# Introduction

## **COMPLIANCE/AUTHORITY:**

Charter schools in Idaho operate on 5-year terms as defined in a Performance Certificate executed between the school's board and its authorizer. In addition, [I.C. §33-5209A](#) and [I.C. §33-5209C](#) require that every certificate include a framework describing the expectations the school must meet in order to earn a next operational term. It also requires that charter school authorizer's complete performance reports for the schools they oversee each year. The annual performance report serves the following purposes:

1. To provide transparent information about charter school quality to the public;
2. To ensure charter school boards have access to clear expectations and;
3. To inform mid-term authorizing decisions.

## **RENEWAL (I.C. §33-5209B)**

In 2022, iSVHS was conditionally renewed with a 5-year operating contract. At the end of each 5-year operating term, each school's performance certificate is considered for renewal. As this school's operating contract expires on June 30<sup>th</sup>, 2027, this report directly impacts the school's renewal recommendation. The authorizer is required to consider the following when making renewal decisions: all annual performance reports issued during the current performance certificate term, the school's current financial status, and any application materials submitted by the school. Renewal decisions must be made prior to March 15<sup>th</sup>, 2027. Please see the [Renewal Guidance](#) document for more information on the renewal process.

- **PERFORMANCE REPORT APPLICATION:**
  - Each measure included in the IPCSC's framework has a meets standard benchmark. If this school meets standard on all measures of the framework as reflected in the most recent years Annual Performance Report the school is guaranteed an unconditional renewal. If the school does not meet standard on one or more measures of the school's operating contract, it may be conditionally renewed or non-renewed.

***\*\*Outcomes on this report inform high-stakes decisions, schools are encouraged to use this information to support their strategic planning efforts each year. \*\****

Current Certificate Term: 2022-2027

# iSVHS Renewal

## **RENEWAL IN 2022:**

In 2022, iSVHS was conditionally renewed with a 5-year operating contract. Each of the following (3) conditions must be met by the deadline established below. Should the school meet all conditions by the established deadlines, it may continue operating until its next renewal cycle. However, failure to meet any condition by the established deadline requires that the authorizer, at its next public meeting, consider whether mid-term revocation of the school's charter is warranted. Below are the conditions that iSVHS has been authorized to operate under:

- Condition 1: Due 10/31/23  
ISUCCEED's alternative program will meet standard on the IPCSC's Progress Toward Graduation measure at the end of the 2022-23 school year. This condition will be evaluated by October 31, 2023. The evaluation will be consistent with the formula for this measure as it is defined in the Commission's Performance Framework incorporated into ISUCCEED's active Performance Certificate as of October 31, 2023. The measures will be based on instructional days rather than calendar days.
- Condition 2: Due 6/30/24  
The percentage of continuously enrolled students in grades 10-12 who are enrolled in ISUCCEED's alternative program, referred to as iSucceed Academy, and who successfully complete 2 credits of math must be 5% greater by June 30, 2023 than the school's 2021 rate, and must either meet standard as it is defined in the Commission's Performance Framework or be 10% greater than the school's 2021 rate by June 30, 2024.
- Condition 3: **CONDITION MET**  
ISUCCEED's negotiated performance certificate shall include a maximum enrollment number not to exceed 1,800 students across grades 7-12. However, ISUCCEED will be permitted to request an increase in this enrollment number through the charter revision process. This condition considers that the average enrollment at ISUCCEED across the 5 years preceding the COVID-19 pandemic was 514 students, and that at the highest point during the pandemic, ISUCCEED's enrollment peaked at 1,009. This condition also considers that ISUCCEED was approved to add 7<sup>th</sup> and 8<sup>th</sup> grade in a 2020 performance certificate amendment. The purpose of this condition is to ensure budget predictability for all schools and to ensure that emergency growth decisions are made by the appropriate entity. This condition must be met by June 30, 2022.

