Coeur d'Alene, ID 83814

Dear Kootenai Bridge Academy Board of Directors:

As you are aware, Idaho Code § 33-5209 requires an authorized chartering entity to provide written notice of defect to any school which it has reason to believe has committed a defect. This letter is to serve as written notice of defect to Kootenai Bridge Academy (KBA) on the grounds that KBA has failed to substantially meet any of the student educational standards in the approved charter, specifically, measurable student educational standard 1, which states:

*"Students at KBA enrolled continuously for [sic] the beginning of the school year, will show annual academic improvement as measured by: 70% of students will receive a score of proficient or above in all required subjects as measured by the Idaho Standards Achievement Test (ISAT)."*

According to information provided by KBA, Spring 2011 ISAT results demonstrate that 43% of students enrolled continuously from the beginning of the school year scored proficient or above in all required subjects.

Pursuant to IDAPA 08.02.04.301.03, please submit to the Public Charter School Commission office by November 14, 2011, a corrective action plan detailing the means by which KBA will cure this defect.

As always, you are welcome to contact me any time I may be of assistance.

Sincerely,

A handwritten signature in cursive script that reads "Tamara L. Baysinger".
