## 2022-2023 ANNUAL PERFORMANCE REPORT

### INTRODUCTION

Each year, Idaho's Public Charter School Commission (IPCSC) issues a performance report to every school in its portfolio. The annual report serves several purposes:

1. To provide transparent, data-driven information about charter school quality;
2. To ensure charter school boards have access to clear expectations and are provided maximum opportunity to correct any deficiencies prior to their renewal year; and
3. To inform mid-term authorizing decisions, such as the evaluation of charter amendment proposals.

This report contains an overview of the school, including its mission, leadership, and demographics. The overview is followed by the school's performance framework, including outcomes for the most recently completed school year.

The performance framework clearly sets forth the academic and operational performance indicators, measures, and metrics that will guide the IPCSC's evaluations of the school. It contains indicators, measures, and metrics for student academic proficiency, student academic growth, post-secondary readiness (for high schools), and board performance and stewardship.

In accordance with Idaho law, the performance framework requires, at a minimum, that each school meet applicable federal, state, and authorizer goals for student achievement. It is designed to fulfill this requirement while respecting the diverse missions and student populations represented in IPCSC portfolio schools. This performance framework was adopted by the Idaho Public Charter School Commission on May 4th, 2017.

To facilitate a clear context for the academic results contained in this report, the demographic, enrollment, and school leadership information provided is from the school year during which the data was gathered. Updated enrollment and school leadership information is available upon request from the school or IPCSC office.

## PERFORMANCE FRAMEWORK STRUCTURE

The academic section comprises the primary indicators on which most renewal or non-renewal decisions are based. The operational and financial sections contribute additional indicators that are, except in cases of egregious failure to meet standards, considered secondary.

<b>Academic</b>	The academic section focuses on quantitative academic outcomes. It reflects the IPCSC's commitments to considering schools' performance in the context of their communities and student populations. Although some results may not be made publicly available in certain cases, in order to protect individually identifiable student information, the IPCSC may still use this information for purposes of making authorizing decisions.
<b>Operational</b>	The operational section considers whether schools are operating in compliance with federal and state law, authorizer requirements, and the provisions of their performance certificates.
<b>Financial</b>	The financial section evaluates the near-term and long-term financial status of the school. Schools with management contracts containing deficit protection clauses may be exempted from these indicators.

## ACCOUNTABILITY DESIGNATIONS

Calculation of the percentage of eligible points earned for each school determines that school's accountability designation in each section. The accountability designations, in turn, guide authorizing decisions. The IPCSC will consider contextual factors affecting a school's accountability designations when making authorizing decisions.

<b>Honor</b>	Schools achieving at this level in all sections are guaranteed renewal. Replication and expansion proposals are likely to succeed.
<b>Good Standing</b>	Schools achieving at this level in the academic section will be recommended for renewal; however, conditional renewal may be recommended if outcomes in other sections are poor. Replication and expansion proposals will be considered.
<b>Remediation</b>	Schools achieving at this level in the academic section may be recommended for non-renewal or conditional renewal, particularly if outcomes in other sections are poor. Replication and expansion proposals are unlikely to succeed.
<b>Critical</b>	Schools achieving at this level in the academic section face a strong likelihood of non-renewal, particularly if outcomes in other sections are also poor. Replication and expansion proposals will not be considered.

All proficiency and growth measures will be scored using the ISAT by SBAC, or any state-required standardized test as may replace it. Subject area (math and ELA) may be replaced by similar subject areas if necessary due to statewide changes. On all applicable measures, standard rounding to the nearest whole number will be used for scoring purposes. Measures based on ISAT outcomes exclude alternate ISAT data; as a result, the outcomes shown may differ slightly from those published on the State Department of Education's website.

<b>Measure 4a</b>	<b>Are students making expected academic growth in math compared to their academic peers?</b>			
<b>Norm-Referenced Growth</b>				
<b>Math</b>	<b>Exceeds Standard:</b> The school's median student growth percentile in math falls between the 66th and 99th percentile.		39-50	0

<b>Notes</b>	Growth will be calculated using 8th and 10th grade ISAT scores. Individual students' growth will be compared to the growth of other students, statewide, who fell in the same category (below basic, basic, proficient, or advanced) on the 8th grade ISAT.			
<b>Measure 4b</b>	<b>Are students making expected academic growth in English Language Arts compared to their academic peers?</b>			
<b>Norm-Referenced Growth</b>				
<b>ELA</b>	<b>Exceeds Standard:</b> The school's median student growth percentile in ELA falls between the 66th and 99th percentile.		39-50	0

<b>Notes</b>	Growth will be calculated using 8th and 10th grade ISAT scores. Individual students' growth will be compared to the growth of other students, statewide, who fell in the same category (below basic, basic, proficient, or advanced) on the 8th grade ISAT.			

**INDICATOR 5: COLLEGE & CAREER READINESS (GRADES 9-12)**

**Measure 5a**                      **Are students graduating from high school on time?**

**Four-Year Adjusted Cohort Graduation Rate**

**Exceeds Standard:** The school's four-year ACGR was at least 90%.  
**Meets Standard:** The school either:  
 a) had a four-year ACGR of 80% - 89% OR  
 b) had a four-year ACGR of at least 66% AND met its progress goal.  
**Does Not Meet Standard:** The school met its progress goal but had a four-year ACGR below 66%.  
**Falls Far Below Standard:** The school did not meet its progress goal and had a four-year ACGR below 66%.

The school's graduation rate progress goal will be established by the state accountability system. If such goals are not established by the state accountability system in any given year, the school's graduation rate progress goal will be established as follows: The progress goal will represent the school's most recent four-year ACGR plus one-sixth of the amount of growth needed to decrease the rate of non-graduates by 50% within 6 years, using the most recent school year as the baseline year. If the school does not have baseline data, its progress goal will initially be based on the surrounding district average graduation rate.

**Notes**

Graduation rates are calculated on a 4-year-plus-summer cohort; for this reason, data availability will always run one year behind (that is, annual reports will contain graduation rate data from the cohort preceding the most recent school year. For example, 2015-16 ACGRs will be reflected in 2017 reports.)

The 66% "floor" established by the bottom two categories is based on ESSA's mandatory inclusion in Targeted Support of any school that graduates fewer than 2/3 of its students on time.