## School Overview

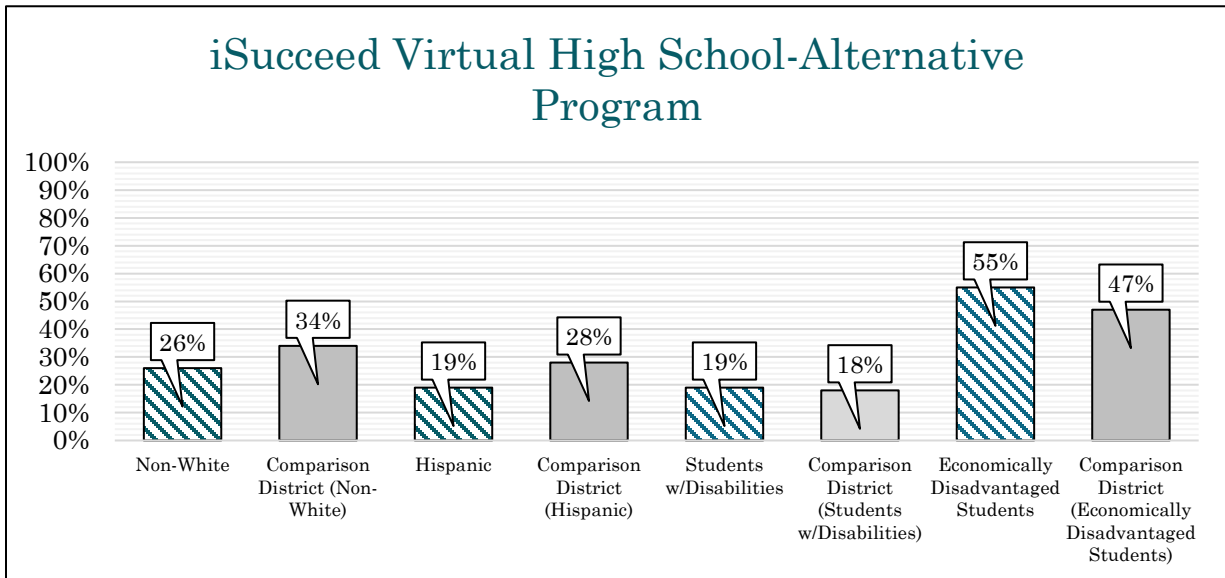

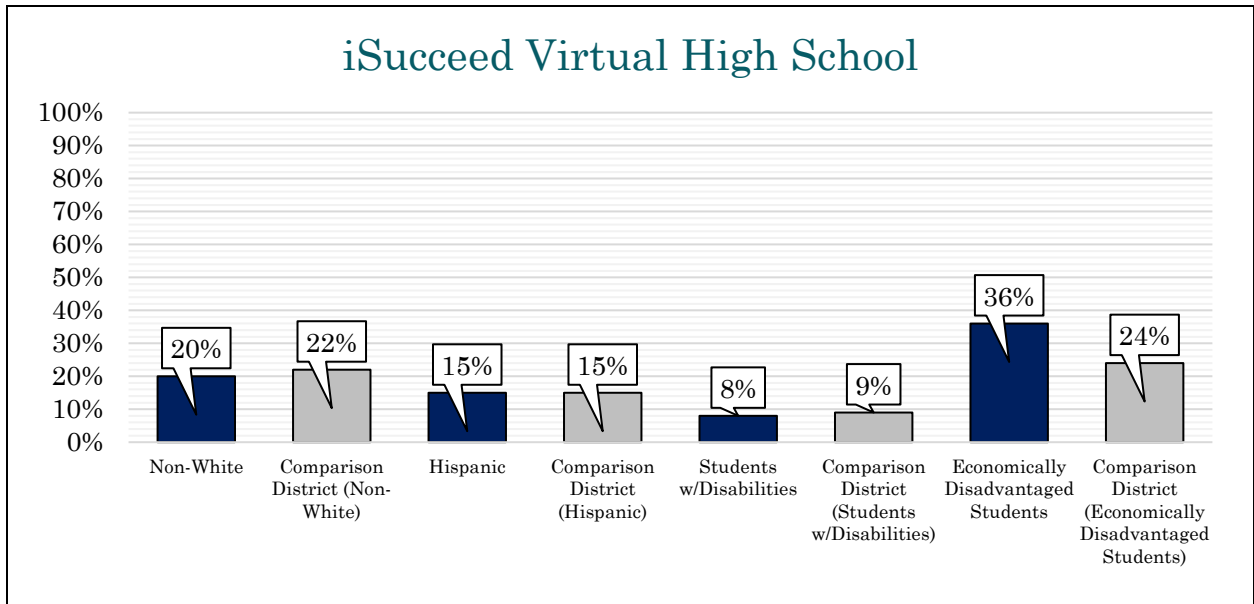

Model:	Virtual
Enrollment Capacity:	1800
Grades Served:	7-12

### Key Design Elements:

Provide a virtual setting that allows for flexibility and individualized scheduling:

