# Introduction

#### **COMPLIANCE/AUTHORITY:**

Charter schools in Idaho operate on 5-year terms as defined in a Performance Certificate executed between the school's board and its authorizer. In addition, <u>I.C. §33-5209A</u> and <u>I.C. §33-5209C</u> require that every certificate include a framework describing the expectations the school must meet in order to earn a next operational term. It also requires that charter school authorizer's complete performance reports for the schools they oversee each year. The annual performance report serves the following purposes:

- 1. To provide transparent information about charter school quality to the public;
- 2. To ensure charter school boards have access to clear expectations and;
- 3. To inform mid-term authorizing decisions.

#### **RENEWAL (I.C. §33-5209B)**

At the end of each 5-year operating term, each school's performance certificate is considered for renewal. As this school's operating contract expires on <u>June 30<sup>th</sup>, 2027</u>, this report directly impacts the school's renewal recommendation. The authorizer is required to consider the following when making renewal decisions: all annual performance reports issued during the current performance certificate term, the school's current financial status, and any application materials submitted by the school. Renewal decisions must be made prior to <u>March 15<sup>th</sup>, 2027</u>. Please see the <u>Renewal Guidance</u> document for more information on the renewal process.

#### • PERFORMANCE REPORT APPLICATION:

• Each measure included in the IPCSC's framework has a meets standard benchmark. If this school meets standard on all measures of the framework as reflected in the most recent years Annual Performance Report the school is guaranteed renewal. If the school does not meet standard on one or more measures of the school's operating contract, it may be conditionally renewed or non-renewed.

\*\*Outcomes on this report inform high-stakes decisions, schools are encouraged to use this information to support their strategic planning efforts each year. \*\*

Current Certificate Term: 2022-2027

# Renewal Conditions

In 2022, Syringa Mountain School was conditionally renewed with a 5-year operating contract. The following (1) condition must be met by the deadline established below. Should the school meet all conditions by the established deadlines, it may continue operating until its next renewal cycle. However, failure to meet any condition by the established deadline requires that the authorizer, at its next public meeting, consider whether mid-term revocation of the school's charter is warranted.

#### Condition 1:

a. Due by: 6/30/2023: CONDITION MET SMS must successfully complete one of the following: (1) Achieve a proficiency rate on the spring administration of the statewide literacy assessment (currently the IRI) equal to or greater than the average proficiency rate of the Blaine County School District by June 30.2023; or (2) SMS must increase the percent of continuously enrolled students who achieved proficiency on the statewide literacy assessment by at least 10% between the fall and spring administrations of the 2022-2023 school year. This condition must be met by June 30, 2023. This condition is based on the proficiency rate necessary to meet standard on this measure.

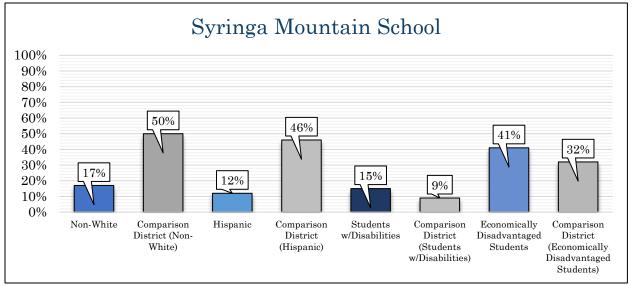

# School Overview

Model:	Waldorf
Enrollment Capacity:	520
Grades Served:	K-8 <sup>th</sup> Grade

#### Key Design Elements:

Use of a Waldorf-inspired program including:

- Teacher looping such that cohorts of students move through multiple grades together with the same classroom teacher;
- Application of curriculum designed to be developmentally appropriate and therapeutic for students;
- Implementation of a schedule organized to include Main Lesson, Practice Periods, and Specialty Subjects;
- Balance of academic studies with artistic and social activities;
- Alignment with the Idaho Common Core State Standards and Idaho State Standards;
- Fostering of strong parent involvement in the school, including provision of parent educational opportunities; and
- Creation of a safe learning environment through a positive but firm disciplinary approach.

### Academic Outcomes

#### MATH PROFICIENCY & MATH GROWTH

#### Why This Matters:

The IPCSC must determine whether the academic performance at the school represents a favorable return on the investment of public dollars. For context, the IPCSC considers the school's performance in relation to other educational choices available to families. A school that performs as well or better than the average of its comparison group on the statewide mathematics assessment (ISAT) meets the IPCSC standard on both the math proficiency and math growth measures.

