2021-2022 ANNUAL PERFORMANCE REPORT

INTRODUCTION

Each year, Idaho's Public Charter School Commission (IPCSC) issues a performance report to every school in its portfolio. The annual report serves several purposes:

1. To provide transparent, data-driven information about charter school quality;
2. To ensure charter school boards have access to clear expectations and are provided maximum opportunity to correct any deficiencies prior to their renewal year; and
3. To inform mid-term authorizing decisions, such as the evaluation of charter amendment proposals.

This report contains an overview of the school, including its mission, leadership, and demographics. The overview is followed by the school's performance framework, including outcomes for the most recently completed school year.

The performance framework clearly sets forth the academic and operational performance indicators, measures, and metrics that will guide the IPCSC's evaluations of the school. It contains indicators, measures, and metrics for student academic proficiency, student academic growth, post-secondary readiness (for high schools), and board performance and stewardship.

In accordance with Idaho law, the performance framework requires, at a minimum, that each school meet applicable federal, state, and authorizer goals for student achievement. It is designed to fulfill this requirement while respecting the diverse missions and student populations represented in IPCSC portfolio schools. This performance framework was adopted by the Idaho Public Charter School Commission on May 4th, 2017.

To facilitate a clear context for the academic results contained in this report, the demographic, enrollment, and school leadership information provided is from the school year during which the data was gathered. Updated enrollment and school leadership information is available upon request from the school or IPCSC office.

This performance framework was adopted by the Idaho Public Charter School Commission on May 4th, 2017.

PERFORMANCE FRAMEWORK STRUCTURE

The academic section comprises the primary indicators on which most renewal or non-renewal decisions are based. The operational and financial sections contribute additional indicators that are, except in cases of egregious failure to meet standards, considered secondary.

Academic	The academic section focuses on quantitative academic outcomes. It reflects the IPCSC's commitments to considering schools' performance in the context of their communities and student populations. Although some results may not be made publicly available in certain cases, in order to protect individually identifiable student information, the IPCSC may still use this information for purposes of making authorizing decisions.
Operational	The operational section considers whether schools are operating in compliance with federal and state law, authorizer requirements, and the provisions of their performance certificates.
Financial	The financial section evaluates the near-term and long-term financial status of the school. Schools with management contracts containing deficit protection clauses may be exempted from these indicators.

ACCOUNTABILITY DESIGNATIONS

Calculation of the percentage of eligible points earned for each school determines that school's accountability designation in each section. The accountability designations, in turn, guide authorizing decisions. The IPCSC will consider contextual factors affecting a school's accountability designations when making authorizing decisions.

Honor	Schools achieving at this level in all sections are guaranteed renewal. Replication and expansion proposals are likely to succeed.
Good Standing	Schools achieving at this level in the academic section will be recommended for renewal; however, conditional renewal may be recommended if outcomes in other sections are poor. Replication and expansion proposals will be considered.
Remediation	Schools achieving at this level in the academic section may be recommended for non-renewal or conditional renewal, particularly if outcomes in other sections are poor. Replication and expansion proposals are unlikely to succeed.
Critical	Schools achieving at this level in the academic section face a strong likelihood of non-renewal, particularly if outcomes in other sections are also poor. Replication and expansion proposals will not be considered.

SCHOOL OVERVIEW

Mission Statement	Compass Public Charter School's mission is to provide a safe and challenging learning community that prepares students for life long excellence through exceptional academics, character development, and the ability to define and defend a personal worldview.		
Key Design Elements	<p>Academic</p> <ul style="list-style-type: none"> o Implement the Understanding by Design framework to ensure performance-based learning, which requires students to demonstrate mastery based on high, clear, and commonly-shared expectations o Provide students with opportunities to enroll in courses for concurrent college credits o Provide a learning environment designed for the Next Generation Learner, including: <ul style="list-style-type: none"> <input type="checkbox"/> A technology-rich learning environment <input type="checkbox"/> Constructive learning experiences through both the geographic and the Internet-connected community <input type="checkbox"/> Personalized learning based on data-driven goals for instruction <input type="checkbox"/> Curriculum and instruction to encourage students to make realworld connections <input type="checkbox"/> Culture o Offer opportunities for students to develop professional work skills through school and community-based service and apprenticeships o Encourage students to develop self-discipline and take responsibility for their own behavior through implementation of Love and Logic's™ One School Rule o Support students in learning and demonstrating strong character traits and acknowledge their success through regular self-evaluation and school-wide recognition o Help students to cultivate their authentic student voice through leadership opportunities

ACADEMIC K-12

All proficiency and growth measures will be scored using the ISAT by SBAC, or any state-required standardized test as may replace it. Subject area (math and ELA) may be replaced by similar subject areas if necessary due to statewide changes. On all applicable measures, standard rounding to the nearest whole number will be used for scoring purposes. Measures based on ISAT outcomes exclude alternate ISAT data; as a result, the outcomes shown may differ slightly from those published on the State Department of Education's website.