- Identify individual student needs and provide the appropriate interventions and enrichment opportunities for all students
- Provide Advisory Teachers for all students, who will support them throughout their high school career
- Foster parent involvement through a variety of opportunities to serve the school and its students
- Provide extra-curricular activities and offer opportunities for students to participate in non-academic endeavors
- Equip students with 21st Century Learning Skills and foster a technologically literate approach to learning that is both engaging and practical for use in the school setting as well as the real world

**2022 DEMOGRAPHIC SUMMARY:**

# Academic Outcomes

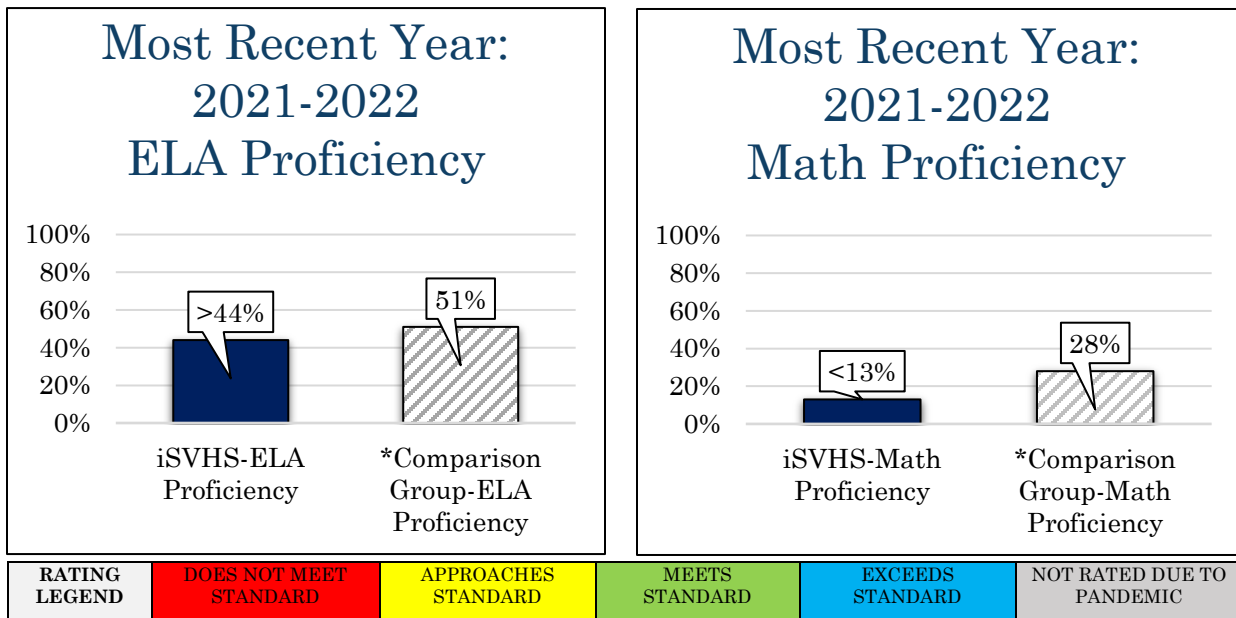

## MATH PROFICIENCY & ELA PROFICIENCY

### Why This Matters:

The IPCSC must determine whether the academic performance at the school represents a favorable return on the investment of public dollars. For context, the IPCSC considers the school’s performance in relation to other educational choices available to families. A school that performs as well or better than the average of its comparison group on the statewide mathematics assessment (ISAT) meets the IPCSC standard on both the math proficiency and math growth measures.

If this standard is not yet met, the school should focus its strategic planning on improving mathematics achievement outcomes to ensure the school will earn a next operational term. If the standard is met, strategic planning may focus on whatever data points will best establish and sustain an exemplary school of the specific model for which the school is chartered.

## Academic Outcomes

### COLLEGE & CAREER READINESS

**Why This Matters:**

The IPCSC must determine whether the academic performance at the school represents a favorable return on the investment of public dollars. For context, the IPCSC considers the school’s performance in relation to other educational choices available to families. A school with a 4-year graduation rate equal to or greater than the average of its comparison group meets the IPCSC standard.

## Historical Performance: Academics

The charts below provide an overview of a school’s performance throughout their current (5) year certificate term. iSucceed Virtual High School was conditionally renewed in 2022. Ratings for the 2021-2022 school year below reflect the schools final year under the previous certificate term.