If this standard is not yet met, the school should focus its strategic planning on improving mathematics achievement outcomes to ensure the school will earn a next operational term. If the standard is met, strategic planning may focus on whatever data points will best establish and sustain an exemplary school of the specific model for which the school is chartered.

#### Comparison Group: Blaine County School District (061)

RATING	DOES NOT MEET	APPROACHES	MEETS	EXCEEDS	NOT RATED DUE TO

MEASURE	PROFICIENCY RATING	APPLICABLE RUBRIC DESCRIPTION
MATH PROFICIENCY	Exceeds Standard	The school's proficiency rate is greater than one standard deviation above the mean of the identified comparison group.

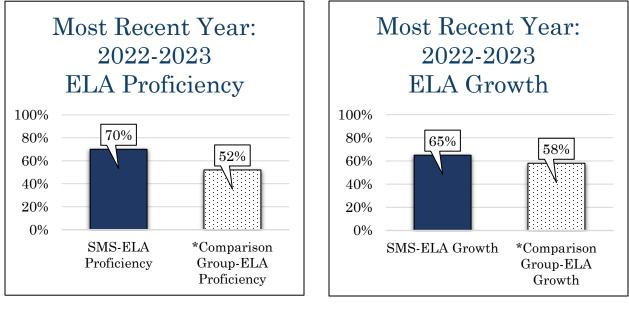

MEASURE	GROWTH RATING	APPLICABLE RUBRIC DESCRIPTION
MATH GROWTH	Exceeds Standard	The % of students in grades 3-8 who did not achieve proficiency on the current year's assessment but who did make adequate growth toward proficiency is greater than one standard deviation above the mean of the identified comparison group.

# <u>Academic Outcomes</u> ELA PROFICIENCY & ELA GROWTH

#### Why This Matters:

The IPCSC must determine whether the academic performance at the school represents a favorable return on the investment of public dollars. For context, the IPCSC considers the school's performance in relation to other educational choices available to families. A school that performs as well or better than the average of its comparison group on the statewide ELA assessment (ISAT) meets the IPCSC standard on both the ELA proficiency and ELA growth measures.

If this standard is not yet met, the school should focus its strategic planning on improving these outcomes to ensure the school will earn a next operational term. If the standard is met, strategic planning may focus on whatever data points will best establish and sustain an exemplary school of the specific model for which the school is chartered.

Syringa Mountain School

# Academic Outcomes

#### Why This Matters:

The IPCSC must determine whether the academic performance at the school represents a favorable return on the investment of public dollars. For context, the IPCSC considers the school's performance in relation to other educational choices available to families. A school that performs as well or better than the average of its comparison group on the spring statewide literacy assessment (IRI) meets the IPCSC standard. Alternatively, a school that did not perform as well or better than its comparison group on the spring assessment, but that did improve its outcome by at least 10% from fall to spring, also meets standard.

If this standard is not yet met, the school should focus its strategic planning on improving these outcomes to ensure the school will earn a next operational term. If the standard is met, strategic planning may focus on whatever data points will best establish and sustain an exemplary school of the specific model for which the school is chartered.

Syringa Mountain School

# Operational Outcomes BOARD STEWARDSHIP

#### Why This Matters:

At the highest level, the success of a charter school is driven by the ability of its governing board to govern effectively. The measures in this section help identify the strengths and challenges faced by the school's board. \*Please see the <u>Performance Framework Rubrics</u> for details regarding how each measure is rated.

Another investigative body was not notified of concerns at this school this year.	*No instances of non-compliance documented.			
Comments/ Context:				

### Operational Outcomes MANAGEMENT

#### Why This Matters:

The systems and structures that support school operations are an important part of the school's overall success. The measures in this section help identify the strengths and challenges that impact the school's day-to-day operations.

IPCSC Annual Report 2023 FINAL

# Historical Performance: Board Stewardship Measures

The charts below provide an overview of a school's performance throughout their current (5) year certificate term. Schools are encouraged to consider how this data might be used to drive strategic planning as the school approaches its next renewal decision.

