B. Petition Signatures of Qualified Electors

Copies of Signatures of at least thirty (30) qualified electors of Bonneville School District No. 93 and proof of qualification of electors are provided in Appendix B.

C. Mission and Vision Statements

Mission Statement:

Monticello Montessori helps students to become critical thinkers and intrinsically motivated learners. Critical Thinkers solve problems, clarify ideas, analyze arguments, and evaluate inductive, deductive, comparative, ideological and empirical reasoning. Motivated Learners desire to learn, engage problems, apply knowledge and achieve results.

Vision Statement:

Students attending Monticello will maximize their inner potentials and experience purpose and meaning in life by taking responsibility for their own education and cultivating personal dignity and independence through the Montessori approach to learning.

04. Tab 2 Proposed Operation and Potential Effects of the Charter School

Facilities

The administration/school building(s) shall be properly licensed and compliant with code with regard to the Americans with Disabilities Act, all OSHA regulations and with all applicable Idaho laws. The building shall provide sufficient wiring and communication capabilities to support the nature and infrastructure of the school. The building shall also provide adequate heating, ventilation, lighting, sanitary conditions, and water supply to support the school's staff and students.

In accordance with Montessori classroom design principles, classrooms shall allow a minimum of 35 square feet per student enrolled between the ages of 5 and 8. Ideally, but not required, classrooms for students between the ages of 9 and 12 allow 50 square feet per student enrolled. Classrooms shall provide an abundance of natural light from windows to the outdoor environment. The facility shall accommodate the need for small kitchens and sinks in every classroom. The Charter Developers are currently exploring a variety of building options for the school to ensure sustainability of the program. The Charter Developers intend to build a permanent facility by 2015. Until financing can be secured for such a project, the school will likely lease a facility either from School District No. 93 or from a private entity. Details about the building plan are included in Appendix J.

Administrative Services

Administrative services are selected and evaluated by the Monticello Board. Monticello teachers are employed by the school through the use of Idaho Standard Teachers' Contracts. School personnel are required to hold the appropriate Idaho teaching certifications and endorsements. Monticello teachers hold highly qualified status under No Child Left Behind Act (NCLB) or are working towards this status in a state-approved program of instruction. This may include state-approved alternative routes to certification such as through the American Board for Certification of Teacher Excellence (ABCTE).

Monticello implements the following recommendations from the American Montessori Society's "Essential Elements of Successful Montessori Schools in the Public Sector:"

- Employ an experienced Montessori teacher to serve as curriculum coordinator.
- Employ a building principal/educational leader who has knowledge of Montessori principles and curriculum through Montessori coursework, Montessori Administrator Credential and/or annual conference exposure.
- Maintain commitment to the core Montessori curriculum and instruction even with changes in administrative staff.

^{*} American Montessori Society. *Essential elements of successful montessori schools in the public sector*. http://www.amshq.org/schoolExtras/publicEssentials.html

Potential Civil Liability Effects

Monticello is incorporated as a nonprofit public school with the Monticello Board listed as having the responsibilities and liabilities for the operation of the school. Idaho School Boards Association (ISBA) policies will serve as a basis for Monticello policy until the school's policies can be developed completely.

Monticello operates independently as a Local Education Agency (LEA). Monticello is responsible for its own operation including personnel matters, preparation of a budget, and contracting for services. Monticello maintains a policy of general liability insurance and all other types of insurance necessary to provide coverage for the potential losses described in this paragraph.

Monticello's employees, director, and officers shall enjoy the same immunities as employees, director, and officers of public school districts and other public schools.

Pursuant to 33-5204(2), Idaho Code, the Commission shall have no liability for the acts, omissions, debts or other obligations of Monticello. Monticello will defend, hold harmless and indemnify the Authorized Chartering Entity against any claim, action, loss, damage, injury, liability, cost or expense of any kind or nature arising out of the operation of Monticello and/or arising out of the acts or omissions of the agents, employees, invitees, or contractors of the school.

Copies of insurance binders from a company authorized to do business in Idaho for liability insurance (per occurrence and aggregate coverage), property insurance, worker's compensation insurance, unemployment insurance, and any other insurance will be provided to the Commission upon request. All required insurance will be in effect during the operation of Monticello.

Anticipated Impact on the Local School District and Community

Bonneville School District No. 93 has been experiencing steady growth since 1997. Two charter schools have opened over the past six years serving the District No. 93 attendance area with a total of 665 students enrolled in the charter schools as of the 2008/2009 school year. Even with these students not attending District No. 93 schools, the district passed a \$25 million bond for new school construction and improvement to accommodate the area's growth. The addition of Monticello Montessori to the attendance area will provide another school to serve this growing need.

There is an interest in the Montessori approach to learning in Bonneville County and the surrounding area. In Bonneville County and Jefferson County alone there are three private Montessori schools. These schools do a wonderful job; however the tuition fees make access to this type of education prohibitive, especially for the children who are most in need of it. Monticello will provide a high-quality Montessori education to any child regardless of the family's financial situation.

05. Tab 3 Educational Program and Goals

A. Thoroughness Standards

Monticello's educational program and goals will fulfill each of the educational thoroughness standards, as defined in Section 33-1612, Idaho Code.

Standard 1: A safe environment conducive to learning is provided.

Goal: Monticello not only provides for the physical safety of students, but also for their emotional and intellectual safety. The learning environment enables students to feel comfortable taking emotional and intellectual risks.

Objectives:

- Procedures and guidelines for physical safety are included in this charter petition, Monticello policy, and the student handbook, including procedures for fire drills; city, state, and federal health, accessibility, safety, fire and building codes; zero tolerance for weapons, harassment, drugs and alcohol, and more.
- Students utilize work plans to give them a sense of control over their learning.
- Grades and labels are not used around students to make comparisons.
- Students advance through the curriculum at their own pace to minimize frustration.
- Failure is presented as something positive: the process of identifying incorrect or incomplete ideas. Persistence is the paramount virtue.
- Students are given specific lessons about how to respect the space and privacy of others, how to use the Montessori materials correctly, and how to keep their environment (the classroom) clean and uncluttered.

Standard 2: Educators are empowered to maintain classroom discipline.

Goal: Students will feel confident, interested in learning, and maintain a high standard of personal comportment. Teachers will preempt classroom discipline problems by identifying students' needs and making every effort to address them.

Objectives:

- Teachers utilize authentic Montessori materials which are inherently designed to attract the interest of children and create a meaningful context for learning
- The classroom environment is highly ordered to help students understand the sequence involved in their learning.
- School-wide expectations for student conduct and procedures for handling unacceptable behavior are clearly communicated in the Student Handbook
- Extrinsic rewards are not used in connection with academics
- The administrator supports teachers through ongoing training and by enforcing the Code of Conduct.