# Academic Outcomes: Virtual Alternative Program

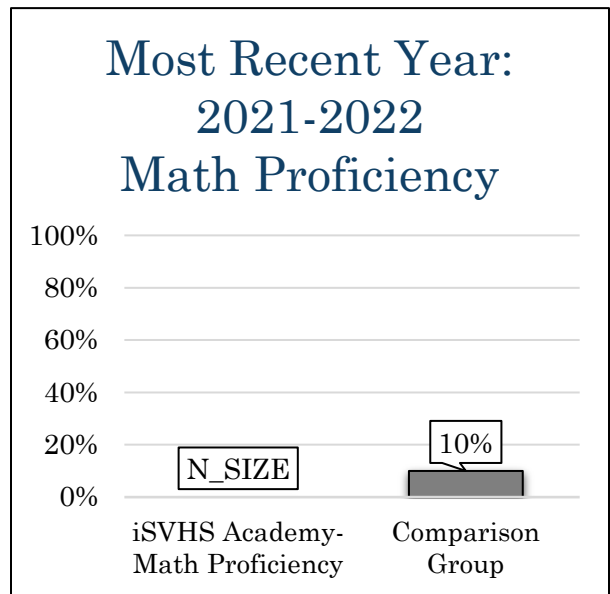

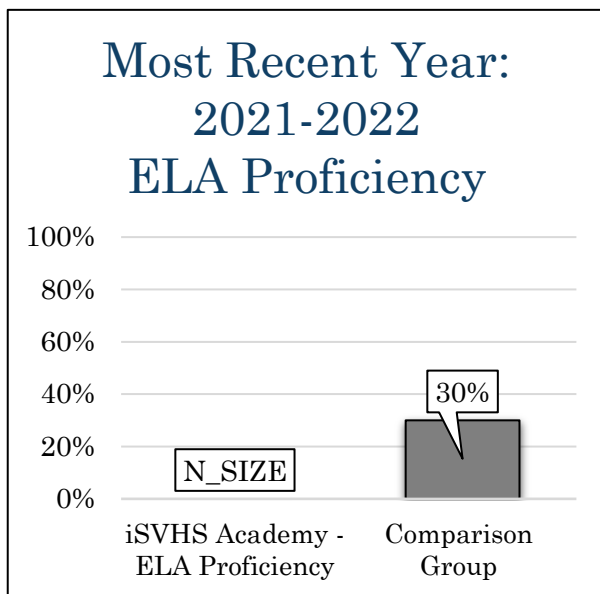

## ELA & MATH PROFICIENCY

### Why This Matters:

The IPCSC must determine whether the academic performance at the school represents a favorable return on the investment of public dollars. For context, the IPCSC considers the school’s performance in relation to other educational choices available to families. A school that performs as well or better than the average of its comparison group on the statewide ELA and Mathematics assessments (ISAT) meets the IPCSC standard on both the ELA and Math Proficiency measures.

If this standard is not yet met for one or both subjects, the school should focus its strategic planning on improving these outcomes to ensure the school will earn a next operational term. If the standard is met, strategic planning may focus on whatever data points will best establish and sustain an exemplary school of the specific model for which the school is chartered.

# Academic Outcomes: Virtual Alternative Program

## MATH AND ELA CONTENT MASTERY

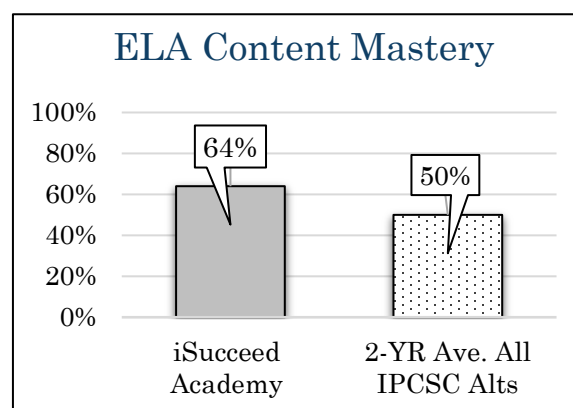

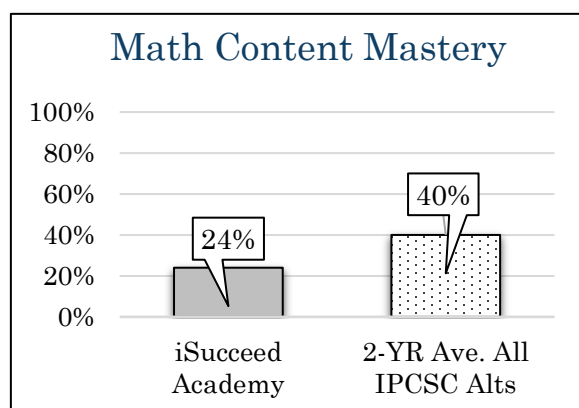

### Why This Matters:

Students enrolled at alternative schools face additional barriers to academic success. Often, these students are behind in grade-level proficiency in both Math and ELA. This means that the traditional academic measures may not accurately reflect whether a school that exclusively serves at-risk students is successfully serving the needs of its student population.

