual board members may not commit the board to any action unless so authorized by official board action;
5. Recognize that decisions are made by a majority vote and the outcome should be supported by all board members;
6. Acknowledge that policy decisions are a primary function of the board and should be made after full discussion at publicly held board meetings, recognizing that authority to administer policy rests with the superintendent or administrator of the charter school;
7. Be open, fair and honest – no hidden agendas, and respect the right of other board members to have opinions and ideas which differ from mine;
8. Recognize that the superintendent or the administrator is the board's advisor and should be present at all meetings, except when the board is considering the superintendent's evaluation, contract or salary;
9. Understand the chain of command and refer problems or complaints to the proper administrative office while refraining from communications that may create conditions of bias should a concern ever rise to the attention of the board as a hearings panel;
10. Keep abreast of important developments in educational trends, research and practices by individual study and through participation in programs providing such information;
11. Respect the right of the public to be informed about district decisions and school operations;
12. Understand that I will receive information that is confidential and cannot be shared;
13. Give staff the respect and consideration due skilled, professional employees and support the employment of those best qualified to serve as district staff, while insisting on regular and impartial evaluation of all staff;

14. Present personal criticism of district operations to the superintendent or administrator, not to district staff or to a board meeting;
15. Refuse to use my board position for personal or family gain or prestige. I will announce any conflicts of interest before board action is taken; and
16. Remember always that my first and greatest concern must be the educational welfare of the students attending the public schools.

Board Members of Odyssey Charter School will follow the professional standards below.

- ~~strive to attend all scheduled board meetings.~~
- ~~To strive to be punctual.~~
- ~~To make a sincere effort to be informed on all agenda items, including asking questions and seeking clarification prior to the meeting.~~
- ~~To participate actively and fully on all issues, including those which may be highly controversial.~~
- ~~To respond to constituent concerns and evaluate staff recommendations without~~
- ~~To implying a criticism.~~
- ~~To act with professional courtesy during board meetings, being open to those whose views are different from mine.~~
- ~~To demonstrate an ability to think independently, to grow in knowledge, to rely on facts and a willingness to hear and consider all sides of controversial issues.~~
- ~~To convey a sense of loyalty to associates and respect for group discussions.~~
- ~~To make decisions based on what is best for the entire district, avoiding conflicts of interest or using my board position for personal or partisan gain.~~
- ~~To strive to keep focused on policy that supports and enhances student achievement, recognizing that authority for the administration remains with the administration.~~
- ~~To help the board expedite meetings by sticking to the agenda and suggesting new or additional items be put on a future agenda.~~
- ~~Follow the vision and mission statement of Odyssey Charter School in making decisions.~~

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

Please see enclosed Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, for some helpful information about your responsibilities as an exempt organization.

Sincerely,

Lois G. Lerner
Director, Exempt Organizations

Appendix U

Middle School Credit and Advancement Requirements

Idaho Code 08.02.03.107

Odyssey will implement the following credit system for its middle school students:

- A student will pass a minimum of eighty percent (80%) of the total credits attempted before the student will be eligible for promotion to the next grade level.
- Students must maintain or exceed ninety percent (90%) attendance in a class in order to pass that class. Attendance time can be made up through arrangements with the principal. The attendance time must be made up before the end of the semester.
- Special Education Students. The Individualized Education Program (IEP) team for a student who is eligible for special education services under the Individuals with Disabilities Education Improvement Act may establish alternate requirements or accommodations to credit requirements as are deemed necessary for the student to become eligible for promotion to the next grade level.
- Limited English Proficient (LEP) students. The Educational Learning Plan (ELP) team for a Limited English Proficient (LEP) students, as defined in Subsection *112.04.d.iv*, may establish alternate requirements or accommodations to credit requirements as deemed necessary for the student to become eligible for promotion to the next grade level.

Appendix V

Pre-Opening Professional Development

Pre-Opening Professional Development

Odyssey Charter School will provide professional development before school begins to prepare the faculty to use project-based learning and also use the various cloud-based tools available for them to use at the school. The professional development will cover the following:

- Project-based learning through Buck Institute for Learning 3 day workshop
- Online collaboration through Collaborize Classroom course management system using presentations of webinars and group discussion and practice
- Online etiquette and culture through a presentation of Collaborize Classroom's Create a Safe Space Online webinar and group discussion
- Google Docs, a cloud-based office suite similar to Microsoft's Office Suite
- OpenSIS, the student information system Odyssey will be using

Following the presentations, there will be discussions and survey cards for questions on what needs to be covered in more detail.