Standard 3: The basic values of honesty, self-discipline, unselfishness, respect for authority, and the central importance of work are emphasized.

Goal: The development of character and a strong work ethic are central to the Montessori approach. Students will have daily opportunities to share, respect personal space, work out differences appropriately, show self-discipline, and work hard.

Objectives:

- Character education is built in to the Montessori approach
- All faculty are trained to talk and behave in the same way when interacting with students
- Grace and courtesy are taught to students and modeled by faculty members
- Students care for their school, community, and world by helping to maintain facilities and by participating in local and global service projects

Standard 4: The skills necessary to communicate effectively are taught.

Goal: Students acquire written and verbal communication skills beginning with very simple, concrete skills, and expanding to more complex, abstract skills where nuance, climate, audience, timing, and cue are understood.

Objectives:

- Students work cooperatively with peers through peer tutoring and multi-aged, multigraded grouping of students.
- Instruction in Reading and Language Arts with an emphasis on writing is provided
- Students have a variety of opportunities to express themselves including giving speeches, writing letters, publishing essays, and working cooperatively.

Standard 5: A basic curriculum necessary to enable students to enter academic or professional-technical post-secondary educational programs is provided.

Goal: Monticello provides students with a high-quality Montessori approach to learning that meets or exceeds Idaho State Standards.

Objectives:

- Idaho State Standards are used as a basis for what every child needs to know. From there, the Montessori approach is utilized to help students master required knowledge and skills
- Every student will have an individual work plan that is self-paced
- A variety of resources will be used to address students' needs. The selection of resources including additional books, manipulatives, etc. will be based on teacher observation, academic performance, IEP requirements, and parental input.

Standard 6: The skills necessary for the students to enter the workforce are taught.

Goal: The Montessori approach addresses the need in today's workforce for people who think creatively, take initiative, organize well, and adapt to rapid changes by instilling these attributes in students.

Objectives:

- Monticello utilizes a classroom design that is compatible with Montessori "prepared environment" principles.
- Students are given a great deal of control over what order and the amount of time they spend on subjects
- Monticello creates uninterrupted daily work periods of 90 minutes to 3-hours
- The classroom environment is highly ordered to teach students organizational skills
- Students help develop weekly work plans to learn planning and follow through

Standard 7: The students are introduced to current technology.

Goal: Technology is utilized to make the learning and teaching process more efficient.

Objectives:

- Wireless high-speed internet access is available in all classrooms.
- Laptops are utilized by teachers along with specialized software to track the progress of students
- Systems are integrated to make communication of student data (i.e. progress reports, demographics, alerts and notifications, attendance, etc.) rapidly available and to reduce redundancies.
- Students in the upper-elementary program will taught how to use word processing and presentation software
- Physical classroom materials and instruments (i.e. microscope) will be connected to digital cameras and/or LCD projectors where appropriate and necessary to enhance the learning experience for students

Standard 8: The importance of students acquiring the skills to enable them to be responsible citizens of their homes, schools, and communities is emphasized.

Goal: In addition to their intellectual development, students acquire skills in practical life, grace and courtesy, art and music, as well as habits of healthy living, to become responsible citizens of their homes, schools, and communities.

Objectives:

• Montessori integrates specialty programs such as art and music as part of each student's aesthetic development.

- Students are fed healthy whole food lunches and snacks while learning about food guides and the importance of nutrition and exercise
- Practical life skills are taught such as how to wash dishes, sweep a floor, wipe down a table, tie shoes, care for clothing, and much more.
- B. The Educated Person in the 21st Century

Maria Montessori was a woman ahead of her time. In the early 20th century she stated, "What purpose would education serve in our days unless it helped man to a knowledge of the environment to which he has to adapt himself?" Ray Kurzweil, a noted futurist and New York Times bestselling author believes that by the middle of the 21st century there will be a "profound and disruptive transformation in human capability." According to Kurzweil computing will not be limited to laptops and handheld devices. It will be environmental: "Computing will be everywhere: in the walls, in our furniture, in our clothing, and in our bodies and brains."* He envisions a day when raw information will become a relatively common commodity that will literally be 'downloadable' into the brain. An educated person in the 21st century may have no use for schools that see themselves as being in the business of merely transmitting knowledge and information. Technology will do this far more efficiently. According to Maria Montessori, tomorrow's schools "must take a new path, seeking the release of human potentialities." Students in the 21st century need to possess the ability to interact adaptively with their environment (including their peers) and utilize raw information to creatively solve complex human problems. 21st century schools will be about helping people maximize their inner potentials and experience purpose and meaning in life.

C. Special Education Services

Monticello complies with the Individuals with Disabilities in Education Act ("IDEA"), Section 504 of the Rehabilitation Act ("Section 504"), and the Americans with Disabilities Act ("ADA"). Monticello is solely responsible for compliance with Section 504 and the ADA. Monticello works diligently to ensure full compliance with the IDEA. As an LEA, Monticello is responsible for assuring compliance with these programs.

Students with disabilities will be served according to federal and state laws regarding special education, including but not limited to Section 504 of the Rehabilitation Act (Section 504), the Americans with Disabilities Act (ADA), the Individuals with Disabilities Education Act (IDEA), and other applicable legislation. Monticello has a nondiscrimination policy with regard to admissions.

Students with disabilities will be served in accordance with their Individualized Education Programs (IEPs). All IEP's will be developed by a certified special education teacher in accordance with all applicable laws and regulations.

^{*} Kurzweil, Ray. *The singularity is near: When humans transcend biology*. Penguin Group (USA) Inc., New York, NY, pp. 135-136.

Monticello will adhere to all provisions of federal law relating to students with disabilities, including the IDEA, Section 504 of the Rehabilitation Act of 1974, and Title II of the Americans with Disabilities Act of 1990, that are applicable to it. Expenses to educate students with disabilities that exceed federal reimbursements will be drawn from the general fund.

Monticello will, consistent with applicable law, work to ensure that all students with disabilities that qualify under the IDEA:

- Have available a free appropriate public education (FAPE)
- Are appropriately evaluated
- Receive an appropriate education in the least restrictive environment (LRE)
- Are involved in the development of and decisions regarding the IEP, along with their parents
- Have access to appropriate procedures and mechanisms, along with their parents, to resolve any disputes or disagreements related to the school's provision of FAPE

Monticello Montessori will form a multidisciplinary team (consisting of a parent or guardian, the classroom teacher, the special education teacher, the school principal, and psychologists, therapists, or counselors as required) to consider a student's eligibility for special education. If the team determines the need for an evaluation by other personnel, such as a school psychologist, speech therapist, or occupational therapist not currently employed by the school, such evaluations will be contracted with a private provider or made possible through a cooperative arrangement with another school or district.