The content mastery measure considers the percentage of students who were continuously enrolled at the school for the whole year who earned credit for the equivalent of one school year in Math and ELA, regardless of the grade-level of the course taken. This measure acknowledges that a student enrolled in 8<sup>th</sup> grade, may not perform well on the 8<sup>th</sup> grade ISAT assessment if his or her skills are at the 6<sup>th</sup> grade level; however, if that student mastered the content (earned full credit) in the next course in his/her own academic progression, that success should be noted for the student and the school.

This measure also considered whether students in grades 9-12 are gaining a sufficient level of learning in the crucial disciplines of Math and ELA, even though the ISAT no longer applies.

# Academic Outcomes: Virtual Alternative Program

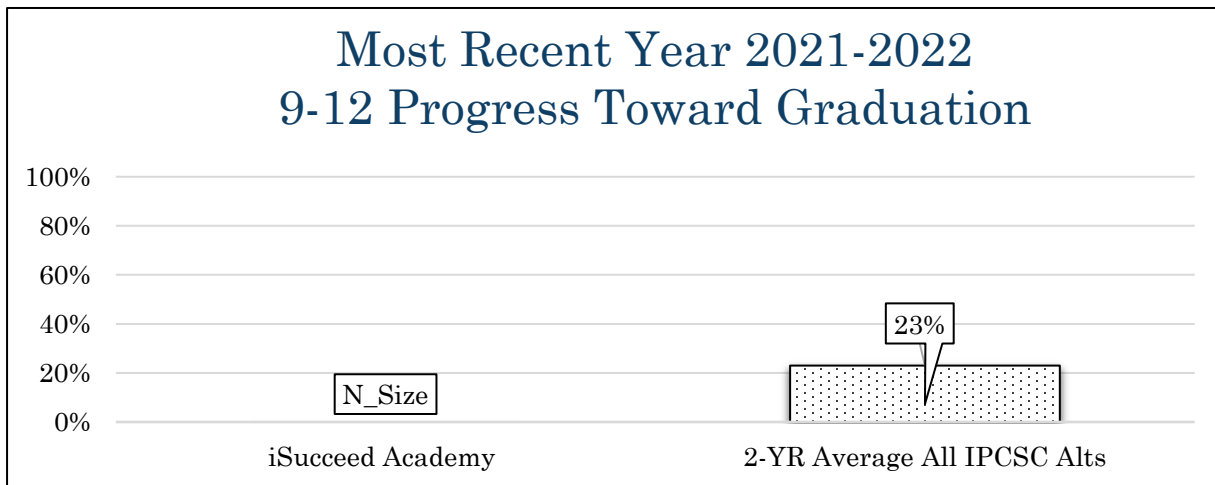

## 9-12 PROGRESS TOWARD GRADUATION

### Why This Matters:

Students enrolled at alternative schools face additional barriers to academic success. Often, these students change schools frequently and fall behind in credits earned. As traditional academic measures only reflect the school's success with students who were continuously enrolled for the whole school year, alternative measures are necessary to evaluate whether a school is serving all students well.

For students who are at-risk of failing to graduate, it is crucial to ensure that they earn enough credit while enrolled at a school to not fall further behind, whether they are enrolled for the whole school year or only one grading term. The 9-12 progress toward graduation measure considers whether a student successfully completed at least as many credits as expected during the time, they attended the school.

## Academic Outcomes: Virtual Alternative Program

### COLLEGE AND CAREER READINESS (ADDITIONAL GRADUATES)

#### Why This Matters:

4 and 5 Year ACGR measures capture the percentage of students who graduate 4 and 5 years after they began 9<sup>th</sup> grade. These measures speak to school success only in cases where the school retained the student for the entire 4 or 5 years. At-risk students are a more mobile population and generally enroll in several high schools throughout their high school career. This means that the traditional measures do not sufficiently help us understand whether an alternative school is serving its student population well.

The alternative college and career readiness measure allows the IPCSC to consider the percentage of students who were enrolled as 12<sup>th</sup> grade students and graduated, regardless of when the student *should* have graduated. As this measure includes students who may be in their 6<sup>th</sup> or 7<sup>th</sup> year of high school, it helps tell more of the data story for at-risk students and the schools that serve them.

