Introduction

Each year, Idaho's Public Charter School Commission (PCSC) issues a performance report to every school in its portfolio. The annual report serves several purposes:

1. To provide transparent, data-driven information about charter school quality;
2. To ensure that charter school boards have access to clear expectations and are provided maximum opportunity to correct any deficiencies prior to their renewal year; and
3. To inform mid-term decision making, such as the evaluation of charter amendment proposals.

This report contains an overview of the school, including its history, mission, leadership, and demographics. The overview is followed by the school's performance framework, including outcomes for the most recently completed school year.

The performance framework is comprised of four sections: Academic, Mission-Specific, Operational, and Financial. Each section contains a number of measures intended to evaluate the school's performance against specific criteria. The scorecard pages of the framework offer a summary of the school's scores and accountability designation ranging from Honor (high) to Critical (low).

Due to significant and ongoing changes to the state's school accountability system, many of the academic measures in the performance framework could not be scored this year. Data for all of the growth measures and most of the post-secondary readiness measures was unavailable. As a result, academic framework scores cannot reflect the intended scope of information.

Additionally, although ISAT Math and English Language Arts proficiency data was available, it was gathered using an assessment that the state adopted subsequent to the framework's development. It cannot be determined at this time whether or not the rating categories within each framework measure are appropriate in the context of the new assessment.

For these reasons, we have eliminated academic framework scores from this report and instead provided comparisons of the public charter schools' proficiency rates to those of the state as a whole, as well as to area schools that serve similar grade ranges. In some cases, comparisons cannot be provided because the data is masked per state law or statistical irrelevance.

To facilitate a clearer context for the academic results contained in this report, the demographic, enrollment, and school leadership data provided is from the 2015-16 school year. Updated enrollment and school leadership information is available upon request from the school or PCSC office.

Renewal-year schools have an opportunity to correct or clarify their framework outcomes in their renewal applications.

Public charter school operations are inherently complex. For this reason, readers are encouraged to consider the scores on individual measures within the framework as a starting point for gaining full, contextualized understanding of the school's performance.

Additional information about how the performance framework was developed and how results may be interpreted is available on the PCSC's website: chartercommission.idaho.gov.

School Overview

Mission Statement	IDCCRA is a virtual career-technical education charter school that provides an occupational sequence of instruction that will prepare Idaho students to obtain the necessary technical skills needed to succeed.	
Key Design Elements	<p>Provide academic core curriculum aligned to state standards.</p> <p>Provide a sequence of instruction in career-technical pathways. A pathway is a three-year sequence of focused coursework in a particular career cluster.</p> <p>All students will be continually enrolled in career technical coursework.</p> <p>Place each student with an advisory teacher.</p> <p>Foster industry involvement.</p>

PUBLIC CHARTER SCHOOL COMMISSION - PERFORMANCE FRAMEWORK

Name of School: Idaho College and Career Readiness Academy, Incorporated Year Opened: 2013 Operating Term: 12/12/13-6/30/17 Date Executed: 12/12/2013

Introduction

Idaho's charter school legislation requires each public charter school authorizer to develop a Performance Framework on which the provisions of the Performance Certificate will be based. Performance Frameworks must clearly set forth the academic and operational performance indicators, measures, and metrics that will guide the authorizer's evaluations of each public charter school, and must contain the following:

- Indicators, measures, and metrics for student academic proficiency;
- Indicators, measures, and metrics for student academic growth;
- Indicators, measures, and metrics for college and career readiness (for high schools); and
- Indicators, measures, and metrics for board performance and stewardship, including compliance with all applicable laws, regulations and terms of the performance certificate.

The measurable performance targets contained within the framework must require, at a minimum, that each school meet applicable federal, state, and authorizer goals for student achievement. This Performance Framework was adopted by the Public Charter School Commission (PCSC) on August 30, 2013, and is intended for use with non-alternative public charter schools authorized by the PCSC.