Pre-Opening Orientation and Professional Development Tentative Schedule

Administrator Professional Development

Intel has developed a variety of professional development courses explained later in this appendix. One of the courses is aimed at administrators. Intel's Educational Leadership for the 21st Century professional development will be completed by Odyssey's principal before the teachers start their professional development in August of 2013. Educational Leadership for the 21st Century helps school principals and district administrators support teacher effectiveness for student achievement through technology integration.

The administrator will also study the other Intel Modules explained later as preparation for leading Odyssey through the professional development of its project-based learning methodology.

Day 1

Teacher Orientation. Topics will be signing paperwork, professional standards, introduction to the school, get-to-know-you activities. Hand out teacher laptops. Teachers will be given their usernames and their passwords for their Gmail, OpenSIS, and Collaborize Classroom accounts.

Google Docs Workshop. An introduction of Google Docs and how to use it will be presented to the faculty.

OpenSIS. An introduction of Odyssey's student information system will be presented to the faculty.

Introduction to Collaborize Classroom. A series of short modules on Collaborize Classroom, an online course management system (CMS), will be presented through the use of Collaborize webinars and hands-on practice. This will lay a foundation of tools the teachers will use to put the project materials online for use in the classroom and at home.

- Get Organized! A demonstration on how to set up class categories and student groups on the Collaborize Classroom site. (10 minutes)
- Adding Students. A webinar on how to add students to the teacher's Collaborize Classroom web site. (10 minutes)
- How to Prepare for Fall Semester. A webinar on how to save time, plan ahead, and manage discussion topics. (47 minutes)

Lunch

Work Time

Day 2-4

Buck Institute for Education 3 Day Workshop

Buck Institute's workshop for designing, assessing and managing standards-focused projects as well as using performance assessments to judge the relevant work generated by students. Teachers will plan, design and receive peer feedback on an engaging and rigorous project using the Buck Institute for Education model and tools. Buck Institute for Education also has an online tools and forums for lessons, forms, and questions and answers that the teachers can use throughout the school year.

Day 5

Collabirze Classroom continued

Create a Safe Space Online. This webinar discusses the importance of establishing a safe space online to ensure that online students' conversations are respectful and supportive. It explains how to lay a firm foundation that will ensure that your discussion will be more successful long term. (42 minutes)

Getting Students Online and Posting Topics. This is a webinar to familiarize teachers with various ways to use Collaborize Classroom. It covers how to get students online, post a topic and begin engaging students in online discussions. (26 minutes)

Lunch

Work Time

Day 6

Teaching to Common Core State Standards Using Blended Instruction. This webinar discusses concrete strategies for how a teacher can leverage blended learning, online discussions and group collaboration to address Common Core State Standards. It shows how to teach technology and media literacy while providing more opportunities for students to develop their reading, writing, communication, critical thinking and problem solving skills. (60 minutes)

Lunch

Work Time

Day 7

Work Time

Professional Development after School Begins

Odyssey plans to repeat Buck Institute's three day workshop every summer for new teachers and has budgeted for this expense. The workshop may be altered if the administration and faculty see a need for more advanced training in the event that we do not have new teachers for the upcoming school year.

Odyssey will organize teacher's planning periods so that teams of teachers in the core classes of language arts, math, social studies, and history who need to coordinate their interdisciplinary projects will have a common preparation period.

Odyssey will contract with providers to conduct professional development in specific subject areas, project based-learning, classroom management, or other areas that the administration and the faculty sees the need.

Odyssey Charter School will provide links to the online lessons used in the professional development classes and other materials that will be helpful to the faculty. Depending on the need of the teachers, Odyssey will use the Intel professional development classes below in either an individual study program or as a group professional development classes depending on the needs and interests of the faculty.

The Intel Corporation has provided online a series of professional development courses. These courses can be used for free by schools as group professional development or by individual teachers. They include animated e-learning tutorials, interactive learning exercises, and offline activities to apply concepts and cover a variety of areas that relate to Odyssey's professional development needs. Intel's project-based courses are described below:

Project-Based Approaches helps teachers improve their understanding and application of project-based approaches in the 21st century classroom.

Assessment in 21st Century Classrooms shows teachers ways to improve assessment of 21st century skills with new assessment strategies and tools for assessing 21st century skills.

Collaboration in the Digital Classroom provides teachers with strategies for building collaborative activities using online tools that support connection and sharing in and beyond the classroom.

Thinking Critically with Data helps teachers to think critically about data quality, display, and interpretation.

Each course includes 4-5 hours of learning the concepts which will be done as a group. Then there will be 8-12 hours of individual work applying the concepts done individually. Next, the group will meet for 5-8 hours sharing ideas and giving feedback on the teachers' action plans.

The Intel courses and teacher mentoring by existing faculty will also be used in subsequent years for newly hired teachers at Odyssey Charter School to prepare them for Odyssey's project-based methodology.