A special education teacher either employed full-time by the school or providing services on a contracted or part-time basis (depending on the number of students with IEPs) will be responsible to monitor Individual Education Plans (IEP) in multiple classrooms and supervise the implementation of IEPs as written. Certified teachers will provide services in an inclusion model to the extent possible depending on the degree of intervention necessary to meet the students' needs. Paraprofessionals will be used to support instruction as needed and allowed by IDEA and the ESEA. The special education teacher will consult with the general education staff to ensure they are utilizing effective classroom interventions, adaptations, and modifications. Generally the Montessori approach, being individualized in nature, will serve every child's needs completely in the regular education classroom.

Gifted and Talented Students

The Montessori learning approach meets the needs of Gifted and Talented (GAT) Students in the regular classroom—no separate program is necessary. Monticello shall identify and provide services to students who possess demonstrated or potential abilities that give evidence of high-performing capabilities. Monticello utilizes eligibility criteria developed by the Idaho Department of Education. The identification system aligns with the Gifted and Talented rules and regulations as identified by IDAPA 08.02.03.999.

Monticello's identification process for GAT students uses multiple indicators of giftedness with information obtained through the following methods and sources:

- Formal assessment methods, such as group and individual tests of achievement, general ability, specific aptitudes and creativity
- Informal assessment methods, such as checklists, rating scales, pupil product evaluations, observations, nominations, biographical data, questionnaires, and interviews.
- Information about students from multiple sources, such as teachers, counselors, peers, parents, community members, subject area experts, and the students themselves.

The Gifted and Talented Education (GATE) program will be supervised by a certificated staff member who holds the Gifted and Talented Endorsement, or by a certificated staff member of another school through a cooperative arrangement.

Monticello uses the Federal definition of Children with Outstanding Talent:

"Children and youth with outstanding talent perform or show the potential for performance at remarkably high levels of accomplishment when compared with others of their age, experience, or environment. These children and youth exhibit high performance capability in intellectual, creative, and/or artistic areas, possess an unusual leadership capacity, or excel in specific academic fields. They require services or activities not ordinarily provided by the schools. Outstanding talents are present in children and youth from all cultural groups, across all economic strata, and in all areas of human endeavor."^{*}

Limited English Proficient Students

LEP students are English language learners (ELLs) who are specifically placed in a language development program, based on the home language survey (HLS) and the Idaho ELL Placement Test. As a public school, Monticello complies with Idaho Code in the identification and education of Limited English Proficient (LEP) students. Monticello will comply with all applicable federal law in regard to services and the education of LEP students. Monticello will develop and implement policies and procedures for the provision of services to LEP students in accordance with guidance published by the Office for Civil Rights of the U.S. Department of Education. These policies and procedures shall ensure the following:

- Identification of students who need assistance;
- Development of a program that in the view of experts in the field has a reasonable chance for success;
- Assurance that necessary staff, curricular materials and facilities are in place and used properly;
- Development of appropriate evaluation standards including program exit criteria for measuring the progress of students, and assess the success of the program and modify it where needed.

Monticello will apply the federal definition of Limited English Proficient (LEP) as defined in Title III and IX of the ESEA. ELL students are identified by the home language survey (HLS) and the Idaho ELL Placement Test. Monticello teachers are trained in the use of the Sheltered Instruction Observation Protocol (SIOP) Model through the SIOP Institute. Teachers will implement SIOP instructional elements in daily lessons for ELL students. In the majority of cases, LEP students will have their needs met completely within the regular Montessori classroom. LEP services deemed necessary beyond what can be provided in the classroom may be contracted out or provided in a cooperative arrangement with another school or district. Students will begin transitioning out of the LEP program once they have achieved "proficiency" on the Idaho English Language Assessment (IELA). Students will be exited from the LEP program once they have achieved "proficiency" on the IELA and have received an Idaho Reading Indicator (IRI) score of at least a 2; or an Idaho Standards Achievement Tests (ISATs) score that meets the "Basic" level: or have demonstrated access to mainstream content curriculum by showing consistent proficient scores on grade level benchmark unit assessments. Any additional state and federal testing required for ELL students attending charter schools will also be administered.

D. Dual Enrollment

Monticello students may participate in dual enrollment by attending classes offered by Bonneville Joint School District No. 93 as provided in Idaho Code 33-203 and Monticello policy.

06. Tab 4 Student Educational Standards, Testing and Accreditation

Maria Montessori believed that all children could learn. Over her lifetime she developed a solid instructional program that is highly sensorial and tactile; the curriculum provides hands-on learning materials for all subject areas and moves in an orderly fashion. Students are treated with great respect and given a great deal of freedom to guide their own learning within a highly structured and orderly environment. Montessori classrooms are beautiful, open spaces with furniture and shelves that accommodate the child's size. Classrooms are arranged in areas, each area having "materials" (educational objects) that address particular subject areas. Each material has a specific purpose intended to teach children as they learn to use it correctly. Students learn to work cooperatively and also to respect the space and privacy of the individual.

Students do not advance by "grade" but rather by mastery of content. A specific list of knowledge and skills that students must master to move forward is subdivided into parts that can reasonably be taught and mastered within a year. This is a working tool for the teacher and student to collaborate about progress made. Rubrics are developed for all lessons to help teachers, students and parents know what mastery looks like. Students are not given letter grades. Instead, teachers and parents discuss what the child can actually do, and what she has yet to master. Student achievement is based on giving children freedom within a structured and orderly environment. Students have the freedom to choose activities, but are responsible to structure their day to cover the curriculum. Children receive lessons across the curriculum, collaborate with peers of their choosing, and report back about their findings in written papers or class speeches.

A. Measurable Student Educational Standards (MSES)

The Monticello Board, administration, and teaching staff share a vision for student success that is measurable, meaningful and aligned to the mission of the school.

MSES Standard 1

9 out of 10 students who maintain an average daily attendance of at least 96% will score at the "Proficient" or "Advanced" level in math, language, and reading on the Idaho Standards Achievement Test (ISAT) by the students' third consecutive year of enrollment.

MSES Standard 2

At least 85% of students enrolled in the fall who maintain an average daily attendance of at least 96% will obtain a score of 3 on the Idaho Reading Indicator (IRI) by the spring of their first year of enrollment.