Ratings for Alternative measures are unavailable for the 2021-2022 school year. Schools will receive ratings once the school has reached 2 years on the IPCSC revised framework.

## Operational Outcomes

### BOARD STEWARDSHIP

#### Why This Matters:

At the highest level, the success of a charter school is driven by the ability of its governing board to govern effectively. The measures in this section help identify the strengths and challenges faced by the school's board. \*Please see the [Performance Framework Rubrics](#) for details regarding how each measure is rated.

RATING LEGEND	DOES NOT MEET STANDARD	APPROACHES STANDARD	MEETS STANDARD	EXCEEDS STANDARD	NOT RATED DUE TO PANDEMIC

## Historical Performance: Board Stewardship Measures

The charts below provide an overview of a school’s performance throughout their current (5) year certificate term. iSucceed Virtual High School was conditionally renewed in 2022. Ratings for the 2021-2022 school year below reflect the schools final year under the previous certificate term.

## Historical Performance: Management Measures

The charts below provide an overview of a school's performance throughout their current (5) year certificate term. iSucceed Virtual High School was conditionally renewed in 2022. Ratings for the 2021-2022 school year below reflect the schools final year under the previous certificate term.

# Financial Outcomes

## NEAR TERM MEASURES

These measures evaluate whether a school is likely to meet its financial obligations in the next year. \*Please see the [Performance Framework Rubrics](#) for details regarding how each measure is rated.

RATING LEGEND	DOES NOT MEET STANDARD	APPROACHES STANDARD	MEETS STANDARD	EXCEEDS STANDARD	NOT RATED DUE TO PANDEMIC
------------------	---------------------------	------------------------	-------------------	---------------------	------------------------------

### Current Ratio

The school has a current ratio of more than 1.5.	Current Ratio: 5.21	<b>Exceeds Standard</b>
--	---------------------	-------------------------

#### Why This Matters:

Current Ratio is a comparison of a school’s financial obligations due within one year (current liabilities) to the cash and investments held by the school (current assets).

A school with more assets than liabilities (a Current Ratio greater than 1.0) would be able to meet its financial obligations for the next year without relying on future revenue.

A school with more liabilities than assets (a Current Ratio of less than 1.0) is dependent on

revenue it has not yet received to meet existing financial obligations.

### Unrestricted Days Cash

The school has more than 60 days cash on hand.	341 Days	<b>Exceeds Standard</b>
--	----------	-------------------------

#### Why this Matters:

This measure estimates a school’s average daily cost of operations and considers the number of days a school could operate using only its available cash and investments.

A school with at least 60 days cash on hand would be able to meet its immediate financial obligations with available cash, buying the time it might take to access other current assets.

Occasionally, a planned purchase may decrease this number temporarily. In those cases, 30-60 days cash on hand with an upward trend is acceptable. A school with less than 15 days cash on hand is in financial distress and is at risk of automatic closure.

## Default

The school is not in default of any financial obligations and did not experience any instances of default during the fiscal year.	<b>Exceeds Standard</b>
---	-------------------------

### Why this Matters:

This measure identifies whether a school has defaulted on any of its financial obligations. Default can mean many things. Examples of default include: paying bills late, failing to make payroll, or inaccurately filing reports required for funding. Default can also include a failure to meet any additional requirements of long-term debt as established by the lender (such as meeting a specific enrollment target or maintaining a greater amount of cash on hand than the PCSC requires).

Any act of default can result in disruption of services, loans being called due, or funding that is inaccurate or withheld.

## Enrollment Variance

The school achieved and sustained at least 95% of its projected enrollment during the most recent school year.	Enrollment Variance: 106.6%	<b>Meets Standard</b>
--	--------------------------------	-----------------------

### Why this Matters:

The Enrollment Variance measure considers what percentage of a school's projected enrollment was achieved. As the majority of a public school's funding is generated by student enrollment, this measure reflects a school's ability to execute its budget to plan.

A school that achieves at least 95% of its projected enrollment will likely experience few bumps and may make minor adjustments. A school that achieves less than 95% of projected enrollment is likely to face budget challenges requiring more significant budget amendments and may be in financial distress.

