

ADDITIONAL ACADEMIC MEASURES FOR ALTERNATIVE SCHOOLS

Alternative School Measures

1. Math Content Mastery
2. ELA Content Mastery
3. Progress Toward Graduation
4. College and Career Readiness- Alternative

1. MATH CONTENT MASTERY

Note: This measure will be considered in addition to the standard proficiency measure for schools classified as alternative. Non-alternative schools may include this measure as a mission specific goal, in addition to the standard measures, if they feel this data would help the PCSC understand their school's academic outcomes.

Idaho graduation requirements only require math to be taken in three of the four years of high school. Alternative schools structure this requirement differently. For the purposes of this measure, the total number of continuously enrolled students will exclude students enrolled in a grade for which the school does not require math to be taken.

Alt Proficiency Rubric	
Exceeds Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements or successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is more than 10% above the school's percentage in the previous year, OR the percentage in the current year is greater than 80%.
Meets Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements or successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is equal to or up to 10% greater than the school's percentage in the previous year.
Approaches Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements or successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is below, but no more than 10% below, the school's percentage in the previous year.
Does Not Meet Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements or successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is more than 10% below the school's percentage in the previous year.

2. ELA CONTENT MASTERY

Note: This measure will be considered in addition to the standard proficiency measure for schools classified as alternative. Non-alternative schools may include this measure as a mission specific goal, in addition to the standard measures, if they feel this data would help the PCSC understand their school's academic outcomes.

Meets Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements or successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is equal to or up to 10% greater than the school's percentage in the previous year.
Approaches Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements or successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is below, but no more than 10% below, the school's percentage in the previous year.
Does Not Meet Standard	The percentage of continuously enrolled students who have either already completed all ELA/Math graduation requirements or successfully earned credit for the equivalent of 1 year of instruction in the discipline (ELA or Math) is more than 10% below the school's percentage in the previous year.

3. 9-12 PROGRESS TOWARD GRADUATION

Note: This measure will be considered in addition to the standard growth measure for schools classified as alternative. Non-alternative schools may include this measure as a mission specific goal, in addition to the standard measures, if they feel this data would help the PCSC understand their school's academic outcomes.

For the purpose of this measure, a quarter of instructional enrollment will be calculated based on the number of instructional days reported and may be further modified by mutual agreement of the school and the IPCSC based on the alternative school's course completion structure.

Alt Growth Rubric	
Exceeds Standard	<p><u>More than 75% of students enrolled in the alternative program earned 2.9 credits for every instructional quarter for which the student was enrolled for 90% of the days in that instructional quarter.</u></p> <p>.The percentage of students who either completed 3 credits for every 45 days enrolled (if enrolled for at least 45 days, but not continuously enrolled), or completed 11.5 credits (if continuously enrolled) is more than 10% above the school's percentage in the previous year, OR the percentage in the current year is greater than 80%.</p>
Meets Standard	<p><u>Between 65% and 75% of students enrolled in the alternative program earned 2.9 credits for every instructional quarter for which the student was enrolled for 90% of the days in that instructional quarter falls .OR this percentage is less than 65% BUT at least 5% greater than in the previous year.</u></p> <p>The percentage of students who either completed 3 credits for every 45 days enrolled (if enrolled for at least 45 days, but not continuously enrolled), or completed 11.5 credits (if continuously enrolled) is equal to or up to 10% greater than the school's percentage in the previous year.</p>
Approaches Standard	<p><u>Less than 65% of students enrolled in the alternative program earned 2.9 credits for every instructional quarter for which the student was enrolled for 90% of the days in that instructional quarter AND this percentage is between 3% and 5% greater than the previous year.</u></p> <p>The percentage of students who either completed 3 credits for every 45 days enrolled (if enrolled for at least 45 days, but not continuously</p>

	<p>enrolled), or completed 11.5 credits (if continuously enrolled) is below, but no more than 10% below the school's percentage in the previous year.</p>
<p>Does Not Meet Standard</p>	<p><u>Less than 65% of students enrolled in the alternative program earned 2.9 credits for every instructional quarter for which the student was enrolled for 90% of the days in that instructional quarter AND this percentage is less than 3% greater than in the previous year.</u></p> <p>The percentage of students who either completed 3 credits for every 45 days enrolled (if enrolled for at least 45 days, but not continuously enrolled), or completed 11.5 credits (if continuously enrolled) is more than 10% below the school's percentage in the previous year.</p>

4. COLLEGE AND CAREER READINESS – ALTERNATIVE

Note: This measure will be considered in addition to the standard college and career readiness measure for schools classified as alternative. Non-alternative schools may include this measure as a mission specific goal, in addition to the standard measures, if they feel this data would help the PCSC understand their school’s academic outcomes.

C&C Readiness Rubric	
Exceeds Standard	The percentage of the not continuously enrolled students who were enrolled for at least 45 days and were eligible to graduate in the same academic year (plus summer) who graduated is more than 10% above the school’s percentage in the previous year, OR the percentage in the current year is greater than 75%.
Meets Standard	The percentage of the not continuously enrolled students who were enrolled for at least 45 days and were eligible to graduate in the same academic year (plus summer) who graduated is equal to or up to 10% greater than the school’s percentage in the previous year.
Approaches Standard	The percentage of the not continuously enrolled students who were enrolled for at least 45 days and were eligible to graduate in the same academic year (plus summer) who graduated is below, but no more than 10% below the school’s percentage in the previous year.
Does Not Meet Standard	The percentage of the not continuously enrolled students who were enrolled for at least 45 days and were eligible to graduate in the same academic year (plus summer) who graduated is more than 10% below the school’s percentage in the previous year.