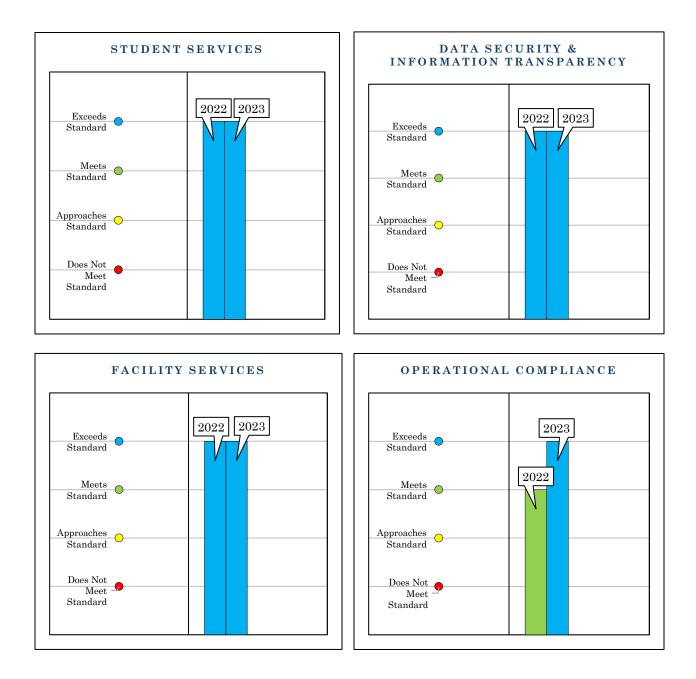

IPCSC Annual Report 2023 FINAL Syringa Mountain School

# Historical Performance: Management Measures

The charts below provide an overview of a school's performance throughout their current (5) year certificate term. Schools are encouraged to consider how this data might be used to drive strategic planning as the school approaches its next renewal decision.

# Financial Outcomes NEAR TERM MEASURES

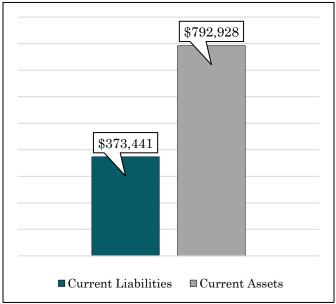

These measures evaluate whether a school is likely to meet its financial obligations in the next year. Data sources include but are not limited to the school's fiscal audit, state agency reporting, and school reporting requirements.

\*Please see the <u>Performance Framework Rubrics</u> for details regarding how each measure is rated.

RATING	DOES NOT MEET	APPROACHES	MEETS	EXCEEDS	NOT RATED DUE TO
LEGEND	STANDARD	STANDARD	STANDARD	STANDARD	PANDEMIC

# Current Ratio

The school has a current ratio of more than 1.5.	Current Ratio: 2.1	Exceeds Standard
--	--------------------	------------------

# Why This Matters:

Current Ratio is a comparison of a school's financial obligations due within one year (current liabilities) to the cash and investments held by the school (current assets).

A school with more assets than liabilities (a Current Ratio greater than 1.0) would be able to meet its financial obligations for the next year without relying on future revenue.

A school with more liabilities than assets

(a Current Ratio of less than 1.0) is dependent on revenue it has not yet received to meet existing financial obligations.

# Unrestricted Days Cash

The school has more than 60 days cash on hand.	184 Days	Exceeds Standard
--	----------	------------------

### Why this Matters:

This measure estimates a school's average daily cost of operations and considers the number of days a school could operate using only its available cash and investments.

A school with at least 60 days cash on hand would be able to meet its immediate financial obligations with available cash, buying the time it might take to access other current assets.

Occasionally, a planned purchase may decrease this number temporarily. In those cases, 30-60 days cash on hand with an upward trend is acceptable. A school with less than 15 days cash on hand is in financial distress and is at risk of automatic closure.

# <u>Default</u>

The school has met all financial obligations for at least 3 consecutive years.

**Exceeds Standard** 

### Why this Matters:

This measure identifies whether a school has defaulted on any of its financial obligations. Default can mean many things. Examples of default include: paying bills late, failing to make payroll, or inaccurately filing reports required for funding. Default can also include a failure to meet any additional requirements of long-term debt as established by the lender (such as meeting a specific enrollment target or maintaining a greater amount of cash on hand than the IPCSC requires).

Any act of default can result in disruption of services, loans being called due, or funding that is inaccurate or withheld.