Performance Framework Structure

The Performance Framework is divided into four sections: Academic, Mission-Specific, Operational, and Financial. The Academic and Mission-Specific sections comprise the primary indicators on which most renewal or non-renewal decisions will be based. The Operational and Financial sections contribute additional indicators that will, except in cases of egregious failure to meet standards, be considered secondary.

Academic:

A high percentage (60%) of a school's total score for the Academic & Mission Specific Accountability Designation reflects the school's performance on a set of academic measures. These measures are the same for all non-alternative schools. The "Meets Standard" rating for each measure is designed to align closely with state minimum standards as established in Idaho's ESEA waiver and Star Rating System.

Mission-Specific:

A significant portion (40%) of a school's total score for the Academic & Mission Specific Accountability Designation reflects the school's performance on a set of mission-specific measures. These measures may be academic or non-academic in nature, but must be objective and data-driven. The number and weighting of mission-specific measures should be established during one-on-one negotiations between the school and authorizer.

During their first Performance Certificate term only, schools authorized to open in or before Fall 2014 may choose to opt out of the Mission-Specific section of the framework. Schools choosing to opt out of Mission-Specific measures for their first term agree that the weight of those measures will be placed instead on the Academic section, which then becomes the single, primary factor considered for purposes of renewal or non-renewal.

Operational:

Operational indicators comprise a secondary element for consideration during the renewal process. While each school will receive a score in the operational section, this score should not be used as the primary rationale for non-renewal unless the non-compliance with organizational expectations is severe or systemic. Particularly for a school whose academic performance meets or exceeds standards, poor results in this area are more likely to lead to a conditional renewal decision than to non-renewal.

Financial:

Financial indicators comprise a secondary element for consideration during the renewal process. While each school will receive a score in the financial section, this score should not be used as the primary rationale for non-renewal unless the school's financial state at the time of renewal is dire. Particularly for a school whose academic performance meets or exceeds standards, poor results in this area are more likely to lead to a conditional renewal decision than to non-renewal. The PCSC may also elect to renew a financially troubled school that is clearly providing a high quality education, but notify the SDE of the situation so that the payment schedule may be modified in order to safeguard taxpayer dollars.

Accountability Designations

Calculation of the percentage of eligible points earned for each school will guide the determination of that school's accountability designation: Honor, Good Standing, Remediation, or Critical. The accountability designation will, in turn, guide the PCSC's renewal or non-renewal decision-making. Measures for which a school lacks data due to factors such as grade configuration or small size will not contribute to that school's accountability designation. The PCSC will consider contextual factors affecting a school's accountability designation when making renewal or non-renewal decisions.

Honor:

Schools achieving at this level in all categories (academic, mission-specific, operational, and financial) are eligible for special recognition and will be recommended for renewal. Replication and expansion proposals are likely to succeed. The Framework places schools that earn 75-100% of the combined academic and mission-specific points possible in this accountability designation. It is possible for 5-star schools, high-range 4-star schools with solid mission-specific outcomes, and mid-range 4-star schools with strong mission-specific outcomes to receive an honor designation. Schools that fall into this point-percentage category but have poor operational and/or financial outcomes will not be eligible for an honor designation.

Good Standing:

Schools achieving at this level will be recommended for renewal; however, conditional renewal may be recommended if operational and/or financial outcomes are poor. Replication and expansion proposals will be considered. To be placed in this category, schools must receive the appropriate percentage of the combined academic and mission-specific points possible and have at least a 3-star rating. The Framework places schools that earn 55-74% of the combined academic and mission-specific points possible in this accountability designation. It is possible for 3-star or 4-star schools with solid mission-specific outcomes, or 5-star schools with poor mission-specific, financial, and/or operational outcomes to receive a good standing designation. Although 2-star schools with strong mission-specific outcomes could fall into this point-percentage range, they would not be eligible to receive a good standing designation due to their star ratings; the Framework is drafted thus in recognition of Idaho's statutory provision that the performance framework shall, at a minimum, require that each school meet applicable federal and state goals for student achievement.

