TAB B: CONSIDERATION OF THE COVID-19 IMPACT ON RENEWAL CONDITIONS AND THE PERFORMANCE FRAMEWORK

Jenn Thompson, PCSC Director, explained how the State Board of Education's decision to waive the 2020 ISAT assessments would affect the annual evaluations on proficiency and growth along with the effect on the six schools that have academic conditions due on June 30, 2020.

Director Thompson also spoke about the Governor's request to withhold 1% from the total amount due to the schools for FY20.

M/S (Quinn/Bair) A motion to exempt all schools from the proficiency and growth measures of the PCSC performance certificate for the FY20 annual reports, to not consider closure for schools with renewal considerations due on June 30, 2020, if the outcomes stated in the condition could not be evaluated due to canceled ISAT assessments, and to grant PCSC staff flexibility in scoring operational and financial measures of the FY20 annual reports on a case by case basis when there is evidence supporting Covid-19 impact to the school's outcomes on any particular measure. *The vote was taken by roll call: Commissioners Scigliano, Quinn, Peterson, Kunz, Bair, and VanOrden voted aye. The motion passed unanimously.*

TAB C: SECOND CONSIDERATION OF PERFORMANCE CERTIFICATE NEGOTIATION FOR HERITAGE ACADEMY.

Ms. Thompson reviewed Heritage Academy's original proposal and the requests that were approved at the February 13, 2020 PCSC meeting.

Dr. Christine Ivie, Heritage Academy School Administrator, expressed her appreciation of the efforts of Director Thompson on their behalf.

Amy White, legal counsel for Heritage Academy, thanked the commission and staff.

Director Thompson explained the requests in Sections 4E, 4F, and 7B in the proposed performance certificate, which are shaded in gray, along with the yellow highlighted changes that were made at the February 13, 2020 PCSC meeting.

Rachel Newton, attorney for the PCSC explained that there is already a mechanism in place to cover the requests in the yellow highlighted areas and therefore the changes in Sections 4E, 4F, and 7B were not necessary.

Discussion followed concerning Section 4G and the requirements for site visits. Ms. Thompson confirmed that she met the listed requirements and that a 14 day notification was reasonable. Clarification was asked on Section 4G concerning commissioners visiting the school.

M/S (Scigliano/Peterson) A motion to approve the proposed revisions to the Heritage Academy performance certificate as presented, excepting the yellow highlighted language in Section 4E, Section 4F, and Section 7B, and to delete the staff requirement of a minimum of five years' experience serving in a school with demographic characteristics within 15 percent of the School for the following demographic characteristics: percent of students who qualify for free or reduced-price lunches, percentage of students who qualify for special education services,

percent of students who qualify for English Learner Services as listed in Section 4G.

The commission discussed Section 4G and the requirements for site visits along with the qualifications required for a site representative.

M/S (Peterson) A motion to amend the proposed motion to change the wording to one person shall hold current certification in K-12 education administration.

M/S (Scigliano/Peterson) withdraw the previous motion.

SUBJECT

COVID-19 Response Update

APPLICABLE STATUTE, RULE, OR POLICY

NA

BACKGROUND

In response to the current health crisis all schools transitioned to remote learning in mid-March. The ongoing response to COVID-19 has presented schools with significant academic and economic hurdles.

DISCUSSION

PCSC Director Thompson will present an overview of the issues from an authorizer's perspective. Various directors of PCSC virtual schools will provide an overview of the challenges and resources related to COVID-19.

The quick shift to remote learning has been a challenge for all schools. Teachers are implementing entirely new instructional strategies, often learning these strategies along the way. Governing boards are waiving and revising policy. Administrators are inundated with meetings to strategize, receive state-level direction, explore new resources, and hear parent concerns. In short, everyone is scrambling to provide an entirely new infrastructure for public education. Stress levels are high and social-emotional wellness has taken a front seat for all educators.

In addition to the day-to-day operational changes, schools are managing budget cuts this year and preparing for significant budget cuts next year. Schools that have not previously held 1:1 devices and high levels of continuous internet access as spending priorities are now restructuring their budgets to accommodate student and teacher needs. Fall enrollment is less certain than ever before as families may not commit to an educational plan that isn't yet developed. Even schools with very stable enrollments have ramped up their retention and recruitment efforts.

Charter school authorizers around the country are responding in a variety of ways, including waiving academic measures and conditions and participating on a statewide level to facilitate communication and access to resource, as the PCSC has. Authorizers are also grappling with their role in the re-opening process. Some of the questions authorizers are contemplating include:

- What is the role of the authorizer in oversight of operational compliance as schools re-open their facilities?
- How does the forced shift in instructional models impact a school's performance certificate? That is, what happens if a school cannot deliver on its key design elements in a remote or virtual format?

- How do the economic uncertainties impact the authorizer's role in approving new schools or granting expansions? Have the risks changed the authorizer's responsibility?

Across Idaho, there is concern that students lost academic ground over the past few months, and attention is now turning toward what that means going forward. For the first time brick and mortar schools are faced with the challenges of maintaining student engagement in a remote setting. The PCSC authorizes several virtual schools uniquely poised to understand the challenges other schools are facing.

PCSC virtual school directors have been invited to share the virtual school perspective on this issue. The expertise and experience these schools have in navigating virtual instruction can help us all better understand best practices and potential pitfalls. They will also discuss the resources and support virtual schools may be able to provide for the benefit of brick and mortar schools during this time.

Pre-Opening Schools Update

APPLICABLE STATUTE, RULE, OR POLICY

Idaho Code § 33-5206(6)

BACKGROUND

The PCSC approved four (4) new charter schools to open in the fall of 2020. The PCSC also approved the transfer of authorization for one (1) school that was preparing to open in the fall of 2020.

Pre-Opening schools include: McCall Community School, Doral Academy of Idaho, Pinecrest Academy of Idaho, MOSAICS, and Hayden Canyon Charter School.

DISCUSSION

PCSC Program Manager, Jared Dawson, will provide a brief update of each school's progress toward achieving enrollment goals, facility plans, and operational readiness.

The governing board of McCall Community School (MCS) passed a resolution to delay the school's opening until fall of 2021. The resolution, included in these materials, addresses the need to amend their performance certificate, changing the due date of the existing pre-opening condition to May 11, 2021. The PCSC must consider whether to accept the resolution and approve the subsequent amendment.

Doral Academy of Idaho (DAI) was approved with a pre-opening condition due on May 11, 2020. The school was able to provide sufficient documentation evidencing that the terms of the condition have been met. The notification of cleared conditions is included in these materials for reference.

Pinecrest Academy of Idaho (PAI) was approved with a pre-opening condition due on May 11, 2020. The school was able to provide sufficient documentation evidencing that the terms of the condition have been met. The notification of cleared conditions is included in these materials for reference.

IMPACT

Accepting the MCS resolution will allow the PCSC to hold the school accountable to the existing pre-opening condition next year. Not accepting the MCS resolution

does not prevent the school from opening at a later date within its approved operating term, but would render the existing condition non-enforceable in the future.

STAFF COMMENTS AND RECOMMENDATIONS

Staff recommends that the PCSC accept the MCS resolution and approve the amendment to extend the due date of the school's existing pre-opening condition to May 11, 2021.

COMMISSION ACTION

A motion to accept the McCall Community School's resolution to delay opening until fall of 2021 and to amend the school's Performance Certificate to extend the due date of the existing pre-opening condition to May 11, 2021.

Resolution of the Board of Directors

Resolution Declaring Delay in Opening

WHEREAS, the Idaho Public Charter School Commission has authorized [School Name] and has issued a Performance Certificate with a fixed operational term of 2020-2025; and

THEREFORE, BE IT RESOLVED that the McCall Community School Board, by majority vote, has determined that McCall Community School will delay opening and will begin operations in the 2021-2022 school year.

BE IT FURTHER RESOLVED that the McCall Community School Board declares that, pending approval of the Idaho Public Charter School Commission or its designee, the school's Charter should be amended to reflect this delay in opening and the school's Performance Certificate should be amended to reflect the due date of May 11th, 2021 on the existing pre-opening condition.