## Financial Outcomes

### SUSTAINABILITY MEASURES

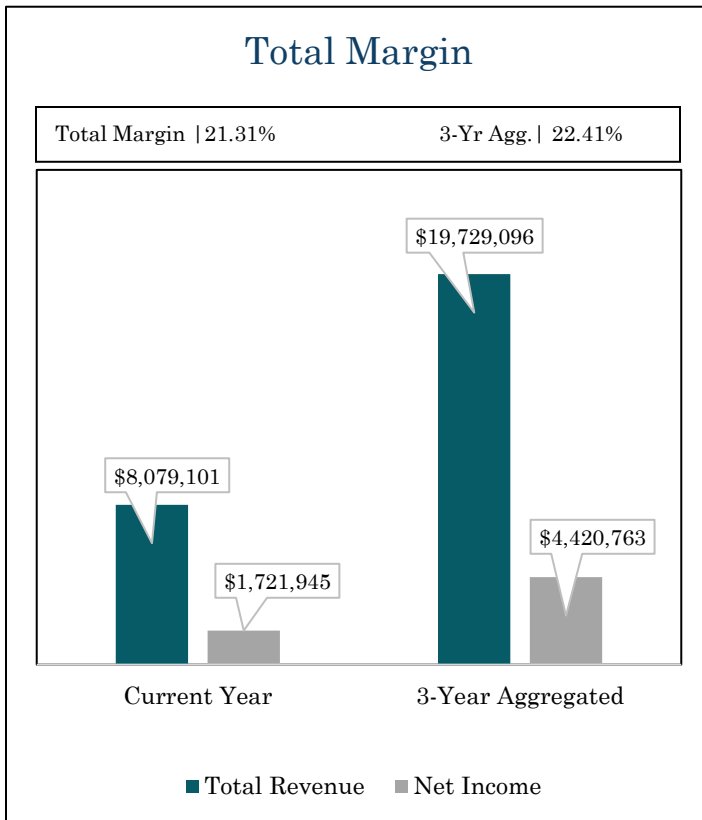

These measures help determine whether a school is likely to remain financially stable into the future.

RATING LEGEND	DOES NOT MEET STANDARD	APPROACHES STANDARD	MEETS STANDARD	EXCEEDS STANDARD	NOT RATED DUE TO PANDEMIC
------------------	---------------------------	------------------------	-------------------	---------------------	------------------------------

### Total Margin

The school has maintained a positive total margin for at least 3 consecutive years.	CY Total Margin: 21.31% 3-Year Aggregated: 22.41%	<b>Exceeds Standard</b>
---	--	-------------------------

#### Why this Matters:

The Total Margin compares a school's total revenue to its net income. Specifically, this measure identifies what percentage of a school's total revenue in a given year was not expended during that year. A school with a positive total margin spent less than it brought in. That is, the school is living within its means and can plan for future purchases and investments.

An occasional negative total margin may indicate that a planned or necessary purchase has taken place. This is not necessarily a negative indicator. However, if the Total Margin is chronically negative or severe decreases appear, the school may be in financial distress. Aggregating this margin over three years helps to identify these long-term trends.

Note: for the purposes of this calculation, pension liability is excluded from the school's net income.

## Cash Flow

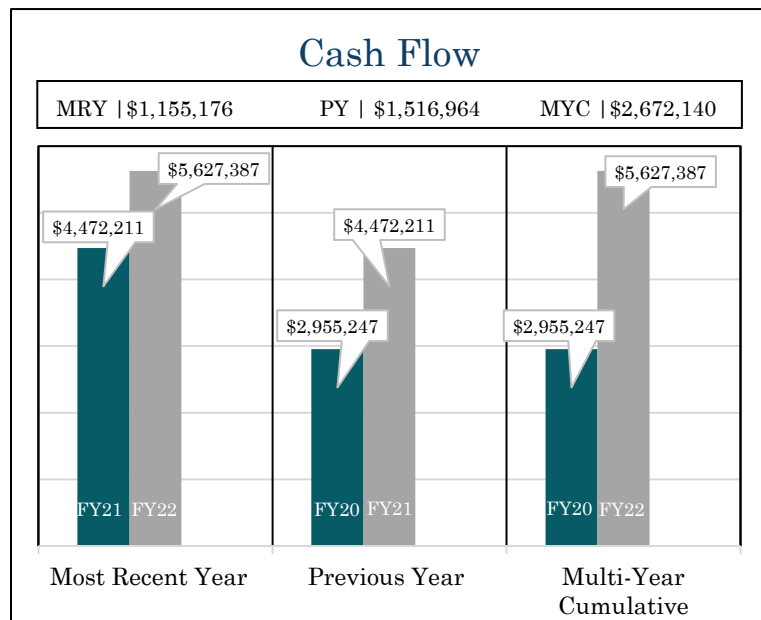

<p>The school's multi-year cumulative cash flow has been positive and the most recent year's cash flow has been positive for at least 3 consecutive years.</p>	<p>Most Recent Year: \$1,155,176 Previous Year: \$1,516,964 Multi-Year: \$2,672,140</p>	<p><b>Exceeds Standard</b></p>
--	---	--------------------------------

### Why this Matters:

The Cash Flow measure considers the change in a school's cash balance over time. A school with a positive cash flow is increasing its reserves and is likely able to fund future projects and purchases.