B. Measuring Student Progress

Progress toward meeting each Monticello MSES will be evaluated on a regular basis so that the Monticello Board, administration, and teaching staff can assess to what extent the mission of the school is being fulfilled. Monticello teachers may utilize a variety of assessment methods, including authentic assessments, standardized tests, norm-referenced tests, criterion-referenced tests, and informal tests, to provide accurate feedback about student progress. Assessment methods are flexible to allow for different learning styles of students.

Monticello will implement the following recommendations from the American Montessori Society's "Essential Elements of Successful Montessori Schools in the Public Sector:"^{*}

- Use a process of reporting student progress that is compatible with Montessori and includes parent conferences and authentic assessment tools such as observation, portfolio, performance assessment with rubric, etc.
- Implement state mandated assessments in such a way that the character of the Montessori program is not compromised.

MSES Standard 1

9 out of 10 students who maintain an average daily attendance of at least 96% will score at the "Proficient" or "Advanced" level in math, language, and reading on the Idaho Standards Achievement Test (ISAT) by the students' third consecutive year of enrollment.

Evaluation Instrument and Methodology

Instrument: Idaho Standards Achievement Test (ISAT). The "Proficient" and "Advanced" spring ISAT scores of the students who have been enrolled for three consecutive years in Monticello will be counted and compared to the total number of 3rd-year students who took the ISAT.

MSES Standard 2

At least 85% of students enrolled in the fall who maintain an average daily attendance of at least 96% will obtain a score of 3 on the Idaho Reading Indicator (IRI) by the spring of their first year of enrollment.

Evaluation Instrument and Methodology

Instrument: Idaho Reading Indicator (IRI). Of the students who have been enrolled since the fall of any given year, the spring IRI scores of 3 will be counted and compared to the total number of students also having been enrolled since the fall who took the IRI.

C. Standardized Testing

Monticello, as required by law, complies with all testing requirements of the state. The data generated from these assessments is used by Monticello as a factor in determining the progress students are making towards meeting the Idaho Achievement Standards. This data is also used by the school to determine areas in need of improvement.

D. Accreditation

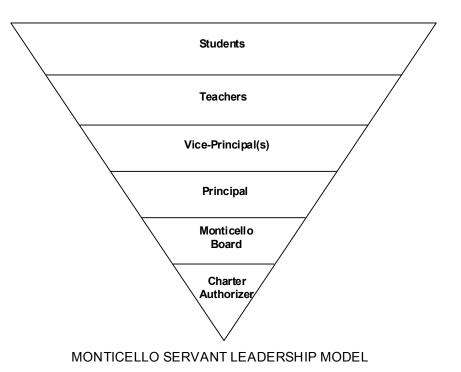

Monticello will maintain membership with one or more of the professional Montessori organizations and seek Montessori accreditation to assure consistent quality. In addition, the school will budget for continuing education through Montessori workshops and conferences. Should the Board decide to offer a secondary education program in the future, it will seek accreditation through the Northwest Association of Accredited Schools as provided by rule of the Idaho State Board of Education 5205 (3) (e) and 5210 (4) (b).

E. NCLB School Improvement Plan

Should Monticello ever identified as in need of improvement as outlined in the No Child Left Behind Act, the school shall cooperate fully with State and Federal mandates to ensure compliance. It will be the responsibility of the principal to organize a team that includes the Principal, a teacher, a parent, and a board member to carefully review the areas indicated as in need of improvement. The team will make recommendations along with any budget proposals to the Board which will approve the final plan of action. Students and faculty will be monitored carefully throughout the year to ensure that progress is being made toward accomplishing the terms of the improvement plan.

07. Tab 5 Governance, Parental Involvement, and Annual Audit

A. Governance

Monticello uses a Servant Leadership model as illustrated above. Directors, administrators and teachers all commit to use their influence and authority to support and serve each stakeholder that is above them, and ultimately the students enrolled at Monticello. This means continuously seeking to meet others' legitimate needs and improve the learning and working environment.

Monticello Montessori is a nonprofit corporation pursuant to Idaho law. The school is governed pursuant to the Bylaws adopted by the Incorporators and subsequently amended pursuant to the amendment process specified in the Bylaws.

The Board consists of at least three individuals who reside in Bonneville, Bingham, and Jefferson Counties or a contiguous county who are leaders in their communities across multiple sectors (public, private, non-profit) based upon their professional experience, service to their community, and/or honorary distinctions earned. The Board meets regularly to oversee the budget, management, operation, activities, and affairs of the school. The Board defines, composes, and revises (as needed) the policies of Monticello and ensures compliance with its charter agreement and applicable laws and regulations.

Monticello Directors do not receive compensation for their service as Board members, and may resign at any time by giving appropriate written notice. Directors may be

removed, for cause, by an affirmative vote of two-thirds of the remaining members of the Board. Unless notice is waived by the director, any director facing possible removal must be provided with written notice of the intent to hold a vote on possible director removal seven (7) days prior to the date that the matter will be voted upon. The Board Chairperson will use revised Robert's Rules of Order. The Board will set its own threshold for minimum Board attendance policies as well as possible sanctions for repeated or habitual unexcused non-attendance.

The Monticello Board of Directors shall be considered the Board of Directors for purposes of the nonprofit corporation. The Board of Directors will elect the officers of the corporation and determine the duration of their term(s). The Board of Directors will govern in accordance with the Articles of Incorporation and the Bylaws of Monticello Montessori, Inc.

All meetings of the Board of Directors for Monticello are held in accordance with open meetings laws.

The Board, at its discretion, may vote to expand its membership and/or create subcommittees. Specific responsibilities of the Board are defined in the Bylaws.

This charter is a grant of authority approved by the Commission to the Board of Directors of Monticello Montessori pursuant to 33-502A(2), Idaho Code.

B. Parental Involvement

Parents provide feedback regarding the school's program each year through meetings and surveys. Experienced Monticello families serve as mentors to new families. Parents are actively encouraged to work with the school and parent organizations including:

- Board of Directors
- Community/Parent Teacher Advisory Board or other ad hoc committees
- Family informational sessions
- Student outings and field trips
- Student community service projects

Monticello will implement the following recommendations from the American Montessori Society's "Essential Elements of Successful Montessori Schools in the Public Sector:"

- Provide Montessori parent education programs that promote understanding of Montessori principles and curriculum.
- Develop an admission process that informs parents about the nature of Montessori and seeks the necessary commitment to the program.

Copies of the Budget shall be provided to the Commission upon Board approval and delivery to the State Department of Education. All Accounting records shall be established and maintained in accordance with accounting principles generally accepted in the United States. In addition, Monticello shall follow all requirements and regulations as may be set forth from time to time by the State Board of Education and State Department of Education. Monticello operates through funding provided by the State of Idaho and the Federal government. Monticello will continue to seek out private grants and donations to supplement the school's funding. All invoices of Monticello are independently reviewed by a Board member prior to submission to the Board for approval. A detailed report as to the financial status of Monticello and its Budget, including a detailed cash distribution report, is provided at each monthly regular meeting of the Board.