Doral Academy of Idaho (DAI)

Delivered via email

Dear DAI Governing Board,

This letter is to notify you that DAI has met the terms of all pre-opening conditions.

As the governing board was new to charter school governance, and the Education Services Provider was new to Idaho, the PCSC approved the school on condition that the board engage in sufficient training prior to opening. Evidence that all board directors have completed training in the required categories was submitted to the PCSC on 5/11/2020. The terms of this condition are fulfilled. Thank you for your commitment to these important duties.

Additionally, at the time of approval, several elements of the school's financial plan were not yet confirmed. The PCSC included a second condition requiring verification of financial stability. As of 5/11/2020, the school reports enough confirmed enrollment to generate 8 support units which is sufficient to accommodate the school's planned expenditures in FY21. However, the school did not report a waitlist in any grade. This is concerning as enrollment numbers will fluctuate. The school's projected revenues also account for the 5% anticipated holdback due to COVID-19.

On the expenditure side, DAI has secured a facility lease rate based on enrollment numbers for the first seven years of operation. In year one, the lease rate is \$10,000, monthly. This is less than 10% of the school's anticipated annual revenue. The budget also indicates that the school is on track to manage these confirmed facility costs, along with salaries appropriately applied to the career ladder, while ending the fiscal year with a positive fund balance and sufficient reserves. In addition, the school is currently operating without long-term debt. While enrollment stability remains a concern, the terms of the financial stability condition were fulfilled on the date specified in the condition.

As the school has met the terms of all pre-opening conditions, no action from the PCSC is pending at this time. Thank you for your dedication to serving Idaho students well. Please contact our office if you have any questions.

Sincerely,

Delivered via email

Dear PAI Governing Board,

This letter is to notify you that PAI has met the terms of all pre-opening conditions.

As the governing board was new to charter school governance, and the Education Services Provider was new to Idaho, the PCSC approved the school on condition that the board engage in sufficient training prior to opening. Evidence that all board directors have completed training in the required categories was submitted to the PCSC on 5/11/2020. The terms of this condition are fulfilled. Thank you for your commitment to these important duties.

Additionally, at the time of approval, several elements of the school's financial plan were not yet confirmed. The PCSC included a second condition requiring verification of financial stability. As of 5/11/2020, the school reports enough confirmed enrollment to generate 8.81 support units. This is sufficient to accommodate the school's planned expenditures in FY21. In addition, the school reports a waitlist of approximately half its allowable enrollment for the year and the school's projected revenues also account for the 5% anticipated holdback due to COVID-19.

On the expenditure side, PAI has secured a facility lease rate \$7,333, monthly in the first year of operation. In subsequent years, the lease will be a flat-rate based on ADA. In year one, the lease is approximately 7% of the school's anticipated revenue. The budget also indicates that the school is on track to manage these confirmed facility costs, along with salaries appropriately applied to the career ladder, and the confirmed cost of the contract with Academica, while ending the fiscal year with a positive fund balance and sufficient reserves. In addition, the school is currently operating without long-term debt. The terms of the financial stability condition are fulfilled.

As the school has met the terms of all pre-opening conditions, no action from the PCSC is pending at this time. Thank you for your dedication to serving Idaho students well. Please contact our office if you have any questions.

Sincerely,

SUBJECT

Notifications of Fiscal Concern FY21

APPLICABLE STATUTE, RULE, OR POLICY

Idaho Code §33-5209C(3)

BACKGROUND

Pursuant to Idaho Code, if the PCSC has reason to believe that a public charter school may not remain fiscally stable for the remainder of its performance certificate term, the PCSC shall issue to the State Department of Education written notification of concern.

According to PCSC policy, with regard to notifications of fiscal concern, “fiscal stability shall be defined as the ability to maintain positive cash flow and positive year-end balances while servicing all obligations, without relying on revenues intended for use in future fiscal years to cover current-year operating expenditures.”

Staff recommendations are based on the following data points:

- Year-end fund balance, as reported in the school’s most recent financial audit.
- Year-end cash flow, as reported in the most recent performance report.
- Most recent year debt service coverage ratio, as reported in the most recent performance report.
- The financial accountability designation, as reported in the most recent performance report.
- Enrollment projects, as reported by the school the July prior to the current school year (FY20).
- Mid-Term Average Daily Attendance, as reported by the SDE (FY20).

DISCUSSION

Four PCSC schools operated under a notification of fiscal concern during FY20. The PCSC must decide whether to lift or continue these notifications for FY21. The four schools are Bingham Academy, Blackfoot Charter Community Learning Center (BCCLC), Syringa Mountain School, and The Village Charter School (TVCS).

The financial stability of two additional schools has risen to the level of concern during FY20. The PCSC must consider whether to issue notifications of fiscal concern for Peace Valley Charter School (PVCS) and Project Impact STEM Academy (Pi STEM).

All schools have been informed of staff recommendations. The data used to inform staff recommendations is included in these materials.

Several schools have provided additional documentation for the PCSC’s consideration. Pi STEM provided a letter from their board of directors. BCCLC

provided a cash flow for the end of FY20 and a letter from its new administrator and board chair. TVCS provided letters from their board, admin, and bondholder as well as several financial documents evidencing the school's cash flow, fund balance, and debt service coverage for FY20.

IMPACT

A motion to lift a notification of fiscal concern allows a school to receive funding on the same distribution schedule as all other schools. That is, the school will receive 75% of its anticipated revenue by November 15th.

A motion to issue or continue a notification of fiscal concern requires funding distributions to be of equal percentage, thereby protecting taxpayer investment. That is, if a school closed due to financial failure half-way through the school year, the school would only have received 50% of its anticipated operational funds for that year.

STAFF COMMENTS AND RECOMMENDATIONS

PCSC staff recommends that the PCSC lift the notification of fiscal concern for Syringa Mountain School, continue the notification of fiscal concern for Bingham Academy, and issue new notifications of fiscal concern for Peace Valley Charter School and Project Impact STEM Academy.

The situations for both TVCS and BCCLC are somewhat more complicated. While these two schools technically meet the PCSC policy definition of “fiscally sound”, the enrollment challenges experienced by both schools in FY20 leave room for concern. Both schools have made big strides in their financial recovery over the past year, but whether they are now strong enough to weather the COVID-19 financial impact and fall enrollment uncertainties and maintain their current levels of financial stability through the end of their performance certificate terms (2023 and 2024, respectively) is unclear.

PCSC staff recommends that the PCSC continue the notification of fiscal concern for both TVCS and BCCLC at this time.

COMMISSION ACTION

1. A motion to lift the notification of fiscal concern for Syringa Mountain School.
2. A motion to continue the notification of fiscal concern for Bingham Academy for FY21.
3. A motion to issue a notification of fiscal concern for Peace Valley Charter School for FY21.
4. A motion to issue a notification of fiscal concern for Project Impact STEM Academy for FY21.

5. A motion to continue the notification of fiscal concern for Blackfoot Charter Community Learning Center for FY21.
6. A motion to continue the notification of fiscal concern for The Village Charter School.

PCSC Staff Analysis of Fiscal Concern

Syringa Mountain

According to the most recently issued annual report, the school's year-end fund balance was positive by \$104,347.00 and the FY19 cash flow was positive by \$162,167.00, both of which meet PCSC standard. Additionally, the debt service coverage ratio was 2.79, which also meets standard. Overall, the school earned a financial accountability designation of "honor", and earned 95% of the points possible on the FY19 Annual Performance Report. During FY20, the school was able to maintain 95% of its projected enrollment through the mid-term enrollment count, meeting the PCSC's enrollment standard.

Bingham Academy

According to the most recently issued annual report, the school's year-end fund balance was negative by \$18,182.00, which does not meet PCSC standard. The FY19 cash flow was positive by \$30,740.00, which does meet standard. Additionally, the debt service coverage ratio was .5, which does not meet standard. Overall, the school earned a financial accountability designation of "critical" for each of the previous four years. During FY20, the school maintained 84% of its projected enrollment through the mid-term enrollment count. This does not meet the PCSC standard of 95%.

