## Introduction

Each year, Idaho's Public Charter School Commission (PCSC) issues a performance report to every school in its portfolio. The annual report serves several purposes:

1. To provide transparent, data-driven information about charter school quality;
2. To ensure that charter school boards have access to clear expectations and are provided maximum opportunity to correct any deficiencies prior to their renewal year; and
3. To inform mid-term decision making, such as the evaluation of charter amendment proposals.

This report contains an overview of the school, including its history, mission, leadership, and demographics. The overview is followed by the school's performance framework, including outcomes for the most recently completed school year.

The performance framework is comprised of four sections: Academic, Mission-Specific, Operational, and Financial. Each section contains a number of measures intended to evaluate the school's performance against specific criteria. The scorecard pages of the framework offer a summary of the school's scores and accountability designation ranging from Honor (high) to Critical (low).

Due to significant and ongoing changes to the state's school accountability system, many of the academic measures in the performance framework could not be scored this year. Data for all of the growth measures and most of the post-secondary readiness measures was unavailable. As a result, academic framework scores cannot reflect the intended scope of information.

Additionally, although ISAT Math and English Language Arts proficiency data was available, it was gathered using an assessment that the state adopted subsequent to the framework's development. The cut scores used to establish proficiency remain under evaluation, and it cannot be determined at this time whether or not the rating categories within each framework measure are appropriate in the context of the new assessment.

For these reasons, we have eliminated academic framework scores from this report and instead provided comparisons of the public charter schools' proficiency rates to those of the state as a whole, as well as to area schools that serve similar grade ranges. In some cases, comparisons cannot be provided because the data is masked per state law or statistical irrelevance.

To facilitate a clearer context for the academic results contained in this report, the demographic, enrollment, and school leadership data provided is from the 2014-15 school year. Updated enrollment and school leadership information is available upon request from the school or PCSC office.

Schools had an opportunity to correct or clarify their framework outcomes prior to the publication of this report.

Public charter school operations are inherently complex. For this reason, readers are encouraged to consider the scores on individual measures within the framework as a starting point for gaining full, contextualized understanding of the school's performance.

Additional information about how the performance framework was developed and how results may be interpreted is available on the PCSC's website: [chartercommission.idaho.gov](http://chartercommission.idaho.gov).

## School Overview

<b>Mission Statement</b>	The mission of Bingham Academy (BA) is to prepare students to make intelligent and appropriate decisions about their education and future careers. Students who are motivated will be able to complete an Associate Degree by the time they graduate from high school.	
<b>Key Design Elements</b>	Bingham Academy will provide and encourage extensive participation in Dual Enrollment coursework so that our students may earn college credits while still in high school.	
	Bingham Academy will provide and encourage extensive participation in Tech Prep coursework leading toward college credits and professional/technical careers.	
	Bingham Academy will provide and encourage extensive participation in STEM coursework approved by "the STEM academy" leading toward credits provided by their partner colleges.

## PUBLIC CHARTER SCHOOL COMMISSION - PERFORMANCE FRAMEWORK

Name of School: Idaho STEM Academy dba Bingham Academy Year Opened: 2014 Operating Term: 4/17/14 - 6/30/17 Date Executed: 4/17/2014

### Introduction

Idaho's charter school legislation requires each public charter school authorizer to develop a Performance Framework on which the provisions of the Performance Certificate will be based. Performance Frameworks must clearly set forth the academic and operational performance indicators, measures, and metrics that will guide the authorizer's evaluations of each public charter school, and must contain the following:

- Indicators, measures, and metrics for student academic proficiency;
- Indicators, measures, and metrics for student academic growth;
- Indicators, measures, and metrics for college and career readiness (for high schools); and
- Indicators, measures, and metrics for board performance and stewardship, including compliance with all applicable laws, regulations and terms of the performance certificate.

The measurable performance targets contained within the framework must require, at a minimum, that each school meet applicable federal, state, and authorizer goals for student achievement. This Performance Framework was adopted by the Public Charter School Commission (PCSC) on August 30, 2013, and is intended for use with non-alternative public charter schools authorized by the PCSC.

### Performance Framework Structure

The Performance Framework is divided into four sections: Academic, Mission-Specific, Operational, and Financial. The Academic and Mission-Specific sections comprise the primary indicators on which most renewal or non-renewal decisions will be based. The Operational and Financial sections contribute additional indicators that will, except in cases of egregious failure to meet standards, be considered secondary.