A school with a negative cash flow is using its existing reserves to fund general operations and is not likely to have the financial flexibility to fund future plans.

A multi-year cumulative cash flow helps to identify long-term trends.

## Debt Service Coverage Ratio

<p>The school's debt service coverage ratio is 1.5 or greater.</p>	<p>Debt Service Coverage Ratio: 15.12</p>	<p><b>Exceeds Standard</b></p>
--	---	--------------------------------

### Why this Matters:

This measure evaluates a school's ability to make payments on debt due in a given year using only that year's income. This helps determine whether a school has more debt than it can manage.

A school with more Operating Income than Debt Service (a Debt Service Coverage Ratio greater than 1) can meet the financial obligations of their debt. A school with more

Debt Service than Operating Income (a ratio of less than 1) is reliant on either reserves or revenues anticipated in future years to meet its debt obligations.

## Debt to Asset Ratio

The school has maintained a debt to asset ratio less than .9 for at least 3 consecutive years.	Debt/Asset Ratio: 0.23	<b>Exceeds Standard</b>
--	---------------------------	-------------------------

### Why This Matters:

The Debt to Asset Ratio compares a school's total liabilities to its total assets. This helps determine whether a school would be able to meet both its short and long-term financial obligations.

A school whose total liabilities are 90% or less of its Total Assets is likely to be able to repay all short-term debts and still manage to set its long-term affairs in order in a worst-case scenario. A school with more liabilities than assets would not be able to meet all its financial obligations in a worst-case scenario.

Note: for the purposes of this measure, pension liability is excluded from the school's total liabilities.

## Financial Compliance

<b>Standard Rating: Exceeds Standard</b>	
<b>Financial Operations</b>	<b>Data and/or Evidence Source</b>
The school's finances are managed in compliance with GAAP.	Financial Audit: 10/14/22
Expenditures and contracts are posted online appropriately.	School's Expenditure Page
The school maintains compliant internal controls.	Financial Audit: 10/14/22
The school is not operating under a Notification of Fiscal Concern.	NA
The school is not operating under a Notification of Possible or Imminent Closure.	NA
<b>Comments/Context</b>	

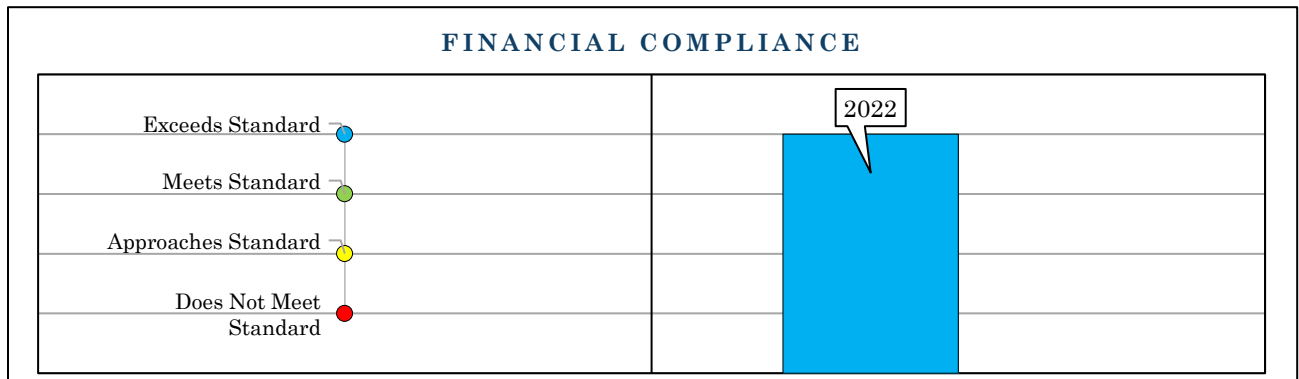

## Historical Performance: Near-Term Health Measures

The charts below provide an overview of a school's performance throughout their current (5) year certificate term. iSucceed Virtual High School was conditionally renewed in 2022. Ratings for the 2021-2022 school year below reflect the schools final year under the previous certificate term.

## Historical Performance: Sustainability Measures