Blackfoot Charter Community Learning Center

According to the most recently issued annual report, the school's year-end fund balance was positive by \$66,901.00; the FY19 cash flow was positive by \$254,213.00, both of which meet PCSC standard. Additionally, the debt service coverage ratio was 1.5, which also meets the PCSC standard. Overall, the school earned a financial accountability designation of "good standing" in FY19, but earned a "critical," "good standing," and "remediation" in the three previous years. The school expects to end FY20 with a positive year-end fund balance, as evidenced in the cash flow included in these materials. During FY20, the school maintained 79% of its projected enrollment through the mid-term enrollment count. This does not meet the PCSC standard of 95%.

Peace Valley Charter School

According to the most recently issued annual report, the school's year-end fund balance was positive by \$166,065.00 and the FY19 cash flow was positive by \$1,627.00, both of which meet PCSC standard. The debt service coverage ratio was .3, which does not meet the PCSC standard. Overall, the school earned a financial accountability designation of "remediation" in FY19. During FY20, the school maintained 73% of its projected enrollment through the mid-term enrollment count. This does not meet the PCSC standard of 95%.

Project Impact STEM Academy

According to the most recently issued annual report, the school's year-end fund balance was positive by \$122,672.00 and the FY19 cash flow was positive by \$65,374.00, both of which meet PCSC standard. The debt service coverage ratio was .25, which does not

meet the PCSC standard; however, this school operates without debt. Overall, the school earned a financial accountability designation of “good standing” in FY19. During FY20, the school maintained 69% of its projected enrollment through the mid-term enrollment count. This does not meet the PCSC standard of 95%.

The Village Charter School

According to the most recently issued annual report, the school’s year-end fund balance was positive by \$479,000 and the FY19 cash flow was positive by \$292,000. While this meets PCSC standard, it also reflects a loan. The debt service coverage ratio was -1, which does not meet standard. Overall, the school earned a financial accountability designation of “remediation”, which is an improvement over the three preceding years during which the school earned “critical” accountability designations. The school has provided several additional financial documents evidencing that the school no longer has debt beyond its facility, has maintained a positive cash flow all year, and expects to have a positive year-end fund balance for FY20. During FY20, the school maintained 64% of its projected enrollment through the mid-term enrollment count. This does not meet the PCSC standard of 95%.

RE: PCSC possible Letter of Fiscal Concern

Chairman Reed, Commissioners, Director Thompson & Staff:

The Board and staff of Project Impact STEM Academy (Pi STEM) would like to thank Director Thompson for providing the opportunity to discuss the proposed Notification of Fiscal Concern for FY21. We understand the need for accountability of charter schools and appreciate the continued support we receive from you and your team.

Pi STEM has managed a number of issues in its first two years. Opening, and operating a school is certainly, and understandably, difficult. Nonetheless, I believe the board and staff have grown through each obstacle it has had to face. Each mistake and misstep have been analyzed to determine how it occurred and also how the team can grow and learn from it.

In the school's first year, a great deal was learned regarding operations, transparency, and management. The disruptions from our first year had a large impact on our enrollment and retention. The team decided at the time, not to focus on enrollment numbers but rather to focus on the culture, and improve the trust damaged with the community. It was a decision to accept the lower enrollment and rebuild the structure. In hindsight, we now understand enrollment (recruitment and retention) must always remain a focus. The lack of this focus has made this, our second year, an extremely difficult year financially.

A great deal of effort was needed for the school to financially survive this year. Thanks to the hours of additional work from our incredible financial team and administration, Pi STEM is on

track to finish this school year with positive cash flow and year-end balance. However, the financial difficulties generated additional stress and work that could have been avoided. From this year, the team has understood the value of improving its budget planning, as well as the importance of recruitment and retention. Specifically, the following improvements have been made:

1. Developing a recruitment & retention specialist
2. Increased financial committee meetings with focused reviews of ADA, retention, cash flow, and strategic planning
3. Improved budget planning, financial training, and an increased review of the budget
4. Improved understanding of reported projections to you (we reported highly optimistic enrollment numbers knowing we would likely have less)

The Pi STEM team has realized that it must work to manage each aspect equally: academic, operations, and financial. While our shifted focus did cause difficulties, it was not without its gains.

We feel it is important that we share the full qualitative story of this year with you, as well. Although we will not be able to assess our students on the ISAT, we have continued to test all of our K-6 grade students, nearly monthly, on iStation reading and iReady math. We would be happy to share our results with you.

We feel the results show our continued commitment to growing a high achieving school that is accountable to the state for how the state tax dollars are spent. Additionally, both our teacher and parent satisfaction ratings are up this year, which is reflective of our improved culture. Even going into our COVID-19 online school, we enrolled two additional students and are currently maintaining an attendance rate of >93%, as we continue providing full day learning opportunities to our students. We believe this is a testament to our improved image with our families, staff and the community of Kuna.

Pi STEM appreciates your role as our authorizer to not only provide support but also hold us accountable. While we have struggled this year, we believe we have learned and grown from the mistakes we have made. We are concerned that a formal letter from your office might generate additional issues for the school as we move into the upcoming year. We believe such a letter

could cause uncertainty with prospective families as well as damage the school's ability to buy out its current investors and lower our facility payments.

We respectfully ask that you do not formally present the letter at this time, and we ask for the opportunity to show the growth we have made. We would welcome the opportunity to present this growth more frequently to Director Thompson and provide any assurances needed of the school's continued sustainability for the upcoming year.

Sincerely,

Teresa Fleming

Pi STEM Board Chairman

As you are aware, The Village Charter School had many financial and operational hurdles to overcome this past year, and we are pleased to report that we have done so in a positive manner. From a financial position, we have maintained positive cash flow without any additional borrowings and will also end the year with a healthy fund balance. The included cash flow is for July 2019 - August 2020 and does not include the August 2020 foundation payment for the purposes of showing expenses and revenue related to the 2019/2020 school year. We were approved for the SBA PPP loan and received the funds, but we did not include them in the cash flow in order to demonstrate a positive position without them. We are also being very cautious with the categorization and use of these funds, and are watching for any guidance that may change for them. We continue to work with our bondholders on a debt repayment plan that aligns with our enrollment and are confident we are very close to a solution.

The lottery this year was very successful with 213 students signing up and we have 106 that have accepted a spot. In addition to our lottery we have retained 216 students for the 2020-2021 school year. After our lottery was completed on Friday, April 24th we had 11 students added to our waitlist, of which seven have accepted our enrollment offer. The included draft 2020/2021 budget is based on 341 students and will be adjusted accordingly as we gain a better understanding where enrollment will land. We have also reflected a 5% funding reduction as well. We also anticipate some growth over the summer but are not including that in our budget at this time.

We have been focused this year on aligning with our mission, ensuring that future growth and retention is driven by delivering on our Charter. We have demonstrated one of the best safety track records over the past seven years, along with consistent proficiency performance in Science and Language Arts. We anticipate soon the recognition of our school becoming only the second Lighthouse School for Leadership in the State of Idaho. With a new energy toward our cohesive goals of being the #1 Leadership School of Choice, and the #1 Employer of Choice, and with the acute challenges of the past behind us, we are confident that we have a strong value proposition

for families to enroll their children for the 2020-2021 school year and further into the future. Making this possible is a constructive relationship with our Bondholders, Administration and Staff, who all understand that a culture-based approach to long term performance is our future, and we are already seeing those positive results unfold.

We ask that you look closely at our selection of capable partners, including Adam Holcomb as our Chief Financial Officer and Candie Massey as our Business Administrator to see that we are making thoughtful decisions about our finances. This is the best financial support team we have ever had, and along with the considerable support from our bondholders, we are well positioned to continue our conservative approach to cash flow. We ask that you consider these factors, along with our perseverance and our adherence to a long-term strategy going forward, to remove the Letter of Financial Concern from our constraints.

Subject: Village Charter Bondholder Update
Date: Tuesday, May 19, 2020 1:22:34 PM

Hi Jenn,

It was nice chatting with you last week about The Village Charter School (TVCS), and to hear the general update on the school environment in Idaho. As we discussed, the Bondholders of TVCS remain strongly committed to the future success of the school and its students. We have been actively working with TVCS' Board and its financial support team, including Adam Holcomb, to try to determine the best way to revise and restructure the existing debt to give the school the best chance to stabilize--and ultimately grow to a sustainable enrollment with strong academic and financial characteristics.