#### Academic:

A high percentage (60%) of a school's total score for the Academic & Mission Specific Accountability Designation reflects the school's performance on a set of academic measures. These measures are the same for all non-alternative schools. The "Meets Standard" rating for each measure is designed to align closely with state minimum standards as established in Idaho's ESEA waiver and Star Rating System.

#### Mission-Specific:

A significant portion (40%) of a school's total score for the Academic & Mission Specific Accountability Designation reflects the school's performance on a set of mission-specific measures. These measures may be academic or non-academic in nature, but must be objective and data-driven. The number and weighting of mission-specific measures should be established during one-on-one negotiations between the school and authorizer.

*During their first Performance Certificate term only, schools authorized to open in or before Fall 2014 may choose to opt out of the Mission-Specific section of the framework. Schools choosing to opt out of Mission-Specific measures for their first term agree that the weight of those measures will be placed instead on the Academic section, which then becomes the single, primary factor considered for purposes of renewal or non-renewal.*

#### Operational:

Operational indicators comprise a secondary element for consideration during the renewal process. While each school will receive a score in the operational section, this score should not be used as the primary rationale for non-renewal unless the non-compliance with organizational expectations is severe or systemic. Particularly for a school whose academic performance meets or exceeds standards, poor results in this area are more likely to lead to a conditional renewal decision than to non-renewal.

**Financial:**

Financial indicators comprise a secondary element for consideration during the renewal process. While each school will receive a score in the financial section, this score should not be used as the primary rationale for non-renewal unless the school's financial state at the time of renewal is dire. Particularly for a school whose academic performance meets or exceeds standards, poor results in this area are more likely to lead to a conditional renewal decision than to non-renewal. The PCSC may also elect to renew a financially troubled school that is clearly providing a high quality education, but notify the SDE of the situation so that the payment schedule may be modified in order to safeguard taxpayer dollars.

**Accountability Designations**

Calculation of the percentage of eligible points earned for each school will guide the determination of that school's accountability designation: Honor, Good Standing, Remediation, or Critical. The accountability designation will, in turn, guide the PCSC's renewal or non-renewal decision-making. Measures for which a school lacks data due to factors such as grade configuration or small size will not contribute to that school's accountability designation. The PCSC will consider contextual factors affecting a school's accountability designation when making renewal or non-renewal decisions.

**Honor:**

Schools achieving at this level in all categories (academic, mission-specific, operational, and financial) are eligible for special recognition and will be recommended for renewal. Replication and expansion proposals are likely to succeed. The Framework places schools that earn 75-100% of the combined academic and mission-specific points possible in this accountability designation. It is possible for 5-star schools, high-range 4-star schools with solid mission-specific outcomes, and mid-range 4-star schools with strong mission-specific outcomes to receive an honor designation. Schools that fall into this point-percentage category but have poor operational and/or financial outcomes will not be eligible for an honor designation.

**Good Standing:**

Schools achieving at this level will be recommended for renewal; however, conditional renewal may be recommended if operational and/or financial outcomes are poor. Replication and expansion proposals will be considered. To be placed in this category, schools must receive the appropriate percentage of the combined academic and mission-specific points possible and have at least a 3-star rating. The Framework places schools that earn 55-74% of the combined academic and mission-specific points possible in this accountability designation. It is possible for 3-star or 4-star schools with solid mission-specific outcomes, or 5-star schools with poor mission-specific, financial, and/or operational outcomes to receive a good standing designation. Although 2-star schools with strong mission-specific outcomes could fall into this point-percentage range, they would not be eligible to receive a good standing designation due to their star ratings; the Framework is drafted thus in recognition of Idaho's statutory provision that the performance framework shall, at a minimum, require that each school meet applicable federal and state goals for student achievement.

**Remediation:**

Schools achieving at this level may be recommended for non-renewal or conditional renewal, particularly if operational and/or financial outcomes are poor. Replication and expansion proposals are unlikely to succeed. The Framework places schools that earn 31-54% of the combined academic and mission-specific points possible in this accountability designation. It is possible for 3-star schools with poor mission-specific outcomes, 2-star schools, or 1-star schools with strong mission-specific outcomes to receive a remediation designation.

**Critical:**

Schools achieving at this level face a strong likelihood of non-renewal, particularly if operational and/or financial outcomes are also poor. Replication and expansion proposals should not be considered. The Framework places schools that earn less than 30% of the combined academic and mission-specific points possible in this accountability designation. It is possible for 1-star schools or 2-star schools with poor mission-specific outcomes to receive a Critical designation.

