2019 ANNUAL PERFORMANCE REPORT

INTRODUCTION

Each year, Idaho's Public Charter School Commission (PCSC) issues a performance report to every school in its portfolio. The annual report serves several purposes:

1. To provide transparent, data-driven information about charter school quality;
2. To ensure charter school boards have access to clear expectations and are provided maximum opportunity to correct any deficiencies prior to their renewal year; and
3. To inform mid-term authorizing decisions, such as the evaluation of charter amendment proposals.

This report contains an overview of the school, including its mission, leadership, and demographics. The overview is followed by the school's performance framework, including outcomes for the most recently completed school year.

The performance framework clearly sets forth the academic and operational performance indicators, measures, and metrics that will guide the PCSC's evaluations of the school. It contains indicators, measures, and metrics for student academic proficiency, student academic growth, post-secondary readiness (for high schools), and board performance and stewardship.

In accordance with Idaho law, the performance framework requires, at a minimum, that each school meet applicable federal, state, and authorizer goals for student achievement. It is designed to fulfill this requirement while respecting the diverse missions and student populations represented in PCSC portfolio schools. This performance framework was adopted by the Idaho Public Charter School Commission on May 4th, 2017.

To facilitate a clear context for the academic results contained in this report, the demographic, enrollment, and school leadership information provided is from the school year during which the data was gathered. Updated enrollment and school leadership information is available upon request from the school or PCSC office.

The data provided in this report was gathered primarily through the State Board of Education and State Department of Education. An independent financial audit and any applicable mission-specific data were submitted directly by the school. The school had a opportunity to correct or clarify its framework outcomes prior to the publication of this report.

Public charter school operations are inherently complex. For this reason, readers are encouraged to consider the scores on individual measures within the framework as a starting point for gaining a full, contextualized understanding of the school's performance.

PERFORMANCE FRAMEWORK STRUCTURE

The academic section comprises the primary indicators on which most renewal or non-renewal decisions are based. The mission-specific, operational, and financial sections contribute additional indicators that are, except in cases of egregious failure to meet standards, considered secondary.

Academic	The academic section focuses on quantitative academic outcomes. It reflects the PCSC's commitments to considering schools' performance in the context of their communities and student populations. Although some results may not be made publicly available in certain cases, in order to protect individually identifiable student information, the PCSC may still use this information for purposes of making authorizing decisions.
Mission-Specific	The mission-specific section provides an opportunity for meaningful acknowledgement of schools' achievements that are not reflected elsewhere in the framework. These measures may be academic or non-academic in nature, but must be objective and data-driven. Mission-specific measures are generally optional; however, inclusion of certain mission-specific measures may be required as a condition of the performance certificate.
Operational	The operational section considers whether schools are operating in compliance with federal and state law, authorizer requirements, and the provisions of their performance certificates.
Financial	The financial section evaluates the near-term and long-term financial status of the school. Schools with management contracts containing deficit protection clauses may be exempted from these indicators.

ACCOUNTABILITY DESIGNATIONS

Calculation of the percentage of eligible points earned for each school determines that school's accountability designation in each section. The accountability designations, in turn, guide authorizing decisions. The PCSC will consider contextual factors affecting a school's accountability designations when making authorizing decisions.

Honor	Schools achieving at this level in all sections are guaranteed renewal. Replication and expansion proposals are likely to succeed.
Good Standing	Schools achieving at this level in the academic section will be recommended for renewal; however, conditional renewal may be recommended if outcomes in other sections are poor. Replication and expansion proposals will be considered.
Remediation	Schools achieving at this level in the academic section may be recommended for non-renewal or conditional renewal, particularly if outcomes in other sections are poor. Replication and expansion proposals are unlikely to succeed.
Critical	Schools achieving at this level in the academic section face a strong likelihood of non-renewal, particularly if outcomes in other sections are also poor. Replication and expansion proposals will not be considered.

SCHOOL OVERVIEW

Mission Statement	To provide every student an academically excellent education and to facilitate graduation for alternative students. We will provide bridges to success through education, self-motivation and community responsibility.		
Key Design Elements	<ul style="list-style-type: none"> ● Online Delivery of Core subjects through a CCS compliant delivery system ● Capability to deliver instruction both in the building and remotely ● Heavy emphasis on one on one instruction and nurturing relationships between students and teachers ● Creation of a positive school climate where all students feel safe and respected ● Student completion of a Senior Project that will prepare students for the next step in their life after graduating from high school.

ALTERNATIVE ACADEMIC

All proficiency and growth measures will be scored using the ISAT by SBAC, or any state-required standardized test as may replace it. Subject area (math and ELA) may be replaced by similar subject areas if necessary due to statewide changes. On all applicable measures, standard rounding to the nearest whole number will be used for scoring purposes. Measures based on ISAT outcomes exclude alternate ISAT data; as a result, the outcomes shown may differ slightly from those published on the State Department of Education's website.

			60	
			33	0-39
				<u>33</u>
Notes	<p>The school's 5 Year ACGR of 33% did not meet the progress goal of 40.42%. The progress goal is calculated as follows: last year's 5-year ACGR plus 8.3% of the non-graduates from that cohort. However, KBA's 2018-2019 4-Year ACGR is significantly higher 42%. While measure 5a is calculated based on the previous year's data, this increase is commendable and will result in a meets standard rating on next year's report.</p>			

MISSION-SPECIFIC

Mission-specific measures are optional, unless required as a condition of the performance certificate. These measures may be academic or non-academic in nature, but must be objective, data-driven, and based on a valid measurement tool. Measures must be based on data that is processed by a third party, such as an assessment vendor or the State Department of Education, rather than by the school or authorizer. Care should be taken to ensure that rating categories correlate with the format in which the third party provides data to the school. The number and weighting of mission-specific measures should be established during one-on-one negotiations between the school and authorizer. The mission-specific data reporting deadline is August 1; exceptions may be made by mutual agreement in cases where data is unavailable by that date. Unless otherwise specified, schools are responsible for accurate and timely submission of mission-specific data; failure to provide substantiated results in a meaningful format by the established deadline will negatively impact scoring. Mission-specific measures may be amended mid-term, by mutual agreement, after baseline data has been collected.