While we do not yet have a permanent solution, I wanted to assure you that the bondholders have no intention of forcing TVCS to make any large payments on the Bonds that would jeopardize the school's financial sustainability. It is our intent to take the large payment that is due in June and restructure it to allow TVCS to maintain some reasonable level of reserves while balancing the interests of the Bondholders. We would then structure the ongoing payments to fall within the budget of the school without draining those reserves. Right now, our ability to structure those payments is dependent on a number of factors, including the expected funding cuts, determination of enrollment, and the outcome of the Commission's assessment of the school's fiscal situation.

While we cannot ask the Bondholders to completely forego payments, we all recognize that asking for payments that are too aggressive now could result in the school failing, or lacking sufficient resources to provide the appropriate level of support to its students.

While we realize that our input in the process is limited, I wanted to ensure that you knew of the Bondholders' commitment to the school, and our desire to find a balance that helps the school and its students. We see a lot of positives with the new administrator coming in, the ongoing efforts to achieve the "Leader in Me" designation, the strong support from the finance team, and the reinvigorated involvement of the Board. We think the school is well-positioned to take a large leap in performance in the upcoming year. We hope the Commission shares our view.

Please do not hesitate to contact me with any questions or if I can provide any additional information.

I hope you are staying safe and sane in these crazy times!

Dear Commissioners,

I am writing with the intent of having you consider the lifting of the Letter of Fiscal Concern for The Village Charter School. In respect to correspondence from the school CFO and the company holding the loan on the building, I will not continue to expand on the fiscal reasoning for lifting the Letter, but instead will present additional information that might not readily come to mind in the present situation. Indeed, I believe it to be equally important to consider the resiliency of the school and how it has repeatedly endured what might be considered multiple stress tests that would have likely precipitated the closure of a lesser organization.

Whether it has been the challenges of bureaucracy and pandering by special interests that sufficiently delayed the opening of the school by over a year resulting in a construction cost coverage of 30%, the shouldering of special education costs for having at one point a special education population almost three times the state average, the depredations of a mercenary press corps, or the additional costs associated with having to install a new fire system in a building that required the school to utilize new devised drilling techniques. The Village Charter School has consistently delivered on its promise to provide a supportive educational center for its families and their children.

Aside from financial challenges, the school has over the last seven years achieved one of the best safety records in the state, with no law suits involving special education, or student expulsions. Gangs, drugs, and weapons are not part of the culture of the school, nor have they ever been a part of the school community. In addition, school leadership has only changed hands once in nine years, and the retention of instructional staffing has been largely steady, with 95% of all teachers remaining at the school going into the 2020-2021 school year. All factors that lend credibility to the realization of the school having a strong cultural foundation with parents and guardians who trust in the professionals associated with the institution.

Granted, it might be assumed that since I am the current Lead Administrator for the school, I have a degree of personal bias in favor of the school, and to some degree you would be correct. I have been in the trenches figuratively speaking with my colleagues as we have navigated our way through multiple storms, and yes there were mistakes made along the way. Nevertheless, the school has continued to improve, and each test has made it stronger. More so, as this is my final year with the school, I have no future personal stake in the continued success of the institution except to note that in this case if there was an organization deserving of being given a boost, I would ask you considering doing so now. The Village Charter School and its community are truly a symbol of what it means to have grit, and the people within the organization exemplify the American spirit of never giving up.

Respectfully,

Anthony L. Richard
Lead Administrator, TVCS

Borrower: The Village Charter School, Inc.
1747 N Fairmeadow Dr
Boise, ID 83704-7007

Lender: Columbia State Bank
Community Financial Resources
2820 Harrison Avenue NW
Olympia, WA 98502

Principal Amount: \$345,467.94**Interest Rate: 1.000%****Date of Note: April 29, 2020**

PAYCHECK PROTECTION PROGRAM. The loan evidenced by this Note is subject to the terms and conditions of the U. S. Small Business Administration Paycheck Protection Program ("PPP"), as authorized by the Coronavirus, Aid, Relief and Economic Security Act (CARES Act), Public Law 116 – 136, 134 Stat 281 (2020).

PROMISE TO PAY. The Village Charter School, Inc. ("Borrower") promises to pay to Columbia State Bank ("Lender"), or order, in lawful money of the United States of America, the principal amount of Three Hundred Forty-five Thousand Four Hundred Sixty-seven & 94/100 Dollars (\$345,467.94), together with interest on the unpaid principal balance from April 29, 2020, calculated as described in the "INTEREST CALCULATION METHOD" paragraph using an interest rate of 1.000%, until paid in full. The interest rate may change under the terms and conditions of the "INTEREST AFTER DEFAULT" section.

PAYMENT. Borrower will pay this loan in 18 payments of \$19,441.83 each payment. Borrower's first payment is due November 29, 2020, and all subsequent payments are due on the same day of each month after that. Borrower's final payment will be due on April 29, 2022, and will be for all principal and all accrued interest not yet paid. Payments include principal and interest. Unless otherwise agreed or required by applicable law, payments will be applied to the Borrower's obligations under this Note in such order as determined by Lender. Borrower will pay Lender at Lender's address shown above or at such other place as Lender may designate in writing.

FORGIVENESS. As provided in the PPP, Borrower may qualify for forgiveness of all or a portion of the principal and interest due under this Note. Upon approval of Borrower's request for forgiveness, Lender may re-amortize the remaining principal balance (the "Re-amortization"), if any, to an amount sufficient to fully amortize the unpaid principal and accrued interest over the remaining term of the Note. Such Re-amortization must be requested by Borrower in writing. No further modification of the Note will be required to memorialize the Re-amortization. The modified payment amount resulting from the Re-amortization will be reflected in Borrower's monthly payment statement. Borrower may also request a payment schedule from Lender reflecting the Re-amortization.

INTEREST CALCULATION METHOD. Interest on this Note is computed on a 365/365 simple interest basis; that is, by applying the ratio of the interest rate over the number of days in a year (365 for all years, including leap years), multiplied by the outstanding principal balance, multiplied by the actual number of days the principal balance is outstanding. All interest payable under this Note is computed using this method.

PREPAYMENT. Borrower may pay without penalty all or a portion of the amount owed earlier than it is due. Early payments will not, unless agreed to by Lender in writing, relieve Borrower of Borrower's obligation to continue to make payments under the payment schedule. Rather, early payments will reduce the principal balance due and may result in Borrower's making fewer payments. Borrower agrees not to send Lender payments marked "paid in full", "without recourse", or similar language. If Borrower sends such a payment, Lender may accept it without losing any of Lender's rights under this Note, and Borrower will remain obligated to pay any further amount owed to Lender. All written communications concerning disputed amounts, including any check or other payment instrument that indicates that the payment constitutes "payment in full" of the amount owed or that is tendered with other conditions or limitations or as full satisfaction of a disputed amount must be mailed or delivered to: COLUMBIA STATE BANK, P.O. Box 1757 TACOMA, WA 98401.

LATE CHARGE. If a payment is 10 days or more late, Borrower will be charged 5.000% of the regularly scheduled payment.

INTEREST AFTER DEFAULT. Upon default, including failure to pay upon final maturity, the total sum due under this Note will continue to accrue interest at the interest rate under this Note. If judgment is entered in connection with this Note, interest will continue to accrue after the date of judgment at the rate in effect at the time judgment is entered.

DEFAULT. Each of the following shall constitute an event of default ("Event of Default") under this Note:

Payment Default. Borrower fails to make any payment when due under this Note.

Other Defaults. Borrower fails to comply with or to perform any other term, obligation, covenant or condition contained in this Note or in any of the related documents or to comply with or to perform any term, obligation, covenant or condition contained in any other agreement between Lender and Borrower.

False Statements. Any warranty, representation or statement made or furnished to Lender by Borrower or on Borrower's behalf under this Note or the related documents is false or misleading in any material respect, either now or at the time made or furnished or becomes false or misleading at any time thereafter.