Remediation:

Schools achieving at this level may be recommended for non-renewal or conditional renewal, particularly if operational and/or financial outcomes are poor. Replication and expansion proposals are unlikely to succeed. The Framework places schools that earn 31-54% of the combined academic and mission-specific points possible in this accountability designation. It is possible for 3-star schools with poor mission-specific outcomes, 2-star schools, or 1-star schools with strong mission-specific outcomes to receive a remediation designation.

Critical:

Schools achieving at this level face a strong likelihood of non-renewal, particularly if operational and/or financial outcomes are also poor. Replication and expansion proposals should not be considered. The Framework places schools that earn less than 30% of the combined academic and mission-specific points possible in this accountability designation. It is possible for 1-star schools or 2-star schools with poor mission-specific outcomes to receive a Critical designation.

INDICATOR 2: SUSTAINABILITY MEASURES			
Measure 2a	Total Margin: Net Income divided by Total Revenue AND Aggregated Total Margin: Total 3-Year Net Income divided by Total 3-Year Revenues	Result	Points Possible
Total Margin and Aggregated 3-Year Total Margin	<p>Meets Standard: Aggregated 3-year Total Margin is positive and the most recent year Total Margin is positive OR Aggregated 3-Year Total Margin is greater than -1.5 percent, the trend is positive for the last two years, and the most recent year Total Margin is positive. <i>Note: For schools in their first or second year of operation, the cumulative Total Margin must be positive.</i></p> <p>Does Not Meet Standard: Aggregated 3-Year Total Margin is greater than -1.5 percent, but trend does not "Meet Standard"</p> <p>Falls Far Below Standard: Aggregated 3-Year Total Margin is less than or equal to -1.5 percent OR The most recent year Total Margin is less than -10 percent.</p>	Aggregated 3-Year Totals: 2.50%	50 10 0
Notes	<p>Due to the deficit protection clause in IDCCRA's contract with K12, the school will be exempt from evaluation of this measure. The result is included for information only. Due to the Restatement of Pension Liability, as required by GASB 68, Net Position may be higher than expected. Changes in Net Position due to pension restatement that do not provide or require current financial resources have been removed from the Net Position calculation. This restatement had no material effect on the standard outcome.</p>

Measure 2b	Debt to Asset Ratio: Total Liabilities divided by Total Assets	Result	Points Possible
Debt to Asset Ratio	<p>Meets Standard: Debt to Asset Ratio is less than 0.9</p> <p>Does Not Meet Standard: Debt to Asset Ratio is between 0.9 and 1.0</p> <p>Falls Far Below Standard: Debt to Asset Ratio is greater than 1.0</p>	Ratio is: 0.95	50 30 0
Notes	<p>Due to the deficit protection clause in IDCCRA's contract with K12, the school will be exempt from evaluation of this measure. The result is included for information only. Due to the Restatement of Pension Liability, as required by GASB 68, Total Liabilities may be higher than expected. The restatement had a material effect on the standard outcome resulting in a "falls far below standard" (1.44) rating. However, the pension liability was removed from the Total Liability calculation in the reported standard outcome.</p>

Measure 2d	Debt Service Coverage Ratio: (Net Income + Depreciation + Interest Expense)/(Annual Principal, Interest, and Lease Payments)	Result	Points Possible
Debt Service Coverage Ratio	<p>Meets Standard: Debt Service Coverage Ratio is equal to or exceeds 1.1</p> <p>Does Not Meet Standard: Debt Service Coverage Ratio is less than 1.1</p> <p>Falls Far Below Standard: Not Applicable</p>	Ratio is: 0.00	50 0
Notes	<p>Due to the deficit protection clause in IDCCRA's contract with K12, the school will be exempt from evaluation of this measure. The result is included for information only. Due to the Restatement of Pension Liability, as required by GASB 68, Net Position may be higher than expected. Changes in Net Position due to pension restatement that do not provide or require current financial resources have been removed from the Net Position calculation. This restatement had no material effect on the standard outcome.</p>