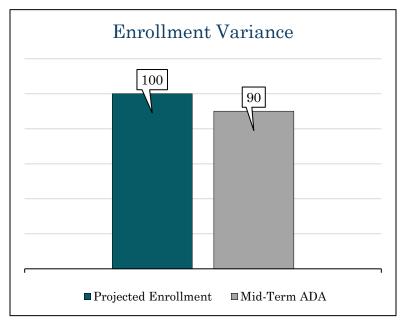

**Comments/Context:** No instances of non-compliance documented.

# Enrollment Variance

The school achieved and sustained between 90% and 94.9% of its projected enrollment during the most recently completed school year.

Enrollment Variance: 90%

**Approaches Standard** 

# Why this Matters:

The Enrollment Variance measure considers what percentage of a school's projected enrollment was achieved. As the majority of a public school's funding is generated by student enrollment, this measure reflects a school's ability to execute its budget to plan.

A school that achieves at least 95% of its projected enrollment will likely experience few bumps

and may make minor adjustments. A school that achieves less than 95% of projected enrollment is likely to face budget challenges requiring more significant budget amendments and may be in financial distress.

# <u>Financial Outcomes</u> SUSTAINABILITY MEASURES

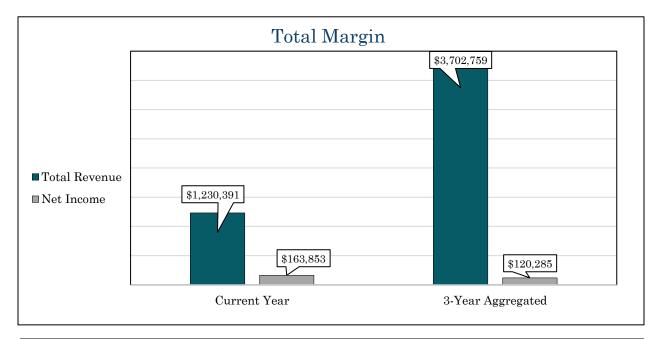

These measures help determine whether a school is likely to remain financially stable into the future. Data sources include but are not limited to the school's fiscal audit, state agency reporting, and school reporting requirements. \*Please see the <u>Performance Framework Rubrics</u> for details regarding how each measure is rated.

RATING	DOES NOT MEET	APPROACHES	MEETS	EXCEEDS	NOT RATED DUE TO
LEGEND	STANDARD	STANDARD	STANDARD	STANDARD	PANDEMIC
Total N	<u>Margin</u>				

The school's aggregated 3-year total margin is positive and the most recent year's total margin is positive.	CY Total Margin: 13.3%	Meets
	3-Year Aggregated: 3.6%	Standard

#### Why this Matters:

The Total Margin compares a school's total revenue to its net income. Specifically, this measure identifies what percentage of a school's total revenue in a given year was not expended during that year. A school with a positive total margin spent less than it brought in. That is, the school is living within its means and can plan for future purchases and investments. An occasional negative total margin may indicate that a planned or necessary purchase has taken place. This is not necessarily a negative indicator. However, if the Total Margin is chronically negative or severe decreases appear, the school may be in financial distress. Aggregating this margin over three years helps to identify these longterm trends.

#### **Comments/Context:**

\*For the purposes of this calculation, pension liability is excluded from the school's net income.

### Cash Flow

The school's multi-year cumulative cash flow is positive and the most recent year's cash flow is positive.