Insolvency. The dissolution or termination of Borrower's existence as a going business, the insolvency of Borrower, the appointment of a receiver for any part of Borrower's property, any assignment for the benefit of creditors, any type of creditor workout, or the commencement of any proceeding under any bankruptcy or insolvency laws by or against Borrower.

Creditor or Forfeiture Proceedings. Commencement of foreclosure or forfeiture proceedings, whether by judicial proceeding, self-help, repossession or any other method, by any creditor of Borrower or by any governmental agency against any collateral securing the loan. This includes a garnishment of any of Borrower's accounts, including deposit accounts, with Lender. However, this Event of Default shall not apply if there is a good faith dispute by Borrower as to the validity or reasonableness of the claim which is the basis of the creditor or forfeiture proceeding and if Borrower gives Lender written notice of the creditor or forfeiture proceeding and deposits with Lender monies or a surety bond for the creditor or forfeiture proceeding, in an amount determined by Lender, in its sole discretion, as being an adequate reserve or bond for the dispute.

Events Affecting Guarantor. Any of the preceding events occurs with respect to any guarantor, endorser, surety, or accommodation party of any of the indebtedness or any guarantor, endorser, surety, or accommodation party dies or becomes incompetent, or revokes or disputes the validity of, or liability under, any guaranty of the indebtedness evidenced by this Note.

Change In Ownership. Any change in ownership of twenty-five percent (25%) or more of the common stock of Borrower.

Adverse Change. A material adverse change occurs in Borrower's financial condition, or Lender believes the prospect of payment or performance of this Note is impaired.

Insecurity. Lender in good faith believes itself insecure.

LENDER'S RIGHTS. Upon default, Lender may declare the entire unpaid principal balance under this Note and all accrued unpaid interest immediately due, and then Borrower will pay that amount.

ATTORNEYS' FEES; EXPENSES. Lender may hire or pay someone else to help collect this Note if Borrower does not pay. Borrower will pay Lender that amount. This includes, subject to any limits under applicable law, Lender's attorneys' fees and Lender's legal expenses, whether or not there is a lawsuit, including attorneys' fees, expenses for bankruptcy proceedings (including efforts to modify or vacate any automatic stay or injunction), and appeals. If not prohibited by applicable law, Borrower also will pay any court costs, in addition to all other sums provided by law.

JURY WAIVER. Lender and Borrower hereby waive the right to any jury trial in any action, proceeding, or counterclaim brought by either Lender or Borrower against the other.

WHEN FEDERAL LAW APPLIES. When SBA is the holder, this Note will be interpreted and enforced under federal law, including SBA regulations. Lender or SBA may use state or local procedures for filing papers, recording documents, giving notice, foreclosing liens, and other purposes. By using such procedures, SBA does not waive any federal immunity from state or local control, penalty, tax, or liability. As to this Note, Borrower may not claim or assert against SBA any local or state law to deny any obligation, defeat any claim of SBA, or preempt federal law.

CHOICE OF VENUE. If there is a lawsuit, Borrower agrees upon Lender's request to submit to the jurisdiction of the courts of Thurston County, State of Washington.

DISHONORED ITEM FEE. Borrower will pay a fee to Lender of \$20.00 if Borrower makes a payment on Borrower's loan and the check or preauthorized charge with which Borrower pays is later dishonored.

RIGHT OF SETOFF. To the extent permitted by applicable law, Lender reserves a right of setoff in all Borrower's accounts with Lender (whether checking, savings, or some other account). This includes all accounts Borrower holds jointly with someone else and all accounts Borrower may open in the future. However, this does not include any IRA or Keogh accounts, or any trust accounts for which setoff would be prohibited by law. Borrower authorizes Lender, to the extent permitted by applicable law, to charge or setoff all sums owing on the debt against any and all such accounts.

COLLATERAL. This loan is unsecured.

FURTHER ASSURANCES. Idaho Public Charter School Commission

Boise, ID 83702

Dear Idaho PCSC Commissioners,

We are writing to address the fiscal concerns that the Idaho PCSC Commissioners have regarding Blackfoot Charter Community Learning Center. Many difficult decisions were made during the current fiscal year to ensure that BCCLC would end this fiscal year on solid ground in preparation for the upcoming 2020-2021 fiscal year. We appreciate your time and attention to this matter.

Enrollment projections were made prior to the 2019-2020 school year in order to prepare our operating budget. Unfortunately, our enrollment was less than projected which necessitated the Board and Administration of BCCLC to make some difficult, but needed, decisions to remain fiscally sound. Our Board and Administration immediately froze spending and lowered the dollar amounts for purchases requiring Board Chair and Board approval. Additionally, our Administration began the difficult process of completing a Reduction in Force (RIF). This process aided BCCLC in locating areas where excess could be reduced, in addition BCCLC worked to consolidate processes, some classes, and identified any other areas where cuts were necessary or beneficial to our budgetary stability. BCCLC's RIF was completed in December of 2019. The RIF process saw BCCLC reduce certificated and certified staff by 10 positions. While this was a very difficult and stressful process, our Board and Administration felt that it was critical to ensure that our expenditures did not outpace our funding and budgetary models. The subsequent months saw BCCLC's budget fall in line with our current enrollment and allowed us to finish our current fiscal year in positive territory.

Many difficult decisions were made during the current school/fiscal year to ensure that BCCLC would end the year in a strong financial position. BCCLC kept the PCSC updated along the way. While the BCCLC Board of Directors and Administration understand that the Idaho PCSC Commissioners' role is to ensure that the charters that they oversee are governed in a fair and responsible manner, BCCLC felt it important to address the concerns of the Commission. We thank you for your time and understanding as we continue our path forward into a new era of fiscal and academic accountability and transparency for our constituents.

Sincerely,

Candra Risa, Board Chair
Craig Gerard, Interim Chief Administrator

Pathways in Education – Idaho Falls submitted a petition for a new public charter school in March. Pursuant to I.C. § 33-5205(4) PCSC staff provided commissioners and petitioners with a written recommendation regarding the potential approval of the petition on 6/4/2020. Subsequently, the petitioners withdrew their petition from consideration.

SUBJECT

Renewal Committee Recommendations Regarding Revisions to the Academic Section of the Performance Framework

APPLICABLE STATUTE, RULE, OR POLICY

Idaho Code § 33-5209(A)

BACKGROUND

In October 2019, the PCSC tasked the Renewal Committee with the exploration of opportunities for increasing performance framework flexibility. The committee was directed to form recommendations to the PCSC regarding a model for ensuring that all schools have the opportunity to be evaluated using fair and meaningful performance framework standards.

After conducting significant research and gathering feedback from stakeholders throughout the process, the Renewal Committee is prepared to make a final recommendation of revisions to the Academic Section of the Performance Framework.

DISCUSSION

Director Thompson will present the Renewal Committee's recommendations for revisions to the academic section of the performance framework as a first read. The recommendations will then remain open for public comment until the regularly scheduled August meeting. In August, the PCSC will consider these revisions for adoption.

Renewal Committee Recommendations Regarding the Framework Flexibilities Project – Academic Section

Recommendations that Apply to all Measures in the Academic Section

1. Rating System

The Renewal Committee recommends that the Commission adopt a single rating system to apply to all measures in the academic section of the Performance Framework. The proposed rating system includes four ratings: exceeds standard, meets standard, approaches standard, and does not meet standard.

2. Scorecard Focus

The Renewal Committee recommends that the Commission revise its annual report scorecard to reflect the proposed rating system (recommendation 1) and cease both assigning point values to individual measures and aggregating those point values into a single score. This proposed revision would result in a scorecard that shows each academic outcome and the associated rating, rather than a scorecard that shows the name of the measure and the point value.

Recommendations For Revising Existing Rubrics

3. Proficiency Rubric

The Renewal Committee recommends the Commission adopt the revised proficiency rubric as presented on slide 12 of the included slide deck. This revision maintains the average proficiency rate of the comparison group as the minimum score of the “meets standard” rating, allows for customization of the comparison group, and establishes both a ceiling and a floor. It also uses a standard deviation to determine an equitable break-point between meets standard and exceeds standard and between approaches standard and does not meet standard.

