Idaho Public Charter School Commission

Mission Statement:

The Public Charter School Commission's mission is to cultivate exemplary public charter schools.

“School Choice is one of the strongest ways we have to educate our children.”- Ari Fleischer

About the IPCSC:

Commissioners: The IPCSC is made up of 7 volunteers who serve 4-year terms. Our commissioners bring a broad scope of experience in public education, business and governance and share a desire to encourage innovation and quality school choice for Idaho families.

IPCSC Staff: IPCSC Staff performs the day-to-day work of school authorizing and oversight. We are happy to answer any questions you have.

Authorizer: The role of an authorizer is to provide oversight for charter schools, balancing the autonomy of the schools with accountability to taxpayers and students.

Why Choose a Public Charter School?

Charter schools are public, tuition-free schools that are open to all students. They provide unique instructional models and have the autonomy to choose how best to implement that model if they work within the boundaries of the law and meet established performance outcomes.

“The possibilities are endless, but charter schools aim to provide a range of options so that parents can choose the public school that best fits their child.” (2020 National Alliance for Public Charter Schools)

“The reasons that parents choose charter schools for their children are just as unique as the student themselves. They choose charter schools because of the strong, dedicated teachers, because the school’s focus matches their child’s needs, or simply because their child was struggling in their assigned public school and needed to try something new.”

“Charter schools provide families with options in public education, allowing parents to take a more active role in their child’s education.”

(2020 National Alliance for Public Charter Schools)

Idaho Charter Schools

The IPCSC is Idaho’s largest authorizer, with a portfolio comprising 76% of Idaho’s 71 charters. IPCSC Portfolio schools are located across the state, in both rural and urban communities, and serve approximately 26,000 students. Their time in operation ranges from one to nineteen years.

In this publication you will find a list of all of Idaho Public Charter Commission’s charter schools, primarily sorted by location. These pages provide information about the model and mission of IPCSC portfolio schools in each region as well as their contact information. We’d encourage you to read this document in its entirety and reach out to the school/s of choice that best meet the needs of your students.

Academic models range widely from Montessori to STEM to International Baccalaureate. An index of schools sorted by model is also provided in this publication.

Charter School Accountability

All charter schools operate under a contract with charter school authorizer that holds them accountable to the high standards outlined in their “performance certificate”. In Idaho, performance reports are published each year to inform the school and the public of the school’s performance.

Every five years, the authorizer evaluates the school’s performance and determines whether to renew the school’s certificate for another five years of operation. This publication also includes links to each school’s certificate an annual report.