An audit of the School's financial statements is performed annually by an independent Certified Public Accountant. The audit reports, accompanied by the related financial statements are submitted yearly to the Commission pursuant to the requirements of Section 33-701(6) & (7), Idaho Code.

Programmatic outcomes (Measurable Student Educational Standards) are composed of goals for student learning and other objectives described in this application as well as those requirements set forth by the Idaho Charter School Commission pursuant to Section 33-5205(3)(k), Idaho Code. Annually, the school shall report in detail its performance against these programmatic objectives, describe deficiencies in performance, and set forth corrective actions for remedying these deficiencies, submitted no later than October 15th for the previous school year. Additionally, the school shall comply with any other requirements that the state might specify at a later point.

08. Tab 6 Personnel

The staffing plans for Monticello will change each year depending upon the needs of the school.

A. Personnel Qualifications

Monticello meets or exceeds, at the discretion of the Governing Board, Idaho Code for statutory requirements for charter schools.

Monticello will implement the following recommendations from the American Montessori Society's "Essential Elements of Successful Montessori Schools in the Public Sector:"

- Employ Montessori teachers who have Montessori credentials for the levels they teach.
- Maintain an active and open recruitment for Montessori credentialed teachers.
- Budget for future Montessori teacher education for non Montessori-credentialed teachers.
- Provide professional Montessori in-service by experienced credentialed Montessori educators.
- Contract for on-going internal and periodic external Montessori consultation and/or professional support as a follow up to Montessori teacher education.
- Employ one paraprofessional per classroom, each having received Montessori orientation for that role.
- B. Health and Safety

The school building, administrative offices, and other facilities will be in compliance with all required federal, state and local regulations required for public schools.

Parents are expected to demonstrate that their children obtain proper immunizations upon admission according to Idaho Statutes (39-4801). Parents who object to having their children immunized may sign an exemption form. Immunization forms and other pertinent medical records are kept (confidentially) by the school administration.

Monticello will conduct criminal history checks for all employees in compliance with Idaho Code 33-130.

Monticello will utilize the Bonneville Joint School District No. 93 Emergency Operations Plan / Crisis Response Plan.

Additional policies and procedures are implemented by the Board, as needed.

F. Written Contract

All teachers and administrators shall be on written contract as required by Section 33-5206(4), Idaho Code.

09. Tab 7 Students

A. Admission Procedures and Over-Enrollment Provision

Monticello is nonsectarian in its programs, admission policies, employment practices, and all other operations. As a public charter school we do not charge tuition for services that are reimbursed by the state. A tuition fee will apply for students enrolled in the preschool and full-day kindergarten programs (if they are offered). Monticello does not discriminate against any applicant for admission on the basis of ethnicity, national origin, gender, disability, religion, intellectual or athletic ability, or proficiency in the English language.

Enrollment and Over-Enrollment Provision

Enrollment will be reviewed and determined annually, with an enrollment cap of 192 in the first year of operation, 288 in the second year, and 320 in the third year. Registration applications for new students will be accepted during open enrollment (January-March of each year). Enrollment will be limited to 32 students per class. In the event that projected enrollment demands exceed curriculum level capacity for the next school term, a lottery process will be implemented to fairly allocate class vacancies.

In accordance with Subsection 203.06 and 203.07 of the Administrative Rules Governing Charter Schools, five preference pools / lists will be established and prioritized as follows: 1) pupils returning to Monticello in the second or any subsequent year of operation; 2) children of founders and full-time employees, provided that this admission preference shall be limited to not more than ten percent (10%) of the initial capacity of the public charter school; 3) siblings of pupils already selected by the lottery or other random method, or who are already enrolled in the school; 4) prospective students residing in the attendance area of the public charter school; and 5) an equitable selection process, such as by lottery or other random method for all other students. Applications will be drawn for placement using the Equitable Selection Process outlined in Subsection 203.09 of the Administrative Rules Governing Charter Schools. Those on the final selection lists may be placed in the school any time during the year when an opening occurs. Available positions will be filled from the waiting lists established from the initial lottery.

Once on the final selection list, students will remain eligible for placement within the school without repeating the application process. Each year, Monticello will contact all students on the final selection list and request written verification of the continued desire to be on the list. Students wishing to be removed from the final selection list must make their request directly to Monticello Montessori in writing. Once the enrollment period is complete and final selection lists have been established through lottery as described above, subsequent applications will be added to the final selection lists on a first come, first served basis.

Re-enrollment forms shall be presented to each registered student in the spring of the current school year. Those discontinuing their studies shall not have a reserved position in the next curriculum level. The forms for re-enrollment must be signed and returned in compliance with the process and procedure that has been established by the school's administration, with consideration and approval by the Board. Failure to respond in the time provided shall constitute a waiver of any interest in application or enrollment renewal for the following term.

In accordance with Subsection 203.08 of the Administrative Rules Governing Charter Schools Monticello shall maintain a proposed attendance list containing the names of all prospective students on whose behalf a request for admission was timely received by the public charter school, however the list will not be separated by grade level. In addition, the proposed attendance list shall contain columns next to the name of each student, in which the public charter school will designate admission preferences applicable to each prospective student. The columns shall be designated "A" for returning student preference; "B" for founders preference; "C" for sibling preference, with a corresponding cross-reference to each of the siblings of the prospective student; and "D" for attendance area preference.

Lottery

Monticello will hold a lottery on or before April 30 of each year to establish the waiting list order of entrance for the upcoming school year. All openings during the school year will be filled according to the order established by that lottery. The lottery will be held in a public forum and a disinterested party will conduct the lottery selection. Overenrollment procedures will be conducted according to the requirements as set out in 33-5205, Idaho Code, as well as any rule adopted by the State Board of Education or State Charter Commission that is applicable to student lotteries held by public charter schools, and according to the process described under "Exceptions Approved by Commission Staff." Final selection lists for a given school year shall not roll over to a subsequent school year and will be developed using the Equitable Selection Process outlined in Subsection 203.09 of the Administrative Rules Governing Charter Schools.

Exceptions Approved by Commission Staff

Monticello Montessori uses a methodology that does not rank students by grade level. Instead, students progress from concept to concept and skill to skill regardless of age. There is nothing that prevents an older student from returning to an earlier lesson or classroom. Similarly, a younger student might take interest in a more "advanced" concept that older students are working on. Therefore, the IDAPA Rules referencing "grade levels" in Section 203, Admission Procedures, do not make sense for this charter school. Admission Procedures will be followed in every other detail as follows:

• All 192 seats will be randomly selected as though they are a single grade in Year 1 for students between the ages of 5 and 9.