4. Growth Rubric

The Renewal Committee recommends the Commission adopt the revised growth rubric as presented on slide 15 of the included slide deck. This revision removes the previous double-weighting of proficient students in the PCSC’s growth measure and provides for two paths to “meets standard”. The revision applies the average proficiency rate of the comparison group as the minimum score of the “meets standard” rating and uses standard deviation to determine an equitable break-point between meets standard and exceeds standard and between approaches standard and does not meet standard.

5. College and Career Readiness Rubric

The Renewal Committee recommends the Commission adopt the revised college and career readiness rubric as presented on slide 18 of the included slide deck. This revision applies the average of the comparison group as the minimum score of the “meets standard” rating and uses standard deviation to determine an equitable break-point between meets standard and exceeds standard and between approaches standard and does not meet standard.

Recommendations to Adopt New Measures

6. Literacy Rubric

The Renewal Committee recommends the Commission adopt the new literacy proficiency measure for all schools serving students in grades K-3 as presented on slide 22 of the included slide deck. This measure applies the average proficiency rate of the comparison group as the minimum score of the “meets standard” rating. It also includes a second path to “meets standard” based on exceptionally high changes in proficiency from fall to spring administration of the assessment.

7. Alternative Schools Proficiency Rubric

The Renewal Committee recommends the Commission adopt an additional proficiency measure to apply only to alternative schools. This measure, presented on slide 24 of the included slide deck, is intended to be used in addition to the standard proficiency measure. The inclusion of this measure acknowledges that students who were enrolled in an alternative school for the whole year may still not perform well on a single assessment; therefore, looking beyond the standard measure is necessary. This measure considers whether students who were enrolled for the whole year demonstrated mastery in a year’s worth of standards in both English Language Arts and Mathematics.

8. Alternative Schools Growth Rubric

The Renewal Committee recommends the Commission adopt an additional growth measure to apply only to alternative schools. This measure, presented on slide 25 of the included slide deck, is intended to be used in addition to the standard growth measure. The inclusion of this measure acknowledges that the traditional growth measure will only reflect a small number of students in grades 6-8. This measure focuses on students in grades 9-12 who were not enrolled for the whole school year. It considers whether the alternative school is effectively able to help students close the gap between the number of credits a student has when he/she enrolls at the school and the number of credits he/she needs to graduate. For example, if a student is enrolled for half of a school year, he/she should be able to complete at least one-eighth of the credits required for graduation.

9. Alternative Schools College and Career Readiness Rubric

The Renewal Committee recommends the Commission adopt an additional college and career readiness measure to apply only to alternative schools. This measure is presented on slide 26 of the included slide deck and is intended to be used in addition to the standard college and career readiness measure. This measure acknowledges that alternative schools have high rates of student mobility, and that the traditional adjusted cohort graduation rate (ACGR) does not account for students who enroll at a school only at the end of their high school journey. The standard measure also does not capture students who were enrolled for only a part of the year. This measure considers whether the alternative school is effectively moving students through graduation if the student is enrolled for less than a whole year, but has the potential to achieve graduation during the time they are enrolled at the school. For example, a student who enrolls in January and achieves graduation while enrolled at the school would not be counted as a graduate in the standard measure, but would be counted as a graduate in this measure.

Early Identified Problems

- ▶ 1) Alignment: PCSC Framework and Idaho Accountability Framework.
- ▶ 2) Growth: PCSC growth measure double weights a school's proficiency score.
- ▶ 3) Source Data: the PCSC chosen methodology does not provide schools the ability to recreate the calculations.
- ▶ 4) Mission-Specific Goals: Using mission specific goals is not currently desirable because of reporting burden, trust levels, or perceived need.

SUBJECT

First Read of Proposed Revisions to PCSC Policy

APPLICABLE STATUTE, RULE, OR POLICY

Idaho Code §33-5213(2)

BACKGROUND

On February 13th, 2020, the PCSC announced its intent to review and revise its policies.

PCSC staff reviewed various sections of Idaho Code, IDAPA 08.02.04, existing PCSC policy, legislation that will be effective 7/1/2020, and related operational documents to inform the proposed revisions. The proposed revisions have been reviewed by the PCSC's legal counsel.

DISCUSSION

Director Thompson will present the proposed revisions as a first read. The proposed revisions will then be posted on the PCSC's website for public review, and will be included on the August 13th agenda as an action item for adoption.

Meeting materials include a clean copy of the proposed revisions, for ease of reading. A clean copy of the existing policies is included for comparison. A copy of the existing PCSC policy showing all changes in legislative formatting is also included.

In addition to the revisions to PCSC policy, meeting materials include the PCSC's guidance document regarding the charter renewal process. This document includes the performance certificate renewal application as revised to align with the corresponding revisions to PCSC policy. As the guidance document and PCSC policy are interconnected, the guidance is included for reference.

DRAFT

Introduction

Idaho statute requires that all public charter schools in the state be periodically reviewed by their authorizer for the purpose of determining whether or not the charter should continue operations. Public charter schools are considered for renewal every five years.

The PCSC makes renewal decisions in accordance with Idaho statute, basing its decision on each school's outcomes with regard to the requirements and standards established in the performance certificate and framework. The PCSC also considers the school's demographic profile and other circumstances that might affect the school's ability to adhere to the terms and conditions.

Purpose

This document serves as a guide to frequently asked questions related to the renewal process, and provides instructions for filling out the renewal application.

Renewal Timeline

Pre-Renewal Year	PCSC staff meets with school leadership to introduce the renewal process and discuss any concerns regarding school outcomes. PCSC issues renewal application and guidance.
November 15	PCSC issues performance reports to all renewal-year schools. A charter school that meets all of the terms of its Performance Certificate and Performance Framework will be automatically renewed and is exempt from submitting a renewal application. If this applies to your school, it will be so noted in the performance report.
December 15 (schools must meet this deadline)	Renewal-year schools must submit a renewal application to PCSC no later than December 15.
January 15	PCSC staff issues renewal recommendations to all renewal-year schools.
February 15	If a school chooses to contest the recommendation, they may request, in writing, a separate public hearing to take place prior to March 15 th . Schools choosing to accept the renewal recommendation are invited to attend the regular renewal hearing, to be held before March 15,
Thirty days prior to renewal hearing	If there is a need to submit any additional evidence not included in the performance report, response to the performance report, or the renewal application, schools may work with the PCSC staff to coordinate that submission. However, all materials must be received by the PCSC office no fewer than 30 days prior to the scheduled hearing.

	This deadline is intended to ensure that commissioners have all meeting materials with sufficient time to review.
By March 15	The PCSC holds a meeting for the purpose of making final renewal or non-renewal determinations.

Schools are encouraged to review this timeline frequently and contact PCSC staff with any questions.

Frequently Asked Questions

The following are frequently asked questions schools have about the renewal process:

What are the criteria for the PCSC's renewal decision?

According to [§33-5209B](#)(7), Idaho Code, the authorizer must do the following when making renewal decisions:

- Ground its decisions in evidence of the school's performance over the term of the performance certificate in accordance with the performance framework set forth in the performance certificate;
- Ensure that data and evidence used in making renewal decisions are available to the school and the public; and
- Provide a public report summarizing the evidence basis for each decision.

Additionally, the PCSC may also take into account the school's demographic profile and other circumstances that might affect the school's ability to adhere to the terms and conditions of the performance framework.

What is included in the performance framework?

According to [§33-5209A](#)(1), Idaho Code, the performance framework observes academic and operational performance indicators. These include, at a minimum, the following indicators, measures and metrics:

- Student academic proficiency;
- Student academic growth;
- College and career readiness (for high schools); and

Board performance and stewardship, including compliance with all applicable laws, regulations and terms of the performance certificate.

What are the possible outcomes of the renewal process?

There are several possible outcomes of the renewal process. These include:

- The PCSC may renew a charter for a 5-year term.
- The PCSC may conditionally renew a charter for a 5-year term. This means that the school may operation for the next five years as long as certain conditions for necessary improvement are met. The specific, written conditions and the date by which they must

be met will be included in the new performance certificate. If the conditions are not met by the date specified for each condition, the PCSC will consider whether to revoke the school's charter at the next regularly scheduled commission meeting.