<b>Notes</b> For the purposes of this evaluation, a "qualifying STEM project competition" is a project-focused competition judged by outside parties (non-Bingham academy staff or board members) and open, at a minimum, to all students participating in STEM classes. Results will be reported to the PCSC by October 1.				
<b>Measure 2</b> <b>Is the school successfully motivating students to earn postsecondary credits during their high school careers?</b>  <b>Exceeds Standard:</b> 61% - 100% of 11th graders who have been enrolled at Bingham Academy since the beginning of their 10th grade year or longer successfully completed at least 12 postsecondary credits by the end of their junior year. <b>Meets Standard:</b> 40% - 60% of 11th graders who have been enrolled at Bingham Academy since the beginning of their 10th grade year or longer successfully completed at least 12 postsecondary credits by the end of their junior year. <b>Does Not Meet Standard:</b> 25% - 39% of 11th graders who have been enrolled at Bingham Academy since the beginning of their 10th grade year or longer successfully completed at least 12 postsecondary credits by the end of their junior year. <b>Falls Far Below Standard:</b> Less than 25% of 11th graders who have been enrolled at Bingham Academy since the beginning of their 10th grade year or longer successfully completed at least 12 postsecondary credits by the end of their junior year.	<b>Result</b>	<b>Points Possible</b>	<b>Points Earned</b>

<b>Notes</b> Bingham Academy will report on this goal beginning with data from the 2015-2016 school year. For the purposes of this evaluation, "successful completion" is defined as completing the course with a C or better. The minimum sample size for this measure will be 25; if the sample size is insufficient, the points for this measure will be evenly distributed amongst the remaining measures. Results will be reported to the PCSC by October 1. <a href="#">Bingham Academy did not enroll 11th graders in 2014-15 school year; therefore, this measure is not applicable.</a>

<b>Notes</b>	"Nationally recognized tests" for purposes of this measure include the PSAT (Scholastic Aptitude Test) or comparable results from the SAT, ACT, ACCUPLACER, or COMPASS. The college readiness benchmarks will be set numbers as recommended by the test creators and will be applied uniformly to all students. Students who meet the college readiness benchmark in one academic area or more will be included as achieving college readiness on the appropriate test. Results will be reported to the PCSC by October 1.

**Notes**

STEM education is one of the areas included in the educational program outlined in Bingham Academy's charter. Introduction to Engineering Design, a course based on STEM principles, will be facilitated using the Project Lead the Way (PLTW) curriculum. The course is a year-long, required course at Bingham Academy and, with a qualifying score of 6 on the End-of-Course (EOC) Assessment, qualifies for college credit. The PLTW EOC Assessment scores students on a 1 to 9 scale, with 5 being the average score (nationally). A score of 6 or higher represents higher than average performance by the student. Based on PLTW's research, they anticipate approximately 45% of students (nationally in their programs) to score a 6 or higher. For the purposes of this measure, a student will have "completed" the course if he/she is enrolled in the course within 20 school days of the beginning of the school year and remains enrolled in the course until the PLTW End-of-Course Assessment is administered. The PLTW EOC Assessment will be administered within 20 school days of the end of the school year. Results will be reported to the PCSC by October 1. The school failed to obtain accreditation candidacy status during its initial year of operations. As a result, credits earned by students during the 2014-15 school year may not transfer to other high schools or universities, regardless of whether BA becomes accredited in future years. Additionally, the school fell short of multiple, federally-mandated participation rate targets for the 2015 ISAT.				
<b>Measure 1c</b> <b>Students with Disabilities</b>	<b>Is the school protecting the rights of students with disabilities?</b>  <b>Exceeds Standard:</b> The school materially complies with applicable laws, rules, regulations, and provisions of the performance certificate relating to the treatment of students with identified disabilities and those suspected of having a disability, including but not limited to: Equitable access and opportunity to enroll; identification and referral; appropriate development and implementation of IEPs and Section 504 plans; operational compliance, including provision of services in the LRE and appropriate inclusion in the school's academic program, assessments, and extracurricular activities; discipline, including due process protections, manifestation determinations, and behavioral intervention plans; access to the school's facility and program; appropriate use of all available, applicable funding. <b>Meets Standard:</b> The school largely exhibits compliance with applicable laws, rules, regulations, or provisions of the performance certificate relating to the treatment of students with identified disabilities and those suspected of having a disability. Instances of non-compliance are minor and quickly remedied, with documentation, by the governing board.  <b>Does Not Meet Standard:</b> The school exhibits frequent and/or significant non-compliance with applicable laws, rules, regulations, and provisions of the performance certificate relating to the treatment of students with identified disabilities and those suspected of having a disability; and/or matters of non-compliance are not quickly remedied, with documentation, by the governing board.