- 1 application per family with all siblings listed who are interested in enrolling will be returned to Monticello
- 1 family index card will be made with all siblings listed who are interested in enrolling
- All Founder cards will be pulled and labeled with a "B." (If the number of Founder children exceeds 10%, the cards will be selected randomly)
- The other cards will be placed in a box and pulled randomly
- Each individual child on the family index card will be numbered sequentially and labeled with a "C"
- Cards will continue to be pulled until all 192 seats have been randomly selected
- Identifying all siblings on a single family card makes the lottery process more efficient by eliminating the redundancy of searching for siblings in a stack of 192 cards. This process is also more equitable since families with large numbers of children have an equal chance of their card being pulled as a family with only one child.
- In subsequent years Monticello will follow this same process with new openings and a potentially broader age range.

B. Student Disciplinary Procedures

Monticello as a public school adheres to all federal, state laws and regulations as well as school approved policies and procedures relating to student discipline and the required reports and actions for disciplinary infractions by its students. Monticello complies with all requirements of due process for student disciplinary violations including provisions for notice, fair procedures and a fair hearing in compliance with I.C. 33-205.

Administrative disciplinary actions may include, but are not necessarily limited to the following consequences:

- Student conference with principal and/or teacher
- Group conference that may involve student, parent, teacher, and principal
- Loss of school privileges
- Suspension / recommendation for expulsion
- Counseling

A student who is accused of misbehavior or a breach of the Code of Student Conduct will be presented to the principal or designee by the person having knowledge of the misbehavior or breach of conduct. The following protocol will be used to provide due process, provisions for notice, fair procedures, and a fair hearing before administering disciplinary action:

- 1. Written Referral: Violations shall be presented in written form and should be specific, indicating the breach of the Code of Student Conduct for which the referral is being issued.
- 2. Student Notification: The student will be placed on notice of the violation by the principal or designee and afforded an opportunity to explain.
- 3. Initial Conference: An initial conference (in person or by tele-conference) shall be conducted by the principal or designee at each level of discipline.
 - a. Charges and Evidence: The principal or designee shall confer with the student, explain the charges and evidence against the student, and allow the student an opportunity to present his or her side of the story prior to taking disciplinary action.
 - b. Parental Assistance: A good faith effort shall be made by the principal or designee to employ parental assistance or other alternative measures prior to suspension, except in the case of emergency or disruptive conditions that require immediate suspension or in the case of a serious breach of conduct.
- 4. Parental Notification:

- a. By Telephone or E-mail: The principal or designee shall make a good faith effort to notify the parent by telephone or e-mail of the student's misconduct and the proposed disciplinary action.
- b. By Written Notice: Regardless of whether there has been communication with the student's parent by telephone, the principal or designee shall, within twenty-four (24) hours of taking disciplinary action, send written notice to the parent describing the disciplinary action imposed and the reason the action was taken.

Violations Leading to Suspension

The following violations will lead to short-term suspension (not to exceed 5 school days) or other low-level disciplinary action, following the appropriate due-process procedures. Upon appeal to the Board of Directors the suspension may be extended for up to twenty (20) days. This appeal would only be granted if there was a finding by the Board that immediate return to school attendance by the temporarily suspended student would be detrimental to other students' health, safety, or welfare. Multiple violations at this level may lead to expulsion.

Disciplinary Procedures for Students with Disabilities

Misconduct will be addressed through normal school wide discipline policies, instructional services, and/or related services. If a student with disabilities has behavior problems that interfere with his or her learning or the learning of others, an individualized education program (IEP) team shall consider the use of strategies, including positive behavioral supports and interventions, to address the behavior. If the IEP team determines that such services are needed, they be included in the IEP and be implemented. Students with disabilities who are subject to disciplinary actions will receive all of the due process rights afforded students without disabilities under Idaho Code 33-205. In addition to these rights, students with disabilities who are being removed from their current educational placement will receive all special education rights and additional discipline procedures mandated for charter schools by the Individuals with Disabilities Education Improvement Act of 2004 (IDEA 2004). These procedures apply when Monticello is unable to work out an appropriate placement for the student with the parent and/or adult student. Further, these procedures do not prevent Monticello personnel from maintaining a safe environment conducive to learning that is critical for all students. Even though Idaho Code allows the Board of Directors to "temporarily suspend" students for up to 20 school days, all students with disabilities who have been suspended or expelled for more than 10 cumulative school days in a school year retain the right to a free appropriate public education (FAPE).

C. Students under the Influence of Alcohol or Controlled Substances

Monticello shall follow the procedures required by Section 33-210, Idaho Code, for students found using or under the influence of alcohol or controlled substances.

D. Public School Attendance Alternative

Students residing within the attendance area who choose not to attend the public charter school will have the same attendance alternative as other students in District No. 93. No student will be required to attend Monticello per Section 33-5205 (3) (n).

E. Publicity of Enrollment Opportunities

Monticello's educational program will actively seek students from its attendance area. Monticello prepares and mails out informational materials regarding its school program. Further, Monticello holds informational sessions to promote the school program. The School maintains a website addressing the educational program, and enrollment opportunities. In accordance with IDAPA 08.02.04.203.02, Monticello shall ensure that dissemination of enrollment information takes into consideration the language demographics of the attendance area and occurs at least three (3) months in advance of the enrollment deadline. Advertisements and other informational materials shall be posted in highly visible and prominent locations and shall include at least three (3) press releases or public service announcements to media outlets.

F. Denial of School Attendance

Pursuant to Section 33-5205(3)(i), Idaho Code a student cannot be suspended or expelled and thereby deprived of a free education provided in the public schools without due process. Due process requirements guarantee all students the right to fair notice, fair procedures, and a fair hearing. The student and his or her parent or guardians have the responsibility to follow the procedures set forth herein in a respectful and timely fashion. Monticello Policy addresses the school's plan for denial of attendance to any student who is or has been:

- Habitually truant
- Incorrigible
- Deemed by the board of trustees to be disruptive of school discipline or instructional effectiveness
- Detrimental to the health and safety of the other students, or e. Expelled from any other district

G. Student Handbook

Monticello shall provide a Student Handbook to each child enrolled that outlines the Code of Conduct. The Student Handbook is reviewed in each classroom at the beginning of the school year by the principal. Parents will provide their signature acknowledging their understanding of, and willingness to comply with, the rules set forth in the Student Handbook. A draft handbook can be found in Appendix D.