- The PCSC may non-renew a charter. This means that a school must permanently close at the end of the school year in which the non-renewal decision was made. If a non-renewal decision is made, the PCSC closure protocol will begin immediately. A school may appeal a non-renewal decision to the State Board of Education.

Completing the Application

Schools must submit a renewal application to the PCSC as part of the renewal process. The renewal application consists of three sections:

1. Narrative -Describe any achievements you've accomplished that are not captured by the data or documentation in your Performance Report. Also, describe any goals you have for the next performance certificate term.

If there are aspects of your school's success that you want the PCSC to be aware of, this is the place to celebrate and share. In addition, please provide documentation for any planned improvements to your school. If there are outstanding concerns in any of the areas considered in the performance report this is an appropriate place to explain your action plan and timeline for resolving those concerns.

2. Data Outline - Describe any additional evidence you wish to submit.

Please provide an outline of any additional evidence you are submitting for consideration. Each item noted in the outline should contain a brief description of what you are providing and why it is important to consider for your renewal.

3. Data - Attach additional evidence.

Please include attachments for any additional evidence you want the PCSC to consider when determining your renewal application. All data (e.g., financial, academic, etc.) must be sent in a spreadsheet. All formulas used to construct and analyze data must be included in the spreadsheet in order to verify your calculations.

Once completed, submit the completed application to the PCSC via the secure server ShareFile. Please contact the PCSC staff with any questions you have.

Purpose

Idaho Code §33-5212 requires charter school authorizers to maintain a school closure protocol. In the unfortunate case that a school must close, the closure protocol is intended to support as smooth a transition as possible for the students and help ensure that taxpayer dollars and assets are appropriately managed.

Should your school be notified in writing of the PCSC's decision to non-renew or revoke your charter, or should your school choose to voluntarily relinquish its charter, closure protocol must begin immediately.

Within 3 days of notification, representatives from your school's board and administration, the PCSC, and the SDE will meet to review the protocol, assign responsibilities, and identify progress monitoring dates.

Your school may choose to appeal a decision to non-renew or revoke. If so, closure protocol begins regardless of whether the school has chosen to appeal the decision and continues unless the decision is overturned by the Idaho State Board of Education.

Whenever possible, school closures should take place at the end of a school year. This provides students opportunity to participate in other school's lotteries, it allows teachers to seek employment during the regular hiring season, and it allows sufficient time for districts to prepare for student intake. It also allows the closing school time to complete the many steps in an orderly way.

If you have been notified of closure or you are concerned that closure might happen to your school, please review this protocol. Feel free to reach out to the PCSC office with any questions or concerns.

- a. Enrollment expansion proposals include proposals to broaden the range of grades served or to add additional students in grades already served by a public charter school.
- b. Enrollment expansion proposals for schools whose current academic accountability designation is honor or good standing shall be considered by the PCSC.
- c. Enrollment expansion proposals for schools whose current academic accountability designation is remediation are unlikely to succeed. Exception to this provision may be made on the basis of contextual factors impacting a school's accountability designation.
- d. Enrollment expansion proposals for schools whose current academic accountability designation is critical shall not be considered for approval.
- e. Enrollment expansion proposals shall include documentation of the school's capacity to serve additional students without compromising the quality of the existing program and evidence of community interest in expansion.

ii. Amendments During Non-Renewal or Revocation Proceedings

- a. During non-renewal or revocation proceedings, the PCSC shall not consider approval of amendments to sections of the charter or performance certificate that are relevant to the reasons for possible non-renewal or revocation.
- b. A school shall be considered to be in non-renewal proceedings from the time it receives written notice that PCSC staff is recommending non-renewal of the charter. The school shall remain in non-renewal proceedings until such time as the PCSC moves to renew the charter.
- c. A school shall be considered to be in revocation proceedings from the time the PCSC moves to issue a notice of intent to revoke the charter. The school shall remain in revocation proceedings until such time as the PCSC takes action to allow the school to continue operations, or until the State Board of Education overturns the PCSC's revocation decision upon appeal.

Section IV: Charter School Oversight

A. Performance Certificates Pursuant to [Idaho Statute §33-5205B](#), [§33-5209A](#), and [§33-5205A](#)

- i. Performance certificates for new, transfer, or renewed public charter schools shall include the current performance certificate and performance framework adopted by the PCSC.
- ii. In cases of transfer from another authorizer to the PCSC, the performance certificate, including the performance framework, must be executed by the PCSC and charter holder at the time of transfer approval.
- iii. Prior to PCSC consideration, PCSC staff and charter holders shall collaborate to draft those sections of the performance certificate and performance framework that are intended for individualization, including any mission-specific performance measures that may be requested by the school or required by conditions of petition approval or charter renewal.
- iv. Whenever possible, PCSC staff and charter holders shall reach agreement regarding the individualized contents of the performance certificate and appendices, including the performance framework, prior to its submission to the PCSC for consideration.
- v. If agreement regarding the individualized contents of the performance certificate and appendices, including the performance framework, cannot be reached in time to meet relevant timelines, a subcommittee of three commissioners may advise or mediate the collaborative drafting process.

B. Annual Public Charter School Performance Reports Pursuant to Idaho Statute [§33-5209C\(2\)](#), and [§33-5209B\(3\)](#)

- i. An annual performance report shall be issued by the PCSC to each school it authorizes.
- ii. Annual performance reports shall be issued by November 15 to schools whose charters will expire at the end of the current school year (renewal-year schools) and by December 31 to schools whose charters will not expire at the end of the current school year (midterm schools).
- iii. Annual performance reports shall provide information about schools' statuses with regard to all applicable measures contained in the performance framework, and will provide the schools with academic, operational, and financial accountability designations based on points earned within the framework.

- iv. Annual performance reports shall provide information about schools' statuses with regard to any conditions of petition approval or charter renewal incorporated into the performance certificate.
- v. Midterm schools shall not be sanctioned on the basis of their accountability designations, except as otherwise provided in law, administrative rule, or PCSC policy, including Section III.C. The primary purpose of annual performance reports to midterm schools is to provide those schools with ample warning of any concerns that may impact renewal decision-making at the end of the performance certificate term. Midterm annual performance reports will also provide information about schools' changing performance over time, which will be considered in the renewal year.
- vi. Schools may submit corrections and clarifications to their annual performance reports within thirty (30) days of issuance of the reports. Corrections and clarifications shall be submitted to the PCSC office in writing and shall include a completed Annual Report Response Form clearly identifying each correction/clarification and documentation supporting each correction/clarification.
- vii. Annual performance reports shall be published on the PCSC's website no later than January 31.

C. Required Reports Pursuant to Idaho Statute [§33-5209C\(1\)](#), [§33-5210\(3\)](#), [§33-5206\(7\)](#), [IDAPA 08.02.04.302](#), and [IDAPA 08.03.01.300](#)

- i. School Leadership Updates: Each PCSC-authorized school shall submit a completed School Leadership Update Form to the PCSC office no later than July 30 of each year.
- ii. Financial Reports: Each PCSC-authorized school shall submit the following financial reports:
 - a. All budget worksheets submitted to the State Department of Education at the beginning of the fiscal year, including the Support Unit Calculation form, which is due to the PCSC office no later than July 30;
 - b. Revised budgets, if applicable; and
 - c. Quarterly balance sheets and income statements. Schools achieving honor status on the financial section of their current annual performance reports shall be exempt from first and third quarter reporting.

- iii. Independent Fiscal Audits: Each PCSC-authorized school shall submit an independent fiscal audit approved by its governing board to the PCSC office no later than November 1 of each year.
- iv. Mission-Specific Performance Measure Results: Each PCSC-authorized school with a performance framework that includes mission-specific performance measures shall submit relevant results data and supporting documentation for the previous school year no later than August 1, or by the alternate deadline specified in the performance certificate, if applicable.
 - a. Supporting documentation must demonstrate the accuracy of the results data.
 - b. Schools submitting data that is inaccurate, unverifiable, or otherwise inadequate for determining a score on the framework may receive a score of zero (0) on the affected measure(s).
- v. Other Reports as Requested: The PCSC or its staff may request additional reports on an as-needed basis in order to understand and monitor the school's financial, operational, and academic status.

