## ADDITIONAL ACADEMIC MEASURES FOR ALTERNATIVE PROGRAMS GRADES 6 - 12

1. Math Content Mastery
2. ELA Content Mastery
3. Progress Toward Graduation
4. College and Career Readiness- Alternative

In addition to the standard measures, the following measures will apply to alternative programs.

To be considered an alternative program, 100% of the students enrolled in the program must meet the statutory definition of “at-risk”.

**Comparison Group:** the comparison group for alternative programs includes all schools and IPCSC programs serving 100% at-risk student populations.

## 1. MATH CONTENT MASTERY ALTERNATIVE

Note: This measure will be considered in addition to the standard proficiency measure for schools classified as alternative.

Idaho graduation requirements only require math to be taken in three of the four years of high school. Alternative schools structure this requirement differently. For the purposes of this measure, the total number of continuously enrolled students will exclude students enrolled in a grade for which the school does not require math to be taken.

Alt Proficiency Rubric	
Exceeds Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements or successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is more than 10% above the school's percentage in the previous year, <b>OR</b> The percentage in the current year is greater than 80%.
Meets Standard	<b>The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements OR Successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is equal to or up to 10% greater than the school's percentage in the previous year.</b>
Approaches Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements <b>OR</b> Successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is below, but no more than 10% below, the school's percentage in the previous year.
Does Not Meet Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements <b>OR</b> Successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is more than 10% below the school's percentage in the previous year.

## 2. ELA CONTENT MASTERY ALTERNATIVE

Alt Proficiency Rubric	
Exceeds Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements or successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is more than 10% above the school's percentage in the previous year, <b>OR</b> The percentage in the current year is greater than 80%.
Meets Standard	<b>The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements OR Successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is equal to or up to 10% greater than the school's percentage in the previous year.</b>
Approaches Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements <b>OR</b> successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is below, but no more than 10% below, the school's percentage in the previous year.
Does Not Meet Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements <b>OR</b> Successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is more than 10% below the school's percentage in the previous year.

### 3. 9-12 PROGRESS TOWARD GRADUATION ALTERNATIVE

Note: This measure will be considered in addition to the standard growth measure for schools classified as alternative.

For the purpose of this measure, a quarter of instructional enrollment will be calculated based on the number of instructional days reported and may be further modified by mutual agreement of the school and the IPCSC based on the alternative school's course completion structure.

Alt Growth Rubric	
Exceeds Standard	More than 75% of students enrolled in the alternative program earned 2.9 credits for every instructional quarter for which the student was enrolled for 90% of the days in that instructional quarter.
Meets Standard	Between 65% and 75% of students enrolled in the alternative program earned 2.9 credits for every instructional quarter for which the student was enrolled for 90% of the days in that instructional quarter falls, <b>OR</b> his percentage is less than 65% BUT at least 5% greater than in the previous year.
Approaches Standard	Less than 65% of students enrolled in the alternative program earned 2.9 credits for every instructional quarter for which the student was enrolled for 90% of the days in that instructional quarter AND this percentage is between 3% and 5% greater than the previous year.
Does Not Meet Standard	Less than 65% of students enrolled in the alternative program earned 2.9 credits for every instructional quarter for which the student was enrolled for 90% of the days in that instructional quarter AND this percentage is less than 3% greater than in the previous year.

#### 4. COLLEGE AND CAREER READINESS – ALTERNATIVE

Note: This measure will be considered in addition to the standard college and career readiness measure for schools classified as alternative. Non-alternative schools may include this measure as a mission specific goal, in addition to the standard measures, if they feel this data would help the IPCSC understand their school's academic outcomes.

<b>C&amp;C Readiness Rubric</b>	
Exceeds Standard	The percentage of the not continuously enrolled students who were enrolled for at least 45 days and were eligible to graduate in the same academic year (plus summer) who graduated is more than 10% above the school's percentage in the previous year, <b>OR</b> The percentage in the current year is greater than 75%.
Meets Standard	<b>The percentage of the not continuously enrolled students who were enrolled for at least 45 days and were eligible to graduate in the same academic year (plus summer) who graduated is equal to OR Up to 10% greater than the school's percentage in the previous year.</b>
Approaches Standard	The percentage of the not continuously enrolled students who were enrolled for at least 45 days and were eligible to graduate in the same academic year (plus summer) who graduated is below, but no more than 10% below the school's percentage in the previous year.
Does Not Meet Standard	The percentage of the not continuously enrolled students who were enrolled for at least 45 days and were eligible to graduate in the same academic year (plus summer) who graduated is more than 10% below the school's percentage in the previous year.

## Appendix B: Conditions of Renewal

Condition 1: ICON's alternative program will meet standard on the IPCSC's Progress Toward Graduation measure at the end of the 2022-23 school year. This condition will be evaluated by October 31, 2023. The evaluation will be consistent with the formula for this measure as it is defined in the Commission's Performance Framework incorporated into ICON's active Performance Certificate as of October 31, 2023. The measures will be based on instructional days rather than calendar days and will exclude students enrolled through identified treatment programs.

Condition 2: At least 35% of the continuously-enrolled students who took the math ISAT and are not enrolled in ICON's alternative program must achieve proficiency on the statewide math assessment (currently the ISAT) by June 30, 2023. This condition reflects a 5% increase in the mathematics proficiency rate achieved by students not enrolled in the alternative program during FY21.

Condition 3: ICON's negotiated performance certificate shall include a maximum enrollment number not to exceed 800 students across grades 6-12 and across all program offerings. However, ICON will be permitted to request an increase in this enrollment number through the charter revision process. This condition considers that the average enrollment at ICON across the 5 years preceding the COVID-19 pandemic was 181 students, and that at the highest point during the COVID-19 pandemic, ICON's enrollment peaked at 338 students. The purpose of this condition is to ensure budget predictability for all schools and to ensure that emergency growth decisions are made by the appropriate entity. This condition must be met by June 30, 2022.

Note: The IPCSC acknowledges that in any given year approximately 50% of the students enrolled in ICON's alternative program are students participating in temporary residential treatment programs. These students are only expected to participate for the length of time they remain in the treatment program and at a level of participation appropriate for that child's medical and social-emotional situation. This group of students will not be included in any alternative measure calculations for ICON.