10. Tab 8 Business Plan, Budget, Transportation and Food Services

- A. Business Plan
 - i. Business Description:

Monticello is a public Montessori charter school created under the laws of the State of Idaho. This charter program is seeking approval by the Idaho Public Charter School Commission.

Monticello provides residents of Bonneville, Bingham and Jefferson Counties a public Montessori option to the traditional school setting. The mission of Monticello is to help students maximize their inner potentials and experience purpose and meaning in life by providing a high-quality, mastery-based Montessori education. A research-based curriculum is used to prepare Idaho students to meet the educational goals of the school and the state of Idaho as outlined in the Idaho State Content Standards.

The Monticello curriculum is based on the Montessori Method. The Montessori Method is a unique approach to learning that meets the needs of children with special needs, the gifted and talented, and everyone in between in an inclusive, highly supportive environment. Monticello utilizes an innovative approach to student advancement that will continue to support inclusiveness and address the specific needs of every child. Monticello teachers utilize a variety of bestpractices to meet the needs of their students. The school's current focus is on offering a high-quality lower-elementary Montessori option for families (Kindergarten through age 9). The school may expand in phases to older students with an "arts and classics" emphasis as the need becomes apparent and the school is fiscally able to do so. Monticello may offers a full day preschool and kindergarten to better meet the needs of parents. The curriculum is aligned with the Idaho State Standards and Idaho-certified teachers oversee the learning of each child in their class by reviewing student work for guality, accuracy, and understanding, and by communicating directly with the student and family on a regular basis. Teachers are available during school hours when students (or adults) have questions.

Students with many different needs can benefit from the Montessori Method. The school is an attractive option for average, self-motivated students who desire the flexibility to learn at their own pace in a structured learning environment. Gifted and Talented students are drawn to the differentiated, constructivist nature of the program. Students with disabilities such as developmental delays and/or sensory integration dysfunction, cognitive impairment, autism, and other learning disabilities benefit from the inclusive environment and highly sensory learning approach. The school's main administrative office is headquartered in the school facility in Idaho Falls. Administrators, teachers and other faculty work at the School facility. The school's attendance area is Bonneville, Bingham and Jefferson Counties. All of these counties are contiguous, and considering the shortage of charter school options available to residents of these counties, the attendance area is compact. There are currently two charter schools in District 93, both of which have sustained high enrollment numbers and waiting lists since their inception. There are no charter schools in Idaho Falls School District 91, nor in Jefferson nor Bingham Counties. According to the Idaho Charter School Network 2007-2008 data regarding waiting lists there is a growing interest in charter schools in Bonneville County. Most children on these waiting lists are in the lower grades, which is the target market for Monticello. White Pine Charter School (Core Knowledge) currently has 200 children on waiting lists while Taylor's Crossing Public Charter School (Harbor) has 320.

Enrollment in charter schools in Bonneville County continues to increase as well. White Pine opened with 185 students in 2003 and now serves 360. Taylor's Crossing opened with 272 students in 2006 and now serves 305.

According to data at the Idaho Department of Labor, Bonneville County has experienced steady growth since 1997 with an average increase in population of over 2300 per year. Most of that growth has impacted District No. 93, the area which Monticello intends to serve. Another charter school should relieve some of the impact of the population growth this area has seen.

For the 2010-2011 school year Monticello will serve students between the ages of 5 and 9. Class size will be capped at 32 students. At the discretion of the Board, Monticello will seek to add older students each successive school year through age 12. For each successive school year, enrollment may increase by 32-96 students depending upon student enrollment figures.

ii. Marketing Plan:

Monticello's marketing plan will be a grassroots effort. A Facebook group has been created to begin generating discussion and interest in the preparations toward opening its doors to students in the fall of 2010. Public information sessions will be advertised via radio, the Internet, and posters to be held in the summer of 2009 and throughout the fall of 2009. An official web domain for the school will be purchased and a website established to answer questions and provide information for the community. The Board will open student enrollments beginning in January 2010 with a cut off of March 31.

iii. Management Plan:

Monticello is a public charter school managed by a non-profit corporation under the Idaho Nonprofit Corporation Act and the Idaho Charter Schools Act. The Board of Directors control and govern the operations of the school and is comprised of individuals from Bonneville County and other contiguous counties. The Board conducts regular, special and annual meetings in compliance with provisions of the Idaho Code. The Board is responsible for the selection and adoption of the educational program of the school, as well as the approval/disapproval of recommendations brought to the Board for personnel, programs, policies, and procedures of the school. iv. Resumes of the Directors of the Non-profit Corporation:

Resumes and references of the Directors are provided in Appendix C of the Charter Petition.

Below are brief bios of the Charter Directors:

David Meyer, President: The Monticello Montessori Charter was conceived in the belief that every child deserves the best education possible. One of the charter developers, David Meyer, adopted twins who later manifested developmental delays and sensory integration dysfunction. The Montessori Method was ideal for them. David, a professional educator himself, was fascinated with how the program helped his children catch up academically and gain greater independence and confidence. He was thrilled with their progress, and fully committed to the methodology, however the financial sacrifice to send them to a private Montessori program was tremendous. The approval of this charter proposal makes a free Montessori education available to all children in the Idaho Falls area. David holds a Masters Degree in Education, a current Idaho Principal's Certificate, and current Idaho Elementary / Secondary Teaching Certificates. He is interested in continuing to lead the charter school in the capacity of administrator.

Liz Killpack, Vice-President, graduated from Utah State University in 1996 with a degree in Parks and Recreation Management. After graduation she and her husband moved to Eastern Idaho where she received her second bachelor's degree from Idaho State University in Secondary Education, with a major in English and a minor in History. She taught in Idaho Falls District #91, Firth District #59, and Shelley District #60. After starting a family and taking some time off from teaching, Liz was appointed and then re-elected to the Firth School Board of Trustees. There she served as the Vice Chair, as well as on the Curriculum Committee, Negotiations Committee, and the Para-Professionals Task Force. During her service she was elected to represent the entire region as the Vice Chair on the ISBA Executive Board. Due to the effects of West Nile Virus Liz resigned from both the Firth Board and the ISBA board to regain her health. Liz is currently employed by the Idaho School Board Association as their Board Development Coordinator and Trainer. Her employment entails traveling the state of Idaho training boards to be effective, to implement strategic plans, to set goals, to govern and conduct superintendent evaluations, to oversee the budget, and to improve student achievement. She and her husband, Todd, have 5 children and reside in Firth, Idaho.