D. Courtesy Letters

- i. Upon becoming aware of a concern regarding a school's finances, operations, legal compliance, or academic status, PCSC staff may issue to the charter holder a courtesy letter advising the charter holder of such concern. Courtesy letters will typically be issued with regard to concerns of sufficient significance as to be noted in the school's annual performance report.
- ii. Courtesy letters shall be for the purpose of ensuring that the charter holder is aware of the concern and has maximum opportunity to seek resolution in advance of the next annual performance report or renewal consideration. Courtesy letters should not contain, nor be viewed as, sanctions against the charter school. Because they do not represent sanctions, courtesy letters will not be "removed" or "lifted" by the PCSC or its staff.
- iii. Charter holders in receipt of courtesy letters are strongly encouraged to provide PCSC staff with additional information to provide clarity or document resolution of the concern.
- iv. Regardless of whether or not a courtesy letter is issued or the charter holder responds, the charter holder remains responsible for the charter school's operations and outcomes.

E. Notice to Entities Responsible for Enforcement

- i. Pursuant to Section [33-5209C\(4\)](#), Idaho Code, PCSC staff shall notify the entity responsible for administering a law it has reason to believe that a public charter school has violated. Such notice shall be in writing, and a copy shall be provided to the charter holder.
- ii. In some cases of non-compliance, an entity responsible for enforcing the relevant provision of statute or administrative rule cannot be identified. In such instances, PCSC staff shall issue to the charter holder a courtesy letter ensuring the board is aware of the issue.
- iii. Any sanctions against the public charter school resulting from the issuance of notice to entities responsible for legal enforcement shall be considered imposed by the entity responsible, rather than by the PCSC.
- iv. Charter holders are strongly encouraged to provide PCSC staff with documentation of resolution of the concern as soon as possible in order to ensure accurate reflection of the situation in the school's annual performance report.
- v. Regardless of whether or not a notice to entities responsible for enforcement is issued or the charter holder responds, the charter holder remains responsible for the charter school's operations and outcomes.

F. Written Notification of Fiscal Concern

- i. Pursuant to Section [33-5209C\(3\)](#), Idaho Code, if the PCSC has reason to believe that a public charter school may not remain fiscally stable for the remainder of its performance certificate term, the PCSC shall issue to the State Department of Education written notification of concern.
- ii. For purposes of this section, fiscal stability shall be defined as the ability to maintain positive cash flow and positive year-end balances while servicing all obligations, without relying on revenues intended for use in future fiscal years to cover current-year operating expenditures. For purposes of determining fiscal stability:
 - a. Budgets shall be completed on an accrual basis, with year-end balances including encumbrance. That is, revenue intended for use in one fiscal year may not be used to demonstrate fiscal stability by covering expenditures that should have been paid using revenue from the previous fiscal year. (For example, teacher contracts for the 2015-16 school year must be paid entirely out of FY16 funds; payroll over the summer of 2016 should not be met using FY17 revenue.)

- b. Cash flow projections shall be completed on a cash basis, showing actual cash amounts and projections with funds moving out at the appropriate, anticipated time.
- iii. Written notifications of concern shall be reevaluated for continuation or removal only at the PCSC's June regular meeting. Schools wishing to have written notifications of concern considered for removal shall provide updated fiscal status details and supporting documentation in accordance with Section I.A of this policy.

Section V: Renewal and Non-Renewal Pursuant to Idaho Statute [§33-5205B](#), [§33-5209A](#), [§33-5209B](#), and [§33-5209C](#)

A. Standards for Renewal Decision-Making

- i. The PCSC shall make renewal decisions based on documented outcomes regarding a school's academic, mission-specific (if applicable), operational, and financial performance. Such performance shall be evaluated using the provisions, conditions, and measures contained in the performance certificate and its appendices, including the performance framework.
- ii. Calculation of the percentage of eligible points earned on the academic section of the performance framework for each school shall determine that school's academic accountability designation: honor, good standing, remediation, or critical. The academic accountability designation shall guide the PCSC's renewal or non-renewal decision-making. Renewal or non-renewal decision-making shall also be influenced by results on the financial, operational, and mission-specific sections of the framework.
 - a. Schools achieving an academic accountability designation of honor or good standing shall be recommended for renewal.

However, conditional renewal may be recommended if financial, operational, and/or mission-specific outcomes are poor.
 - b. Schools achieving an academic accountability designation of remediation may be recommended for non-renewal or conditional renewal, particularly if financial, operational, and/or mission-specific outcomes are poor.
 - c. Schools achieving an academic accountability designation of critical are likely to be recommended for non-renewal, particularly if financial, operational, and/or mission-specific outcomes are poor.

- d. Financial, operational, or mission-specific outcomes shall be considered poor if the school's accountability designation in the corresponding section of the performance framework is remediation or critical.
 - e. Student-level data may be considered by the PCSC, in a manner consistent with federal and state law, for the purposes of renewal or non-renewal decision-making.
 - iii. The PCSC shall consider contextual factors affecting a school's accountability designations when making renewal or non-renewal decisions. However, renewal decisions shall be based on past outcomes, not on promises of future improvement.
 - iv. The PCSC shall consider trends documented in schools' annual performance reports throughout the performance certificate term. Statistically significant, positive trends will make renewal more likely, while stagnant or negative trends will make renewal less likely. Trends may also contribute to recommendations for conditional renewal.
 - v. If a school fails to meet any conditions of charter approval or specific, written conditions for necessary improvement within the specified timeframes included in the performance certificate, non-renewal may result regardless of the school's accountability designation.
 - vi. Conditional renewals shall be for periods of five years, but shall include in the performance certificate specific, written conditions for necessary improvement pursuant to Section [33-5209B\(1\)](#), Idaho Code.

B. Renewal / Non-Renewal Process

- i. The PCSC shall conduct its renewal/non-renewal process in accordance with Section [33-5209B](#), Idaho Code.
- ii. No later than July 15 of their pre-renewal calendar year, schools may submit to the PCSC office optional, auxiliary performance data for consideration during the renewal process.
- iii. During the spring or fall prior to a school's renewal consideration, PCSC staff and/or contracted individuals may perform a pre-renewal site visit for the primary purpose of gathering contextual information to inform the PCSC's interpretation of the academic, operational, and financial outcomes described in the schools' annual performance reports and renewal applications.

- a. Schools shall have an opportunity to respond in writing to pre-renewal site visit evaluation reports.
 - b. Schools achieving honor accountability designations in all sections of their performance frameworks, as of the annual performance reports provided by January 31 of the pre-renewal year, shall be exempt from pre-renewal site visits.
- iv. No later than November 15, the PCSC shall issue to all renewal-year schools an annual performance report and renewal guidance and application that meets the requirements of Section [33-5209B](#), Idaho Code. The annual performance report shall include notification of the prospect of non-renewal, if applicable.
- v. Except as provided in Section V.B.iv.c of this policy, renewal-year schools shall submit a completed renewal application to the PCSC no later than December 15. Renewal applications shall be submitted in accordance with the renewal guidance and application provided by the PCSC and represent the charter holders' opportunity to submit documents challenging any rationale for non-renewal and supporting the continuation of the school.
 - a. Renewal applications shall be submitted to the PCSC office electronically via email, online file-sharing service, portable data storage device, or secure server provided by the PCSC office.
 - b. Renewal applications shall be comprised of no more than two (2) documents: the completed application and an Adobe PDF document providing any supporting documentation. Supporting documentation shall include a table of contents and make use of Adobe's "bookmark" feature for ease of navigation. Additional documents or other formats may be accepted, on a case-by-case basis, with the prior approval of PCSC staff.
 - c. Schools achieving an honor accountability designation in all sections of their performance frameworks, as of the annual performance reports provided on November 15 of the renewal year, shall be eligible for automatic renewal, and shall be exempt from the required submission of a renewal application.
- vi. No later than January 15, PCSC staff will advise any renewal-year schools regarding whether they will be recommended for renewal or non-renewal.
- vii. No later than March 15, the PCSC will consider evidence regarding all renewal-year schools.
 - a. Written evidence provided by schools as part of their optional auxiliary data submission and renewal applications, and in response to pre-renewal site visit