Most Recent Year: \$29,435 Previous Year: -\$29,153 Multi-Year: \$282

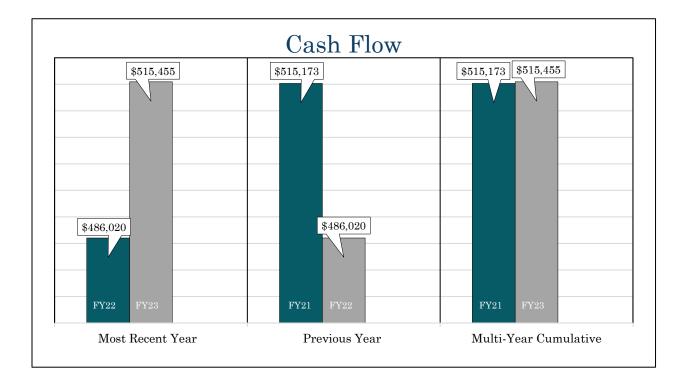

**Meets Standard** 

#### Why this Matters:

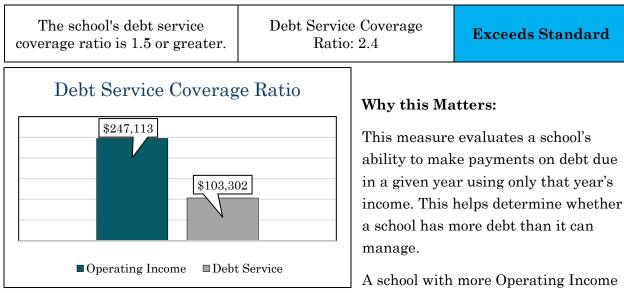

The Cash Flow measure considers the change in a school's cash balance over time. A school with a positive cash flow is increasing its reserves and is likely able to fund future projects and purchases.

A school with a negative cash flow is using its existing reserves to fund general operations and is not likely to have the financial flexibility to fund future plans.

A multi-year cumulative cash flow helps to identify long-term trends.

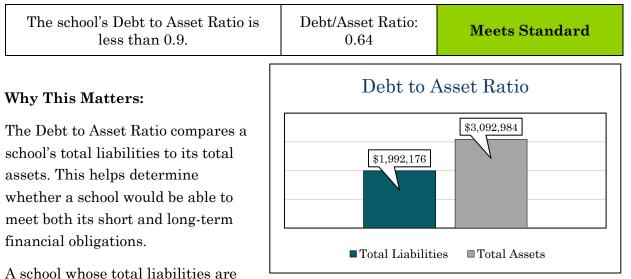

# Debt Service Coverage Ratio

than Debt Service (a Debt Service Coverage Ratio greater than 1) can meet the financial obligations of their debt. A school with more Debt Service than Operating Income (a ratio of less than 1) is reliant on either reserves or revenues anticipated in future years to meet its debt obligations.

## Debt to Asset Ratio

90% or less of its Total Assets is likely to be able to repay all short-term debts and still manage to set its long-term affairs in order in a worst-case scenario. A school with more liabilities than assets would not be able to meet all its financial obligations in a worst-case scenario.

Note: for the purposes of this measure, pension liability is excluded from the school's total liabilities.

IPCSC Annual Report 2023 FINAL

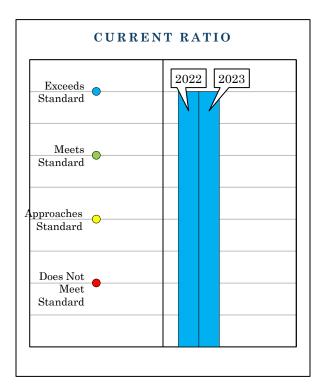

Syringa Mountain School

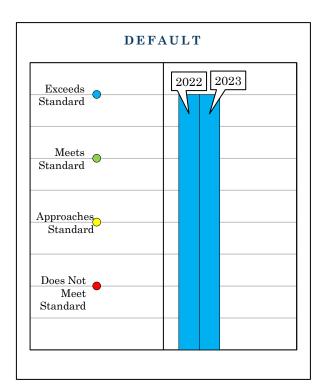

# Financial Compliance

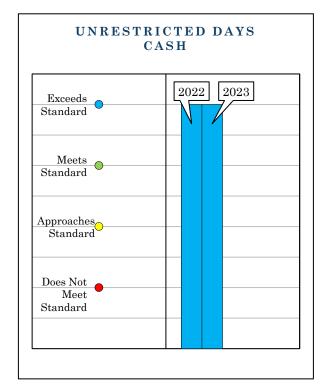

Standard Rating: Exceeds Standard			
Financial Operations	Data and/or Evidence Source		
The school's finances are managed in compliance with GAAP.	Financial Audit: 10/2/23		
Expenditures and contracts are posted online appropriately.	School's Expenditure Pages		
The school maintains compliant internal controls.	Financial Audit: 10/2/23		
The school is not operating under a Notification of Fiscal Concern.	NA		
The school is not operating under a Notification of Possible or Imminent Closure.	NA		

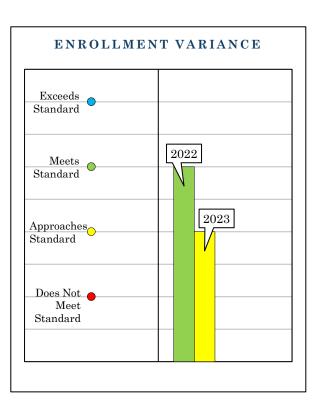

# Historical Performance: Financial