Dr. Andrew Meyer, Treasurer, is an Assistant Professor at Idaho State University. He retired from administration after a long and distinguished career as a school principal and superintendent. Dr. Meyer is certified to teach K-12 and as an Administrator K-14 in both California and Idaho. He is noted for his leadership in creating National Blue Ribbon Schools and California Distinguished Schools. In 1998 and again in 2003 he was recognized by the Association of California School Administrators (ACSA) Region 10 as Superintendent of the Year. He has conducted training in collective bargaining with a specialty in Interest Based Bargaining which he instituted in his own district. Dr. Meyer has been recognized and honored by the California State Assembly, the California State Senate, the United States Congress, as well as by every school district and city in which he has served. He was a pioneer in the development of the largest charter school network in California, providing unparalleled academic alternatives for parents and their children. His interest in the Monticello Charter is to serve in an advisory capacity and work to create a partnership between Monticello and Idaho State University.

Lori Gentillon, Secretary, is a native Idahoan and received her Bachelor's Degree in Psychology from Idaho State University. She has been employed at a community rehabilitation service provider for the past thirty years and is currently responsible for oversight of all rehabilitation services offered by the organization. This includes four locations covering southeastern Idaho. In addition to her paid employment experience, she has served 12 years on School District #59 Board of Trustees; several as Board Chair as well as Treasurer. She is currently serving on the Board of Directors for Committed Hearts which supports the Cardiac Rehabilitation Unit at Eastern Idaho Regional Medical Center. She is also Treasurer for ACCSES Idaho, a State Association for Not for Profit Community Rehabilitation Providers. She co-owns a farm with her husband and has three children who have all graduated from public high school and attended State Universities.

v. Financial Plan:

Basic funding for the school is provided as available under the Idaho Code as well as through federal funding programs. Monticello also seeks funding to support educational programs from private entities, individuals and governmental programs.

The Monticello Board approves a balanced budget prior to the beginning of each fiscal year. Budgetary and financial documentation is provided on an annual basis.

C. Transportation Services

The board may contract with a transportation provider to transport any pupil when in its judgment the age or health or safety of the pupil warrants. The board may also contract with a transportation provider to fulfill any transportation requirement necessitated by a student's IEP. Transportation is generally not provided to students who live outside of the attendance area (Bonneville, Jefferson and Bingham Counties), nor to students who reside outside of the reimbursable limitation established by I.C. 33-5208(4). Any transportation the board chooses to provide for ineligible students, as defined by I.C. 33-5208(4), shall be on a "space available" basis and neither time, mileage, nor other appreciable cost, shall be added as a result of this service. The board reserves the right to expand or contract transportation services pursuant to any changes made to I.C. 33-5208(4). The board also reserves the right to eliminate transportation services altogether if ridership falls below numbers sufficient to support the service, or if the Idaho Legislature or the Congress fails, neglects, or refuses to appropriate adequate funds for transportation services.

D. Food Services

Monticello offers a school lunch program. Healthy, whole food sack lunch menu items are made available to students at a reduced cost who qualify for free and reduced food services. One full-time classified staff position has as part of his or her responsibilities the organizing of the lunch menu and coordinating of the daily lunch routine. He or she is assisted on a rotating basis by classroom aides and student volunteers. As the school grows and the demands for lunch increase, personnel will be hired accordingly.

Kitchen facilities sufficient to support the school's food services plan have been contemplated as part of the school's building plan. Free and reduced lunch forms are provided to all students by Monticello. A nominal fee applies for students and others who wish to purchase food. Microwaves are made available for students who need to reheat food items. Hot lunches will generally not be provided. Monticello uses verification, reporting, and record keeping procedures as outlined in the National School Lunch Program through the State Department of Education.

11. Tab 9 Not a Virtual Charter School

Monticello Montessori is not a virtual charter school as defined by Section 33-5202A(6), Idaho Code.

12. Tab 10 Partnerships, Additional Information, and Dissolution Plan

A. Partnerships

At the discretion of the Board, Monticello contracts with public and private entities for food services, transportation services, curriculum and materials, technology services, and other services deemed necessary. Agreements are amended from time to time, as needed. Copies of contracts and/or lease agreements are included in Appendix I.

B. Additional Information

Any statistical reports that are filed by Monticello with the State Department of Education shall also be filed with the Commission. Such Commission filing shall coincide with the timing of filings with the State Department.

C. Dissolution Plan

Monticello will fully cooperate with the Commission in the event of dissolution of the charter. In such cases, the Governing Board of Monticello is responsible for the dissolution of the business affairs of the school. Upon dissolution of Monticello remaining assets will be distributed to creditors pursuant to Sections 30-3-114 and 30-3-115 of the Idaho Code. All remaining assets will be distributed to the Idaho Public Charter School Commission. All records of students residing in District No. 93 will be immediately transferred to the District. All parents of students will receive written notice of how to request a transfer of student records to a specific school. Monticello will accommodate student record requests from schools outside of Bonneville School District for up to one year after dissolution.

IPCSC Closure Protocol Effective 2/1/2023 Page 1 of 19

Purpose

This document provides guidance on the public charter school closure process.

Authority

Title 33, Chapter 52 of Idaho Code, known as the Charter School Act provides for public charter school operations based on a contractual agreement between a charter school board of directors and a state authorized chartering entity, such as the Idaho Public Charter School Commission (IPCSC).

Operating contracts, known as Performance Certificates are granted by state authorized chartering entities to the governing board of a non-profit corporation that serves as the charter holder. Performance certificates are limited to five-year terms.

Closure protocol is enacted when:

- an authorized chartering entity chooses to non-renew a school's charter pursuant to I.C. § 33-5209B;
- an authorized chartering entity chooses to exercise its right to revoke a charter pursuant to I.C. § 33-5209C; or
- a charter holder chooses to relinquish its charter by approval of a resolution.

Each authorized chartering entity is required to maintain a closure protocol and is tasked with oversight of the closure process.

If closure is due to an IPCSC nonrenewal or revocation decision, written notice will be issued to the school within 14 days of the decision and this closure protocol must begin within 5 days.

Roles

Authorizer: the authorized chartering entity is responsible to maintain closure protocol and to oversee the closure process.

Charter Holder: the charter holder is responsible to ensure that all closure tasks are complete and all deadlines are met. The school is responsible for any and all costs associated with closure.

Note

Please note that every closure situation is different. This guidance document may need to be expanded or adjusted to accommodate the specifics of a particular closure.

It is recommended that the school provide guidance for teachers and staff early-on to ensure common language and tone is used when discussing this situation with students and families.
- c. End of Employment Impact

This date is established by the Closure Protocol Team. When determining the end of contract dates, please consider the impact of this date on health

insurance and PERSI. When at all possible, August 31st is recommended as this will allow teachers who re-employ at another school the best opportunity for uninterrupted health insurance coverage.
